1. **The Boys and Girls Soccer Committee voted to apply a success in tournament factor when placing schools\* that draw students from outside their school district boundaries in tournament divisions.** The committee will first place schools in their divisions by enrollment and then use success in tournament to move schools up in division and then rebalance the divisions. Schools of choice will receive points for each level of success in the state tournament over the past three years. These points will be added together and applied to an approved scale to determine division movement.

- **A team reaching the semi-finals receives 3 points**
- **A team reaching the championship game receives 5 points.**
- **A team winning a state championship receives 8 points.**

**3 points – 7 points – Move up one division**

**8 points – 16 points – Move up two divisions**

**Each year the committee will review results from the past three years and adjust as appropriate. Schools can move up or down depending on their success in tournament play.**

**\* Charter, magnet, parochial, vocational technical, *vocational agricultural* and Project Choice schools that have more than 25 each of male / female students from out-of-district.**

Girls Soccer--Class S, M, L only one school of choice in the semi-finals and no schools of choice in the finals.

Girls Soccer--Class LL three of four semi-finalists were schools of choice.
