We are pleased to announce that we will hold our 59th Annual Meeting on Thursday, May 12th at the CAS Central Office in Cheshire. Please mark the date on your calendars!

We will once again follow the shortened format that has been in place for the previous two years. No formal meal will be served; however, coffee and pastries will be provided at the outset of the meeting, which will begin promptly at 8:30 a.m.

Following the adjournment of the business meeting, members are invited to attend the individual membership meetings hosted by the elementary, middle and high school divisions. It is especially vital that high school members remain to vote on proposed CIAC bylaw changes.

CAS President Kit Bishop, principal of Daisy Ingraham Elementary School in Westbrook, has led the association through a quiet but historic year. January 1st marked the beginning of a new era of leadership as Dr. Karissa Niehoff transitioned from deputy executive director to executive director. In the three-plus months that have passed, she has quietly forged new directions for CAS, looking to the future needs of the association while maintaining a critical continuity of mission and tradition. Her efforts have already served to strengthen the association's state presence and increase its name recognition and profile among individuals, groups, and organizations. Most notably, she has applied great energy and attention to the task of expanding the association's influence on legislative and public policy issues.

CIAC Board of Control Chair Robert Hale, Jr., principal of Westbrook High School, is wrapping up a smooth and successful first year. The board adopted an ambitious set of goals which has furthered its progress in the areas of outreach and diversification. Furthermore, it approved several important bylaw changes - including one which loosens the restrictions on athlete participation in clinics and try-outs during the sports season - which will be submitted to the membership for a vote on May 12th.
