

PSAT & SAT Workshops

Members of The College Board are returning to CAS in the Fall of 2019 for various PSAT and SAT workshops.

Each workshop is designed for a specific target group.

Participants from the same school/district are encouraged to submit one registration rather than individual registrations.

Schools/districts will be limited to 5 participants per workshop.

Registration Fees based on:

- * Workshop Content
- * Half/Full Day Session
- * CAS Membership Status

Full Day Session includes lunch

**Purchase Order/Payment, due in advance and payable to CAS.
Refunds not available for non-attendance or cancellations made one week
in advance of workshop.**

***** School / District check ONLY. Personal checks NOT accepted. *****

SAT English/Language Arts & Social Studies Workshop

Wed, Nov 6, 2019

Check-in 8:30 - 9:00 am Workshop 9:00 am - 3:00 pm Lunch Provided

Cost: \$75 per person from member school
\$100 per person from non-member school

This full day workshop is designed for both ELA and social studies teachers and curriculum leads with responsibilities in these content areas. In this workshop, we will examine closely the Reading and Writing and Language sections of the Suite of assessments (PSAT and SAT) to look at various reading prompts, item types, overall test construct, and sub score development with the goal of using the assessments to inform instruction. We will also examine resources and other tools that will be helpful for instructors using the Suite of assessments in the classroom and share best practices in a collaborative context. For social studies teachers we will examine the cross-test social studies math items; for ELA teachers we will examine the SAT optional essay and scoring rubric.

Target Audience: ELA and social studies teachers and ELA and social studies curriculum leaders

PSAT-SAT Data and Collaboration Workshop

Wed, Dec 11, 2019 OR Thurs, Dec 12, 2019

Check-in 8:30 - 9:00 am Workshop 9:00 am - 12:00 pm

Cost: \$50 per person from member school
\$75 per person from non-member school

This workshop will begin with a quick overview of the SAT® and PSAT/NMSQT® score scales, Benchmarks, test items, and sub-scores. We will be spending considerable time on the various methods in which to measure student growth between assessments. With new score portal functions and additional College Board pre-post research, we will be able to delve deeper into growth modeling using the College Board Suite of Assessments. We will also review new e-learning modules and other curriculum resources to help schools and districts get the most out of the College Board Suite. During collaboration time, each attendee is asked to come with a school/district success using the Suite of Assessments and a continued challenge in order to share with the group. Each participant must bring a FULLY CHARGED tablet or laptop computer and have "Detail Level" access to their school/district data portal.

Target Audience: curriculum leaders and school and district administrators

Participants may remain until 1:30 pm for assistance and work together in teams and consult with College Board presenters. Please bring a bag lunch.
