

COMING TOGETHER TO SUPPORT FAMILIES & YOUNG LEARNERS: CONTINUING THE CONVERSATION ABOUT THINKING AHEAD

A ROUNDTABLE DISCUSSION FOR EARLY CHILDHOOD ADMINISTRATORS & EDUCATORS

Join us for our monthly roundtable discussions on the delivery of preschool programming in public schools. Sponsored by the CT State Department of Education in collaboration with the Office of Early Childhood, the RESC Alliance and CAS, these networking sessions are designed to spotlight the needs of all of our youngest learners, including children with special needs and other vulnerable populations. Below is a description of the May sessions.

Districts and schools are busy gathering data and making decisions about how they will address their students' learning needs throughout the summer. Out-of-the-box thinking specifically around how to address staffing shortages has been identified as a necessary part of the planning. During these timely roundtable conversations, we will continue to explore options to support learning within both existing community programs as well as programs generated by districts/schools.

Discover ideas and strategies for initiating collaborations with community resources such as libraries, summer camps, and child care programs. Learn how these environments can and are being used to support the learning needs of all students, especially children with IEP's. Networking and sharing of ideas across districts will be facilitated during small group breakout times.

Bring your questions and come prepared to share your thoughts, ideas, and plans to support families and young learners.

- **MAY 6, 2021 | 9:00 am - Administrator Session - [REGISTER](#)**
- **MAY 12, 2021 | 3:30 pm - Teacher Session - [REGISTER](#)**
