Questions?

Email us at training@littlekidsrock.org.

Participate with these interactive lesson(s) and learn:

1. To teach your students to collaboratively compose and produce songs.
2. To use an online digital audio workstation (DAW) such as **Soundtrap**.
3. To incorporate a Project-Based Learning (PBL) unit that incorporates Social Emotional Learning.

What You'll Get

- New virtual strategies focusing on composing and songwriting using music production.
- Curricular projects & activities for your music students (band, choir, orchestra, modern band, and others).
- Unlimited access to new curricular materials and online resources.
- Participation in a community of more than 3,000 music teachers from across the country.
- All attendees that complete one of Little Kids Rock's certified courses will qualify for an exclusive offer from Soundtrap for Education.
- Upon completing the course, each participant will receive a [Samson Go Mic Portable USB Condenser Microphone](#) and the four-book set of [Little Kids Rock's Modern Band Method series](#).
