

2015-2016

# Enhancing Instructional Programs Within Schools

**Training in Special Education Administration for Principals and Other Administrators**

**November - April • 8:30 AM - 3:30 PM • SERC, Middletown, CT**

This seven-day series is designed to assist educational leaders by ensuring quality, comprehensive programming for all students. The sessions focus on specific competencies, systems change, and the unification of general and special education as part of the CT Core Standards (2010), Common Core of Teaching, and Common Core of Leading: CT School Leadership Standards. This program combines interactive seminars with job-embedded reflection to assist participants with the application of information into practice.

The Connecticut State Department of Education has agreed to accept full participation in all sessions and evidence of application/reflection as fulfillment of the 36 clock-hour special education requirement for certification.
