The term "relatives" includes spouses, grandparents, parents, siblings, children and grandchildren.

2. How to Enter

How to Approach Creating the Video

- This year's theme is: "**One Split Second...**" The student director and the team **must demonstrate a creative, unique, and effective message about decision making related to being a safe and responsible driver. It only takes one second to make a decision.**

It only takes one second for teens behind the wheel or with friends to make a positive or negative decision related to driving. That decision can have lasting effects on one's safety, future and life. Through this video, the student director and team must demonstrate a creative, unique and effective message related to making responsible and safe decisions about driving.

In other words, show us a creative way that teens can show how one split second can prevent breaking the law or getting into a crash. This theme is based on decision making and the outcome following those decisions = **either as a driver or as a passenger**. Show us what can happen in "One Split Second..."

Each contestant may make ONLY one entry. To submit an entry, each entrant must produce (write, shoot and edit to final production) his or her own public service announcement ("PSA") up to forty-five (:45) seconds in length. Students may participate either individually or in teams with **no more than five (5) students per team** producing the video. (However, there is no limit on the number of students who may appear in the video.) **One** person must be responsible for taking ownership of the entry. **Bi-lingual/multi-cultural videos are welcomed and encouraged.** Quality standards and evaluation by judges will also include young women and youth representing diverse ethnic and racial groups.
