

## PROJECT SWAP

Listed below are some award winning projects, service activities and ideas that have worked in schools across the state. Some activities are uniquely created to fit a particular need, issue or opportunity; others are tried and true projects replicated in many schools across the state and nation. Take an idea, adapt it to fit your needs and share your results. Contribute a project to be tailored or replicated in other Connecticut schools. **To add a project, please complete the form that can be found in the Student Activities Section of the CAS Website.**

## SERVICE
