

# OFF THE RECORD: GRADE-TO-GRADE TRANSITIONS & RETENTION IN A TIME OF A PANDEMIC

**A Conversation for PreK-Grade 3 Administrators & Educators**

**March 4, 2021 | 9:00-10:00 am - Administrator Session**

**March 10, 2021 | 3:30-4:30 pm - Teacher Session**

*The RESC Alliance, in collaboration with the CT State Department of Education and CAS, continues its monthly roundtable discussions on the delivery of preschool programming in public schools. These networking sessions are designed to spotlight the needs of all of our youngest learners including children with special needs and other vulnerable populations. Below is the description of the March sessions.*

The COVID 19 pandemic has impacted schools in ways that could not have been imagined. Administrators, teachers, and other school personnel have found innovative and effective ways to address the impact of the pandemic and continue to meet their mission of educating students. Each challenge has brought teams together to discuss, brainstorm, reflect and plan. As we approach the end of a school year, grade-to-grade transitions and retention of students are typically issues schools begin to address. This month's roundtable discussions are focused on the challenges of transition and the use of retention during this unique time. Participants will have the opportunity to discuss how the pandemic has affected transition planning as well as the unique circumstances that might warrant individual student retention. A multi-tiered system of support for addressing students' diverse social, emotional and academic needs during a pandemic will also be provided. **These sessions are NOT being recorded.**
