

School Climate and Student Success Plan Technical Support

Positive School Climate and Student Success Plans loom large on the must-do lists of Connecticut principals and their leadership teams for the 2012-2013 school year. The Connecticut Association of Schools has been a primary collaborator with the Connecticut State Department of Education in creating resources and providing training. Now that we are in the implementation stage, CAS personnel are offering opportunities for high and middle schools for on-site support in rolling out your programs to faculty, staff, and students.

Dave Maloney and Earle Bidwell are available to high schools and middle schools respectively for a limited number of days, October through December, to provide technical support. You may contact Dave or Earle in advance in order to tailor the presentation to your school's needs. They are available to work on site for a full day, half day, or a shorter time period.

Rates	Non-Member School	CAS Member School
Full Day	\$700.00	\$600.00
Half Day	\$350.00	\$300.00
Less than Half Day	\$250.00	\$200.00

For more information or to discuss your needs, contact:
