

THINKING AHEAD: 2021-2022 SCHOOL YEAR

A Conversation for Early Childhood Administrators & Educators

**“We are not all in the same boat. We are all in the same storm.
Some are on super-yachts. Some have just the one oar.”**

– Damian Barr (@Damian_Barr) 4-21-20

Join us for our monthly roundtable discussions on the delivery of preschool programming in public schools. Sponsored by the CT State Department of Education in collaboration with the RESC Alliance and CAS, these networking sessions are designed to spotlight the needs of all of our youngest learners, including children with special needs and other vulnerable populations. Below is a description of the April sessions.

THINKING AHEAD: 2021-2022 SCHOOL YEAR

It's important to remember that everyone in the district has been impacted by the COVID-19 pandemic: administrators, teachers, children, families and, especially, our youngest learners with IEPs and other vulnerable populations. Everyone has experienced some kind of loss, and we should be preparing to adapt to meet the different needs of all students as they enter or return to school in the fall.

Discuss your systems for communicating & collaborating with families, students and staff.

- How are you addressing trauma?
- How are you implementing social-emotional learning and addressing the needs of the whole child?
- How are you practicing MTSS?

Meet with other principals and early childhood leaders to share your strategies for reassuring families and teachers that your school is safe and fully prepared to meet every student's diverse social-emotional, academic and special education needs.
