1.2 WHAT IS THE CIAC?

Simply stated, the Connecticut Interscholastic Athletic Conference is a private, non-profit corporation organized to direct and control both boys and girls athletics in the secondary schools of Connecticut. The Conference is administered on a daily basis by an Executive Director and one assistant, plus an office support staff. The CIAC is the only Association which governs interscholastic athletic programs for secondary schools in Connecticut. It has serviced its membership since 1921.

1.3 WHAT ARE THE PURPOSES OF THE CIAC?

Interscholastic athletics for both boys and girls in Connecticut are considered to be an integral segment of the total educational program. It goes without saying that they should supplement, rather than serve as a substitute for, the traditional physical education and intramural programs in our member schools. The purposes of the organization are:

1. To supervise, direct and control interscholastic athletics in Connecticut so that they make the maximum contribution to the physical, mental, emotional, social and moral growth of member school participants.
2. To administer specific athletic programs by means of a constitution, by-laws and efficient organization.
3. To establish the responsibility for the administration of CIAC-controlled interscholastic athletics and to carry out this responsibility within the letter and spirit of the rules.
4. To develop intelligent recognition of the proper place of interscholastic athletics in the education of our youth.
5. To nurture more cordial relationships among member schools by encouraging optimum standards of sportsmanship.
6. To offer a program of interscholastic athletics that will provide for equitable competition among schools.

1.3.a. CIAC MISSION STATEMENT

The CIAC believes that interscholastic athletic programs and competition are an integral part of a student's academic, social, emotional and physical development. The CIAC promotes the academic mission of schools and honorable competition. As such, the CIAC serves as the regulatory agency

for high school interscholastic athletic programs and exists to assure quality experiences that reflect high ethical standards and expectations for fairness, equity and sportsmanship for all student athletes and coaches. The CIAC provides leadership and support for member schools through the voluntary services of dedicated school administrators, athletic directors, coaches and consultants.

1.3.b. WHO MAY JOIN THE CIAC?

The CIAC is open to any public school whose application by the Chief Officer of the School District certifies that the school meets the statutory and regulatory requirements of the state Board of Education, and any non-public school which has been approved by the State Board of Education according to the Board's "Criteria and Procedures for Non-Public School Approval".

1.3.c. HOW IS THE CIAC GOVERNED?

The CIAC is governed by a Board of Control which is comprised of five officers, six representatives -- two from each of three classifications of schools -- three members of the Eligibility Committee and one assistant principal-at-large. The Board meets monthly during the school year.

1.3.d. HOW MANY SCHOOLS BELONG?

Currently 176 secondary schools enjoy membership in the CIAC. One hundred forty-three middle level schools are accorded associate membership status. Middle level school participation in interscholastic athletics has increased rapidly in the past few years as more and more schools discover the value of competition. Ninth graders in the middle level schools may, under certain conditions, compete on the athletic team of the parent high school.

1.4 MEMBERSHIP BENEFITS AND RESPONSIBILITIES

Membership in the CIAC entitles a school to schedule games with other regular members; to stage high school invitational tournaments under the sanction of the CIAC; to enter post-season championship playoffs in the 27 CIAC approved sports, and to receive all of the services rendered by the CIAC office.

Each member school has the responsibility of knowing and adhering to all CIAC rules and regulations and administering its athletic programs according to those rules. Schools or leagues may make rules more restrictive than those of CIAC but may not relax CIAC requirements.

1.5 HOW FUNDS ARE DERIVED AND EXPENDED IN THE CAS-CIAC OPERATION

Each member school pays dues to CAS based on school classification. Currently, dues are \$3,640 per CIAC member school, \$570 per middle level school. Elementary school dues are as follows:

\$315 for the first school and \$90 for each additional school for districts enrolling ALL of their elementary schools and paying with one check. If enrolling fewer than all district elementary schools, dues are \$315 per school.

In addition, the CIAC meets some of its expenses through the sale of tickets to tournament contests as well as by the assessment of entry fees on schools for participation in various tournaments.

1.6 WHAT VALUES MAY BE DERIVED FROM PARTICIPATION IN CIAC PROGRAMS?

An athlete who participates in the CIAC interscholastic sports program of post-season playoffs and sanctioned invitational competition has an opportunity to complement his academic education through association with his/her peers in a well-organized and regulated program which promotes physical fitness.

In addition, the athlete learns the value of good sportsmanship and citizenship and gains self-reliance and understanding of the necessity for self-discipline and hard work to attain success.

Here are some reasons most commonly offered in support of interscholastic athletics from a survey by the National Association of Secondary School Principals:

1. Interscholastic athletics develop good school competition.
2. Under proper auspices, they provide wholesome competition.
3. They teach the value of sportsmanship and teamwork.
4. They emphasize desirable social conduct and social adjustment.
5. They promote pupil interest in school life.
6. They provide an outlet for abundant energy.

1.8 WHAT SERVICES DOES THE CIAC PROVIDE?

PROTECTS and safeguards the welfare of the athlete through the enforcement of eligibility and tournament regulations.

EMPLOYS tournament directors for 27 tournament sports whose responsibility it is to properly administer and supervise the operation of CIAC tournaments.

PROVIDES rulebooks to schools and officials associations in all sports in which high school rulebooks are published.

SUPPLIES free of charge to member schools -- eligibility forms, track and field entry cards and swimming entry cards.

PUBLISHES monthly a BULLETIN of CIAC activities including minutes of all meetings and news of official CIAC functions.

PURCHASES awards which are given to teams and schools which earn CIAC championships and runner-up positions and to individuals who place highly in CIAC sports championships.

REGULATES and controls tournaments and meets; promotes good rapport between schools; sanctions international, national and regional sports competition.

MAINTAINS membership and works actively with the following organizations: AAU, Connecticut Association of Health, Physical Education and Recreation; New England Lawn Tennis Association; Connecticut High School Coaches Association; Connecticut Association of Athletic Directors; Connecticut Association of Interscholastic Officials; Connecticut Medical Society; Connecticut Association of Boards of Education; Connecticut Association of Public School Superintendents; all of the Connecticut officials associations; the National Federation of State High School Associations; the National Association of Secondary School Principals; and the National Middle School Association.

CONDUCTS championship playoffs in 27 controlled sports for boys and girls.

1.9 2002-03 CIAC BOARD OF CONTROL ANNUAL REPORT (Presented prior to Annual Business Meeting on May 8, 2003)

* GOALS: The following goal statements were adopted by the CIAC Board.

1. Evaluate the CIAC scholarship rule and make recommendations regarding its status.
2. Monitor and evaluate the implementation of the mandated use of the on-line eligibility and tournament form system. Determine appropriate modifications.
3. Determine the appropriate organization placement of cheerleading, as a Student Activities Board or as a CIAC sponsored sport.
4. Establish and implement strategies for increasing administrative participation on CIAC sport committees.
5. Establish an assessment and technical assistance program that will enhance the quality of high school athletics through the teaching of character education, sportsmanship and ethical behavior.

* SCHOLASTIC RULE: The Board let stand the present CIAC scholastic requirement of four Carnegie units of work per marking period, with the option of schools to enhance the regulation as they choose. This decision is based upon the overwhelming agreement among member school principals that the present regulation satisfies their needs.

* TRANSFER / OUT-OF-SEASON RULES: The newly adopted transfer and out-of-season regulations appear to be working effectively. Although the out-of-season regulation remains in dispute among some parents and coaches, the majority of principals and athletic directors remain convinced that the present policy is fair, and equitable, and is consistent with the CIAC mission.

* GIRLS SPORTS: I am pleased to inform the membership that the CIAC Board will officially sponsor a tournament division in girls' golf this spring, and has added girls' lacrosse to the tournament program for the 2004 season. A sufficient number of female varsity teams in both golf and lacrosse command this change. Presently, 52 varsity girls lacrosse teams are in place, and over 300 girls are participating in high school golf. Beginning with 2003-04 school year, girls' soccer will change from a 50% to a 40% level for tournament qualification.

* SPORTS MEDICINE ISSUE: The CIAC Board is in the process of studying a decision to mandate some form of head gear/eye wear for field hockey players. The Ct. Sports Medicine Committee has made this request to the Board following a review of the injury data that was collected by the Field Hockey Committee. This request has generated a heated debate among field hockey coaches who strongly oppose any changes in playing equipment. This important matter will continue to be examined.

- * ADMINISTRATIVE LEADERSHIP: Strategies for increasing the number of administrative volunteers on sports committees are in the process of development. The Administrative membership on the 27 sports committees has diminished considerably over the past few years. The CIAC Board has expressed a serious concern over this condition, and is committed to maintaining our present policy which requires that a principal or vice principal chair all sports committees, and additional administrators participate in the committee process. On the opinion of the CIAC Board, only then will there be effective and responsible decision making that reflects the expectations of all concerned.
- * CHEERLEADING: A group representing CIAC, SABC and the cheerleading committee has developed a proposal regarding the placement of cheerleading. This proposal has been reviewed by the SABC and will be considered by the CIAC board in May.
- * CHARACTER EDUCATION, SPORTSMANSHIP AND ETHICAL BEHAVIOR: The CIAC board has endorsed the proposal of one of its goal committees to develop a standards-driven approach for schools to use to assess school culture. Further, the proposal calls for the CIAC board to provide technical assistance for schools seeking to reinforce a culture of sportsmanship, good character and ethical behavior. This initiative will require funding not presently provided for in the proposed 2003-04 budget.
- * CORPORATE DEVELOPMENT ACTIVITIES: Our corporate development activities continue to make it possible to provide modest support to member school athletic programs. Sponsorships have remained reasonably secure during a difficult economic year and it is anticipated that by the close of the year the endowment fund will have grown for the ninth consecutive year. Ongoing partnerships are in place with many corporations, including Bob's Stores, IGA, Coca-Cola, McDonalds, Martin Screen Printing, Konica, Baden, Spalding, Rawlings and Toyota.
- * FINANCES: The CIAC remains solvent and continues to meet its anticipated budgetary goals. Its revenue, to a large extent, continues to come from game receipts. To keep pace with rising costs incurred in running tournaments, especially in the areas of officials, custodians, police/security, medical personal and tournament workers it was necessary for the board to vote an increase in ticket prices at all tournament final games this year. Our sports committees shall continue to monitor game expenses and seek new cost containing measures to stabilize tournament expenses. Responsible budgets are in place for all sports and to a very large extent it is expected that most all sports will balance their individual budgets for the coming year. No corporate money for CIAC activities was used to offset operational expenses.
- * TECHNOLOGY: Beginning in the fall of 2002, the CIAC required member schools to submit ALL eligibility and tournament data on-line through the CIAC website. The central office was pleased to find that member schools were able to transition to a fully automated data entry system with little trouble. Initially, the most common "obstacle" that schools encountered was the increasing volume of work that fell on the shoulders of one or two individuals. Because principals and athletic directors were wisely electing not to share their passwords with their coaches, a greater burden was falling on the athletic director and/or his/her secretary. However, since the fall, schools have been adapting well, recognizing that while most of the work is being borne by only one or two individuals, the total amount of work has decreased, and will continue to decrease in the long run. The CIAC will continue to fine tune the data entry system to allow athletic directors to "share" some of the work with their coaches without compromising the security of the on-line system. Many thanks to Matt Fischer for his extraordinary efforts in responding to members' concerns and adapting the website to meet their needs.
- * STUDENT LEADERSHIP CONFERENCE: On April 4 and 5, 2003, the second annual CAS/CIAC Student Leadership Conference joined student leaders from both "on the field" and "off the field" activities for an exciting two-day conference at the Southbury Hilton and Pomperaug High School. Over 350 student leaders and their advisers representing forty-eight schools were in attendance. A state student leadership council was one of the outgrowths of this conference, a body that will take the lead in planning next year's student leadership activities.

*** CHALLENGES:**

- * The CIAC board has had occasion again this year to react to legislation proposed at the state level. Proposed legislative bill (#1131) calls for an annual state audit of CIAC. We feel that such an audit is unnecessary, duplicative in information, and costly. Further, proposed bill #1131 targets CIAC for treatment unlike all other 501(3)c corporations. It is the goal of the CIAC board to establish good working relations with our state legislature. To that end we will continue to reach out to the legislators in an effort to inform them about CIAC and to develop lines of communication that serve their interests as well as ours.
- * Litigation challenging the CIAC regulations which prohibit boys from playing on girls teams has been resolved in our favor. However, we are closely monitoring male and female sports. The board will regularly review this regulation as the participation of males and females in sports nears parity levels.
- * The CIAC regulation that prohibits athletes who participate on CIAC teams from playing or practicing on “non-CIAC” teams continues to be questioned and is a likely area for potential litigation.
- * Successful tournaments cannot take place without the volunteer services of principals, assistant principals, athletic directors, coaches and consultants. On behalf of the CIAC Board, I wish to thank them all for the leadership and service they continue to provide each year. Also, I take this opportunity to express thanks and appreciation to the CIAC board members for their untiring commitment toward the improvement of high school athletics in Connecticut.
- * Many thanks to the leadership of CAPSS, CAAD, and CHSCA for their assistance and advice. Thanks to the CIAC staff -- Mike, Tony, Mike, Karen, Ann, Judy and Joyce. They demonstrate the highest qualities of professionalism, dedication, and a profound sense of service to young people.

E. Patricia Llodra
Chair, CIAC Board of Control

1.10 2002-03 UNIFIED SPORTS™ ANNUAL REPORT

To say it has been an important year for the CAS Unified Sports™ program does not do justice to the statement.

Over four hundred youngsters participated in our fall season, including our elementary skills program, middle school Unified Sports™ soccer and high school Unified Sports™ soccer. High school numbers are up, middle school numbers have remained constant and elementary numbers have decreased.

Winter season brought 473 basketball participants to a record six regional high school sites and two regional middle school locations across the state. This affords an opportunity for disabled youngsters and their peers to be successful in modified sports!

Although each year additional squads are added to some school teams and another sport offering may be tried, significant increases have not been made in 2002-03. Canton High and Rockville High are new schools for us. Strides have been made in working with Bridgeport and Madison, Newington, Columbia and Guilford to begin programs in the future.

My concern is that our elementary program is regressing in numbers each time we lose a volunteer coach! It is at the elementary level that skills are learned and important steps are made to accept each child as an integral part of the school program.

This fall, I was given an opportunity by Special Olympics to travel to Johannesburg and conduct a workshop on Unified Sports™ for the people of South Africa, using the CAS model. This outcome was that our concept was readily accepted and heartily endorsed by all participants. They were very excited at the thought of bringing together children of different backgrounds and abilities and using sports as the medium to allow differences to fade and friendships to begin.

Why aren't more schools in Connecticut trying unified Sports™?

Ann Malafronte, Director

1.11 CONNECTICUT HIGH SCHOOL COACHES ASSOCIATION'S ENDORSEMENT OF CIAC AS REGULATORY AGENCY

The Connecticut High School Coaches Association states its unequivocal support and endorsement of the Connecticut Interscholastic Athletic Conference as the only agency that should regulate the athletic programs of schools in Connecticut. CHSCA recognizes the positive relationships that have existed for years between the two groups. CIAC is assured that its collective voice will be heard. We may continue to have different philosophical views. However, it should be most clear that any non-school related agency could not possibly serve the needs and interest of school athletics in the state. Although, unfortunately, there is a very small number of individuals who sometimes publicly criticize the actions of CIAC, the great majority of coaches realize that CIAC actions result for the most part on recommendations from sport committees, which include representation from coaches. CHSCA stands ready to utilize its statewide network of coaches to assist in the CIAC meeting any and all challenges from its regulatory function of school athletics in the state of Connecticut.

Voted CHSCA Board of Directors October 1993

1.12 CONNECTICUT ASSOCIATION OF BOARDS OF EDUCATION ENDORSEMENT OF CIAC

The Connecticut Association of Boards of Education endorses CIAC's authority to determine eligibility for interscholastic athletics.

Voted CABE Board of Directors March 30, 1998

1.13 CONNECTICUT ASSOCIATION OF PUBLIC SCHOOLS SUPERINTENDENTS ENDORSEMENT OF CIAC -- POSITION STATEMENT

1. Superintendents must not permit or endorse any change in CIAC rules and regulations which would compromise either the organization's eligibility standards for student participation in athletics or the CIAC's ability to monitor the application of those rules and regulations.
2. CIAC eligibility requirements are monitored through the organization's designated member schools. Membership is based upon an institutional recognition by CIAC, including private schools approved by the State Department of Education.
3. Eligibility to participate in interscholastic athletics is not to be extended to any student whose program is not under the direct supervision of a CIAC member school.
4. Any participation in interscholastic athletics at the local district level must be governed by what is permitted under CIAC eligibility standards and the enforcement/monitoring of those standards.

5. Participation in interscholastic athletics has been and is limited to those students registered in the member schools/school districts. These students must follow all existing school practices as stated in Board of Education policy/regulations and the schools' student handbooks. This requirement is in the best interest of the students of Connecticut.

Adopted CAPSS Board of Directors February 6, 1998

1.14 CONNECTICUT ASSOCIATION OF ATHLETIC DIRECTORS ENDORSEMENT OF CIAC

the Connecticut Association of Athletic Directors (CAAD) endorses the Connecticut Interscholastic Athletic Conference (CIAC) as the sole regulatory body for interscholastic athletics in Connecticut. Throughout the decades of the previous century, the CIAC demonstrated the principle that it espouses in its mission statement; namely, the promotion of interscholastic athletics in a manner that assures quality experiences for all concerned. The twenty-first century will see many changes in interscholastic athletics in our nation, including significant changes in Connecticut. It is the CIAC that is best qualified to manage those changes. CAAD joins with the CIAC in its intention to offer programs and contests that demonstrate high ethical standards, fairness, and sportsmanship for Connecticut's student-athletes and coaches; therefore, this endorsement is offered without qualification.

ARTICLE I - NAME

The name of this corporation shall be The Connecticut Association of Schools, Inc. (CAS). The Constitution of the Connecticut Association of Schools, Inc., as here amended shall be deemed the Articles of Incorporation of the Corporation.

ARTICLE II - PURPOSE

Section A. The nature of the activities to be conducted and the purposes to be promoted or carried out by the Association shall be exclusively charitable, scientific, and educational within the meaning of Section 501(c)(3) of the Internal Revenue Code of 1986 (the "Code"), as the same may be amended from time to time, and shall include the following:

1. To advocate for and further the interests of elementary, middle level and high school education through cooperative action; to promote strong educational leadership; to provide leadership for member schools in the areas of curriculum, staff improvement, and student learning; to encourage and facilitate worthwhile activities and useful learning experiences for Connecticut youth and recognize and celebrate excellence among students, teachers, administrators, and schools; and, to maintain, through appropriate activities, associations, committees, boards of control and properly established organizations of this Association, effective supervision and uniform regulation and control of all inter-school student programs.
2. To engage in any lawful act or activity for which a corporation may be organized under the Non-Stock Corporation Act of the State of Connecticut.

Section B. The Association is non-profit and shall be a non-stock corporation under the Non-Stock Corporation Act of the State of Connecticut.

ARTICLE III - MEMBERSHIP

Section A. Classes of Membership

1. **Class I Institutional Members**

Any public or non-public elementary, middle level or high school which is approved by the State Board of Education for certification and tuition purposes. Upon approval of its application for membership and payment of dues and assessments established for the purpose, such school shall be admitted to general membership in the Connecticut Association of Schools, provided however, that membership in the Connecticut Interscholastic Athletic Conference (CIAC), while a board of control within the Connecticut Association of Schools, shall be considered separate, requiring an additional application and payment of additional dues and assessments levied by the Connecticut Association of Schools for such membership.

No school may be considered for membership in the Connecticut Interscholastic Athletic Conference (CIAC) which has not been admitted to general membership in the Connecticut Association of Schools, Inc.

Principals and assistant principals of member schools shall by virtue of such membership be eligible for membership in one of the associations of school principals within the Connecticut Association of Schools and be eligible for appointment to membership on boards and committees of the Connecticut Association of Schools except as otherwise stipulated in this Constitution.

2. **Class II Members**

The sole Class II member shall be the Connecticut Schools Corporation or its successor organization. The Class II member shall have the right to vote on amendments to the Constitution and on all fundamental changes of the Connecticut Association of Schools, Inc.

3. **Associate Individual Member**

The following shall be eligible for non-voting, associate individual membership and may be appointed to committees as non-voting consultants:

- a. Principals of non-member schools which would qualify for institutional membership under Article III, Section A.
- b. Administrative assistants concerned primarily with Connecticut elementary, middle level or secondary education.
- c. Members of departments of education in Connecticut colleges and universities.
- d. Members of the State Department of Education having direct involvement in elementary, middle level or secondary education.
- e. Honorary members as elected by the Connecticut Association of Schools
- f. Retired principals or assistant principals.
- g. Aspiring principals enrolled in graduate programs in school administration and/or teachers holding administrative certification.

4. **Life Member**

Any principal of a member school, or any associate individual member may be granted non-voting life membership upon retirement by vote of the Legislative Body or by two-thirds vote of the Board of Directors of the Connecticut Association of Schools.

Section B. Admission to Membership

Schools shall be admitted to membership by a majority vote of either the Board of Directors of the Connecticut Association of Schools or the Legislative Body.

Section C. Termination of Membership

A member school may resign from the Connecticut Association of Schools by submission to the president of written intention to do so.

Section D. Legal Action

1. **Legal Action Against the Association by a Member School**

Any institutional or associate individual member which initiates legal action to overturn, stay or enjoin the final and binding decision of the Board of Directors of the Connecticut Association of Schools, and is subsequently unsuccessful in seeking such an award will be liable for all costs and attorneys' fees incurred by the Connecticut Association of Schools in defending against such action. Further, should the Connecticut Association of Schools be forced to initiate legal action to collect the aforementioned costs and attorneys' fees, the institutional or individual associate member shall be additionally liable for the Connecticut Association of Schools costs and attorneys' fees resulting from the collection action.

2. Legal Expenses Incurred by the Association in Due Process Proceedings

Any institutional or individual associate member which, in the exercise of due process, employs legal counsel to initiate and/or conduct hearing procedures which then require a board of control, an association of school principals or the Board of Directors of the Connecticut Association of Schools to engage legal counsel to assist in or moderate procedures or to defend an action of a board of control, association of school principals or Board of Directors of the Connecticut Association of Schools, and is subsequently unsuccessful in its attempt to overturn, alter or stay a ruling of a board or association, shall be liable for all costs and attorneys' fees incurred by an association or board in the matter at issue. Further, should the Connecticut Association of Schools be forced to initiate legal action to collect the aforementioned costs and attorneys' fees, the institutional or individual associate member shall be additionally liable for the Connecticut Association of Schools costs and attorneys' fees resulting from the collection action. Notwithstanding other costs as otherwise described in this article, no student or legal guardian shall be assessed any legal fees or costs incurred by the Board of Directors of the Connecticut Association of Schools, a board of control or an association of schools for any appeal initiated by and processed by an individual student or individual legal guardian.

Section E. The BULLETIN the Official Organ of the Connecticut Association of Schools

The Board of Directors, through the central office of the Connecticut Association of Schools, shall cause to be prepared periodically through the school year and distributed to both institutional and individual associate members of the Connecticut Association of Schools, and to other recipients as determined by the Board of Directors, an official publication of the Connecticut Association of Schools which shall be known as THE BULLETIN, subscription to which shall be a benefit of membership.

ARTICLE IV - ORGANIZATION

Section A. Officers of the Connecticut Association of Schools

1. Positions

The officers of the Connecticut Association of Schools shall be a president, vice president, secretary, and treasurer. These officers shall be elected by the Legislative Body. Each such officer shall be the principal of an institutional member school.

2. Terms of Office

The term of office of the president and vice president shall be one year. No person shall serve as president or as vice president for more than two consecutive terms of one year each. There shall be no limitation on the number of annual terms which the other officers may serve. The terms of office shall be from July 1 through June 30 of the following year, or until their successors have been duly qualified for office.

3. Duties

President. The president shall preside at all meetings of the Legislative Body and of the Board of Directors of the Connecticut Association of Schools, sit ex-officio on all committees, associations and boards, call the annual and special meetings as needed, and otherwise perform the duties usually performed by presiding officers.

Vice President. The vice president shall assume the duties of the president in his/her absence, perform such duties as may be delegated by the president and serve as chair of the CAS Principals' Center.

Secretary. The secretary shall keep records of all meetings, conduct correspondence and prepare records as he/she may be instructed. The secretary shall assume the duties of the

treasurer upon the resignation, incapacity, or death of the latter until an interim treasurer is elected by the Board of Directors of the Connecticut Association of Schools.

Treasurer. The treasurer of the Connecticut Association of Schools shall be responsible for the receipt and deposit of all Association funds and the payment of all approved Connecticut Association of Schools obligations. He/she shall receive all financial statements and revenues from the association of school principals and several boards of control and submit such audited reports as may be required of him/her by the Board of Directors of the Connecticut Association of Schools.

- a. An assistant treasurer may be chosen by each association of schools and board of control. He/she shall be responsible for the management of all income and expenses of activities approved by the Board of Directors of the Connecticut Association of Schools until such time as the activity has been completed. At that time a financial statement and all funds shall be deposited with the treasurer of the Connecticut Association of Schools. The assistant treasurer is not an officer of the Connecticut Association of Schools.
- b. Any funds appropriated for the use of any board of control, association of school principals or any other committee in carrying out its functions shall be processed in a manner determined by the Board of Directors of the Connecticut Association of Schools.

Section C. Executive Director

1. The executive director shall act as the executive agent of the Connecticut Association of Schools, and shall be responsible to the CAS Board of Directors.
2. The executive director of the Connecticut Association of Schools shall be the same person as the executive director of the Connecticut Schools Corporation.

Section D. The Legislative Body**1. Composition**

The Legislative Body shall consist of two classes of voting members as set forth in Article III of this Constitution. Class I members shall be the institutional members of the Connecticut Association of Schools. The sole Class II member shall be the Connecticut Schools Corporation or its successor organization. The principal shall be the sole representative of his/her school and shall have one vote. If unable to attend a meeting of the Legislative Body he/she may designate in writing that the assistant principal or other building administrator of equivalent rank will act as alternate in his/her place. No delegate or alternate shall represent more than one school unless he/she is the appointed principal of each school. The voting representative of the Class II member shall be the president of the Class II member or his/her designate.

Institutional member schools which affiliate with the Connecticut Interscholastic Athletic Conference (CIAC) through additional application and payment of additional dues shall, in any business before the Connecticut Association of Schools, have four (4) additional votes, for a total of five (5) votes which shall be cast by the principal or his/her alternate. Such schools shall be termed CIAC member schools.

The sole Class II member, the Connecticut Schools Corporation, shall have the right to vote only on all amendments to the Constitution and on all fundamental changes to the Connecticut Association of Schools, Inc.

2. Duties and Powers

The duties of the Legislative Body shall be to:

- a. Meet annually in May or June, at the call of the president of the Connecticut Association of Schools.
- b. Meet at such other times as may be ordered by the Board of Directors of the Connecticut Association of Schools, or upon the written request of any association of school principals or board of control or of five member schools to the CAS Board of Directors or the president. Such special meetings must be called by the president within two weeks after the request has been received.
- c. Receive reports of officers and committees, and sponsored activities.
- d. Determine the annual dues and assessment for all classes of members, which shall be due and payable on September 1 of each school year. Those not paid by October 1 shall be notified by return registered letter from the treasurer of the Connecticut Association of Schools. Subsequent to November 1 of that year, a school whose dues are not paid shall be termed delinquent and membership shall be automatically suspended until such dues are paid, or unless the principal certifies that the payment of dues is in process.
- e. Act upon the total annual budget recommendations as proposed by the CAS Board of Directors for each association of school principals and each board of control, the Principals' Center and the office of the Connecticut Association of Schools without respect to individual items contained therein.
- f. Elect officers of the Connecticut Association of Schools, members of the CAS Board of Directors, chairpersons and members of boards of control, and a nominating committee for the ensuing year.

- g. Perform such other duties not otherwise expressly delegated as may be necessary for the welfare of the Connecticut Association of Schools.

Section E. Boards of Control

1. Purposes

There shall be boards of control as provided in Articles V and VI, to encourage, supervise, regulate and control interscholastic activities and programs. The conduct and control of all interscholastic programs shall be vested in boards of control, the members of which shall be elected by the Legislative Body.

2. a. Terms of Office (Except the CIAC Board of Control)

Chairpersons and members of the boards of control except the CIAC Board of Control shall be elected for two-year terms. No member shall serve more than two consecutive terms of two years. The chairperson of each board of control must have served as a member of that Board of Control. In no event shall the total amount of service by one individual as member and chairperson exceed eight consecutive years, except that the past chairperson of the CIAC shall serve until succeeded.

b. Terms of Office (CIAC Board Only)

The chairperson and elected members of the CIAC Board of Control shall be elected for two-year terms. No elected member shall serve more than two consecutive terms of two years each except that members of the CIAC Eligibility Committee may serve three consecutive terms of two-years each. In no event shall the total amount of service by one individual elected to the Board as member and as chairperson exceed eight consecutive years, except that the past chairperson of the CIAC shall serve until succeeded. The assistant chairperson, secretary and treasurer of the CIAC Board shall be appointed by the CIAC Board of Control. The chairperson, assistant chairperson, secretary and treasurer of the CIAC Board of Control must have served as a member of the CIAC Board of Control. The assistant chairperson, secretary and treasurer and any non-voting member appointed by the Board of Control shall serve at the pleasure of the Board.

3. Membership

Voting members of all boards of control shall be the principals and assistant principals of institutional member schools. Each board except the CIAC Board of Control may recommend up to two additional members to serve as elected members with voting privileges, such members to be assistant principals. The CIAC Board of Control will recommend one assistant principal at-large to serve as an elected member with full voting privileges.

4. By-Laws

Each board of control shall establish its own by-laws, provided they are not in conflict with this Constitution as interpreted by the Board of Directors, and such by-laws shall be made available to the member schools.

5. Enforcement

Each board of control shall establish procedures for the enforcement of its regulations consistent with this Constitution and for the penalties pertaining thereto.

6. Other Duties and Responsibilities

Each board of control shall have such duties and responsibilities not otherwise expressly provided for in the Constitution necessary to carry out its objectives.

7. Committees

Each board of control may establish such committees as it may deem necessary.

Section F. Associations of School Principals

1. Associations Roles and Purposes

There shall be associations of school principals to enable principals to experience a wide spectrum of professional development, to seek excellence in schools through strong, effective school leadership, to ensure educational equity for every child, to assist principals in meeting the needs of their stakeholders in a changing educational environment, to help the public understand the importance of the role of the principal, to examine educational and social issues faced by schools and to help principals in their resolution, to assure educational success for every child and to represent school principals to other agencies of the state, to the legislature and to the public.

* “Principals” as used in this section includes assistant principals.

There shall be three association of school principals, one for each educational level, elementary, middle and high school.

- g. Recommend appointments to the CAS Nominating Committee as provided by Article IV, Section I.1. of the CAS Constitution.
- h. Perform such other duties and responsibilities as may be provided for in the by-laws of each association (CAESP, CAMSP, CAHSP).

5. Rights and Benefits

- a. Regular members of each association of principals shall be entitled to all of the rights and privileges of each association including the rights to vote and hold office.
- b. Special members of each association shall be entitled to the rights and privileges of each association as determined by its board of directors except the rights to vote and hold office.

Section G. The Connecticut Association of Schools Principals' Center

1. The Centers' Roles and Purpose

There shall be a CAS Principals' Center representing the professional interests of the member principals and assistant principals of the Connecticut Association of Elementary Principals, the Connecticut Association of Middle School Principals and the Connecticut Association of High School Principals.

The Center shall provide professional development programs and activities and other professional growth experiences on behalf of the members for the three associations of school principals.

2. **Principals’ Center Advisory Committee**

There shall be a CAS Principals’ Center Advisory Committee to advise the Center staff and Connecticut Association of Schools in regard to issues regarding the Center including its goals, objectives, programs, directions, and growth. This Advisory Committee shall consist of no more than two members each as recommended from the three associations of school principals (CAESP, CAMSP, CAHSP) within the Connecticut Association of Schools.

The vice president of the Connecticut Association of Schools Board of Directors shall serve as the chairperson of the Advisory Committee.

Section H. Standing Committees

1. **Membership Committee**

There shall be a membership committee which shall keep records of membership, serve as liaison with the National Association of Secondary School Principals, the National Middle Schools Association and the National Association of Elementary School Principals in membership matters, and perform such other duties in this connection as may be determined by the CAS Board of Directors.

2. **Legislative Committee**

There shall be a legislative committee which shall serve as liaison with other educational associations in all matters pertaining to legislation, state or federal, affecting education, keep the membership informed, represent the Association at legislative hearings and perform such other duties as may be determined by the CAS Board of Directors.

3. **Other Committees**

Other standing committees may be authorized by the CAS Board of Directors or by the Legislative Body.

Section I. Nominating Committee

1. **Composition**

a. There shall be elected at the Annual Meeting of the Legislative Body a Nominating Committee which shall prepare nominations to be presented at the next Annual Meeting.

b. The Nominating Committee shall consist of one member from each class of high schools as established in the Constitution, two members from the middle level membership, four members from the elementary level membership, and three members at large from the high school membership. The chair shall be appointed from among the Committee membership by the CAS Board of Directors at its first regular meeting following the Annual Meeting of the Connecticut Association of Schools.

2. **Duties and Responsibilities**

The Nominating Committee shall meet at least one month before the next Annual Meeting and prepare and submit a slate of all CAS officers, chairs and/or officers and members of boards of control, and a nominating committee for the ensuing year, after receiving recommendations from the several groups concerned.

The nominations of the Nominating Committee shall be sent in writing to each institutional member of the Connecticut Association of Schools at least two weeks before the Annual Meeting. Other nominations may be made from the floor of the Annual Meeting by members of the Legislative Body.

Section J. Conduct of Meetings

1. Rules of Procedure

All meetings of the Connecticut Association of Schools and the subdivisions thereof shall be conducted in accordance with the latest edition of Robert’s Rules of Order.

2. Quorum

- a. A quorum for the transaction of business of the Legislative Body shall be ten percent (10%) of the institutional membership; and
- b. A quorum for the transaction of business of all other meetings shall be one half (50%) of the membership of the committee or board.

3. Voting Rights

- a. In any business before the Annual Legislative Meeting of the Connecticut Association of Schools, all general member schools shall have one (1) vote.
- b. In any business before the Annual Legislative Meeting of the Connecticut Association of Schools, all CIAC member schools shall have four (4) additional votes, for a total of (5) votes.

ARTICLE V - INTERSCHOLASTIC ATHLETICS

Section A. Board of Control

1. Composition

The Board of Control shall consist of a chairperson, assistant chairperson, secretary, treasurer, two members from each class of senior high schools, three members of the Committee on Eligibility, one assistant principal-at-large and the immediate past chairperson of the Board of Control, all of whom shall be voting members. The Board of Control may establish such other non-voting members as it deems necessary. All members must be high school principals except for the assistant principal-at-large position.

2. Duties and Responsibilities

The Board of Control shall:

- a. Establish and update by-laws and other written regulations and policies as needed. Such by-laws and regulations are not to be in conflict with the CAS Constitution or Articles of Incorporation. Any change in the by-laws will be approved by the CIAC membership at the Annual Meeting of the Connecticut Association of Schools except that changes needed in the course of the year may be made by the CIAC Board of Control to be ratified by the CIAC membership at the Annual Meeting.
- b. Be responsible for the encouragement, sponsorship, operation and management of only those interscholastic athletic activities which are specified as being controlled by the CIAC. The list of CIAC controlled athletic activities will be published annually in the CIAC Code of Eligibility.

- c. Fill temporary vacancies in its membership.
- d. Be responsible for the formulation, interpretation and publication of rules of eligibility.
- e. Be the final authority in specific cases of complaint and controversy regarding eligibility, in which instance the Committee on Eligibility shall be entitled to one vote.
- f. Establish and be responsible for proper fiduciary control of all activities under its sponsorship.

Section B. Committee on Eligibility

1. Composition

There shall be a committee on eligibility composed of six members, one from each of the three classes who shall have a vote on the CIAC Board of Control, three appointed at-large by the CIAC Board of Control with no vote on that Board and one elected, non-voting at-large assistant principal.

2. Duties and Responsibilities

The Eligibility Committee shall:

- a. Receive and act upon all questions of eligibility and of interpretation of the eligibility code adopted by the Legislative Body at its annual meeting.
- b. Establish definite grievance procedures.
- c. Recommend exceptions to the Eligibility Committee Review Board.

Section C. Eligibility Review Board

1. Composition

There shall be an Eligibility Review Board composed of ten member principals and two non-voting consultants. The Board shall include the past CIAC Chairman, present chairman of the Eligibility Committee, two class L representatives, two class M representatives, and two class S representatives who previously served on the CIAC Eligibility Committee or the CIAC Board, two members who presently serve or have served on the CIAC Eligibility Revision Committee, the present CIAC Athletic Director consultant, (non-voting), and the CIAC superintendent consultant (non-voting).

The CIAC Board of Control has the discretion to appoint a CIAC member principal to fill any vacancy whenever a position cannot be filled in accordance with the above terms.

2. Duties and Responsibilities

The Eligibility Review Board shall:

- a. Render final decisions on all appeals of the CIAC Eligibility Committee, except that the CIAC Board of Control reserves the right to take only those cases which it believes involves issues of critical and conflicting opinion among the CIAC Eligibility Committee and the CIAC Review Board or which as a result of other compelling reasons deserves the attention of the CIAC Board of Control.
- b. To review and act upon all eligibility waivers/exceptions which have been recommended by the CIAC Eligibility Committee.

ARTICLE VI - STUDENT ACTIVITIES

Section A. Board of Control

1. Composition

The Board of Control shall consist of one representative from each of the three high school classifications, one representative each from the middle schools and the elementary schools and five members-at-large. Two of the five at-large members may be assistant principals. A principal shall serve as Chairperson.

2. Duties and Responsibilities

The Board of Control shall:

- a. Establish and update by-laws and other written regulations and policies as needed to regulate and govern the board. Such by-laws, policies, and regulations are not to be in conflict with the CAS Constitution or Articles of Incorporation.

All such by-laws, regulations and policies require the approve of the membership of the Connecticut Association of Schools and the CAS Board of Directors.

- b. Encourage and supervise the operation and management of all non-athletic activities which involve schools from more than two school districts.
- c. Approve regulations pertaining to the control of all non-athletic activities.

ARTICLE VII - CONTROL

Section A. General

- 1. Institutional members of this Association participating in any interscholastic activity or contest shall be subject to the rules and regulations established by the appropriate Board of Control for that activity or contest.
- 2. Only institutional members may participate in an interscholastic activity sponsored by the Board of Control.
- 3. The Board of Directors shall act as a Board of Control for any activity not already placed under the Board of Control.

Section B. Suspension and Reinstatement

1. Suspension

During any school year the Board of Directors by a two-thirds vote of the authorized voting membership may suspend a member school for a time definite after a hearing at which satisfactory evidence of failure to abide by the Constitution and By-laws of the Connecticut Association of Schools has been established.

2. Reinstatement

A school that has been suspended may be reinstated prior to the time definite at the discretion of the Board of Directors by a two-thirds vote of the authorized voting membership.

Section C. Appeals

A member school dissatisfied with a decision of a Board of Control or Association of Schools, with the exception of eligibility cases, may within fourteen days after distribution of the written decision, appeal in writing to the CAS Board of Directors, whose decision shall be final and binding upon all parties.

ARTICLE VIII - BENEFIT OF NET EARNINGS

No part of the net earnings of the Connecticut Association of Schools shall inure to the benefit of or be distributable to the directors, officers or other persons, except that the Connecticut Association of Schools shall be authorized and empowered to pay reasonable compensation for services rendered and to make payments and distributions in furtherance of the purposes set forth in Article II hereof. No substantial part of the activities of the Connecticut Association of Schools shall be the carrying on of propaganda, or otherwise attempting to influence legislation, and the Connecticut Association of Schools shall not participate in or intervene in (including the publishing or distribution of statements), any political campaign on behalf of any candidate for public office. Notwithstanding any other provisions of this Constitution, the Connecticut Association of Schools shall not carry on any other activities not permitted to be carried on (a) by a corporation exempt from Federal Income Tax under Section 501 (c)(3) of the Code or (b) by a corporation, contributions to which are deductible under Section 170(c)(2) of the Code.

ARTICLE IX - DISSOLUTION OR TERMINATION

Upon any dissolution or termination of the existence of the Connecticut Association of Schools, all of its assets shall, after payment of the lawful debts of the Corporation and the expenses of its dissolution and termination, be delivered, conveyed and paid over (subject to any restrictions imposed by any applicable will, deed, grant, conveyance, agreement, memorandum, writing or other governing document) to the Connecticut Schools Corporation, so long as it is at that time an organization that qualifies as an exempt organization under Section 501(c)(3) of the Code, or if at the time of dissolution or termination of existence of the Corporation, the Connecticut Schools Corporation is not in existence or does not qualify as an exempt organization under Section 501(c)(3) of the Code, to one or more charitable, scientific or educational organizations located in the State of Connecticut and qualified as exempt organizations under Section 501(c)(3) of the Code, in such proportions and for such exclusively charitable, scientific or educational purposes as the Board may determine.

ARTICLE X - INDEMNIFICATION

The CAS Board of Directors is authorized, pursuant to the Non-Stock Corporation Act of the State of Connecticut, as amended, regardless of the adverse interest of any or all members of the Board, to indemnify and reimburse any person made a party to any action, suit or proceeding, whether civil, administrative or criminal, other than an action by or in right of the Corporation, by reason of the fact that he/she (or a person whose legal representative or successor he/she is), is or was a member of the Board, officer, employee or agent of the Corporation, for expenses, including attorneys' fees and such amount of any judgment, money decree, fine, penalty or settlement of any such action, suit or proceeding, or any appeal therein, provided that such person and the person whose legal representative he or she is acted in good faith and in a manner he/she reasonably believed to be in the best interests of the Corporation and, with respect to any criminal action or proceeding, that he/she has no reasonable cause to believe his/her conduct was unlawful. The foregoing right of indemnification shall be in addition to, and not exclusive of, all other rights to which he/she or such person whose legal representative or successor he/she is, may be otherwise entitled to at law.

ARTICLE XI - IMMUNITY OF DIRECTORS OR OFFICERS

Any person who serves as a director or officer of the Corporation and who is not compensated for such services on a salary or prorated equivalent basis shall be immune from all civil liability for damage or injury occurring on or after October 1, 1987, resulting from any act, error or omission made in the exercise of such person's policy or decision-making responsibilities if such person was acting in good faith and within the scope of such person's official functions and duties, unless such damage or injury was caused by the reckless, willful or wanton misconduct of such person.

ARTICLE XII - REFERENCES TO CODE

References to Sections of the Code shall be deemed references to the Internal Revenue Code of 1986, as the same shall be amended from time to time, and to the corresponding provisions of any further United States Internal Revenue Law.

ARTICLE XIII - AMENDMENTS

Section A. Proposal

1. An amendment may be submitted by an institutional member school through its representative to the Secretary of the Connecticut Association of Schools at least one month prior to the next meeting of the Legislative Body. It is mandatory that the CAS Board of Directors submit any such proposed amendments, with or without recommendation, to member schools at least two weeks before the meeting of the Legislative Body. A proposed amendment may be altered or modified on the floor of the meeting.
2. Amendments may be submitted by the CAS Board of Directors in accordance with the provisions of the previous section of this article.

Section B. Adoption

1. Adoption of amendments to this Constitution shall require a two-thirds vote of those present at any regularly called meeting of the Legislative Body.
2. Amendments shall take effect on July 1 next following approval and adoption.

Section A. To develop intelligent recognition of the place of athletics and sports in the education of our youth;

Section B. To establish and unify policies of administration in interscholastic athletics and sports;

Section C. To offer a system that will provide for equitable competition;

Section D. To encourage the organization of inter-school athletics and play for all students as a part of the educational program;

Section E. To assist member schools in securing competent officials and to promote the use of female officials at CIAC tournament games;

Section F. To organize a force of opinion to keep interscholastic athletics within proper bounds, that will expressly encourage all that is honorable and sportsmanlike in all branches of athletics and sports.

ARTICLE III - MEMBERSHIP

Section A. Any general member of the Connecticut Association of Schools, Inc. as defined in Article III, Section A.1. of the CAS Constitution shall, upon approval of additional application and payment of additional dues and assessments levied by the Association for such purposes, be admitted into membership in the Connecticut Interscholastic Athletic Conference, Inc. (C.I.A.C.).

Section B. Violation of By-laws and Regulations

1. The Board of Control shall have the power to assess such penalties as it deems suitable for violations of its By-laws and regulations. Any such penalties will be administered in accordance with established due process procedures. Charges made by a member of the Conference against another member for violation of the rules of the Conference, or failure to abide by the [by-laws] regulations, must be submitted to the Executive Director in writing by the principal of the school making the charge.
2. The Executive Director shall transmit a copy of the charge or protest to the principal of the school against which the protest has been made.

3. The Executive Director, upon notification from the Chairperson, shall give due notice of the time and place of the hearing to all schools concerned.
4. A school against which a charge or protest has been filed shall have the privilege of presenting its case to the Board of Control.
5. All member schools of the Conference shall be notified in writing of any case of suspension of a member school.
6. A member school dissatisfied with a decision of the Board of Control, with the exception of eligibility cases, may within fourteen (14) days after distribution of the written decision, appeal in writing to the Board of Directors of CAS whose decision shall be final and binding upon all parties.

Section C. Termination of Membership - Suspension

A school may be suspended from the Conference by a two-thirds vote in favor of suspension by the VOTING MEMBERSHIP of the Board of Control upon satisfactory evidence of failure to abide by the [By-laws], regulations and Eligibility Rules of the Conference. The period of suspension shall be determined by the Board of Control, but the length of suspension shall be no more than one year.

Section D. Reinstatement

A school that has been suspended will automatically be reinstated as a member of the Conference at the conclusion of the term of suspension or sooner by a two-thirds vote in favor of reinstatement by the VOTING MEMBERSHIP of the Board of Control.

Section E. Legal Action

1. Legal Action Against the CIAC Board of Control by a Member School.

Any institutional or individual associate member which initiates legal action to overturn, stay or enjoin an eligibility ruling not appealable beyond the CIAC Board of Control, and is unsuccessful in seeking such an award, will be liable for reasonable costs and attorneys' fees incurred by the Association in defending against such action. Further, should the Association be forced to initiate legal action to collect the aforementioned costs and attorneys' fees, the institutional or individual associate member shall be additionally liable for the Association's reasonable costs and attorneys' fees resulting from the collection action.

2. Legal Expenses Incurred by the Board of Control or CAS Board of Directors in Due Process Proceedings

Any institutional or individual associate member which, in the exercise of due process, employs legal counsel to initiate and/or conduct hearing procedures which then require the CIAC Board of Control or the CAS Board of Directors to engage legal counsel to assist in or moderate procedures or to defend an action of the Board of Control or the Board of Directors, and is subsequently unsuccessful in its attempt to overturn, alter or stay a ruling of either Board, shall be liable for reasonable costs and attorneys' fees incurred by either Board in the matter at issue. Further, should the Association be forced to initiate legal action to collect the aforementioned costs and attorneys' fees, the institutional or individual associate member shall be additionally liable for the Association's reasonable costs and attorneys' fees resulting from the collection action.

3. Notwithstanding other costs as otherwise described in Sections E.1. and E.2. of this Article, no student-athlete or legal guardian shall be assessed any legal fees or costs incurred by the CAS Board of Directors or the CIAC Board of Control for any appeal initiated by and processed by an individual athlete or individual legal guardian.

ARTICLE IV - ORGANIZATION**Section A. The Legislative Body**

The Legislative Body shall consist of the Principals of the Connecticut Association of Schools institutional member schools which are members of the Conference. The Principal shall be the sole representative of the school to the Legislative Body, and shall have four votes. He/she may, if unable to attend a meeting of the Legislative Body, designate in writing that the assistant principal or other building administrator of equivalent rank will act as alternate in his/her place. No delegate or alternate shall represent more than one school unless he/she is the appointed principal of each school.

Section B. The Board of Control

1. Shall interpret the [By-laws] regulations of the Conference;
2. Shall, in case of controversy, constitute a Board of Review which shall hear all complaints and protests and render decisions for violation of the [By-laws], regulations and Eligibility Rules of the Conference, and if any one of the members of the Board of Control is a party to the controversy, he/she shall temporarily surrender his/her rights as a member of the Board of Control while the Board is hearing such controversy;
3. Shall have power to approve rules and regulations submitted by the respective committees for conduct of tournaments or championship contests sponsored by the Conference.
4. Shall have the power to determine at the end of any athletic season the relative standing of teams;
5. Shall have power to pay salaries and other financial obligations as provided in the budget;
6. Shall appoint a standing committee on officials and define its functions;
7. Shall fill all vacancies until the next legislative meeting of the Connecticut Association of Schools, Inc.;
8. Shall be composed as delineated in Article V, Section A.1. of the Constitution of the Connecticut Association of Schools, Inc.
9. Shall have the sole authority to designate which association or associations of officials shall be recognized as a governing authority over officials in each interscholastic sport;
10. Shall have the sole authority to designate which association or associations of officials shall represent the officials in each interscholastic sport for purposes of negotiating fees and working conditions;
11. Shall have the sole authority to negotiate or set regular season and tournament fee schedules and working conditions for officials of all CIAC-sponsored interscholastic sports; member schools shall adhere to all published CIAC officials fee schedules and working conditions;
12. Shall have the sole authority to register game officials for interscholastic competition and shall have sole authority to determine qualifications for membership, conditions for revocation, probation or suspension of registration. A school shall use only persons registered with the Association for purposes of officiating varsity and interscholastic contests controlled by CIAC.

Section C. Officers

The executive officers of the Conference shall be a Chairman, a Past Chairman, a Vice Chairman, a Secretary and a Treasurer. The Chairman shall be elected by the Legislative Body at the Annual Meeting of the Connecticut Association of Schools, Inc. Each officer shall serve for two years or until his/her successor has been selected. There shall be no limitation of the number of terms which the Assistant Chair, Secretary and Treasurer may serve provided it complies in total time with Article IV., Section E., paragraph 2., of the Constitution of the Connecticut Association of Schools, Inc.

1. **CHAIRPERSON.** The Chairperson shall have power to call meetings of the board of control and preside over them. He/she is ex-officio member of all committees and is official representative of the Conference to the Board of Directors of the Connecticut Association of Schools, Inc.
2. **VICE CHAIRPERSON.** The Vice Chairperson shall assume the duties of the Chairperson in his/her absence.
3. **SECRETARY.** The Secretary shall keep a record of the proceedings, conduct necessary correspondence and keep official records of all tournaments and championship contests conducted by the Conference.

The Secretary shall assume the duties of the Treasurer upon the resignation, incapacitation or death of the latter until an interim Treasurer is elected by the Board of Control.

4. **TREASURER.** The Treasurer shall handle the finances of the Conference as provided under Article IV., Section A., Subsection 3., Treasurer of the CAS Constitution (Articles of Incorporation). He/she shall receive all funds and pay by check all bills which have been approved by the Board of Control. He/she shall give bond to insure the proper discharge of his/her duties, in such amounts as may from time to time be determined by the Board of Control. The premium for the bond shall be paid by the Conference.

Section D. Consultants

1. The Board of Control shall invite as other consultants at least one member from each of the following:
 - a. The State Department of Education
 - b. The Connecticut Association of Public School Superintendents
 - c. The Connecticut Association of Boards of Education
 - d. The Connecticut High School Coaches Association
 - e. The Higher Education Community
 - f. The Connecticut Association of Athletic Directors, Inc.
 - g. Additional consultants the Board of Control deems advisable.

Section E. Committees

1. Committee members other than the Committee on Eligibility may, but need not, be members of the Board of Control.
2. Each committee having to do with state tournaments or meets shall include one or more athletic directors and/or coaches. Voting members of committees shall be appointed by the CIAC Board of Control executive committee and shall consist of administrators of CAS member schools and one delegate per sport tournament division classification as recommended by the Connecticut High School Coaches Association.

3. The committee in charge of each sport shall recommend in writing the limitations for each interscholastic sport. All such recommendations are to be submitted to the Season Limitation Committee for approval at the end of each sport season.

These limitations are to include:

- the opening date of practice;
 - the minimum number of practice days that are required prior to the first interscholastic contest;
 - the maximum number of games that may be scheduled and played per week exclusive of postponed games, games played in CIAC-sponsored tournaments and one league playoff game. (Note: a maximum of one league playoff game may be excluded from the weekly limitations per season.)
 - the maximum number of games that may be scheduled and played per season, exclusive of games played with alumni, games in CIAC-sponsored tournaments, and league sponsored and administered playoff games.
4. **Postponed Games.** While the CIAC supervises, regulates and controls the interscholastic athletic activities of the member schools both individually and collectively, it has never, at any time in its history, had any involvement in either the formation or governance of athletic leagues beyond the already established requirement that the league member schools abide by CIAC rules and regulations in league operation.

Thus, in keeping with this basic principle, the two guidelines that follow are offered as effective methods that can be used by leagues and schools to control postponed games.

When contests are scheduled among two or more league teams, the league should determine the definition of what constitutes a postponed game.

When contests are scheduled among two or more non-league teams, the principals of the schools involved should mutually determine what constitutes a postponed game.

5. It shall be the duty of the committee in charge of each sport to report in writing to the Board of Control any infractions of the rules governing the sport under its direction.

Section F. Meetings

1. Regular meetings of the Board of Control shall be held at such times as may be determined by the Board of Control. A majority of the voting members of the Board of Control shall constitute a quorum for the transaction of business.
2. A special meeting of the Board of Control may be called by the Chairperson, and upon the written request of two member schools must be called by the Chairperson within two (2) weeks.
3. The officers shall conduct all meetings of the Conference and Board of Control in accordance with Roberts Rules of Order when such are not in conflict with the CAS Constitution and these [By-laws] regulations.

Section G. Reports

The Chairperson shall present an annual report to the Legislative Body of the Connecticut Association of Schools, Inc., at the annual meeting.

ARTICLE V - FISCAL YEAR

The fiscal year of the Conference shall correspond to that of the Connecticut Association of Schools, Inc. (July 1 through June 30).

ARTICLE VI - AMENDMENTS TO [BY-LAWS] REGULATIONS**Section A. Procedural Aspects**

Procedural aspects of the [By-laws] regulations of the Conference may be altered, amended or repealed by the Board of Control members present and voting at any duly called and held meeting of the Board of Control.

Section B. Substantive Aspects

A change in the [By-laws] regulations may be submitted by any voting member school through its representative, to the Executive Director of the Conference at least one month previous to the next meeting of the Board of Control. It is mandatory that the Board of Control consider any such proposed amendment and act upon it. It is mandatory that the Board of Directors submit any such proposed amendment, with or without recommendation, to member schools at least two weeks before the meeting of the Legislative Body. A proposed amendment may be altered or modified on the floor of the meeting, provided the subject matter thereof shall remain substantially the same as that described in the written notice of amendment.

Changes in the [By-laws] regulations made during the year by the Board of Control must be submitted to the Legislative Body at its annual meeting for vote.

ARTICLE VII - TOURNAMENTS, MEETS AND GAMES**Section A. Conference members MAY ENTER the following Tournaments, Meets and Games When:**

1. Tournaments, meets and games are scheduled by the Connecticut Interscholastic Athletic Conference; and where such competition may require minimum loss of school time;
2. Tournaments, meets and games are scheduled by and among member schools except sectional, state or area tournaments and meets which are restricted to member public schools only, or to member private schools only because of the nature of their membership;
3. Meets and games are scheduled by a member school with alumni, Connecticut private schools or public and private schools which are members in good standing in the state high school athletic association recognized by the National Federation of State High School Associations;
4. Member schools permit athletes to participate "unattached" and where selection for participation is based on performance of an individual, and or relay team and when such competition is limited to two calendar days of which only one is on a school day;
5. Multi-state tournaments, meets or games involve no more than a total of $\frac{1}{2}$ of the National Federation states (26) and only those that abide by regulations of the National Federation governing interstate competition and have been sanctioned by each of the involved state associations through the National Federation;
6. Applications for sanction of any interstate contest with states outside of National Federation Region I are submitted to the CIAC Executive Director at least 90 days before the event. All other applications for sanctioning will be in accordance with National Federation sanctioning procedures;
7. Interstate tournaments, meets and games within National Federation Region 1 are approved by each member state's athletic association and funding methods and expenditures are approved by the local school's Board of Education (LEA) and where such competition is limited to two calendar days of which only one is a school day;

8. Interstate tournaments, meets or games beyond National Federation Region 1 are approved by each member school's Board of Education (LEA), and funding methods and expenditures are approved by the Board of Education; and where participation involves no loss of regularly scheduled classroom instructional time.
9. Any interstate tournament, meet or game does not violate any current CIAC seasonal or weekly limitation regulation.
10. A CIAC-sponsored interscholastic athletic team travels no more than one time per sports season beyond the National Federation Region 1 area.

Section B. Conference members MAY NOT participate in any of the following meets and games:

1. Tournaments, meets and games sponsored by non-educational groups or individuals;
2. Tournaments, meets and games which are post-season contests (in determining the meaning of the term post-season, "season" shall be defined as printed in the Eligibility Rules of the Conference) with the exception of those sponsored by CNESSPA;
3. Tournaments, meets and games played on Sundays, either home or away (the Board of Control may grant exceptions to this rule).
4. Tournaments, meets and games which are inter-sectional beyond New York, New Jersey and New England and tournaments, meets and games which involve teams from more than six (6) states, except for tournaments, meets and games which are permitted in Section A. 5., 7., and 8. of this Article;
5. Football games played after December 1, unless they are postponed regularly scheduled contests or CIAC Football Playoff games which must be held no later than the second Saturday after Thanksgiving Day.

Section C. Conference members must request and secure permission in writing from the CIAC Board of Control to participate in any tournament, meet or game not specifically permitted by Section A. or not specifically forbidden by Section B. above.

Section D. Violators of this Article may be suspended from the CIAC as provided for in Article III, Section C. of these By-laws, or may be penalized in some other less severe manner by a majority vote of the full membership of the Board of Control.

Section E. Divisions for CIAC Tournament Play

1. After the enrollments as of October 1 for the current school year are received and tabulated by the Executive Director the sport committees shall determine the tournament or championship meet divisions for the following school year.
2. A school may make application to the Board of Control for entrance to a larger or smaller membership classification for the current year no later than October 1. The Board of Control may approve or reject the request in accordance with the evidence submitted in support of each application. A school having been reclassified at its own request must participate in the CIAC tournament where the competitive divisions are based on the membership classification.

3. Certain sports have had special competitive divisions established. A member school requesting a change in division must abide by the guidelines established by the sports committees of these specific sports.

Section F. Objectives and Regulations for Determining Tournament Divisions

Objectives

1. To provide post season competition for teams and/or individuals that meet the standards of qualification as established by sports committees and approved by the CIAC Board of Control.
2. To promote team sports competition organized into a tournament divisional structure based on size of school or quality of program.
3. To promote post season competition designed to provide opportunities for athletes who are fully subscribed members of a CIAC high school interscholastic team.
4. To promote post season competition given constraints of reasonable financial and human resources.

Regulations

1. No team division qualifying standard shall go below a 40% win record in the sports of field hockey, soccer, volleyball, basketball, softball, football, ice hockey, baseball, or lacrosse.
2. No open or elite tournament formats for team sports.
3. Gender equity shall be an important principle when establishing tournament formats.
4. Any sports committee request to move to a lower qualifying standard from a previously adopted standard must be approved by the CIAC Board. Supporting rationale must accompany each request and be of sufficient merit to convince the Board that such a move meets the objectives of the CIAC.
5. All sports committees shall develop a tournament format that when fully implemented will approximate an equal number of teams or participants in each division.
6. All sports committees will develop a tournament format which will require only the number of divisions necessary to accommodate the number of teams that qualify for the tournament. To request an increase in the number of divisions, it is necessary to show that the existing divisional alignment cannot accommodate additional teams without playing several qualifying games.
7. All sports committees will be required to justify the number of divisions when there is evidence that the existing number of teams making the tournament can be accommodated in fewer divisions.
8. All sports committees have the latitude to promote opportunities which will enhance the overall quality of their tournament as long as such opportunities conform with the heretofore listed regulations. Such opportunities must be made part of the published tournament regulations and be consistently applied to all teams that make the tournaments.

Individual Sports -- Cross Country, Track, Golf, Swimming, Wrestling, Indoor Track, Tennis, Gymnastics

Team Sports -- Field Hockey, Soccer, Volleyball, Basketball, Softball, Football, Ice Hockey, Baseball, Lacrosse

Section G. Good Will Trips Abroad

The matter of school teams going abroad on “good will” trips has long been a concern to the CIAC Board of Control. Too often they come about as the brain-child of a commercial entrepreneur with little or no regard to the loss of school time which results in conflicts with the policies and regulations of the CIAC regarding such participation and the expense to students and their families. The creation of such trips by commercial entrepreneurs for profit has always been frowned upon, and should continue to be.

However, such good will trips sponsored by school groups or other non-profit organizations for wholesome and worthwhile purposes which advance the education of young people in ways which at-home classroom instruction could not hope to do should be allowed so long as they comply with the following criteria.

1. The trip should have purposes which are truly educational beyond the taking of students to a foreign country to engage in athletic contests. These purposes should include first-hand observation of the culture and customs of the host country; opportunities to spend time with native hosts in home, school and other societal settings which provide insight into the country, travel and sightseeing within the host country, language study and experience.
2. The purpose of the trip should also advance the interests of the United States and of world understanding and peace in promoting good will among young people of differing races, languages, religions, etc.
3. The trip should not require excessive expense on the part of students or their families, or excessive fundraising efforts which conflict with out-of-school study time and other school related pursuits. The local Board of Education or other governing body must make this determination.
4. The advantages to be gained by such a trip must significantly outweigh any loss of school time which might occur. The local board of education or other governing body must make this determination. Arrangements should be made for students to make-up missed school assignments or carry same on while abroad.
5. Approval for the trip must be obtained from the National Federation of State High School Associations. A National Federation application for sanction of International Athletic Competition must be completed sixty (60) days prior to the trip. A follow-up National Federation International Competition Report Form must be completed for that sport.
6. If such a trip occurs during the CIAC athletic season, any athletic events engaged in must come under and comply with the weekly and seasonal game limitations of the CIAC. These games will not count for CIAC tournament qualification.
7. If the trip occurs outside of the team’s athletic season, no more than a maximum of three (3) athletic contests will be played. No practice sessions will be permitted. However, it will be the responsibility of the school administration to make sure that all athletes are properly conditioned prior to any participation in organized competition.
8. Such trips cannot take place later than sixty (60) days prior to the team’s next season of play.

ARTICLE VIII - ELIGIBILITY

Section A. The rules of eligibility shall be those which have been adopted by the Athletic Board of Control and shall be considered part of the [By-laws] regulations under Article IX. In the event no rules changes are approved by the Board of Control, the rules in effect shall remain in full force and effect until new ones have been duly approved.

Section B. Committee on Eligibility

1. The member of the Eligibility Committee who shall serve as Chairperson shall be designated each year by the Board of Control.
2. All questions on interpretation of the eligibility code must be submitted in writing and only by principals of member schools.
3. All protests must be submitted by the principal to the Executive Director on the official protest form. The protest must be postmarked within five (5) school days of the alleged infraction.
4. The Eligibility Committee, subject to approval by the Eligibility Review Board, shall be empowered to make recommendations for exceptions to the eligibility code when, in its opinion, such exceptions are for just cause and to further the objectives of the CIAC. The Committee specifically reserves the right to require medical reports and/or other relevant information.
5. All member schools of the Conference involved in any case which has been considered by the Eligibility Committee shall be notified in writing of the decision of that Committee.
6. A member school dissatisfied with a decision of the Eligibility Committee may, within fourteen (14) days after said decision, request in writing that the Eligibility Review Board review the decision. Requests for exceptions to Article IX, Section II.C. (commonly known as the “transfer rule” of the Code of Eligibility) will be considered by the Eligibility Review Board only after the actual transfer has taken place. Appeals of decisions of the CIAC Eligibility Review Board are final except that the CIAC Board of Control reserves the right to review and act upon only those cases which it believes involve issues of critical and conflicting opinion among the Eligibility Committee and the Eligibility Review Board or which, as a result of other compelling reasons, deserve the attention of the CIAC Board of Control. This decision shall be final and binding upon all parties.
 - a. Appeals are to be made in writing to the Executive Director of CAS.
 - b. The Executive Director shall notify all the schools involved in the appeal.
 - c. The Executive Director, upon notification from the Chairperson of the Board of Control, shall give due notice to all schools concerned of the time and place of the hearing.
 - d. The school against which a charge or protest has been filed shall have the privilege of presenting its case to the Board of Control.
7. All requests for exception to the Eligibility Rules initiated by a student athlete or his/her parents or legal guardian SHALL be referred by the principal of the member school to the CIAC Eligibility Committee.

Section C. Restitution

If a student is ineligible according to CIAC rules but is permitted to participate in interscholastic competition contrary to such CIAC rules but in accordance with the terms of a court restraining order or injunction against his/her school and/or the CIAC and said injunction is subsequently voluntarily vacated, stayed, reversed or [it is] finally determined by the courts that injunctive relief is not or was not justified, in any one or more of the following actions shall be taken against such school in the interest of restitution and fairness to the competing schools:

1. Require that individual or team records and performances achieved during participation by such ineligible student shall be vacated or stricken.

2. Require that team victories shall be forfeited to opponent.
3. Require that team or individual awards earned by such ineligible student be returned to the Association.

ARTICLE IX - RULES OF ELIGIBILITY AND CONTROL FOR BOYS AND GIRLS HIGH SCHOOL ATHLETICS IN CONNECTICUT

The Eligibility Rules are mailed to each member school during the summer months. Complete rules of eligibility will be found in Appendix B of this CIAC Handbook.

ARTICLE X - RECRUITMENT

1. A charge of recruiting may be brought against a member school by another member school or by the Executive Director of CAS-CIAC.

Recruitment Policy -- The CIAC Board of Control has established the following policy with regard to the illegal recruitment of student-athletes by member schools:

A. GENERAL PRINCIPLES

1. Recruiting is the use of undue influence and/or special inducement by anyone associated with a school in an attempt to encourage a prospective student to attend or remain at that school for the purpose of participating in interscholastic athletics.
2. Recruitment of students or attempted recruitment of students for athletic purposes, regardless of their residence, is a gross violation of the spirit and philosophy of the By-laws of the Connecticut Interscholastic Athletic Conference and is expressly forbidden.
3. Member schools are responsible for any violation committed by any person associated with the school, including principals, assistant principals, athletic directors, coaches, teachers, any other staff members or employees, or any organization, such as booster clubs, having connection to the school. Member schools also are responsible for any violation committed by any person acting at the direction of the school or anyone associated with the school. Use of third parties such as students, parents, etc., is also a violation of this policy.
4. Member schools each year will be required to submit to the CIAC Office with the Membership Application form a Certification of Compliance with the CIAC Recruiting Policy. The principal, athletic director and head coach in each varsity sport offered by the school will be required to sign a form provided by the CIAC Office certifying that they have reviewed this policy and will comply with all provisions of this policy, and that they will review the provisions of this policy with other individuals or groups associated with the school such as athletic booster clubs.

B. UNDUE INFLUENCE

1. The use of undue influence, which is the use of direct or indirect communication by anyone associated with a school with a prospective student-athlete in an attempt to solicit or encourage the enrollment of a prospective student-athlete in that school, is prohibited. Additionally, no one associated with a school may request any third party to solicit or encourage the enrollment of a prospective student-athlete in that school, for in that case the third party also becomes associated with that school.
2. Undue influence includes, but is not limited to:
 - (a) Initiating or arranging telephone, telegram or other written contact such as questionnaires, cards or letters, with a prospective student-athlete or member of his/her family for the purpose and intent of soliciting or encouraging the enrollment of the student in a school.
 - (b) Visiting or entertaining a prospective student-athlete or member of his/her family for the purpose and intent of soliciting or encouraging the enrollment of the student in a school.
 - (c) Providing transportation to a prospective student-athlete or member of his/her family to visit a school or to meet with anyone associated with a school for the purpose and intent of soliciting or encouraging the enrollment of the student in that school.
 - (d) Attending grade school, junior high or middle school games for the purpose of evaluating and recruiting specific prospective student-athletes.
 - (e) Requesting booster club members, students, parents or alumni from a school to discuss the merits of the school's athletic program with a prospective student-athlete or member of his/her family by phone, in person or through letters or other written communication.

- (f) Any other contact with a prospective student-athlete or member of his/her family for the purpose and intent of soliciting or encouraging the enrollment of the student in a school.
3. No member school and no one acting on behalf of any member school may give any speech or give any slide, film or tape presentation or distribute any written material, including advertisements in newspapers, magazines or other publications, which states or implies that a member school's athletic program is better than the athletic program of any other member school or that it would be more advantageous for any prospective student-athlete to participate in athletics at that member school as opposed to any other school.
 4. When a student at a junior high, middle school or other high school, or the parent(s) or guardian(s) of that student contacts a coach about attending the coach's school, the coach must immediately refer the student, parent(s) or guardian(s) to the principal or other appropriate school personnel, who have the responsibility of seeking and processing prospective students.

C. SPECIAL INDUCEMENT

1. A student-athlete may not receive or be offered any remunerations of any kind or receive or be offered any special inducement of any kind which is not made available to all students who enroll in or apply to a school.
2. Special inducements include, but are not limited to:
 - (a) Offer or acceptance of money or other valuable consideration such as free or reduced tuition during the regular school year or summer school by any person associated with a school.
 - (b) Offer or acceptance of room, board, textbooks or clothing, or financial allotment for textbooks or clothing.
 - (c) Offer or acceptance of pay for work that is not performed or that is in excess of the amount regularly paid for such service.
 - (d) Offer or acceptance of free transportation by any person associated with a school.
 - (e) Offer or acceptance of a residence with any person associated with a school living with non-custodial parent.
 - (f) Offer or acceptance of any privilege not afforded to non-athletes.
 - (g) Offer or acceptance of free or reduced rent for parents or guardians.
 - (h) Offer or acceptance of payment of moving expenses of parents or guardians or assistance with the moving of parents or guardians.
 - (i) Offer or acceptance of employment of parent(s) or guardian(s) in order to entice the family to move to a certain community if any person associated with the school makes the offer.
 - (j) Offer or acceptance of help in securing a college athletic scholarship.

D. ACADEMIC RECRUITMENT PROGRAMS / OPEN HOUSES

1. This policy is not intended to prevent a member school from conducting academic recruitment programs or recruitment programs designed to attract students based upon the school's overall educational and extracurricular programs. However, such recruitment programs must be designed to present the overall educational and extracurricular programs of the school and not be used as a subterfuge for recruiting students for athletic purposes. Such general recruitment programs permissible under this article must be carried out under the following guidelines:
 - (a) With the permission of the principal, member schools may present speeches, slides, film, tape or other similar programs to students at elementary, junior high or middle schools with grades below the ninth from which the member school can normally expect enrollment so long as said speeches, slides, films, tapes or other presentations are designed to attract students to attend the member school and are based upon the overall educational programs and not presented for the purpose of recruiting prospective athletes. No information can be distributed through such programs by the use of speeches, slides, films, tapes or written material which in any way implies that the member school's athletic program is better than any other member school's athletic program or that it would be more advantageous for a prospective student-athlete if he/she participated at that member school as opposed to any other member school.
 - (b) Member schools may conduct open house, designed to attract students based upon the school's overall educational and extracurricular programs. No information distributed at a school's open house through any speech, slide, film, tape or written material can imply that the school's athletic program is better than any other member school's athletic program or that it would be more advantageous for a prospective student athlete if he/she participated at that member school as opposed to any other member school. The school's athletic director and member school coaches may be present as part of the administrative team and faculty that conducts an academic recruitment presentation or open house for the purpose of answering questions or making presentations consistent with the above. Coaches

must strictly adhere to the CIAC recruitment regulation that prohibits the use of undue influence and/or special inducement by anyone associated with the school in an attempt to encourage a prospective student to attend that school for the purpose of participating in interscholastic athletics.

E. *ATHLETIC PROGRAMS / ACTIVITY FAIRS*

1. Specific athletic and sport information may be distributed not earlier than April 15 by coaches and others, at any venue, to eighth grade students and other students that have officially committed to attend a member school. Students considered in this group are those that have been officially assigned a program of studies; registered with the school for the next school year and have complied with all other school enrollment requirements. These students are then considered bona fide members of the member school and may be contacted by individual school personnel for specific athletic intentions.
2. Activity fairs including athletic information programs may be held during the school day on or after April 15.
3. Prior to April 15, parent initiated individual visits to schools are permitted during school hours. Student hosts or others may not be assigned for athletic consideration.

F. *FINANCIAL ASSISTANCE PROGRAMS*

1. Member schools are permitted to maintain financial assistance programs for students which must be without regard to athletic potential. Financial assistance based even partially on athletic potential or performance is not permitted from the school or any individual or group associated with the school.
2. Financial assistance programs must be carried out under the following guidelines:
 - (a) Evaluation of the students needs for financial assistance must be performed by a recognized organization independent of the school and approved by the CIAC Board.
 - (b) Member schools must make all records of financial assistance available to the CIAC for inspection upon request.
 - (c) No coach or any other unauthorized person associated with the school may suggest or promise that any part of tuition will be waived for a prospective student or that financial assistance may be granted for any reason, including financial need. The only person who may address the possibility of fee reduction or financial assistance is that person who has specific responsibility for admissions and financial assistance policies and procedures.
 - (d) Funds which have been donated to schools by businesses, organizations, clubs and individuals may be given as financial assistance to students through the normal financial assistance program of the school for all students, without regard to athletic potential.

G. *PENALTIES*

1. A member school found to be in violation of any provision of this policy:
 - (a) will be assessed a financial penalty as well as all expenses incurred by the CIAC in its investigation, placed on administrative probation and required to forfeit all contests won in which a recruited student(s) participates and/or all points earned in any contests by a recruited student(s);
 - (b) may be placed on restrictive probation and denied participation in the CIAC State Championships Series for a period of not less than one year in the sport(s) in which the violation(s) occurred;
 - (c) may be placed on suspension probation and denied any participation with any member school for a period of not less than one year in the sport(s) in which the violation(s) occurred; and/or
 - (d) may be suspended from membership in the Association for a period of not less than one year.
2. A student who allows himself/herself to be successfully recruited by a member school: (a) will be declared permanently ineligible for interscholastic athletic competition at the school to which he/she was recruited; and (b) may be declared ineligible for interscholastic athletic competition for a period not to exceed one year at any member school.

H. 1. Certificate of Compliance -- Refer to Appendix Q in the CIAC Handbook

2. If a charge of recruiting is brought against a member school, the CIAC Board of Control shall appoint from among the CIAC membership a principal who shall serve as investigating officer, whose duty it shall be to determine the facts in the case. This person shall be empowered to summon representatives of both the complainant and the school accused of recruiting to an informal fact-finding meeting which shall be held within fifteen (15) days

of receipt of the complaint. No parties may at this time be represented by counsel. The investigating officer shall attempt to resolve the matter at issue between the two schools. The investigating officer shall attempt to resolve the matter at issue between the two schools. Where the findings of violation of the recruitment rule have been determined following the investigation, the investigating officer may rule in his/her discretion that the offending school (a) be fined in a definite amount; (b) be placed on probation pending future conduct for a time definite; (c) be prohibited from participation in CIAC-sponsored meets or tournaments for a time definite; (d) be suspended from the CIAC for a time definite or (e) be penalized by any combination of the above. If the schools accept the investigating officer's decision, it shall be so reported in writing to the CIAC Board, along with the investigating officer's findings of fact, the report shall be entered in the minutes of the Board, and the matter adjudicated and closed. If the schools accept the investigating officer's decision, it shall be so reported in writing to the CIAC Board, the report shall be entered in the minutes of the Board, and the matter declared adjudicated and closed.

3. Should the efforts of the investigating officer fail, the CIAC Board of Control shall, within fifteen (15) days of the date of receipt of such report, establish a three-member panel to arbitrate the issue.

The panel shall consist of three member principals, one member chosen by the complainant, one member chosen by the accused school, and a third member agreed upon by the two parties. The neutral member will serve as Chair. The panel shall be empowered to call both parties to a formal hearing, at which time parties shall not be represented by counsel, and which shall be conducted according to existing CIAC By-laws and precedent. The hearing must be held no later than 21 days after the appointment of the panel. The decision of the panel shall be reported to the CIAC Board of Control and the two parties involved within one week following the conclusion of the hearing.

4. Where a finding of violation of the recruitment rule has been determined by a three-member panel, the panel may rule in its discretion that the offending school (a) be fined in a definite amount; or (b) be placed on probation pending future conduct for a time definite; or (c) prohibited from participation in CIAC-sponsored meets or tournaments for a time definite; or (d) be suspended from the CIAC for a time definite; or (e) any combination of the above.
5. Should the findings and judgment of the panel be accepted by both parties, said findings and judgment shall be communicated by the panel in writing to the CIAC Board of Control, which shall enter the findings and judgment in the minutes of the Board, and the matter shall be declared adjudicated and closed.
6. Should the findings and judgment of the panel not be accepted by the parties, either may appeal to the CIAC Board of Control for a formal hearing before the Board. Such appeal must be made within fifteen (15) days following the announcement of the decision of the panel. If a request for an appeal hearing is not made within that time, the matter shall be considered closed and the judgment of the panel shall stand.
7. Upon appeal made in timely fashion, the Board of Control shall convene a formal hearing, where each party may be represented by counsel, to be held no later than 30 days from the day of receipt of the request. The hearing shall be conducted in accordance with existing CIAC By-laws and precedent in such cases.

If any party elects to be represented by counsel, the other parties must be so informed in timely fashion.

8. The school appealing the finding and judgment of the panel shall be subject to the application of Article III, E.1. and 2. of the CIAC [By-laws], regulations (q.v.). (Note: This article provides that any school which sues CIAC and loses pays CIAC's legal fees and costs.)
9. Punitive fines not to exceed \$10,000 may be imposed by the Board of Control against a school found to have engaged in recruiting as defined in Article IX, Section IV, C.2. and above. The superintendent of schools of the district shall be notified through the high school principal.

ARTICLE XI - COOPERATIVE TEAM SPONSORSHIP

The CIAC Board of Control shall have the authority to approve the formation of cooperative athletic teams by two, but no more than three member high schools under the following conditions:

1. The determination of the proper set of circumstances which will allow two or three (but not more than three) schools to form a cooperative team will depend significantly on the issue of competitor displacement. When the CIAC believes that a cooperative arrangement will cause an unreasonable displacement of potential competitors from one of the schools, the request to form a cooperative will be denied. Schools having sufficient numbers of competitors are advised not to request the formation of a cooperative team in that sport. It is only when two, but no more than three schools are experiencing difficulty in obtaining the desired number of competitors to form a team that the request for a cooperative team should be initiated.
2. The schools are located in the same geographical area.
3. All schools participating in the cooperative must be members of the CIAC, Inc.
4. The combined boy or girl enrollments in grades 10, 11 and 12 of the schools involved in the cooperative team will be used to determine the classification of the cooperative for the participation in CIAC tournaments.
5. The cooperative sponsorship agreement is established for a period of two consecutive school years. However, approval may be granted for a one year period.
6. The governing boards of all schools participating in the cooperative team agreement jointly make application to the CIAC Board of Control for approval of the cooperative team agreement.
7. Written assurance that a “no cut” policy will govern the cooperative.

NOTE: THERE IS A PRINTED COOPERATIVE TEAM APPLICATION FORM WHICH MUST BE USED. A COPY MAY BE OBTAINED FROM THE CIAC OFFICE.

8. The joint application includes:
 - a. Written approval from the league(s) of which the cooperating schools are members, or, in the event the cooperative team will not be affiliated with a league, written approval from a minimum of six schools included in the cooperative team’s schedule of competition.
 - b. The application form signed by the principals of all cooperating schools designating the name under which the cooperative team will compete.
 - c. A report of the potential number of students from each of the cooperative schools expected to participate on the cooperative team.
 - d. A report of the number of students, if any, from each of the cooperating schools who have been participating in the sport involved, in programs offered on a non-cooperative basis by their own schools.
 - e. A statement expressing the reasons for the formation of a cooperative team.
 - f. Written assurance that the cooperative team will not limit or lessen participation opportunities for students in any of the cooperating schools. A “no cut” policy must be in place.
 - g. Eligibility lists from the previous season in the sport in question.

9. Dissolution of Cooperative Teams
 - a.. When the decision of the CIAC co-op committee is to dissolve or discontinue a co-op program, there will be a maximum of a two (2) year phase-out (grandfather period, renewable yearly, and athletes will be eligible from their schools throughout the two year phase-out period. Eligibility is not restricted to only those athletes who were on the original co-op team roster at the time of discontinuation
 - b. All schools must agree to remain in the co-op agreement on a yearly basis. League approval is not required. During the two year grandfather period all athletes are to be notified by their school that a limited period of eligibility exists because the program is in a maximum of a two year phase-out period.
 - c. In a two (2) team co-op, if during the phase-out period both the teams exceed the co-op minimum limit at any time, the co-op will be rescinded and grandfathering will not be allowed.
 - d. In a three team co-op, if two (2) teams exceed the co-op limit and one does not, then the CIAC co-op committee will determine, with the approval of each school affected, which one of the teams over the co-op limit will be removed from the co-op.
 - e. In a three team co-op, if the numbers of two teams combined do not exceed the minimum co-op limit, all three (3) teams can remain in the co-op.
 - f. No three (3) team co-op program can exceed two (2) times the minimum limit for a co-op team.

Application deadlines for cooperative teams during any school year are:

Fall sports -- June 1;

Winter sports - October 1;

Spring sports - February 1

Decision Making Power

The CIAC Executive Committee consisting of the Chairperson, Past Chairperson and Secretary/Treasurer and two member school principals who do not have CIAC Board of Control voting rights and one at-large principal will serve as the Cooperative Team Review Committee, whose power it will be to approve or disapprove all applications. Assisting the review committee will be two consultants one each representing CAAD and CHSCA. The review committee will meet monthly September through June to act on all requests. The Executive Director of CIAC or his designee will be responsible for having all appropriate documents and applications available for committee action.

ARTICLE XII - OUT-OF-SEASON PLAY

SPECIALIZATION

Students should have the opportunity to voluntarily engage in non-school sponsored sports activities provided such activities do not interfere with the student's educational development and the activities do not conflict with the principles of wholesome amateur athletics. The CIAC wishes to enhance that opportunity while at the same time discouraging the exploitation of student athletes by over zealous individuals and organizations who attempt to impose an obligation on the student to participate in their programs at any cost. There has been growing evidence of commercialism of high school athletes. In far too many instances non-school sponsored sports events have been the "marketplace" where the students have been lured to display their "athletic wares." Experience has revealed that such events tend to divide the allegiance of the students, undermine their respect for their high school coaches, and encourage the type of adulation which gives the students an exaggerated notion of the importance of their own athletic prowess rather than reinforcing the idea that athletic ability is an endowed talent which students should use for the pleasure and satisfaction that they may derive from athletic competition. By the promulgation and enforcement of these rules the CIAC strives to eliminate these abuses.

“For purposes of this regulation, an individual officially becomes a coach and thus must abide by all CIAC rules and regulations, upon written or verbal acceptance of an offer of employment by a board of education or its designated agent(s).

Also for purposes of this regulation, a coach remains a coach in the position for which he/she was hired until a formal resignation by the coach is received by the proper school authority or he/she is officially notified of termination by the superintendent of his/her designated agent.

Yearly expiration of contracts do not constitute “official notification” under the definition of this regulation.”

Adopted May 29, 1997

1.0 DURING AUTHORIZED CONTEST SEASON (Individual and Team Sports, Camps, Clinics)

1.1 Individual and Team Sports

- a. Participation in organized non-school sports competition, practice and try-outs during the authorized contest season, including CIAC tournament series, in the same branch of athletics shall cause such students to become ineligible for their school team in that sport for the remainder of the season. (Season in this section shall be defined as beginning with the first CIAC authorized season contest date in each sport and concluding with either the CIAC final tournament game or the New England Tournament if there is such a tournament.)
- b. A pupil shall not participate in or represent his or her school in more than one sport after the date of the first contest in that sport season, nor may that pupil represent more than one school during a season unless the pupil satisfies the conditions of Eligibility Rule II.C.

The school season is defined as the period between the date officially designated by the CIAC as the beginning or the season for that sport and the close of the post-season CIAC tournaments, except for those teams and/or athletes qualifying for the New England Tournaments. The conclusion of the New England tournaments will be the end of the season for these teams and/or athletes. In the case of a sport in which the CIAC does not sponsor a tournament, the three (3) sports seasons shall be defined as follows: Fall--the Monday of the week immediately preceding Labor Day to December 2, inclusive; Winter--November 1 to April 1; Spring--March 15 to the end of the school year.

Exception to Rule 1.1.a.

An outstanding student athlete may participate in indoor track, outdoor track, gymnastics, swimming, golf and tennis as an individual (unattached) and not as a member of a team during the authorized contest season of a sport, without loss of interscholastic eligibility provided the following criteria are met:

1. Compliance with weekly limitations for the specific sport must take place.
2. No more than four “outside” meets per season are permitted in the sports of gymnastics and swimming.
3. Requires approval of parent, coach, and principal.
4. Requires prior arrangements to complete academic lessons, assignments, tests, etc.

5. Requires that the student not miss a CIAC-sponsored tournament series contest for which he/she is eligible unless excused by the CIAC Board of Control to participate in those contests legitimately organized for the purpose of preparing for the next Olympic Games or other international competitions. It is the philosophy of this Conference that students owe loyalty to their school and team.
6. Requires that student and parent agree to not accept, directly or indirectly any awards, gifts, trips, merchandise, etc., which would violate CIAC rules.
7. Requires that the student abides by the CIAC regulations on outside participation specific to the sport.
8. Athletes in the sports of swimming, tennis and gymnastics may practice but not compete with a non-CIAC team during the season. Such practices may not interfere with or replace member school practices.
9. No student below grade nine is permitted to practice or participate in any CIAC-controlled sport.
10. Students may not participate in tryouts or demonstrations of athletic ability as a prospective college student athlete.

1.2 Camps

- a. Students may not attend.

1.3 Clinics

- a. Students may not attend student clinics. (Student clinics are clinics in which the students attending physically participate in the athletic activity, whereas a clinic other than a “student clinic” has the students attending as observers only.)
- b. Students may participate for demonstration purposes in clinics held only within the State of Connecticut when their coach is a presenter. Such is considered a practice.
- c. Students may attend all clinics other than student clinics as observers.

2.0 DURING SCHOOL YEAR OUT-OF-SEASON INCLUDING THE SUMMER

2.1 Individual and Team Sports

- a. Member schools may permit student athletes to participate in non-school contests as individuals or as members of a non-school team.
- b. Member schools may not permit their coaches to coach or instruct their member school athletes* in the sport which they coach.
- c. Member schools may not organize or permit coaches to organize, supervise or operate athletic practices or interscholastic athletic contests for their athletes.
- d. Member schools may permit their coaches of individual sports to coach any of their athletes who have qualified for a national level competition that is sanctioned by the CIAC and National Federation. This would be limited to one competition. Schools may provide equipment and facilities. Schools may also provide insurance coverage and financial assistance for the competition.
- e. Member schools may allow the use of equipment that is deemed necessary for safety reasons.

However, the equipment may not identify the name or logo of the school. Member schools may not provide school-owned uniforms, worn by the student in non-school contests, or insurance coverage to students or coaches

Exceptions to 2.1.b.

1. A member school coach may coach or instruct his/her son/daughter
2. A member school coach may coach if he/she is a bona fide paid employee of a recreational institution where there is an open registration and a registration fee to belong. (Refer to definitions below.)
3. A member school coach may coach a non-school team provided there are no more than fifty percent (50%) of his/her member school athletes participating on the team: i.e. (a) for a team composition of four players, two will be allowed; (b) for a team composition of five or six players, three of his/her athletes are allowed; (c) for a team composition of seven players, four will be allowed; (d) for a team composition of nine or ten players, five are allowed; (e) for a team composition of eleven players, six are allowed.

A team composition of more than the allowable players that are permitted to compete in contests by the National Federation rules will not be allowed. Example: eleven for football, nine for baseball, five for basketball, six for ice hockey, etc.

4. A member school coach working in a camp as a volunteer, employee, or employer during the summer, or portion thereof, as a coach where his/her athletes attend, may coach if the following conditions are met:
 - a. The contact period between coach and his/her athletes is not more than ten (10) days;
 - b. The coach does not coach or instruct his/her team as an exclusive team unit;
 - c. The number of athletes from a member school team does not exceed ten percent (10%) of the total number of athletes in attendance at the camp during a specific time period.
5. A member school coach working for a summer club in the sports of swimming, tennis and gymnastics as a full-time, bona fide paid employee may coach if the following conditions are met:
 - a. The coach does not coach or instruct his/her athletes as an exclusive team unit;
 - b. The contact period between coach and his/her athletes will terminate fifteen (15) calendar days prior to the CIAC designated starting practice date for that sport (fall sports).

Definitions for 2.1.b.

1. **A Bona Fide Paid Employee** -- Is an employee who receives at least \$600 in salary for coaching service and can produce an IRS W-2 form or 1099 form which documents \$600 or more in salary received from the employer.
2. **Open Registration** -- Registration must be open to all the boys and/or girls of the school. Membership cannot be limited to a small group of highly skilled individuals or members of a select team. Membership on a team or in an activity may not be predicated on an individual's ability or skill in the sport.
3. **Recreational Institution** -- A recreational institution is one whose program is designed to provide an opportunity to "play" the sport, have fun, socialize, be a means of diversion, and experience the joy of participation. Conversely, the teaching of skill, and/or the provision of instruction or coaching to increase or to improve individual and/or team play, should not be present except to the extent that minimal instruction is necessary to enable the participant to play the sport competently as a recreational activity.
4. **Camp** -- An organized summer time non-school program whose purpose is improving the skill level of athletes in a specific sport. The camp must have liability insurance, open registration and there must be a registration fee to participate.
5. **Member School Athletes** -- Are CIAC athletes (name on CIAC eligibility list) who have CIAC eligibility remaining in the sport and who were coached in the preceding season by that coach while he/she was employed by the member school as the coach of the sport.
6. **Non-School Team** -- Is a team which is not sponsored or organized by the school and for which the school assumes no liability.
7. **Summer Club** -- Any club which offers the sports of swimming, tennis and/or gymnastics and where participation by high school age students in club activities is based on full membership in the club; where membership is not based on age, race, creed or ethnicity; where there is a membership fee to belong and where the club can demonstrate that they are incorporated as a business under the statutes of the State of Connecticut.

2.2 Camps which Teach the Skills of a Specific CIAC Sport

- a. Member schools may permit students to attend during non-school time provided the following standards are met:
 - 1) Attendance is limited to non-school time.
 - 2) Students may not wear school-owned uniforms or equipment which identifies the school.
 - 3) The camp is not organized, supervised or operated by the school. Booster Clubs that are financially independent of the school and the school does not control and/or administer those funds may finance camp expenses. Member schools or coaches employed by member schools may not finance camp expenses.
 - 4) Refer to exception 2.1.b.4 and 2.1.b.5 -- Coaching restrictions.

2.3 Clinics

- a. Member schools may permit students to attend during non-school time provided the following standards are met:

- 1) Attendance is limited to non-school time.
 - 2) Students may not wear school-owned uniforms or equipment that identifies the school.
 - 3) The student clinic is not organized, supervised or operated by the school. (Student clinics are clinics in which the students attending physically participate in the athletic activity, whereas a clinic other than a “student clinic” has the students attending as observers only.) Using players as instructors or demonstrators is permitted at student clinics where participants are NOT from the school’s athletic team.
- b. Member schools may permit their coaches to use their athletes and school-owned equipment in clinics, not student clinics, when the coach is a presenter and the athletes are used to demonstrate what is being presented. There may be no more than three (3) such clinics per year. School time may not be used. Students may wear school uniforms.
- c. Clinics shall be limited to no more than one day unless prior approval is granted by the CIAC.

2.4 Tryouts For School Teams

- a. Member schools may not permit students with athletic eligibility remaining in a sport to try out for a school-sponsored team prior to the first practice date of the CIAC authorized season..

2.5 Physical Fitness Programs (Conditioning)

- a. Member schools may conduct physical fitness programs in accordance with the following standards:
 - 1) Physical fitness programs may be conducted indoors or outdoors, as long as there is no coaching and instruction of sport techniques and skills. Cardio vascular conditioning derived from running type activities is permitted.
 - 2) Equipment used in playing a sport is prohibited in physical fitness programs.
 - 3) Weight machines and indoor weight rooms may be utilized in physical fitness programs.
 - 4) Out-of-season physical fitness programs may be conducted for a select group of athletes. Member schools must assure that students are not coerced to participate and that these programs do not hinder or interrupt any of the students other educational, athletic, or family commitments. These programs must be school sponsored and under the direct supervision of the school.
 - 5) Mandatory attendance at out-of-season physical fitness programs is not permitted.

2.6 Open Gymnasium / Playing Fields / Natatorium

- a. Member schools may conduct “Open Gyms”, “Open Fields”, “Open Natatoriums” in accordance with the following standards:
 - 1) Opening gymnasium, fields or natatorium of a school district for recreational purposes is permitted.
 - 2) Member schools may not open the gymnasium, fields or natatorium of a school during the non-CIAC sport season including the summer for a sport for a select group of students to practice individual skills.
 - 3) Opening the gymnasium, fields or natatorium of a member school for school team competition during the non-CIAC season including the summer for a sport is not permitted.
 - 4) Member schools may not permit their high school coaches to coach or instruct member school athletes in an “Open Gym”, “Open Fields” or “Open Natatorium” program.

CIAC OUT-OF-SEASON QUESTIONS

1. ***Can a coach call an out-of-season meeting of his players to provide off-season “self-help” suggestions or regiments to help athletes improve their conditioning and/or skills?***

Yes, a meeting between coach and players for the purpose of providing off-season suggestions or regiments is permitted. However, the meeting cannot be designed to offer coaches the opportunities to instruct athletes on improvement of skills.

2. ***Can a coach who has been hired by a school, but not yet coached in that school, coach and instruct athletes from that school during the summer prior to assuming his/her coaching duties?***

Once hired, a coach must comply with the CIAC out-of-season regulation. Coaching / instructing applies to “member school athletes.” Therefore, it is permitted under limited circumstances.

3. ***What is a non-school team? Can a non-school team be composed of only those athletes which made up the school team the previous season?***

A non-school team is one which is not sponsored or organized by the school and for which the school assumes no liability. Yes, a non-school team can be made up of only those athletes from the previous season. However, if the coaches are involved in coaching or instructing those athletes it would be a school team practicing out-of-season.

4. ***As a long time high school coach, can I organize and supervise a summer camp which consists of my athletes from last year as long as I do not coach or instruct them as an exclusive team unit and they don’t exceed more than 10% of total number of participants?***

Yes, as long as he/she is NOT in violation of out-of-season rule 2.1.b. and he/she is not coaching or instructing any of those athletes as an exclusive team unit.

5. ***As a freshmen coach, who has no contact with the varsity team, can I coach or instruct next year’s varsity team in a summer league?***

Yes, a coach can coach or instruct any athletes he/she will not be coaching the following year or who they have not coached the previous year.

6. ***Does my son or daughter count as one of the maximum number specified by CIAC that I can coach or instruct in a non-school team during the summer?***

Yes.

7. ***Can CIAC member schools permit their coaches to inform their players, through announcements, posters, letters, of sports specific opportunities, such as camps, clinics, leagues, etc.***

Yes, but coaches cannot organize, supervise, coach or instruct member school athletes except as provided for through exceptions to 2.1.b.

8. ***Can a coach call an out-of-season school team meeting for the purpose of organizing summertime practices?***

No. Rule 2.1.c. states: Member schools may not organize or permit coaches to organize, supervise or operate athletic practices

9. ***Can a coach call a school team meeting during the off-season for the purpose of organizing out-of-season captains' practices?***

No. Rule 2.1.c. does not allow coaches to organize captains' practices.

10. ***In the scenario above can a volunteer who has worked with the team during the season organize an out-of-season practice?***

No. Volunteers who work with the team during the season are considered coaches. Whether they are paid or certified by the SDE or LEA is immaterial.

11. ***Can a person who is not a volunteer or a coach and who has not worked with a team during the season organize an out-of-season practice?***

Yes, these individuals are not school coaches and have no involvement with the school. However, there can be no involvement with the school coaching staff.

12. ***Can a coach lend a helmet to a player for an out-of-season event?***

Yes. All equipment must not identify the school name or school logo.

13. ***Can five different football coaches from the same staff each coach six of their players (totaling 30) in a summer passing league?***

Yes. The regulation states a football coach can coach or instruct a maximum of six of his member school athletes in a non-school team setting. It does not specify how many individuals can coach a team. The coach cannot rotate the six athletes at any time.

14. ***Can a football coach conduct an out-of-season non-mandatory workout, where well designed aerobic, stretching and interval training techniques are used?***

Yes, but the training techniques cannot be sports specific and must comply with regulation 2.5.4

15. ***Can a coach send his athletes to an out-of-season "camp" which is solely designed for physical fitness training?***

Yes.

16. ***With the new rule modifications can a basketball coach now coach three athletes out-of-season?***

No, it would be considered an out-of-season practice. In order for the coach to be in compliance with the regulation all coaching and instructing must in a non-school team setting.

17. ***Exception 2.1.b. allows coaches to coach a non-school team but does not specify whether the team must belong to a league. What are the specifications as to how the non-school team can exist?***

The regulation does not define what constitutes a league. Non-school teams can exist without being in a league.

18. ***Can a coach mandate out-of-season conditioning for all their athletes?***

No, coaches are not allowed to mandate out-of-season conditioning or practices.

19. ***Can a swim coach conduct an out-of-season fitness program by conducting lap swimming in a pool as long as there is no coaching or instructing?***

No, lap swimming in a pool would be considered a sports specific conditioning activity.

20. ***Can a coach run plyometrics exercises as a form of conditioning?***

Yes, plyometrics exercises is considered a form of conditioning.

21. ***Can the booster club fund our athletes who wish to attend summer camp?***

Booster clubs that are financially independent of the school and the school does not control or administer the fund may finance camp expenses. If the school personnel are involved in the disbursement and management of those funds, then the booster club cannot finance camp expenses.

22. ***Can a volunteer who worked exclusively with soccer goalies during the season, coach the school's soccer team during the summer?***

No, that volunteer is considered a coach since he instructed athletes on the team during the preceding season.

23. ***Can a JV baseball coach also coach his own players in the summer on a Babe Ruth team?***

Yes, however, if any of those players have eligibility remaining he cannot coach more than five specific players on that team, who he will be coaching next season.

24. ***Can a coach play on the same summer team with some of his players or participate in a tennis or golf match without causing a violation?***

Yes, as long as there is no coaching or instructing involved during the time of participation.

25. ***Can a coach who is both a girls swim coach and a boys swim coach, coach in a summer camp and work with 10% of his girls team and 10% of his boys team at the same time, not as exclusive team units?***

Yes, the regulation is an exclusive team regulation.

4.1 CALENDARS, SPORTS: ESTABLISHMENT OF

Schedule of interscholastic contests within CIAC season limitations is the responsibility of individual schools and/or leagues.

4.2. A. CIAC CONTROLLED SPORTS (REGULATIONS FOR)

1. The CIAC-controlled sports for 2003-04 are: Boys/Girls Basketball; Boys/Girls Cross Country; Boys/Girls Outdoor Track; Boys/Girls Indoor Track; Boys/Girls Swimming; Boys/Girls Tennis; Boys/Girls Soccer; Field Hockey; Ice Hockey; Boys/Girls Lacrosse; Boys/Girls Volleyball; Wrestling; Gymnastics; Boys/Girls Golf; Softball; Baseball; Football.

In a CIAC-controlled sport all levels of play, be it varsity, junior varsity, freshmen or club team, must comply with the rules of the CIAC Code of Eligibility.

2. The CIAC will consider controlling a sport when:
 - A. 20% of the CIAC member schools compete in the sport in the same season at the varsity level of play;
or
The number of CIAC member school athletes competing in the sport in the same season is equal to or greater than a number equaling 2% of the students of that gender enrolled in CIAC member schools in grade 9 through 12 in the preceding year based on October 1 enrollment figures submitted by member schools to the CIAC;
 - B. There are enough volunteers from the ranks of member school administrators and coaches to form a CIAC sports committee;
 - C. There is evidence of administrative expertise among the petitioners upon which the CIAC can draw for the management of the state tournament/championship.
3. Sports already under the control of CIAC which fall below the 20% and/or the 2% factor will be reviewed to determine if control should be maintained.

4.2.B. NON-CIAC CONTROLLED SPORTS (GUIDELINES)

Schools which sponsor interscholastic competition in sports which are not CIAC-controlled should observe the following guidelines for such competition.

1. If a member school non-CIAC controlled sports team competes interscholastically members of such teams should comply with the CIAC Rules of Eligibility.
2. The season for a non-CIAC controlled sport should be that season which is generally accepted as the time of year when that sport is traditionally played. Normal weekly and seasonal limitations for that sport should be observed.

4.3 COMMUNICATIONS**A. COMMUNICATIONS WITH MEDIA**

Establish a friendly atmosphere.

Be positive about your role and actions.

Base your judgment (if given) only on available facts and actual situations.

Be truthful - yet tactful.

Avoid expressions or comments that place blame.

Remain poised.

Be constructive with suggestions if asked -- a few well thought out ideas are better than many. Don't answer a question that was never asked if it doesn't help your point.

Set a time limit on discussions.

End on a note of continuing cooperation.

Don't offer what is not asked.

If you believe the information should not be given, indicate that in your response in a professional manner.

Use press conference with support personnel when possible.

Act with candor, knowledge and charm.

Kill with kindness.

B. COMMUNICATIONS -- UNDERSTANDING MEDIA

1. Help the reporter meet his deadlines. The reporter is rushed because news is not only perishable but also must be written to meet specific deadlines.
2. Understand the job of the reporter. Others on the newspaper's staff decide how much of the story to run or whether to use it at all, where to place it in the newspaper, and what headline to put on it.
3. If you have a good story, a follow-up, or a complaint, go directly to the reporter. You also may wish to talk to the editor, but first let your regular reporter in on your thoughts.
4. Avoid giving out information that is difficult to interpret or understand.
5. Always be as accurate, honest, and helpful as possible when working with reporters on stories.

4.4 COPYRIGHT INTEREST IN TELECAST SPORTS EVENTS

The Connecticut Interscholastic Athletic Conference, Inc. Shall own the copyright in all broadcasts (live and delayed), films, videotapes and recordings of events telecast pursuant to agreement. Notice of the Connecticut Interscholastic Athletic Conference copyright shall be included as part of every Connecticut Interscholastic Athletic Conference sports event telecast made pursuant to agreement. The notice shall consist of the symbol or the word "Copyright", followed by the year that the event is first telecast and the name "Connecticut Interscholastic Athletic Conference, Inc." and shall appear in the opening and closing credits.

4.5 DEFINITIONS**4.5.A. AMATEUR ATHLETE GUIDELINE**

An amateur athlete is one who participates in athletics solely for the physical, mental, social and educational benefits derived from such participation. The amateur athlete treats all athletic activities in which he/she participates as an avocational endeavor. One who takes or has taken pay, or has accepted the promise of pay, in any form, for participation in athletics or has directly or indirectly used his/her athletic skill for pay in any form shall not be considered an amateur and will be in violation of Rule II.F. of the CIAC Code of Eligibility.

The following are the basic interpretations of the principles involved in the amateur code which may lead to the loss of an athlete's eligibility.

- A. Participation in any athletic activity under an assumed name.
- B. The awards should be symbolic in nature, i.e. letters, sweaters, jackets, pins, trophies, other similar type awards, and rings or watches which are properly inscribed. Cash awards including U.S. Savings Bonds are prohibited.
- C. Participation on an amateur sports team in which the student athlete receives, directly or indirectly, any salary, incentive payment, gratuity or expense allowance other than actual and necessary travel allowances, and room/board expenses for practice and games. Third party scholarships are permitted. These are scholarships which are paid directly to the University or College.
- D. Sign a contract or verbally commit with an agent or a professional sports organization.
- E. A student athlete may participate as an individual, or as a member of a team against professional athletes, or as a member of a team on which there are some professionals who are not currently under contract with a professional team and are not receiving payment for their participation; but he/she may not participate on a professional team.
- F. Accepting a nominal, standard fee or salary for instructing, supervision or officiating in an organized sports program or recreation, playground or camp activities shall not jeopardize amateur status. "Organized programs" include both school and non-school programs. Compensation for giving private lessons is permissible if circumstances parallel the above statement.
- G. If a student athlete's appearance on radio or television is related in any way to his/her athletic ability or prestige, the athlete may not under any circumstance receive remuneration for his/her appearance. Under such circumstance, however, an athlete may appear on a sponsored radio or television program or have his/her name appear in newsprint ads or in player of the week, month, year advertisement promoting products provided he/she does not endorse or implicitly endorse any commercial product.

Reinstatement of Amateur Eligibility -- Rule III.C. of the CIAC Code of Eligibility states, "Violation of Rule II.F. shall mean that the pupil is suspended from all interscholastic athletics until he or she shall have been reinstated by the Board of Control of the CIAC after voluntary petition to the Board of Control. The Board of Control shall not consider any petition for reinstatement until at least three (3) months after the presentation of the petition."

4.5.B. TRY OUTS

During the CIAC defined sports season, players are not permitted to participate with or for teams (professional or otherwise) in any capacity. This regulation includes "try outs," "work outs," and other activities which are designed for the purpose of showcasing or evaluating talent.

4.5.C. ALL STAR COMPETITION (CIAC REGULATION)

The CIAC does not sanction or approve any athletic activity of an "all star" nature. Any individuals from Connecticut schools who participate will not jeopardize their eligibility if they are not identified with their schools, do not wear school uniforms or equipment and are not subsidized by their school.

4.5.D. CAPTAIN'S PRACTICE (DEFINITION)

The term "Captain's Practice" usually means the team's captain organizing and conducting practice sessions for that sport without adult supervision.

The CIAC does not in any way sanction, encourage or condone "Captain's Practice" in any sport. "Captain's Practice," depending on the member school's involvement, may be a clear violation of eligibility rule II.D. (Season limitations) or certainly a violation of the spirit of Rule II.D.

There is also a serious practical consideration. CAS counsel advises that if it can be demonstrated that a school is allowing "Captain's Practice," the liability responsibility for an injured athlete may be quite serious; that the threat of a negligence suit would lie heavy.

4.5.E. JAMBOREE (DEFINITION)

CIAC Definition -- A jamboree is a contest among three or more teams in which no team may play more than the equivalent of the regulation time established for that sport, and no team may participate against the same opponent for more than one-half of the normal regulation time established for that sport. The purpose and conditions of a jamboree are as follows:

1. Formal contest that simulates game conditions, officials are present.
2. Team cannot play more than the total regulation time for that sport and no more than ½ of the regulation time against any one opponent.
3. Published on an announced schedule and counts toward CIAC weekly limitation.
4. Must meet all game conditions established by CIAC, bound by the National Federation Rules.
5. Cannot be held earlier than the 8th day of practice.
6. Cannot be more than one per sport per year.
7. Must be sponsored by a CIAC member school.
8. Admission to contests normally charged.
9. Usually announced in newspapers and results reported in newspapers.
10. Uniforms usually worn, score and time usually kept.

4.5.F. SCRIMMAGE (DEFINITION)

A practice contest to which no admission is charge, which is not on an announced schedule, which is not regularly conducted by an official or officials and shall not count as a game.

1. Informal practice contest, usually no officials or volunteer officials are used.
2. No time limitations, scrimmage times at discretion of coaches.
3. Not on any announced schedule and does not have to comply with CIAC weekly limitations.

4. Does not have to meet all game conditions established by CIAC, not bound by National Federation Rules.
5. Can be held any time during the practice and/or regular season.
6. Can be as many as the coach desires.
7. Agreement between schools, no sponsorships desired.
8. Admission is usually not charged.
9. Usually of no interest to newspapers or the public.
10. Usually uniforms not worn and time and score not maintained. Exceptions: Football and Ice Hockey.

4.5.G. ONE PERSON TEAM (DEFINITION)

In the case of an outstanding individual athlete who attends a CIAC member school which does not have a team in a specific sport, the school may file an eligibility form with CIAC for a “one person team”. If the individual in question meets all the CIAC eligibility rules, he/she may participate in the CIAC state tournament provided he/she meets all the requirements set forth in the tournament regulations for that sport. Qualification for tournament competition may be achieved if he/she is permitted by the other participating schools to compete as a “third team” in what are normally dual meets. “One person teams” must be confined to a single receiving school per sport. One person teams are permitted in the sports of cross country, gymnastics, golf, track, tennis, wrestling and swimming. A maximum of three (3) individuals will be permitted to represent a school.

4.5.H. PRACTICE DURING SEASON

During each sport season players who are members of a CIAC team cannot practice with another CIAC school in the same sport unless it is sanctioned by the principals of both schools or it is an approved activity governed by other CIAC rules and policies. Players who have ended their competitive season are not allowed to practice with another CIAC school in the same sport. However, school teams may continue to practice until the end of tournament season.

4.5.I. SPORTS CLUB (DEFINITION)

Any athletic team that participates with the approval of the principal in any level of play in CIAC-controlled athletic contests on the interscholastic level other than a varsity, JV or freshman team.

CIAC member schools may form “SPORTS CLUBS” in any of the CIAC-controlled sports. The purpose of the “SPORTS CLUB” concept is to remove the pressure of winning and provide an opportunity for the players and coach to develop individual skills as well as offensive and defensive strategies associated with the sport. It is up to the member school to determine how many years the sport will be played on a “Club” basis.

To remove the pressure of winning, “SPORTS CLUBS” may not qualify for the CIAC tournament in the sport. Nor may a CIAC member school team playing on the varsity level count the game against a “SPORTS CLUB” toward qualifying for a CIAC tournament. Eligibility of individual athletes will be determined in the same manner as varsity, JV or freshman eligibility.

A "SPORTS CLUB" must comply with all of the rules and regulations for the sport. No athlete who participates on a CIAC-controlled sports club is eligible to participate in another CIAC sport during the same season.

Member schools forming a "SPORTS CLUB" must become aware of the following:

1. A "SPORTS CLUB" must submit a CIAC Eligibility form two days after the first contest.
2. All members of a "SPORTS CLUB" must be eligible to compete in accordance with the CIAC Code of Eligibility for that year.
3. "SPORTS CLUBS" must abide by the season and weekly limitations for the sports listed in the current CIAC Handbook.
4. "SPORTS CLUBS" may not qualify for the CIAC tournament in the sport.
5. Member schools playing "SPORTS CLUBS" may not count the game toward qualifying for the state tournament in the sport.

4.5.J. UNATTACHED STATUS (DEFINITION)

When the CIAC informs a school principal that a student athlete may participate in a select meet or tournament as an "unattached" individual, it means that:

1. Athletes must comply with CIAC weekly and seasonal limitations for the sport.
2. Athletes cannot represent their high school or state association in any way, nor are the high school and state association legally responsible for athletes who participate in the meet or tournament. Athletes may not use the school name or school uniforms, and the school may not sponsor the athletes in any way, financial or otherwise.
3. A school may not benefit in any way through the participation of an athlete. Prizes or trophies may not be awarded a school.
4. Entry fees may not be paid by the school.
5. The signature of the principal and coach on the Official Entry Form do not connote authorization for the student to compete for a school. The signatures are to be taken only as evidence that the student is a bona fide member of a CIAC member school team and that his/her coach and school administrator are aware of the fact that he/she is entered in the event.

An athlete who represents his/her school in any way will be ruled ineligible for further CIAC participation in the sport.

4.6 DISQUALIFICATION / EJECTION RULE -- ATHLETE/COACH

The CIAC set guidelines and tone for acceptable and appropriate behavior at all CIAC contests. Given this charge, it is CIAC's responsibility to be proactive and responsive to the growing issues of violence in sports. A strong consistent statement reflecting zero tolerance for violence in sports must become standard operating procedure for all schools. (This is to be considered a minimum standard.)

* Game Assigners reporting disqualification and ejections are to leave the following information on CIAC voice mail: (203) 250-1111 -- Name of Player and/or Coach, Name of School, Date of Ejection, Sport, Name and Telephone number of Official.

The following policies for disqualification shall apply in all sports:

1. Any student athlete who physically assaults an official, coach, opposing player or spectator will be immediately dismissed from the team for the remainder of the season.
2. When an athlete or coach is ejected from a contest for unsportsmanlike behavior or fighting, including *taunting, the athlete or coach is ineligible to participate in the next contest at the same level of play (even if the next contest does not occur until league or CIAC tournament play or next year). If one or more different level contests are scheduled prior to the next contest at the same level of play, the athlete or coach shall be ineligible to participate in the next (but no more than one) contest at all other levels of play. Forfeits, or postponed games shall not be considered as games missed via disqualification policy.
3. Upon the second disqualification, if that violation is for initiating a fight or retaliating in a fight (as determined by the game official), that student athlete will be dismissed from the team for the remainder of the season. Otherwise #2 remains applicable.
4. A school's first incidence of non-compliance will result in forfeiture of the game in which the athlete should have "sat out", a \$250.00 fine, and the student is required to sit out the next scheduled game when the violation is discovered.
5. Any CIAC team that accumulates five (5) or more disqualifications for flagrant misconduct, unsportsmanlike conduct, including taunting, retaliating in a fight, or physically assaulting an official, coach, opposing player or spectator during the course of one season will be barred from CIAC post-season competition. The number of disqualifications must be completed on all tournament forms. Disqualification from the team under #1 constitutes one disqualification in team totals.
6. Disqualifications from one season carry over to the next season in that sport for undergraduates and coaches, or the next season of participation in any sport for seniors.
7. If the playing rules for a sport specify an additional penalty, the additional penalty will apply. The CIAC disqualification rule applies to all disqualifications with the exception of reaching the limit of personal fouls in basketball and lacrosse; reaching the limit of technical violations in wrestling; or being disqualified by the rules in ice hockey, which does not require a next game disqualification.
8. Any misconduct by a coach will count towards the team's total number of disqualifications.

Note: Refer to Appendix T for CIAC disqualification game report form.

* **Definition of Assault:** An assault is defined as a violent attack which attempts to injure one physically. In the judgment of the game official it is more serious than a fight (usually towards another person and requires immediate removal of the athlete for the remainder of the year.

* **Definition of Taunting:** Taunting includes, but is not limited to any actions or comments by coaches or players which are intended to bait, anger, embarrass, ridicule or demean other players, coaches, or game officials. Included in this is conduct that berates, needles, intimidates or threatens based on gender, ethnic origin or background and conduct that attacks religious beliefs, size, economic status, speech, family, special needs, or personal matters. Examples of taunting that would lead to ejection include, but are not limited to, physical and verbal intimidation outside the spirit of the game

(“trash talk”), reference to sexual orientation, “in-the-face confrontation” by one player to another, standing over, straddling a tackled or fallen player, etc.

Penalty: In all sports, game officials are to consider taunting a flagrant, unsportsmanlike foul that disqualifies the offending bench personnel or athlete from that contest/day of competition and the player or coach from the following contest/day of competition, i.e. the CIAC player/coach ejection rule will be invoked. A warning may be given, but is not required before ejection.

The CIAC Disqualification / Ejection Rule is in effect for all contests that engage officials who have been assigned by Board Commissioners from CIAC registered officials organizations, or directly by the school or by the CIAC.

There is NO appeal procedure that a school may use relative to disqualifications? Disqualification is a judgment call by an official and as such is not appealable. Once the game official(s) leaves the site of the contest all decisions on game disqualifications are final. Until the official(s) leaves the site the game official(s) is in charge and may take any action deemed to be appropriate, even to the extent of reversing an earlier decision to eject a player or coach. Both schools (coaches on site) must be made fully aware of all final decisions on game disqualifications.

4.7 EJECTION OF A COACH

When a member school’s coach is ejected from a game for an infraction as prescribed by the rules, the game may not continue until the member school replaces the ejected coach with a certified coach. The coach must leave the premises. If this cannot be accomplished within fifteen (15) minutes after the ejection, the official in charge will declare a forfeit win for the opposing team.

4.8 HAZING

Definition of Hazing: Hazing is defined as “any activity that humiliates, degrades, abuses or endangers a person’s physical or emotional health for the purpose of initiation or membership in or affiliation with any organization, regardless of the person’s willingness to participate.”

Responsibility, integrity, citizenship, and a strong sense of school and team commitment are the foundations for appropriate participation in modern day school athletic programs. To achieve this goal, the CIAC Board of Control has adopted the following regulation for all member schools. Each member school shall establish and distribute to each coach and athlete a specific policy on hazing.

Adopted June 15, 2000

4.9 FORFEITS

Member schools will be required to submit regular season schedules for all sports controlled by CIAC in which member schools participate. Determination of forfeitures will be based on this schedule.

A forfeit game shall count as a victory for the team declared the winner and as a loss for the team declared a loser in determining tournament qualifications and ratings. For tournament qualifications only the following reasons for a forfeit shall be accepted.

1. A team shall forfeit a game or games if through a violation it is required to do so under the CIAC Rules of Eligibility.
2. A team shall forfeit a game if the game official declares the game a forfeit as a result of a National Federation rule violation, or a team refuses to play after being instructed to do so by the game official.
3. Forfeitures will be honored by each CIAC sports committee when there is mutual agreement between the Principals of the two schools involved in the game not played or terminated. Each Principal must submit on the official CIAC Canceled Game - Forfeiture Form his/her decision and it must be received in the CIAC office within 72 hours following the time of the scheduled contest. On the eve of a tournament when there is not sufficient time for normal administrative procedures (72 hours) if a question of team forfeiture arises the Executive Director or his designee, in consultation with the Chairman of the sports committee affected and the Principals of the two schools will make an appropriate ad hoc decision in consideration of the best interests of the tournament as a whole. Note: In football only forfeits must be accepted if offered. They may not be rejected.
4. All games listed on the original schedule and submitted to the CIAC which are not played and have not been forfeited in accordance with this policy will be considered by each sport committee as No Contest and shall not count for tournament qualification and ratings unless it affects the minimum number of games required to qualify for tournament participation. In this instance the sport committee shall review the evidence submitted by the teams involved and may grant an exception from the minimum game number requirement. The minimum winning percentage as determined by the individual sports committee must be met under all circumstances.

Note: A copy of the CIAC Official Canceled Game-Forfeiture Form is included in this Handbook as Appendix P.

4.10 INELIGIBLE COMPETITOR -- CIAC TOURNAMENT

When it is discovered that a team has used an ineligible competitor in a CIAC team tournament, the tournament game/match shall be forfeited. The team using the ineligible player will be disqualified from the tournament and that team's last opponent will advance in its place. Teams eliminated prior to the last opponent will not be permitted to re-enter the tournament. This applies to the following CIAC sports: baseball, basketball, ice hockey, field hockey, soccer, girls team tennis, football, volleyball, softball and lacrosse.

When it is discovered that an ineligible competitor participates in a CIAC individual type tournament meet or match, the competitor will be disqualified from the competition and his/her opponent will advance in his/her place. Teammates of the ineligible competitor, except relay team teammates, remain in the tournament and score points for their team. Team points earned by the ineligible competitor will be subtracted from his/her team's total score. Team rankings will be readjusted if warranted. Opponents eliminated prior to the last opponent may not re-enter the tournament. This applies to the following CIAC sports: swimming, wrestling, indoor track, outdoor track, tennis, gymnastics, cross country, golf.

4.11 LATE ENTRY POLICY

Late Entry / Inaccurate Information Policy: If school's game or meet schedule or tournament entry form is late (beyond the established deadlines but prior to the pairings, seeding or heat meeting), or the information contained on those forms is inaccurate, a late fee of \$50 must be paid before the contest or team is allowed to participate.

Tournament Regulations Violations: If a school fails to comply with tournament regulations, including deadlines, accurate information and/or any other procedure which requires the CIAC tournament sports committee, central office staff, or Board of Control to redo any portion of the tournament pairings or which adversely impacts the management of the tournament, an administrative violation fee of \$250 will be imposed upon the school before entry into the tournament will be allowed.

4.12 LEAGUES - ROLE OF CIAC WITHIN AND BETWEEN (POLICY STATEMENT)

CIAC is a voluntary organization of schools which through their membership subscribe to and agree to be bound by a common code of rules of eligibility and control which govern interscholastic sports competition. CIAC seeks thereby to insure equitable competition among schools and to maintain athletics in proper perspective with relation to the entire educational program. The CIAC board of control has been vested by the member schools with the authority to develop, supervise and conduct interscholastic competition, including state championships in the 26 boys and girls sports which it presently sponsors.

While the CIAC services, regulates and controls the interscholastic athletic activities of the member schools both individually and collectively, it has never, at any time in its history, had any involvement in either the formulation or governance of athletic leagues beyond the already established requirement that the league member schools abide by CIAC rules and regulations in league operation.

While there have been, over the years, scattered instances where the intervention of CIAC in league operation has been solicited, such intervention has been declined for sound philosophical and practical reasons.

LEAGUE POSITION REAFFIRMED

Based upon the CIAC by-laws and long-standing CIAC policy, the Board of Control has no authority over a league as an entity. The Board of Control does have authority to discipline league member schools if they fail to abide by the CIAC rules and regulations in league operation.

League members by agreement grant a league authority to regulate the league but subject to CIAC rules and regulations. League members are therefore subject to CIAC Board of Control sanction when they have participated in and/or condoned violations of CIAC Rules and Regulations.

4.13 LEAGUE PLAYOFF GAMES

The limit in the number of games per season is to exclude games played with alumni and games in CIAC sponsored tournaments, and league sponsored and administered playoff games. The limit of games per week is to exclude postponed games, games played in CIAC sponsored tournaments, and one league playoff game. A maximum of one league playoff game may be excluded from the weekly limitations per season.

In an effort to consistently and uniformly interpret this By-law the following guidelines will be used:

1. Only one league playoff game may be excluded from the weekly limitation rule per season per sport. There is no maximum on the number of league playoff games excluded from the season limitation.
2. All playoff games must be league sponsored and must be to determine a league champion or league post-regular-season tournament champion. Three cases exist:
 - a. League Divisional Playoffs -- When a league contains two or more divisions and a league championship is determined from divisional championships.
 - b. League Season First Place Tie -- When a league ends its regular season with two or more teams tied for first place and where playoff games are necessary to determine a champion.
 - c. League Sponsored Tournament Playoff -- When a league hosts a post-regular-season tournament for the purpose of determining a league tournament champion.
3. League tournament games will count for CIAC tournament qualifications under the following conditions:
 - a. Game(s) must be included in the maximum regular season game limitations for the sport.
 - b. Game(s) must be listed on the regular season schedule submitted to the CIAC in accordance with the time lines established by CIAC sports committee. Those contests should be identified by the title of the tournament in which the team may qualify.
 - c. Game(s) must be played prior to the last day established by the CIAC for tournament qualifications.
 - d. Game(s) played as a third contest with another team during the regular season will not count for tournament purposes.
4. League tournament games will not count for tournament qualifications under all other conditions.

A league which determines a champion by a team's regular season win/loss record can also sponsor an end-of-regular season league playoff structure to determine a league tournament champion. All requests which do not conform to the above guidelines will be referred to the CIAC Board of Control for action.

4.14 POST SEASON LEAGUE TOURNAMENT POSTPONEMENTS

This policy is purposely narrow in scope to be consistent with the current philosophy relative to Sunday play in CIAC tournaments. Since there is a very limited window of opportunity to schedule league tournaments without interfering with CIAC events, this added flexibility should help leagues to complete their post-season tournament when weather-related postponements occur.

Sunday play of league tournament games/meets (post-season) is permitted in accordance with the following policy:

1. Your league must approve Sunday play.

2. No Sunday game/meet may start before 12:30 p.m.
3. Sunday play is permitted only ONCE per sport in any given league tournament.
4. The Saturday postponement must be weather-related. Also, if a weather-related postponement makes it necessary to reschedule the semi-finals to Saturday, the final game (originally scheduled for Saturday) may be rescheduled for Sunday.

Post-Season League Tournament Postponements -- Questions & Answers

1. The quarter-final round of the league basketball tournament, scheduled for Saturday, is snowed out. Is it permissible to reschedule this round on Sunday?

Yes, but no other Sunday game would be permitted in that sport for that tournament.

2. The league wrestling tournament is scheduled for Saturday. If a weather-related postponement occurs, can the league reschedule this event for Sunday?

Yes

3. The semi-final round of the league baseball tournament is rained out and rescheduled for Saturday, the date reserved for the final game. Can the final game in this case be rescheduled for Sunday?

Yes, since the finals were originally scheduled for Saturday and it had to be moved as a result of a weather-related postponement.

4. Can a league elect not to permit Sunday play?

Absolutely. This is a permissive policy and leagues can decide to prohibit Sunday play in any or all league tournaments.

5. The league indoor track tournament is scheduled for Friday. If a weather-related postponement occurs, can the league reschedule this event for Sunday?

No, league tournament contests scheduled during week days (Monday-Friday), that are postponed due to inclement weather conditions cannot be scheduled for Sunday unless #3 above applies.

4.15 MEDICAL SERVICES

Change in Connecticut Statute specific to Coaches -- Section 37. Section 10-212a of the statute states in part:

- a. A school nurse or, in the absence of such nurse, any other nurse licensed pursuant to the provisions of chapter 378, including a nurse employed by, or providing services under the direction of a local or regional board of education at, a school-based health clinic, who shall administer medical preparations only to students enrolled in such school-based health clinic in the absence of a school nurse, the principal, [or] any teacher or coach of intramural and interscholastic athletics of a school may administer medicinal preparations, including such controlled drugs as the Commissioner of Public Health may, by regulation, designate, to any student at such school pursuant to the written order of a physician licensed to practice medicine or a dentist licensed to practice dental medicine in this or another state, or an advanced practice practice registered nurse licensed to prescribe in accordance with section 20-94a, or a physician assistant licensed to prescribe in accordance with section 20-12d, and the written authorization of a parent or guardian of such child. The administration of medicinal preparations by a nurse licensed pursuant to the provisions of chapter 378, a

principal, [or a] teacher or coach shall be under the general supervision of a school nurse. No such school nurse or other nurse, principal, [or] teacher or coach shall be liable to such student or a parent or guardian of such student for civil damages for any personal injuries which result from acts or omissions of such school nurse or other nurse, principal, [or] teacher or coach in administering such preparations which may constitute ordinary negligence. This immunity shall not apply to acts or omissions constituting gross, willful or wanton negligence.

- b. Each school wherein any controlled drug is administered under the provisions of this section shall keep such records thereof as are required of hospitals under the provisions of subsections (f) and (h) of section 21a-254 and shall store such drug in such manner as the Commissioner of Public Health shall, by regulation, require.
- c. The Commissioner of Public Health may adopt regulations in accordance with the provisions of chapter 54, that specify conditions under which a coach of intramural and interscholastic athletics may administer medicinal preparations, including controlled drugs specified in the regulations adopted by the commissioner, to a child participating in such intramural and interscholastic athletics. The regulations shall require authorization pursuant to: 1) The written order of a physician licensed to practice medicine or a dentist licensed to practice dental medicine in this or another state, an advanced practice registered nurse licensed under chapter 378, a physician assistant licensed under chapter 370, a podiatrist licensed under chapter 375 or an optometrist licensed under chapter 380; and 2) the written authorization of a parent or guardian of such child.

4.15.A. SERVICES AND EQUIPMENT AT ATHLETIC CONTESTS

The provision of medical services and equipment at athletic contests during the regular season is the responsibility of the local school district.

4.15.B. PHYSICAL EXAMINATIONS FOR STUDENT ATHLETES (POLICY STATEMENT)

Every athlete who participates in any CIAC-sanctioned activity (practice and/or contest) must be determined physically fit through a pre-participating evaluation performed annually in accordance with reasonable and prudent written medical protocol as determined by his/her board of education or governing body.

Question: Is it necessary that a physical examination be performed each year?

Answer: A pre-participation physical evaluation must be performed annually. As has been past practice, the scope of that evaluation is determined by the local board of education or, in the case of private schools, the governing body. It is the responsibility of the school medical authority to determine, in accordance with board of education (governing board) policy, whether or not a student is physically fit to participate in CIAC-sanctioned activities.

Question: Who may administer the pre-participatory examination/physical examination?

Answer: The administration of pre-participation physical evaluations may be performed by any individual who has been authorized to do so under local board of education policy. The CIAC leaves the responsibility of administering physical evaluations under local control as long as such policy is not in violation of any state statutes regarding physical examinations.

Question: Does this policy eliminate the medical signature required on all tournament eligibility forms?

Answer: All tournament forms will still require the signature of a school medical authority as determined by local governing policies.

Question: Are “Club” sports included in this policy?

Answer: Yes, club sports, by definition, are interscholastic in nature and, therefore, are subject to CIAC regulations.

The CIAC Board of Control will require that the following statement be incorporated in the tournament regulation for all CIAC-regulated sports.

“I certify that the individuals listed on the Official Tournament Form have satisfied the State health statutes and local regulations, regarding physical examinations and are physically fit to participate in the tournament.”

Signature - School Medical Official

The CIAC Board of Control directs the attention of all member school principals and athletic directors, and through them their superintendents of schools and local boards of education, to the “Guidelines for Program Development in Sports Medicine,” published by the State Department of Education in conjunction with the Connecticut State Department of Children and Youth Services and the Connecticut State Department of Health Services and the National High School Sports Medicine Handbook published by the National Federation of State High School Athletic Associations.

The CIAC Board of Control strongly encourages local boards of education, with whom the ultimate responsibility for the safety and well-being of student athletes rests, to plan and implement a sports medicine program if one does not already exist in the school system. The Board of Control recommends as a reference the above-mentioned publication in the planning of such a program.

A preparticipatory athletic physical has been developed and approved by the Connecticut Sports Medicine Committee, and is available for use upon request to the CIAC office.

4.15.C ATHLETIC TRAINERS

A new law requires the Department of Public Health to license athletic trainers. Licensed athletic trainers may work only with people who belong to sports teams or who participate in sports or recreation activities at least three times a week and then only to treat injuries they sustain in those activities. The act establishes two classes of trainers, those who practice under a physician’s standing orders and those who do not. The latter can perform initial evaluations and provide temporary help but must otherwise immediately refer an injured athlete to a physician. The former can treat injured athletes for up to four days and then, if the symptoms do not improve, must refer them to a health care provider.

The act establishes educational requirements for a license, allows certain people to be licensed without examination, and permits others to practice without a license. It sets the fee for an initial athletic trainer license at \$150.00 and renewals at \$100.00. It subjects licenses to the same disciplinary actions that can be imposed on other licensed health care providers (*sHB 5794, effective October 1, 2000 or when the public health commissioner publishes notice in the Connecticut Law Journal that he is implementing the act’s licensing provisions, whichever is later.*)

4. A statement which describes the types of prevention and intervention programs available to student athletes prior to and during the sports season.
5. A statement which outlines the methods to be employed to insure that all student athletes and their parents are fully apprised of the policy or regulations.

Note: The local or regional school district chemical health policy which is on file with the State Department of Education may currently contain the above-mentioned components, and would therefore fulfill this requirement. However, if the policy does not address some of the above items it may be your desire to add to the existing policy, for CIAC purposes only, the additional information required and submit the final product to CIAC as an administrative policy. Handling it in that manner will circumvent the need for you to alter an existing LEA approved and SDE endorsed policy.

The policy submitted by each school will be placed on file and available to CIAC Sports Committees, CIAC Eligibility Committee, CIAC Board of Control, News Media and public in general. It will be necessary to resubmit policies only when they are changed.

The practice will establish an expectation that all member schools will have a policy that requires all athletes playing in CIAC-controlled sports to be chemical free.

4.15.F CIAC POSITION ON FOOD SUPPLEMENTS INCLUDING CREATINE

The CIAC fully endorses the policies of the National Federation of State High School Associations regarding the use of supplements by athletes.

School personnel and coaches should not dispense any drug, medication or food supplement except with extreme caution and in accordance with the policies developed in consultation with parents, health-care professionals, and senior administrative personnel of the school or school district.

The use of any drug, medication or food supplement in a way not described by the manufacturer should not be authorized or encouraged by school personnel and coaches. Even natural substances in unnatural amounts may have short-term or long-term negative health effects.

In order to minimize health and safety risks to student-athletes, maintain ethical standards, and reduce liability risks, school personnel and coaches should NEVER supply, recommend or permit the use of any drug, medication or food supplement for performance enhancing purposes.

4.16 MINIMUM NUMBER OF GAMES TO ENTER TOURNAMENT

4.18 NASSP AND CIAC POLICY ON NATIONAL HIGH SCHOOL ATHLETIC CHAMPIONSHIPS

CIAC endorses fully the position of NASSP and the National Federation, which are firmly opposed to national athletic championships for high school students. To discourage the formulation of such programs, the NASSP developed the policy statement below for consideration and approval by other educational associations, to include the National School Boards Association and AASA.

This policy statement does not extend to high school graduates who are considered to be under collegiate or private jurisdiction.

Statement

The Consortium of Educational Leaders supports the participation of students in interscholastic athletics within their own local conferences and at the state level where authorized. The Consortium considers this involvement in athletics and in other student activities as beneficial to the growth and development of secondary school students. It constitutes an important dimension of the total educational experience.

The Consortium, however, opposes vigorously the establishment of any national athletic championship program for students enrolled in secondary schools. This position is held for these reasons:

1. National championships would provide an over emphasis upon athletics at this age level. Inter-district and state championships afford to athletes a high level of competition while not interfering with the sound concept of providing a well-rounded academic, athletic and cultural experience for students.

2. National championships would require that students miss a significant amount of class time to train for and participate in the scheduled games. Many of these students are not sufficiently proficient in school to afford to miss additional days for national contests. Some, in fact, could benefit from supplemental work in reading, writing, or mathematics to carry them beyond their active athletic years.
3. High school students are at an impressionable age and often are unable to handle adequately the publicity attendant to state-level competition. This problem would be compounded by national championships and would only further distort their perspective and their basic values.
4. An over involvement with athletics interferes with the operation of schools for the majority of students. It is unfortunate, but true, that when athletics become too important, then classes are canceled for rallies, special arrangements have to be made for athletes missing their work, a “privileged class” develops in the student body, and the basic values of the school become masked by the momentary glamour of it all.
5. It is quite possible that commercial programs will develop to exploit athletes selected for any national athletic championship program. The Consortium has no objection to the selection of students for recognition by commercial interests, but it would object strongly to an actual sponsorship of national high school athletic contests by commercial firms.

Athletics are an important part of the lives of many students and adults. It is important, however, that a proper perspective be maintained so that promotional endeavors do not harm the many benefits which accrue to persons who participate in athletic activities.

4.19 OUT-OF-SEASON RULE

See Article XII of the CIAC By-laws.

4.20 PHILOSOPHY OF ATHLETICS

A comprehensive and balanced activities program is an essential complement to the basic program of instruction. The activities program should provide opportunities for youth to develop interests and talents in sports, debate/speech, dance, drama, journalism, music, student government and academic-related areas. Participation in such activities should provide students with a lifetime basis for personal values, for work and leisure activities.

Interscholastic athletics can play an important role in the learning and growth process. They encourage the acceptance of responsibility to self, to team and to school. They encourage good physical health, good personal habits. They teach sportsmanship. They expose the athlete to some of life's difficult lessons, e.g. defeat, humility. They offer the opportunity to know success, self-satisfaction, pride, experiences desirable in the balanced growth of an individual.

The interscholastic athletic program should be conducted in accordance with existing Board of Education policies, rules and regulations. While the Board of Education may take pride in winning, it should not condone “winning at any cost” and should discourage all pressures which might tend to neglect good sportsmanship and good mental health. At all times the athletic program must be conducted in such a way as to justify it as an educational activity.

Leadership of athletic programs should be of the highest quality so as to exemplify to the participants the desired type of behavior to be developed from the programs. Measurement of leadership success should not be in terms of a “won/lost” record, but rather in the character development factors that are an outgrowth of the athletic program. At all times the athletic program should place the total educational curriculum primary in emphasis; the athletic program should constantly strive for the development of well-rounded individuals capable of taking their place in modern society.

4.21 PAY-TO-PLAY**4.21.A. PAY-TO-PLAY -- CIAC POSITION STATEMENT**

At its September 17, 1981 meeting the CAS Board of Directors voted to declare its strong opposition to local board of education policies which establish a fee system for students who wish to participate in co-curricular or extra-curricular activities, athletic and/or non-athletic.

The Board is of the opinion that students should not be assessed fees for the privilege of participating in activities which have been traditionally recognized as integral and meaningful in the total school program. These activities have through the years provided immediate and long-range benefits to participants as well as to schools. In the opinion of the CAS Board requiring "pay-for-play" is shortsighted educational policy and can be discriminatory to the needy.

4.21.B. PAY-TO-PLAY -- CAAHPE POSITION

The Administrators of Health and Physical Education support the current practice of funding interscholastics through local Board of Education funds. We feel a direct assessment on the individual families of athletes is contrary to the educational philosophy so deeply rooted in our nation, and is wrong because it places an undue tax on selected members of the community. Interscholastic athletics is an integral part of the normal education process of many students and therefore we feel that it should be funded directly through Board of Education funds.

Athletics as an extra-curricular activity is unique in that it provides a possible predictor of student success in later life; and affords adolescent boys and girls an opportunity to establish a physical and social identity along with the intellectual identity they develop while in the classroom.

Owen B. Kiernan, then Executive Director of the National Association of Secondary School Principals, commented: "more and more students reveal that their participation in extra-curricular activities is one of the most important facets of a secondary school education." In support of that notion is a pair of studies conducted by the American Testing Service and College Entrance Examining Board. The former completed a study comparing four factors thought to be possible predictors of student success. Achievement in extra-curricular activities, high grades in high school, and high grades in college as well as high scores on the SAT. It was found that the only factor which could be validly used to predict success in later life was achievement in extra-curricular activities. The latter study examined the accuracy of the SAT in predicting how successful a person might be at a chosen career upon graduation from college. The results showed that there was virtually no correlation between scores on the SAT and success in later life. The study did find, however, that those students who were active in extra-curricular activities were most likely to be successful."

4.21.C. PAY-TO-PLAY -- CAPSS POSITION

CAPSS believes that Boards of Education should not establish a fee system for students who wish to participate in athletic and non-athletic co-curricular or extra curricular activities. Traditionally, these activities have been recognized as integral and meaningful and of long range benefits to participants as well as to schools. Requiring "pay-to-play" is shortsighted educational policy and can be discriminatory to the needy.

Free public education includes the student's right to participate in activities offered by a school district. The student should not be denied participation because of lack of funds or the refusal to pay a fee.

With declining resources and with cutbacks in budgets, funding these activities becomes increasingly more difficult. State and Federal governmental agencies should not deliberately preclude the right of each local Board of Education to find ways other than use fees to support extra-curricular and co-curricular activities.

4.21.D PAY-TO-PLAY -- CHSCA-CAAD POSITION

The Connecticut High School Coaches Association and the Connecticut Association of Athletic Directors state its opposition to board of education policies which require students to pay for the educational opportunities provided in athletic programs.

Most philosophies of education adopted by school boards include the “physical, moral and social development”, (or words to that effect) as educational objectives. Participation in athletic programs contribute greatly to the realization of these educational goals. A decision by a student to participate in an athletic program is no more “voluntary” than a decision to take a “non-required” course. Athletic administrators feel a policy to charge a fee for an educational program which takes place outside the classroom is therefore discriminatory.

The American Testing Service and College Entrance Board reports that students who were active in co-curricular activities are most likely to be successful in adult life. This participation is a better predictor of success in adult life than classroom grades or SAT scores. Successful adult living represents a significant core of the educational process. The development of a diligent work ethic evolving from the demands of participation in athletics answers the appeal of employers throughout the country to prepare young people for the world of work. Discrimination, with the charging of fees, especially to the needy, represents a possible deprivation of educational opportunity in a society where free public school offerings have been deeply rooted in our nation. Many educational leaders believe a decision to charge a fee for such opportunity would not be supported in the courts.

4.22. SCHOOL START TIMES - CIAC POSITION

The CIAC believes that high school students should have the opportunity to learn in an optimum learning environment. While some students succeed academically within the existing and traditional school day, research overwhelmingly shows that switching to later school start times does create a more optimal learning environment.

High school sports and extracurricular activities have been perceived barriers to later start times. It is the position of the CIAC that sports are an extremely important component of a high school student’s education. However, interscholastic athletic activities can continue to be offered, with appropriate accommodations, within any reasonable school day structure. The greatest impact on sports will be within the late fall sports season when daylight savings time ends. However, early school dismissal for fall sports teams may well be a reasonable accommodation and compromise for the benefit of more sustained learning opportunities over the duration of a full year.

The CIAC will continue to offer student athletes the same opportunities for sports participation as it has historically done regardless of individual school district decisions on school starting times. Further, it will strive to schedule its state tournaments in ways which will not interfere with classroom instruction. While it is not always possible to achieve, it is a goal of the CIAC board of control to schedule its activities so as to not interfere with “student time on task.”

The CIAC believes that member schools should continue to promote their activities in a manner which will support sound efforts to enhance optimum learning opportunities. To do less would be to elevate high school athletics to an importance greater than that which is its true purpose. The CIAC believes that decisions that will advance excellence in interscholastic athletics and academics can be achieved without the exclusion of one for the other.

Adopted - June 19, 2003

4.23 PROTESTS -- TOURNAMENTS / REGULAR SEASON CONTESTS -- RE: NATIONAL FEDERATION RULES

Protests arising from the decisions, interpretations and misapplication of the playing rules (National Federation, USGA, USTA or other CIAC game rules) by officials during contests will not be considered. The decision and interpretations of the rules by game officials are final. CIAC does not adjudicate regular season contests. The CIAC does not adjudicate regular season contest protests.

The record of the official scorekeeper at the conclusion of the contest is final unless an error in addition, subtraction, division or multiplication is discovered. Such error shall be corrected as covered by specific contest rules.

Any team leaving the contest area before the conclusion of the contest because of dissatisfaction with the officiating will render the school liable to disciplinary action by the Committee.

4.24 PROTHESIS (ARTIFICIAL LIMB)

The National Federation has placed the responsibility of approving or disapproving the wearing of a prosthesis on each State High School Association. In a number of the National Federation rule books the following statement appears: "Artificial limbs, which in the judgment of the State High School Association are no more dangerous to players than the corresponding human limb and do not place an opponent at a disadvantage, may be permitted." The CIAC accepts this responsibility for each sport in which the rules so indicate.

The CIAC procedure for approving the wearing of a prosthesis by a student athlete will be as follows:

1. The member school must notify the CIAC and arrange for a meeting to determine the legality of the prosthesis; present at this meeting must be the school physician or his/her designee, principal, athletic director, and coach; also the chairman of the respective CIAC sport committee, the officials' rule interpreter for that sport, a representative of the central office staff, the student's parent or guardian and the student, who must be fully equipped as he/she will be when competing.
2. The criteria recommended as guidelines to follow in determining the legality and suitability of wearing a prosthesis in a sport are:
 - A. The prosthesis must have been fabricated by a certified prosthetist. (Practitioner)
 - B. The prosthesis must be properly padded.
 - C. Written approval to participate from the prescribing physician. Such approval must be presented to the officials before each game for the official's final inspection and approval, in accordance with National Federation Rules.

4.25 RECLASSIFICATION POLICY WHEN SCHOOLS MUST CONSOLIDATE

If a Board of Education, in its response to the need to consolidate schools, takes official action which either reduces or increases the grades 10-12 enrollment of a given high school, the following conditions must be met in order to accommodate proper placement for tournament play:

A minimum of two years advance notice must be provided to CIAC before the change is actually made. Thus, if a Board votes to consolidate two high schools and can give the projected enrollment as of October 1, two years from October 1 of the reporting year, the adjustment in classification can be made.

If more advance notice can be provided to the CIAC, and the official Board of Education action is submitted to the CIAC Board of Control, it could be possible to merge the school's teams and adjust the school's classification prior to actual building consolidation. This early merger and resulting classification would be for only one year.

Where a Board of Education has not taken official action to merge, under no circumstances would schools which retain their separate identities be allowed to consolidate individual sports teams.

Recognizing that circumstances may vary, it shall be the policy of the CIAC that each such case shall be judged upon its merits after consideration of all attendant factors.

4.26 REGULATION INTERPRETATION

The CIAC is the only interpreter of CIAC regulations by which member schools must abide.

4.27 SCHEDULES, REGULAR SEASON

The CIAC has no jurisdiction over regular season interscholastic scheduling problems except as they relate to violation of student eligibility regulations.

4.28 CIAC REGULATION RE. SALES / RAFFLES / SOLICITATIONS

This regulation provides CIAC control of all sales, raffles and solicitations during all CIAC run tournaments, meets or games.

1. Only CIAC promotional items will be sold at CIAC-sponsored events unless approved by the CIAC Board of Control.
2. 50/50 raffles or other raffles are not permitted at any CIAC-sponsored event.
3. Solicitations, sales of publications or products, or similar activities are NOT permitted without prior authorization from CIAC. Food and beverage are NOT included in this policy.
4. The CIAC is the sponsoring association for all levels of state tournament championships and the sale or distribution of items or audio-visual reproductions. Sale or distribution of clothing, souvenirs or other items is strictly prohibited without permission of the CIAC.

4.29 SPORTS

4.29.A. BASEBALL**PLAYING DATES PER WEEK -- BASEBALL**

The number of playing dates permitted each week in the sport of baseball may not exceed three (3), one of which may be used each week to schedule and play a doubleheader. The maximum number of games per season is twenty (20).

Question: Will four games per week be permitted if on one of the three playing dates a doubleheader is played?

Answer: Yes

Question: May a postponed game be played in addition to the games scheduled on the three playing dates in one week?

Answer: Yes

SUSPENDED REGULAR SEASON GAMES

Any regular season game which is called after playing 4.5 or 5 innings and a winner cannot be determined is a suspended game. If the game is to be completed it must be resumed from the exact point of suspension with the score, batting order and outs the same as at the time of suspension. Any regular season game called after playing 4.5 or 5 innings where a winner can be determined is a completed game. The Pitching Limitation Rule will be in effect for suspended games.

AMERICAN LEGION TRY-OUT DURING BASEBALL SEASON

American Legion officials may approach potential team candidates at any time, but there can be no practice or tryout of any kind from the first CIAC game through the conclusion of the CIAC tournament. Legion practice can be held at the conclusion of the regular season for boys on high school teams who are not in tournaments.

Babe Ruth participation is included in this policy as well as any other baseball organization.

BASEBALL PITCHER CONDITIONING WEEK

Regulations for a baseball conditioning week for pitchers are as follows:

1. Baseball conditioning for pitchers may be conducted for five (5) days (Monday through Friday), the week prior to the first date for baseball practice as designated by the CIAC.
2. Only one session per day is permitted; the maximum length of the session is one hour and 30 minutes (1 ½ hours).
3. The program must be conducted indoors.
4. The conditioning program is limited to eight (8) pitchers and four (4) catchers in grades 9 through 12. This limits the number of participants to twelve per school with no substitutions for absentees or drop outs allowed. Winter sport athletes still in season are ineligible to take part in this program.

5. Balls, gloves and catcher's protective equipment are the only equipment permitted. (Bats, batting tees, fungos, batting cages, pitching machines, etc., are strictly prohibited.)
6. The program may consist only of warm-ups, stretching, calisthenics, weight training, running, other conditioning exercises and throwing. Throwing is permitted only because it is an important aspect of conditioning the arm.
7. A coach must be present at all conditioning sessions.

NOTE: IT IS NOT THE INTENTION OF THIS PROGRAM TO ALLOW WORK ON FIELDING, COVERING BASES, PICK-OFFS OR ANY OTHER RELATED FUNDAMENTALS, AND THEREFORE, THESE TYPES OF DRILLS ARE STRICTLY PROHIBITED. ALSO, IT SHOULD NOT BE USED AS A TRYOUT, AND TEAM CUTS ARE NOT PERMITTED.

Safety Precautions -- Catchers should wear masks. Do not use anyone to assume a batters position while pitchers are throwing, since although pitching control may be an outcome of the program, it is not a program objective.

Member schools found in violation of the above rules will be subject to disciplinary review by the CIAC Baseball Committee and possible action by the CIAC Board of Control.

BASEBALL PITCHING LIMITATION RULE

The pitcher may not pitch more than ten (10) innings in any three (3) consecutive calendar days. To determine the eligible number of innings that a pitcher may pitch on game day, total the number of innings pitched during the two previous calendar days and subtract from ten (10). Ten innings are equal to thirty outs.

Penalty for Pitching Violation -- A pitcher in violation will be ejected for the remainder of the game in which the violation occurs as well as the next game. The player ejected as a result of violating this rule is ejected as a player as well and may not participate in another position or as a pitcher until the penalty is served.

4.29.B. BASKETBALL

Three on three competition is considered a game.

4.29.C. CROSS COUNTRY

TRIATHLON EVENTS

Competing in a triathlon event during the cross country season will not jeopardize the eligibility of a cross country runner.

A member of the cross country team:

1. MAY NOT enter a "road race" of any length.
2. MAY enter track events up to and including two (2) miles, (under track conditions only).
3. MAY enter any and all field events.

ROAD RACE PARTICIPATION -- BOYS AND GIRLS

Participation on the part of any interscholastic cross country team member in any road race conducted after his/her school's first scheduled meet of the CIAC season will be considered a violation of Rule I.E. of the CIAC Rules of Eligibility and Control. Any cross country runner, male or female, who so participates will be declared ineligible.

4.29.D. FOOTBALL**SUNDAY FOOTBALL**

Sunday play of postponed regular season football games is permitted in accordance with the following policy:

1. The Saturday postponement must be due to severely adverse weather conditions.
2. The two competing schools must agree to Sunday play of a postponed Saturday game.
3. A postponed Friday night game may be played on Sunday only if a site is not available, or if severely adverse weather conditions exist on Saturday.
4. No Sunday game may start before 12:30 p.m.
5. In sub varsity football games only, the scheduling week begins on Saturday and ends on Friday.

It is strongly recommended that local boards of education adopt written policies regarding Sunday play of postponed Saturday games by schools under their jurisdiction.

SPRING FOOTBALL PRACTICE

1. Spring football practice may begin on the Friday before Memorial Day, but not before this date.
2. Conditioning Practice:
 - A. Each participant in spring football practice must have three days of conditioning before the participant may wear full equipment.
 - B. No pads or protective equipment other than a helmet may be worn, and no contact will be permitted.
 - C. Only one session per day, each session not to exceed two hours.
 - D. Footballs may be used during spring conditioning sessions.
 - E. A coach must be present at all practice sessions.
 - F. Spring sport participants must have completed their season before joining spring practice.

3. The maximum of ten (10) days of spring football practice is permitted, however, spring practice cannot be carried past the date on which the school closes for summer recess. The 10 days includes both conditioning and contact practice.
4. Only 9th, 10th and 11th grade students will be permitted to participate in spring football practice. (No 8th or 12th grade students.)
5. Only intra-squad scrimmages will be allowed. Interscholastic scrimmages and games are not allowed.

KNOWN VIOLATIONS OF THESE REGULATIONS SHOULD BE REPORTED TO THE CIAC FOOTBALL COMMITTEE.

WEEK OF CONDITIONING -- FALL FOOTBALL

Fall Football Conditioning Practice 2003

1. Football physical conditioning practice must be conducted for at least five (5) sessions prior to contact practice and no earlier than August 18, 2003.
2. No pads or protective equipment other than a helmet may be worn, and no contact will be permitted.
3. Only one session per day on each of the days selected is permitted. Each session is not to exceed two hours.
4. Footballs are not to be used during the first full hour of conditioning. After one hour of conditioning footballs may be used during the second hour of conditioning.
5. Teams may start practice with pads and contact beginning Saturday, August 23, 2003, provided the minimum number of conditioning sessions have been held.
6. A coach must be present at all practice sessions.

Teams found in violation of the above rules will be subject to disciplinary review by the CIAC Football Committee. Coaches are required to review with their players the suggestions for reducing head and neck injuries and the "hot weather hints."

4.29.E. GOLF

NINE / EIGHTEEN HOLE MATCHES

On the issue of 9 holes vs 18 holes, the Board voted to allow either 9 hole or 18 hole matches to count toward tournament eligibility. This is a permissive regulation which will not preclude 18 hole matches, but will allow 9 hole matches where 18 cannot be accommodated. Entry into the tournament will be based on 9 hole competitions. NOTE: Eligibility Rule II.E. governs golf relative to participating in non-school contests.

Outside Participation

Golfers of CIAC member school teams may participate as "unattached" individuals (not representing the school or an outside team) in a maximum of three (3) "outside meets" per season. Choice of such outside meets to be made by golfers with the approval of the golfer's school administration. Present weekly and seasonal limitations will be maintained. See Section 12.0, page 1 for weekly limitation regulation for two or three day matches.

4.29.F. GIRLS GYMNASTICS**PARTICIPATION IN USGA-SANCTIONED MEETS**

Girl gymnasts on CIAC member school teams are permitted to participate in a maximum of four (4) USGA-sanctioned meets during the course of the interscholastic girls gymnastics season as unattached participants. (See “Unattached” definition in this Handbook.) Requests for permission to participate must be made to CIAC through the individual gymnast’s school principal. CIAC weekly and seasonal limitations must be observed.

4.29.G. ICE HOCKEY**PENALTIES**

During the regular playing season any penalties determined annually by the Ice Hockey Committee and published in the Ice Hockey Tournament Regulations adding up to four (4) will lead to a team’s being placed on probation. Over six (6) will lead to a team’s being declared ineligible for participation in the State Tournament.

For a team already on probation a total of 1-3 penalties other than minors may lead to extension of probation; four or more will lead to a team being declared ineligible for tournament participation.

During the course of a tournament any incidents of unsportsmanlike conduct by fans, players or coaches before, during or after a game will result in a formal hearing before the Ice Hockey Committee and possible disciplinary action.

ALL SCHOOLS, WHETHER OR NOT THEY QUALIFY FOR THE TOURNAMENT, ARE REQUIRED TO SUBMIT A PENALTY REPORT FORM FOR EACH REGULAR SEASON CIAC GAME.

WEEKLY LIMITATIONS FOR ICE HOCKEY

A school may schedule three (3) games per week during vacation week (defined as four (4) consecutive week days during any given week in which school is closed).

4.29.H. INDOOR TRACK**“OUTSIDE” PARTICIPATION**

The Board of Control approves “outside” unattached competition on the part of interscholastic indoor track athletes to the extent that no restrictions other than compliance with CIAC weekly limitations be placed on such competition.

4.29.I SOCCER**INDOOR SOCCER**

Member schools may not sponsor interscholastic indoor soccer programs. Doing so is in violation of CIAC regulations. Indoor soccer is permissible as a bona fide intramural program or as a community recreation program.

YELLOW / RED CARD RULE -- SOCCER

1. Each player who is issued a yellow card is to be removed from the game (placed on “hold out”) for ten minutes. A player who is on “hold out” may return to the game after ten minutes but must do so in accordance with the rules pertaining to substitution. When a game officially ends, overtime periods are part of a regulation game, a player on “hold out” is removed from “hold out” status even though there may be less than ten minutes to play. When a player is placed on “hold out” the team may substitute for the player, a team will not be required to play one down for this infraction.
 - 2.a. A player is ineligible to participate in any soccer contest until withheld from the next soccer contest at that level of play when the player has been issued a third (cumulative) yellow card of the season, not game. The rule also becomes operative for the same player at the sixth, ninth, etc., yellow card during the season. The game in which the third, sixth, ninth, etc., cumulative yellow card is given determines the level of play. A player receiving a yellow card in a sub-varsity game and a yellow card in a varsity game has cumulated two for the season. The third cumulative yellow card does not cause the player to be disqualified from the game in which it occurs, unless it is a yellow/red card combination.
 - b. In the event a player or coach receives their third, sixth, ninth, etc., yellow card at the last scheduled regular season game, or league playoff game, the player/coach shall be disqualified from participating in the next contest (league playoff game or CIAC tournament game).
 - c. (Boys soccer only) For CIAC tournament play, all players and coaches will begin with zero yellow cards. Two (2) yellow cards received by a player or coach will disqualify that individual(s) from participating in the next contest. This rule also becomes operative for the same player/coach at the fourth, sixth, eighth, etc.
- Note: Any player who is issued the third (cumulative) yellow card and a red card in the same game will be disqualified for the next two games and is ineligible to play until the next two games at that level of play have occurred. A player receiving a combination yellow card/red card in a game has been issued the second yellow card for that game as well as a red card. The issuance of a red card only does not count as one yellow card.
3. Each CIAC member school must maintain an official soccer score book. The issuance of each yellow and red card must be immediately recorded in that team’s score book by the game official when the incident occurs. At the conclusion of the regular season each member school will report to the CIAC a summation of all red and yellow card penalties on the CIAC Penalty Report Form. Failure to do so may lead to a team’s disqualification from post season play.
 4. A player rendered ineligible through a disqualification will be determined to be an ineligible player according to CIAC eligibility regulations. The use of an ineligible player will lead to a game forfeiture.
 5. Yellow card penalties will carry over into all overtime periods. Players receiving yellow cards that carry over into the first penalty kick tie breaking round will be eliminated from

participating in the first round of penalty kicks. Players receiving yellow cards during any penalty kick round will be eliminated from any additional penalty kick rounds during that match.

6. These rules DO NOT CARRY OVER FROM YEAR TO YEAR.

4.29.J. SOFTBALL

PLAYING DATES PER WEEK

The number of playing dates permitted each week in the sport of softball may not exceed three (3), one of which may be used each week to schedule and play a doubleheader.

Question: Will four games per week be permitted if on one of the three playing dates a doubleheader is played?

Answer: Yes

Question: What will be the maximum number of games permitted for the season?

Answer: This has not changed -- it will still remain at 20.

Question: May a postponed game be played in addition to the games scheduled on the three playing dates in one week?

Answer: Yes

SUSPENDED REGULAR SEASON GAMES

Any regular season game which is called after playing 4.5 or 5 innings and a winner cannot be determined is a suspended game. If the game is to be completed it must be resumed from the exact point of suspension with the score, batting order and outs the same as at the time of suspension. Any regular season game called after playing 4.5 or 5 innings where a winner can be determined is a completed game.

4.29.K. SWIMMING -- BOYS AND GIRLS

POOL TEMPERATURES

National Federation Rules state "the water temperature shall be no less than 78 degrees Fahrenheit (26 degrees Celsius). It is recommended that temperature be no more than 82 degrees Fahrenheit (28 degrees Celsius)."

SWIMMING -- WATER DEPTH DIVING

The CIAC Board of Control recommends that the water depth two (2) feet in front of the end of the diving board be not less than ten (10) feet. The host school cannot insist that the visiting team(s) must dive in less than ten (10) feet of water. When diving is not conducted because of inadequate water depth and -- a) Written notice is given to opponents at least two weeks prior to the start of the season, diving is not conducted and no points awarded. b) No written notice is given, the visiting team(s) shall be awarded points in proportion to their number of entries and the host team shall not score. c) If the host team's facility meets the minimum depth recommendation and the visiting team has eliminated diving from its program because its facility does not meet the depth standard, the host team (and all teams with diving entries) shall dive, places shall be awarded to the competitors and their points shall be included in the total team score.

PARTICIPATION IN "OUTSIDE" MEETS

Swimmers of member schools may participate, as "unattached" individuals (not representing the school or on an outside team), in a maximum of four (4) "outside" meets per season (AAU, U.S., Boys & Girls Clubs, YMCA, etc.), choice of such outside meets to be made by swimmers with the approval of the swimmers school administration. Present weekly swimming limitations will be maintained (two meets per week, one of which may be one of the four allowable "outside" meets). (See Section 12.0, page 1 for weekly limitation regulation for two or three day meets.)

PARTICIPATION IN CIAC MEETS

Only those swimmers who are officially listed on the CIAC Eligibility list will be allowed to participate in CIAC meets. Swimmers who are not listed on CIAC eligibility list will not be allowed to participate in CIAC meets. However, "exhibition swimmers will be permitted provided they can swim in a scheduled heat. Under no circumstances during the meet will exhibition swimmers be permitted to swim if by doing so an additional heat is required. At the conclusion of the meet, additional heats composed of exhibition swimmers may be swum. Exhibition swimmers must be members of the competing teams whose names appear on a CIAC eligibility list. An exhibition swim shall count as one of the four allowed events."

4.29.L. TENNIS -- BOYS AND GIRLS**"OUTSIDE" PARTICIPATION / USLTA TOURNAMENTS**

Any student requesting to participate in a non-CIAC tennis match must receive approval from the member school principal, coach and parents. CIAC weekly limitations must be observed. (See Section 12.0, page 1 for weekly game limitation regulation for two or three day matches.) Non-CIAC events include those sponsored by tennis clubs, USTA, or other private and public recreational programs. Note: Tennis players must participate as "unattached" individuals (not representing the school or an outside team), in a maximum of four (4) "outside meets per season.

FALL TENNIS

The Board of Control has ruled that interscholastic fall tennis is not a CIAC-controlled sport. Member schools may not qualify teams or individual players who compete in the fall of the year.

4.29.M. TRACK -- BOYS AND GIRLS**“OUTSIDE” PARTICIPATION**

The Board of Control approves “outside” unattached competition on the part of interscholastic track athletes to the extent that no restrictions other than compliance with CIAC weekly limitations be placed on such competition.

Track season (indoor and outdoor): A member of the track team may enter “road races” of three miles and beyond (under road conditions only). All other regulations apply.

“Walk-a-thon” events are to be considered non-athletic events which may be conducted at any time by CIAC athletes.

Track conditions refer to an official track facility designed for the purpose of conducting track events.

Road conditions refer to events that are conducted only on roads, and do not take on aspects of track events.

4.29.N. WRESTLING**SKIN-FOLD TEST PROGRAM**

The CIAC Board of Control approved the Wrestling Committee’s recommendation that the skin-fold test program be fully implemented.

WRESTLING WEIGHT CERTIFICATION

CIAC member school wrestlers who have not been weight-certified under the CIAC Weight Control Program are ineligible to compete in interscholastic wrestling meets or tournaments. Violators will be penalized in the same manner that violators of the CIAC Code of Eligibility are penalized. Wrestlers who violated eligibility by not being properly weight-certified may regain eligibility upon becoming properly weight-certified.

4.30 SPORTS PARTICIPATION SURVEY

See Appendix A

4.31 SPORTSMANSHIP

Statement of Administrative Responsibility -- Member schools are expected to conduct their relations with each other at all levels of competition in a spirit of good sportsmanship. Everyone involved has the obligation to see clearly his/her influence and act accordingly.

The CIAC acknowledges that the school administration is responsible for the athletic program, including the making of broad and specific policies relating to sportsmanship and the conduct of activities in the school. The school principal, for example, as the administrative head of his/her school has the responsibility for establishing the principles of good sportsmanship in the minds of the entire school family. He/she must realize that the kind of sportsmanship that is practiced or displayed by the representatives of his/her school will reflect to its credit or otherwise.

Association Responsibility -- The CIAC has been vested with the responsibility to ensure that all contests during the regular season or CIAC tournament competition are conducted satisfactorily, as it applies to the principles of good sportsmanship. The CIAC will be guided by the following rule:

HIGH STANDARDS OF COURTESY, FAIR PLAY AND SPORTSMANSHIP MUST PREVAIL AT ALL CIAC MEMBER SCHOOL COMPETITIONS.

(While this rule is a general standard in terms of enforcement, it is the heart of the entire CIAC program. Good sportsmanship, respect for the rules, respect for others, and fair play are basically the motives through which an interscholastic athletic program is justified and defended.)

General Guideline Recommendations to Promote Sportsmanship -- The Principal is the final authority responsible for all athletic activity of his/her school at whatever level of competition. In recognition of this authority the following recommendations are suggested by the CIAC as a guide to school administrators with respect to the development and implementation of a sportsmanship policy.

- A.
 1. The CIAC Board of Control strongly urge all leagues (whether one sport or multi-sport) to develop, approve, and implement a league-wide code of sportsmanship for athletes, coaches, cheerleaders, and spectators.
 2. All member schools, as a minimum, adopt their league's sportsmanship code as the school's sportsmanship code. Member schools are encouraged to expand the basic league sportsmanship code as they see fit.
 3. League and school sportsmanship codes specifically and directly state the requirement for all athletes, coaches, cheerleaders, and spectators to conduct themselves in an appropriate fashion.
 4. League and school sportsmanship codes specifically state expectations: respect for the decisions of game officials and coaches, no taunting, profanity, derogatory language or gestures, no epithets, etc.
 5. Specifically state the penalties that will occur when an individual fails to adhere to the sportsmanship code.
 6. The code be as widely disseminated as possible using the student handbook, school newspaper, parent newsletter, and the local media.
 7. The sportsmanship code be read by PA announcers prior to each contest.
 8. The sportsmanship code be prominently posted at all sports venues.
 9. When event programs are provided, the sportsmanship code be included.
 10. Member school consider having athletes, parents, and spectators sign an acknowledgement which would show that they have read and understand the sportsmanship code.
 11. Member schools work with community officials to insure that levels of good sportsmanship are enforced when contests are held at non-school facilities.
 12. The CIAC and the CIAC sports committees insist that rules of good sportsmanship be rigorously enforced at all CIAC tournament contests. This is particularly important when contests are held at non-school sites.

B. The Person Responsible for Athletic Administration:

1. Makes available to visiting schools necessary game information -- includes directions for parking, location of ticket booths, seating arrangement, ticket prices, game time, directions for reaching game site.
2. Designates specific seating areas for students, bands, adults and visitors. If possible, opposing student bodies should be separated.
3. Arranges for adequate police supervision.
4. Posts in plain site at the entrance to the field, track, pool or gymnasium a copy of the causes for expulsion from the contest, e.g., use of alcohol, drugs, throwing objects, unruly behavior.
5. If possible assigns officials to dressing facilities separated from both teams. Provides escorts for the officials when it appears that disturbances may develop.
6. To prevent long lines, assures extra help at concession stands during half-time and at breaks.
7. Take measures to prevent fans from getting near or on the playing area and around the players benches. After the contest prevents fans from going onto the playing area.
8. Provides for adequate supervision of students and facilities. Supervisors should sit in the stands with the students.
9. Directs the route for movement of all visiting school busses and all home team busses. (Include band, pep clubs, etc.).
10. Informs visiting school where they are to park busses.
11. Has the PA announcer give the location of rest rooms, concession stands and the lost and found.
12. Provides a first aid room for emergencies. Assures access to a telephone from the contest area.
13. Provides for parking and has a host greet the officials.
14. Eliminates from the gymnasium during the regular season -- banners, signs, noisemakers, bugles, etc.; these tend to be offensive and negative in tone and cause hard feelings. (Note: the CIAC does not permit banners, signs, noisemakers, bugles, etc., at basketball tournament games.)
15. Does not permit all of the lights to be turned off for such things as the introduction of players or special pre-game and half time shows. Make sure there is sufficient lighting necessary to provide good crowd control for the spectators' safety.
16. At contests where tickets are sold at the game, tickets should be sold throughout the entire game to discourage people from loitering outside the game hoping to be admitted free during the last half of the game.
17. Encourages the visiting school to follow the procedures of the host school since many areas may have special problems.
18. Insists that unruly spectators be removed from the premises. Takes legal action against those who are guilty of assault or disturbing the peace.

19. Encourages non-high school age students to attend high school athletic contests with an adult.

C. The Coach:

1. The behavior of the coach must at all times be marked by dignity and self-control. He/she should not at any time use provocative language or engage in any unsportsmanlike actions or tactics. He/she must avoid any actions or remarks which would tend to incite the displeasure of the spectators or provoke disorderly behavior.
2. The coach will immediately discipline any player who intimidates an official, or displays unsportsmanlike behavior.
3. Deliberate attempts to humiliate an opponent by the coach will not be tolerated, e.g. running up the score. Coaches are encouraged to substitute whenever possible, especially when the outcome of the game has more or less been decided.
4. Coaches must not seek out an official during half-time or at the end of the game.
5. The head coach is responsible for all bench personnel.
6. The head coach must display modesty in victory and graciousness in defeat.
7. Coaches must control their emotions by eliminating any show of outrage or discontent over an official's call.
8. No person should be coaching who does not realize that the future of high school athletics is more important than the winning or losing of a particular game.
9. Learn the rules of the game thoroughly.

D. The Athletes:

1. Accept and understand the seriousness of their responsibility, and the privilege of representing their school and community.
2. Learn the rules of the game thoroughly.
3. Cooperate with coaches.
4. Always respect the officials judgment and interpretation of the rules. Never argue or make verbal gestures which indicate disagreement. This type of activity may incite undesirable behavior in the stands and by teammates.
5. Congratulate opponents in a sincere manner following either victory or defeat.
6. Treat opponents with the respect that is accorded a guest or a friend. Many lasting relationships may be developed from competitive situations.
7. Shake hands with opponents prior to the contest and wish them luck. Feel friendly toward opponents immediately when the contest ends.

E. The Announcer:

1. The game announcer must not show favoritism; must use proper language at all times; be enthusiastic but keep calm.

2. Let no one except those in charge of the event use the microphone. The announcer is responsible for any remarks made into the mike.
3. The announcer must never criticize an official's decision.
4. The announcer should explain the procedure for pre-game introductions.
5. The announcer should explain to the spectators that the cheerleaders have established a schedule of rotation of floor cheers. (Basketball games)
6. The announcer should explain state and conference rules and regulations.
7. The announcer should be aware of what is going on in the stadium / gym / pool so that directions can be given calmly in an emergency. Serious situations can be avoided if the announcer will caution the crowd against coming down to the field / floor / deck, throwing things, or causing other disturbances.

F. The Cheerleader Coach:

1. Guest cheerleaders should be greeted and escorted to their accommodations by the host cheerleaders.
2. Instruct cheerleaders to -- have positive, not antagonistic, cheers at all times -- divert the crowd's attention from booing by starting a positive cheer immediately -- remain at the game site after the contest and go to the busses with an escort -- set up a schedule of rotation of cheers -- remain silent when the opponents squad is on the floor for a cheer -- remain silent when an opponent is shooting a free throw -- set a visible link with the other school -- meet in the middle of the player area for the national anthem.

G. The Visiting School:

1. The visiting school must provide supervision for their spectators. The visiting school supervisors must introduce themselves to the home team athletic director or his/her designee.

5.2 **SPORTS AWARDS POLICIES**

It is the responsibility of the CIAC Sports Awards Committee to:

- a. Select awards for all CIAC-sponsored sports.
- b. Develop an annual budget for awards.
- c. Negotiate and issue contracts for all awards.
- d. Consider and act upon sports committees requests.
- e. Regulate and evaluate all awards against a uniform set of criteria.

Criteria

1. Awards to teams and individuals for all sports must be equitable as to type.
2. In all sports which feature competition between individuals, CIAC will award medals for no more than six (6) competitors. (Exception: in boys and girls cross country open meets, medals will be awarded for places 1 through 25.)
3. Members of winning and runner-up teams will be awarded medals. Number of medals awarded to individuals in each sport will be determined by the Sports Awards Committee.
4. Medals will not be awarded for outstanding individual accomplishments other than for order of finish in an event.
5. There will be no merit awards for teams in any sport.

5.3 CIAC SPORT AWARD COMMITTEE

- a. Make all requests for changes in existing practices or recommendations for additional awards to the CIAC Sports Awards Committee for its approval prior to February 1 of each year.
- b. Make all changes which will have a financial impact on the budget with sufficient lead time so those changes can be included in the succeeding year's budget. (No awards will be purchased from operating budget unless they were approved as part of the budget. Hence, all decisions relative to awards will have to be approved by CIAC Sports Awards Committee prior to February 1 of each year.)

6.2 CIAC SPORT COMMITTEE CHAIRPERSON RESPONSIBILITIES

In the interest of a smoothly operating organization, the CIAC central office asks each chairperson to comply with the procedures outlined below:

6.2.A. COMMITTEE MEETINGS

All committee meetings must be held at the CIAC office in Cheshire. Time and date of committee meetings are the responsibility of the chairman. Notices will be sent by the central office upon request.

The Cheshire office may be reserved for meetings by making arrangements with central office administrative personnel (Telephone (203) 250-1111 / Fax (203) 250-1345).

It is important that concise but accurate minutes be kept of all important actions taken. A copy of these minutes is to be on file in the CIAC central office. In addition, a copy of the minutes will be distributed to each committee member.

6.2.B. FINANCES

1. The forms for reporting meeting mileage for committee members and expense vouchers are available from the CIAC central office. The allowances are .23¢ per mile, \$10 for dinner and \$5 for lunch.
2. At the conclusion of each tournament a financial report, showing income and expenses, must be completed on the official CIAC financial report form and reported to the Board of Control. Be sure to include attendance figures.
3. By February 1, approval must have been requested from the Sports Awards Committee on all recommendations for additional awards or changes for the following year.
4. By March 1, a proposed budget for the activity for the following year must be submitted to Executive Director Michael H. Savage. This should include estimated total expenses for the operation of your activity including cost of trophies (not just tournaments) and committee expenses (mileage/meals) and estimated total income.

The CIAC Board of Control at its meeting of April 10, 1981, voted as follows: "Sport committee chairmen are advised that all decisions made by their committees which have an impact on the approved sport budget for the current fiscal year must be submitted to the CIAC Board of Control for approval before implemented."

6.2.C. ATTENDANCE AT AND REPORTS TO BOARD OF CONTROL MEETINGS

1. Chairmen are asked to attend CIAC Board of Control meetings when tournament plans are completed and also when the activity itself is completed. Chairmen are invited to attend Board of Control meetings at any other time when they have business concerning their activity to bring before the Board.
2. Board of Control meetings are normally held on the third Thursday of the month, September through June.
3. Reports should be duplicated (25 copies usually sufficient) and distributed prior to the start of the Board of Control meeting. The chairman's oral report should be as brief as possible and be confined to the section of the written report which needs Board of Control action and answers from Board members.

4. Committees are requested to project their seasons TWO years in advance and should present all changes to the Board of Control as soon after the conclusion of the season as possible, but in no case later than the following Board meeting:

	<u>2003-2004</u>	<u>2004-2005</u>
September	Indoor Track	Outdoor Track
October	Softball	Baseball
November	Girls Basketball	Boys Basketball
December	Girls Tennis	Boys Tennis
January	Girls Swimming	Lacrosse
February	Golf	Girls Volleyball
March	Field Hockey	Football
April	Girls Soccer	Boys Soccer
May	Wrestling	Boys Swimming
June	Ice Hockey	Girls Gymnastics
	Cross Country	Boys Volleyball

5. It is hoped that by following these procedures, the length of Board of Control meetings can be reduced and time can be used to discuss policy rather than mechanics.

6.2.D. TROPHIES

Committees and chairpersons are responsible for placing orders for tournament trophies and medals with the Assistant Executive Director. When trophies and medals are to be distributed at the site of the State Championship (as in track), committee chairperson must place their order with the CIAC office three (3) months in advance of the event. Orders MUST NOT be placed later than September 1 for fall sports; December 1 for winter sports; March 1 for spring sports.

6.2.E. COORDINATION WITH ASSISTANT EXECUTIVE DIRECTOR

1. Keep him informed of committee meeting dates. It is urgent during tournaments, that tournament directors keep the central office informed of daily progress of the tournament
2. Send him well in advance correct drafts of tournament information sheets and entry forms. Tournament regulations formulated annually must be distributed to member schools a season ahead; i.e. regulations for winter sports must be distributed at the beginning of the fall sports season, etc.
3. Give signed approval of all committee expense vouchers and tournament bills; forward these to the Assistant Executive Director of CIAC for his approval. (All financial matters are coordinated finally by the central office.)
4. Information for the BULLETIN must be received by the Executive Director by the tenth of the month for publication the following month.

6.3 CIAC COMMITTEE CHAIRPERSON FORMAT FOR REPORTING

To the Board of Control

It is the goal of the CIAC Board of Control to have the Chairperson of each CIAC sports committee report at least once per year at a regularly scheduled monthly meeting.

It is suggested the following format be considered when making those reports:

1. Prepare and distribute a brief one-page written synopsis of committee decisions during past year. (25 copies) Highlight most significant accomplishments and greatest problems of the year. Reports will be placed on file at the CIAC office.
2. Report all major changes in tournament format.
3. Report all major committee decisions.
4. Report on committee and tournament finances.
5. Report on any issue(s) or problem(s) which have had or may have a major impact on the CIAC sponsorship of the sport.

Please attempt to keep remarks brief. A five-minute report with time for questions would appear to be appropriate unless the Board of Control wishes to pursue specific issues raised in the report.

6.4 RULES MODIFICATION COMMITTEE - MODE OF OPERATION

CIAC - National Federation Rules

1. Requests must be submitted by a CIAC Sports Committee through its chairperson.
2. Sports committees must first seek approval from the National Federation either as a rule modification or a rule experimentation.
3. Every National Federation Rule must remain unaltered for a two (2) year period before a modification will be granted.
4. All National Federation rule modifications must be approved by the CIAC Board of Control on an annual basis and will remain in effect for a minimum of two (2) years.
5. All National Federation rule modifications must be approved by the Board of Control prior to June 30 of any year. This will permit modifications to be published annually in the CIAC Handbook, to be distributed to appropriate officials organizations, and member school coaches.
6. All modifications to game rules which would have a financial impact on school and/or CIAC budget(s) must be decided in sufficient time so these changes can be included in budget proposals.
7. Modifications to National Federation Rules will not be permitted if they:
 - A. Significantly alter the playing rules of the sport unless such modification relates to the unique conditions of New England, i.e., climate, travel, facilities, crowd control, economic factors, etc.
 - B. Change specifications of playing equipment or facilities and by doing so alters existing safety regulations without the endorsement of the CMS Sports Medicine Committee member.
 - C. Impacts health and safety recommendations or regulations established by National Federation without first receiving the endorsement of the CMS Sports Medicine Committee member.
 - D. Substitute new events for deleted events in individual sports.
 - E. Significantly alter weigh-in procedure in wrestling.
8. Modifications to existing National Federation procedures for handling postponed games, interrupted games, protests, forfeits or playoffs will be considered by the Rules Committee upon requests from CIAC Sports Committees.

7.1 ATTENDANCE POLICIES**7.1.A. ELIGIBILITY FOR FALL SPORTS -- RE. ATTENDANCE POLICY**

The CIAC has consistently maintained that in order to be eligible for fall sports, a student must have received credit toward graduation at the close of the school year preceding the contest in at least four Carnegie Units of work or its equivalent. The number of courses passed is not material; it is the number of credits toward graduation which must be the determining factor. Year-end failures may be made up through successful completion of LEA approved summer school work in courses failed.

7.1.B. ELIGIBILITY RULES AS THEY RELATE TO ATTENDANCE POLICIES (RULE I.D.)

The stated premise throughout all CIAC Eligibility Rules is that "...regulations are minimal and do not prohibit a school from establishing more rigid eligibility standards."

7.1.C. ELIGIBILITY BY MARKING PERIOD -- RE. ATTENDANCE POLICY

A school which has an attendance policy should be allowed to interpret and apply the credits-toward-graduation factor based on that attendance policy in whatever manner it wishes. If the principal concludes that the student is earning passing grades in four Carnegie Units of work, and if he/she chooses not to apply the credits-toward-graduation factor on a marking period basis but rather applies it at year's end when the credit for the course is to be either granted or denied, the student can be considered eligible for sports participation.

If the principal wishes to be more stringent, and interpret each marking period as carrying at its conclusion a fraction of the course's credit toward graduation, he/she can conclude that the student is ineligible.

7.1.D. CIAC ACADEMIC ELIGIBILITY REGULATION -- RE. BLOCK SCHEDULING

There are several schools that are using block scheduling with several more studying the concept in anticipation of moving in that direction in the near future.

The use of block scheduling has called into question the present CIAC academic regulation and how it is to be applied for those schools. Therefore, in order to assist member school principals, the following clarifying language is offered.

ELIGIBILITY RULE I. - SCHOLARSHIP

Existing language states: A Carnegie Unit is defined as "200 minutes of recitation during a period of five consecutive school days for an entire school year." Further, "If a course is scheduled a minimum of 200 minutes during a period of five consecutive school days for a traditional nine-week marking period and awards at least 1/4 credit for that period, that course should be considered one-quarter of a Carnegie Unit of work.

CIAC Interpretation Under Block Scheduling

Any course taken under a block schedule design which is scheduled a minimum of 400 minutes during a period of five consecutive school days for traditional nine-week marking period and awards at least ½ credit for that period, that course should be considered one-half of a Carnegie Unit of work.

ELIGIBILITY RULE I.B.

Existing language states: A pupil cannot at any time represent a school unless taking at least four quarter Carnegie Units of work or its equivalent. During the school year a pupil must have received a passing mark in at least four (4) quarter Carnegie Units of work or its equivalent at the end of the regular marking period next preceding the contest.

CIAC Interpretation Under Block Scheduling

A pupil cannot at any time represent a school unless taking at least two one-half Carnegie Units of work or its equivalent. During the school year a pupil must have received a passing mark in at least two (2) one-half Carnegie units of work or its equivalent at the end of the marking period next preceding the contest.

7.2 CODE OF ELIGIBILITY - 2003-2004

See Appendix B -- The 2003-2004 Rules of Eligibility and Control for Boys and Girls High School Athletics in Connecticut.

7.3 ELIGIBILITY COMMITTEE MODUS OPERANDI

In recent years the work of the CIAC Eligibility Committee has quadrupled in scope. It is no longer possible for the Committee, and certainly for its Chairman Principal, to serve as a quick-notice ombudsman for all the eligibility problems throughout the state.

In order to serve the member schools and student athletes in an efficient and business-like manner, the following methods of operation will be in effect during the course of the year:

1. All requests for eligibility decisions must be IN WRITING to the Executive Director and MUST BE SIGNED BY THE PRINCIPAL.
2. Requests will be acted on monthly by the Eligibility Committee -- usually on the third Thursday of the month, September through May. Requests received after this date will not be acted on until the following month.
3. Notification of decisions by the Committee will be communicated by the Executive Director.
4. Routine interpretations may be offered by the Executive Director and/or Assistant Executive Director -- preferably upon written request.
5. Telephone requests for final eligibility decisions will not be honored.
6. Principals should anticipate potential eligibility problems so that the Committee will have a reasonable margin of time within which to make decisions.

7.4.A. FOREIGN STUDENT ELIGIBILITY

Refer to "Rules of Eligibility and Control for Boys and Girls High School Athletics in Connecticut." (Article IX - CIAC Bylaws); (Rules II.A. and II.C.5.)

The Council on Standards for International Educational Travel referred to in Eligibility Rule II.H. (CSIET) is a non-profit organization committed to establishing standards for international educational travel, monitoring compliance with those standards, and sharing information about organizations operating international educational travel and exchange programs at the high school level on behalf of schools, communities, and educational groups in the United States. The CIAC accepts all programs

listed and accepted by CSIET as being bona-fide exchange programs for the purposes of establishing eligibility of athletes who are exchange students. A list of approved programs may be obtained from:

Council on Standards for International Educational Travel (CSIET)
212 South Henry Street
Alexandria, VA 22314

Telephone - (703) 739-9050
Fax - (703) 739-9035
E-mail - Exchanges@aol.com

- 7.4.B.** Schools are responsible for determining if a foreign student has participated in specific sports one year prior to registration at their school. (Please refer to CIAC Transfer Rule II.C.)

To assist our schools in evaluating sport participation that is equivalent to or a higher level than our scholastic sports program in foreign countries where there is not a scholastic athletic program, the following guidelines are offered. The elements listed can be used to judge an athlete's previous experience in a specific sport. All elements need not be present in order to be a comparable experience.

- The athletic contests are found and cannot be considered "pick-up" games.
- Competition is organized and scheduled between teams / individuals / organizations.
- Recognized rules are followed.
- Scores are kept.
- Equipment and/or facilities and/or uniforms are provided by a sponsor (club, school, town, agency).
- Competitions are officiated by qualified individuals.
- Competitions are scheduled and scores are publicized.
- Competitions are against a variety of opponents organized in a similar manner (clubs, towns, regions, nations).
- Individuals are selected through tryout sessions and/or past performance. There is a formality to the selection process and not a "pick-up", ad hoc, informal selection process.

- 7.4.C.** CSIET students are eligible under CIAC regulations as long as they satisfy the age requirement. Foreign student graduates are not eligible, including CSIET students.

7.4.D. F-1 VISA -- STUDENT

NJASA and AASA are monitoring the effect the Illegal Immigration Reform and Immigrant Responsibility Act of 1996 will have on school districts. School districts have new responsibilities concerning students who are in the United States on F-1 visas. Federal regulations have been issued. Below is a summary of the information.

Section 625 of the immigration reform bill requires F-1 students to reimburse schools for the cost of public education. These regulations apply to F-1 students only; dependents of F-1 visa holders (F2 students) are excluded from the public school tuition requirement. School districts are responsible for determining what the cost of tuition is. Because the tuition must be paid in full before the school can issue an I-20 (the official form designating that a student is eligible for an F-1), the U.S. Department of Education recommends that schools establish a refund mechanism to reimburse students (on a prorated basis) who must leave the system before completing their academic stay.

The new law will not affect students already studying in the United States on F-1 visas; however, if these students leave the United States -- even during school vacations -- the new law could affect them upon their return. For this reason, school officials need to become familiar with the law so they can advise these students.

7.5 HOW AND WHEN ATHLETIC ELIGIBILITY IS DETERMINED

Question 1: Is an athlete's eligibility declared once his/her name appears on the official roster submitted to the CIAC?

Answer: No. The official team roster submitted to the CIAC is the official document used by the principal to verify that the players listed are eligible according to CIAC regulations to participate in the sport, i.e., academic, residence, medical, etc.

Question 2: Is an athlete's eligibility declared if he/she is a member of a school team but never plays in a contest?

Answer: No. Athletes must actually participate in a contest, at any level of play (regular season or post regular season), in order for a year of athletic eligibility to be used.

Question 3: If an athlete who is a member of a school team never plays in a contest in one sport can that same student switch to another sport during the same season and become eligible for that sport?

Answer: No according to Eligibility Rule II.D. a pupil shall not participate in or represent his or her school in more than one sport after that date of the first contest in that sport season.

NOTE: Being considered a member of a school team but never having played in a contest, at any level, in that sport during the season will not count toward one of the three seasons of eligibility for that sport.

Approved by CIAC Board of Control 12/9/99

7.6 LISTS - ELIGIBILITY

7.6.A. POLICY STATEMENT ON FILING OF ELIGIBILITY LISTS

(Rules of Eligibility - General Procedures - Rule IV.D.)

Within two (2) school days after the first game of each sport, an eligibility list must be submitted via the CIAC website in each sport. An alphabetical list of pupils by name, date of birth, grade, school last attended (if a transfer student as defined under II.C.) certifying that these pupils are eligible for that season. As changes occur in eligibility they must be submitted, via the website within two (2) school days to the Executive Director.

Delinquent Lists -- Schools delinquent in filing eligibility lists shall be granted thirty days to show cause why they should not be placed on Prohibition for failure to supply the missing eligibility lists. If the missing lists are not in within thirty days, any school delinquent must come before the CIAC Board of Control and show cause why it should not be placed on Prohibition (the school cannot participate in any CIAC-sponsored meet or tournament in those sports in which the lists are not received).

7.6.B. ADMINISTRATIVE PROCEDURES FOR VERIFYING INFORMATION ON ELIGIBILITY LISTS

All information on eligibility lists on file at the CIAC office is available to member schools. Only principals and/or athletic directors of member schools may initiate requests for information contained on those lists.

Coaches who wish information contained on eligibility lists must forward their inquiries through their principal of athletic director.

All questions of eligibility verification must be referred to the Executive Director or his Assistants, 30 Realty Drive, Cheshire, CT 06410 -- telephone (203) 250-1111 / Fax (203) 250-1345 / E-mail -- casciac.org.

NON-QUALIFIER (Does not meet standards for qualifier or partial qualifier.) No practice or competition during freshman year. Three seasons of competition. May receive institutional need-based aid only during freshman year which may not be from an athletics source.

NCAA Division II -- Freshman Eligibility Standards -- All student-athletes MUST register with the NCAA Initial-eligibility Clearinghouse. **QUALIFIER** (Can practice, compete and receive athletics scholarship as a freshman.

Requirements:

- * Graduate from high school;
- * Have a GPA of 2.000 in 13 core academic courses; and must achieve a 68 (sum of scores on the four individual tests) on the ACT, or an 820 on the SAT if taken April 1, 1995, or later. Those entering in the Fall of 1997 must achieve a 68 on the ACT.
- * Can convert and combine sub scores from an SAT taken before April 1, 1995 and an SAT taken April 1, 1995, or later to achieve the standard.
- * The highest scores achieved on the verbal and mathematics section of the SAT or highest scores achieved on the four individual tests of the ACT may be combined to achieve the highest scores.

High School Core Courses:

- * At least 4 years English;
- * At least 2 years math;
- * At least 2 years social science;
- * At least 2 years natural or physical science (including 1 lab course, if offered by any high school you attended);
- * At least 2 years additional courses in English, math or natural or physical science; and
- * 2 additional academic courses in any of the above areas, or foreign language, computer science, philosophy or comparative religion.

Requirements:

- * Does not meet requirements for qualifier;
- * Graduate from high school;
- * Successfully complete the 13 core course with a minimum 2.000 core grade-point average; or
- * Attain minimum 68 ACT (sum of scores) or 820 SAT (if taken April 1, 1995, or later).

NON-QUALIFIER -- Cannot practice or compete during freshman year. Will have four years of eligibility during college career. May not receive athletics scholarship freshman year but can receive regular need-based financial aid if the school certifies that aid was granted without regard to athletics ability.

- * Has not graduated from high school; or
- * Did not achieve the core-curriculum grade-point average and SAT/ACT score required for a qualifier or partial qualifier.

For college freshman entering a Division I or II institution ask your guidance counselor or contact the nearest ECAC office (telephone (508) 771-5060) to obtain a NCAA Guide to Freshman Eligibility for NCAA Division I or II Institutions.

Student athletes at Division I or II colleges may receive tuition, fees, room/board and books for each academic year based on athletic ability.

A student athlete's aid at a Division III college is based on financial need and may not be associated with athletic ability.

7.7.B. ADDITIONAL COMMENTS

1. During high school you might be contacted by a scouting service. An NCAA restriction on scouting services prohibits them from receiving compensation based on the amount of the college scholarship you are awarded. The NCAA does not sanction or endorse any scouting service. Therefore, you should determine whether the scouting service meets NCAA requirements.
2. You become a "perspective student-athlete" if you have started classes for the ninth grade and a college coach: Gives you or your relatives or friends any financial aid or other benefits that the college does not normally provide to other students generally.
3. You become a "recruited prospective student-athlete" at a particular college if any coach or representative of the college's athletics interests (booster or representative) approaches you (or any member of your family) about enrolling and participating in athletics at that college. Activities by coaches or boosters that cause you to become a recruited prospective student-athlete are: a) providing you with an official visit; b) placing more than one telephone call to you or any other member of your family; c) visiting you or any member of your family anywhere other than the college campus.

Please note: Alumni or boosters may not be involved in recruiting student-athletes. There can be no phone calls or letters from boosters.

You and your family may not receive any benefit, inducement or arrangement such as cash, clothing, cars, improper expenses, transportation, gifts or loans to encourage you to sign a National letter of Intent or attend an NCAA school.

In all sports, phone calls from faculty members or coaches (but not boosters) are not permitted until on or after July 1 after completion of your junior year. After this, in sports other than football, a college coach or faculty member is limited to one telephone call per week to you (or your parents or legal guardians), except that unlimited calls to you (or your parents or legal guardians) may be made under the following circumstances:

- * During the five days immediately before your official visit by the college you will be visiting.
- * On the day of a coach's off campus contact with you by that coach.
- * During the first National Letter of Intent signing date period in your sport through the two days after the signing date.
- * In football only, an institution may telephone you as often as it wishes during a contact period.

You (or your parents) may telephone a coach at your expense as often as you wish. Coaches may accept collect calls from you and may use a toll free (1-800) number to receive telephone calls from you on or after July 1 after completion of your junior year.

For complete details on recruitment violation and limits secure the 2003-2004 College Bound Student-Athlete Guide published by the NCAA. The address is National College Athletic Association, 700 W. Washington Street, P.O. Box 6222, Indianapolis, Indiana 46206-6222. Telephone (317) 917-6222 Fax (317) 917-6888.

7.7.C. CLEARINGHOUSE - DIVISION I OR II ATHLETICS

If you intent to participate in Division I or II athletics as a freshman, you must register and be certified by the NCAA Initial Eligibility Clearinghouse. High School counselors may obtain registration materials, at no cost, by telephoning the Clearinghouse at (319) 337-1492. Counselors should provide a student-release form and a red brochure titled "Making Sure you are Eligible to Participate in College Sports." The release form must be completed, mail the top white copy with an \$25 registration fee to Clearinghouse. Give the yellow and pink copies to the counselor who will send the yellow copy along with your transcript to Clearinghouse. After you graduate your counselor will send a copy of your final transcript which confirms graduation.

7.8 9TH GRADE PARTICIPATION POLICY

That in local public school districts where grade 10-12 high schools exist, 9th grade pupils in a public JHMS school, with local public school district approval, may participate at the local public school, where grades 10-12 exist. All situations which are not covered by this rule are to be referred to the CIAC Board of Control.

The rule permits increased participation of 9th graders as stipulated. It is up to local public school districts to decide whether they wish to involve 9th graders and to arrange the mechanics for such involvement.

Any such participants shall conform to the eligibility rules of the CIAC. The principal of the local public high school on whose teams these youngsters participate is to list their names along with those of all other athletes and be responsible for certifying that these pupils are eligible.

It is further suggested that these pupils conform fully to any existing local public high school eligibility rules beyond the minimum regulations of the CIAC. Such requirements as a physical examination before participation, for example, should be mandatory.

The local public high school is the Grade 10-12 local public school in which the students would normally matriculate once they complete junior high school.

7.10 ELIGIBILITY RULES AND DUE PROCESS

Although the Connecticut courts have consistently ruled that a student has no due process right to participate in interscholastic athletics, the CIAC Board of Control believes that it is important that all athletes be familiar with the CIAC Rules of Eligibility. To that end, the CIAC Board of Control will annually make available copies of the Rules for all student athletes.

In many instances member schools have stricter regulations than the CIAC minimum regulations; schools are free to supplement CIAC regulations. However, in accordance with schools' membership agreements, eligibility requirements cannot be less than those of CIAC. Many member schools have reported that they have prepared a poster-sized digest for placement in gyms or locker rooms and have distributed to individual students the clear and concise digest of CIAC Eligibility Rules available from the CIAC office.

7.11 RIGHTS OF DUE PROCESS - ATHLETES

See Appendix B -- "Athletes' Rights of Due Process".

7.12 ELIGIBILITY OF SPECIAL EDUCATION STUDENT TO COMPETE

A student attending an alternative education program in a school which is not a member of CIAC is eligible to compete in interscholastic athletics when the following conditions are met:

1. If the school in which the student has been placed through the PPT process does not have its own interscholastic athletic program, then he/she is eligible to participate in interscholastic program of the sending school.
2. The student must be carried on the membership roll of the sending school and the principal of the sending school must assume full responsibility for and authority over the student for determining athletic eligibility.
3. The student must be enrolled in a full-time program which leads to the fulfillment of requirements for a diploma.
4. The student must be otherwise eligible according to CIAC By-laws and Code of Eligibility.

7.13 TRANSFER RULE

The intent of the transfer rule (Rule II.C.) Is to discourage schools and/or adults from exploiting the student athlete or allowing or enabling that student to benefit improperly from his own act or the acts of others.

The CIAC transfer rule is based upon the fundamental principle that, if at all possible, a student should live with his/her parents and attend public or parochial school in the school district in which the parent resides. Without regulation of the eligibility of transfer students, student athletes and their families -- with or without outside influence -- could permit athletic interests to become dominant factors in educational decisions. In either of these instances, athletics would assume an improper and abusive perspective. Schools believe rules to deter such situations are warranted. Therefore, the transfer rule exists to:

- a. Prevent the recruiting of student athletes;
- b. Prevent “school jumping” by students for athletic reasons;
- c. Minimize the influence of athletics upon the family’s decision regarding school attendance;
- d. Protect and maintain equitable opportunity for students whose families are legitimate residents of a school district;
- e. Maintain an equitable standard for interscholastic competition between public schools which are restricted by legally established boundaries and private schools which have no such boundaries; and
- f. Provide common ground for interscholastic athletic competition between schools.

The transfer rule is standard in the majority of state high school associations in the United States and, when applied fairly, has withstood all legal tests. It is recognized that it is incumbent upon schools to provide a warning to students transferring in or out of high schools that their athletic eligibility may be in jeopardy. An informed student body and informed parents should reduce any potential harm caused by the transfer rule.

7.13.A. TRANSFER RULE II.C. REQUIREMENT #19 (Waiver)

A student who does not qualify for the transfer rule requirements 1 through 18 will be granted eligibility by application to the CIAC Eligibility Committee if the following are satisfactorily completed:

After a period of 30 calendar days from the date of the first allowable play date following date of enrollment (first day of attending classes) in the receiving school for the affected sport, or from the date of the first school contest after the date of enrollment, if entry is after the first allowable play date, eligibility will be granted to a student who has participated at the JV or varsity level of play any time during the present or preceding year at the sending school, who does not otherwise qualify for any of the above exceptions and when both the sending and receiving school principals sign a CIAC transfer waiver form certifying to the best of their knowledge that the student has not transferred for athletic reasons. * If the season ends** before the thirty (30) calendar days have been completed, any remaining days of ineligibility shall be satisfied from the first allowable play date of the present school’s regular season in that sport during the next school year unless he/she is a multi-sport athlete. In these cases, the remaining portion of the 30 calendar days will be served successively.

To qualify for the provisions of this section, a student must be a member of the team during the season in which the 30 day wait period is applied.

All questions, concerns or interpretations of the application of Requirement #19 should be immediately referred to CIAC staff. Appeals of actions related to Requirement #19 will be made before the Eligibility Review Board.

* Definition of athletic reasons:

A transfer for athletic reasons is defined as, but not limited to:

- a. Seeking a change to a new school due to inducement or recruitment to play a sport.
- b. Seeking a superior athletic team.
- c. Seeking relief due to a conflict with the philosophy or action of an administrator, teacher or coach relating to sports.
- d. Seeking a team consistent with the student’s athletic abilities.
- e. Seeking a means to nullify punitive action by the sending school for athletic reasons.
- f. Seeking to escape academic or other ineligibility at the sending school due to the school’s academic standards.

** Season ends on the last date to count for tournament play. Tournament play does not count toward the 30 calendar days.

Points of Emphasis

1. The transfer rule does not apply to grade nine (9) students. They may transfer at any time during or at the end of the ninth grade and remain eligible.
2. The transfer rule applies only when a student enters grade 10 and plays for the school in an interscholastic athletic contest. Athletic eligibility is then declared in that sport only. It is at that point that the CIAC transfer rule takes effect.
3. The addition to the transfer rule assures students who transfer after entering grade 10 and having had played in a sport during grade 10, 11, or 12 during the present or preceding year, the opportunity to become eligible following a 30 day wait period from the time of the first allowable play date for the sport, **IF** the principal of the sending school and receiving schools sign a CIAC waiver form certifying that to the best of their knowledge the student has not transferred for athletic reasons.

TRANSFER RULE II.C. #18 -- HARDSHIP

Eligibility may be granted to a transfer student who does not meet the CIAC transfer standard when sufficient evidence, as determined by the CIAC Eligibility Committee, is provided to show that it was necessary for the student to transfer because of unforeseen, unavoidable, or unusual circumstances including, but not limited to, broken home conditions, terminal or serious illness of parent, sibling, or self, death of a parent or guardian, abandonment, loss of school accreditation, bankruptcy and/or loss of principal income of legal guardian(s), and provided the transfer was not for athletic reasons and there was no undue influence. Hardship is defined as an unforeseeable act, condition or event which may not reasonably and/or practically be avoided or corrected and which causes the imposition of a severe burden upon the student or his/her family. A hardship situation may be a situation which is unique to the student or his/her family which could not have been predicted, which does not apply to others in a similar setting, and over which the family has no control.

7.14.A. CAS POSITION STATEMENT ON THE ELIGIBILITY OF HOME-SCHOOLED STUDENTS TO PARTICIPATE IN INTERSCHOLASTIC ATHLETICS

The Board of Directors of the Connecticut Association of Schools strongly supports the existing Connecticut Interscholastic Athletic Conference (CIAC) position concerning the eligibility of home-schooled students to participate in interscholastic athletics. Current CIAC regulations dictate that the opportunity to participate in interscholastic sports be extended to only those students who are enrolled in its member schools and who meet all CIAC eligibility requirements. More specifically, eligibility is to be restricted to those students who are otherwise eligible and whose educational program is under the direct supervision of a CIAC member school.

The CAS Board of Directors neither permits nor endorses any changes in any CIAC regulations which would accommodate the eligibility of home-schooled students to participate in interscholastic sports in Connecticut. The Board of Directors holds that the inclusion of home-schooled students in interscholastic sports activities would interfere with the CIAC's ability to ensure the uniform and consistent application of its rules governing eligibility. The current regulation, which excludes home-schooled students from participation, is requisite to the CIAC's ability to maintain a fair, equitable and safe environment for the student athletes of Connecticut.

7.14.B CHSCA POSITION STATEMENT ON HOME-SCHOOLED STUDENTS

The Executive Board of the Connecticut High School Coaches Association, unanimously endorses the position of the C.I.A.C. with regards to the following three items:

- * The transfer rule
- * Home-schooling and participation in C.I.A.C. sanctioned sports
- * The State Attorney General's position with regards to Connecticut State Department of Education review of C.I.A.C. Board of Control decisions.

The Connecticut High School Coaches Association supports in spirit, content and intent, the position of the C.I.A.C. Board of Control on each of the above items and publicly states such with this document.

7.14.C CAPSS POSITION STATEMENT ON HOME-SCHOOLED STUDENTS

Participation in interscholastic athletics has been and is limited to those students registered in the member schools/school districts. These students must follow all existing school practices as stated in Board of Education policy/regulations and the schools' student handbooks. This requirement is in the best interest of the students of Connecticut.

7.15 UNIFIED SPORTS™

Unified Sports™ were created and developed to give individuals with mental retardation the opportunity to train and compete in sports activities. To be eligible for participation in Unified Sports™, a competitor must agree to observe and abide by the official Special Olympics sports rules. The following Unified Sports™ programs are offered to member schools: basketball, softball, soccer and volleyball. Refer to the Unified Sports™ Handbook for full information.

7.15.A ELIGIBILITY FOR UNIFIED SPORTS™

1. To be eligible for participation in Unified Sports™, an outgrowth of Special Olympics, a competitor must agree to observe and abide by the Official Special Olympics Sports Rules.
2. Unified Sports™ and its parent-arm, Special Olympics, were created and developed to give individuals with mental retardation the opportunity to train and compete in sports activities. No person shall, on the grounds of sex, race, religion, color or national origin, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity of Special Olympics.

3. A person is eligible to participate in Unified Sports™ as a Special Athlete, provided that he/she:
 - a. Is considered to have mental retardation* as determined by his/her locality.
 - b. Has closely related developmental disabilities** such as someone who has functional limitations, both in general learning and in adaptive skills such as recreation, work, independent living, self-direction, or self-care.

Note: People with functional limitations based solely on a physical, behavioral, emotional, specific learning disability, or sensory disability are not eligible.

* Any person who is identified as having mental retardation by an agency or a professional in any given local area is considered eligible for Special Olympics. Other terms that may be used synonymously with mental retardation include: cognitive disabilities, mental handicaps, or intellectual disabilities.

** When the term “mental retardation” or other similar descriptor is not used to identify the person in a local area, eligibility should be determined by whether or not the person has functional limitations in both general learning and adaptive skills. “Development disability” is the term most often used to describe persons with both limitations. Other terms that may be used synonymously with developmental disabilities are developmental handicap, developmentally delayed, or severe disabilities.

General Learning Limitations refers to substantial deficits in conceptual, practical, and social intelligence that will result in performance problems in academic learning and/or general life functioning. Learning limitations may be assessed by standardized tests (e.g., intelligence or achievement tests) or through criterion-referenced measures (e.g., teacher/parent observations or actual performance samples).

Adaptive Skill Limitations refers to on-going performance deficits in skill areas considered essential to successful life functioning. These adaptive skill areas include: communication, self-care, home-living, social skills, community use, self-direction, health and safety, functional academics, recreational/leisure, and work. Adaptive skills limitations may be measured by standardized tests (e.g., adaptive behavior scales or checklists) or through criterion-referenced measures (e.g., teacher/parent observations or actual performance samples).

If the person is identified as having developmental disability with functional limitations in both general learning and adaptive skills, it must still be determined by an agency or a professional whether or not the functional limitations are solely due to mental retardation or a closely related developmental disability. If the functional limitations are solely due to: physical disabilities, emotional disturbance, behavior disorders, specific learning disabilities, visual impairments, or sensory disabilities, this person is not eligible for Special Olympics.

8.5 OFFICIALS

8.5.A. CIAC RECOGNIZED OFFICIALS GROUPS

The CIAC has recognized the following officials groups to officiate high school contests:

- Connecticut State Board of Approved Baseball Umpires
- Connecticut State Board of Approved Basketball Officials
- Connecticut Board of Certified Basketball Officials
- Connecticut Football Officials Association
- Colonial Football Conference
- Connecticut Field Hockey Association Official's Board
- Connecticut Charter of National Association of Women's Gymnastic Judges
- Connecticut Chapter of National Ice Hockey Officials
- Connecticut Lacrosse Officials Association
- Connecticut Amateur Softball Officials Association
- Federation of Softball Officials of Greater New Haven
- Connecticut Soccer Officials Association
- Connecticut Swimming Officials Association
- Western Connecticut Swimming Officials Association
- Connecticut Volleyball Officials Association
- Connecticut Federation of Volleyball Officials
- Connecticut Wrestling Officials Association

8.5.B. EXCLUSIVITY

Exclusivity means that the CIAC requires all member schools to use -- *at all levels of play -- only officials who presently are members of a recognized officials group. This will include anyone who is a member of a group listed above. It also means that no new group of officials will be allowed to become eligible to officiate contests in member schools unless they become part of the State officials group which is presently recognized by the CIAC for negotiating purposes. These groups are listed below:

- Connecticut State Board of Approved Baseball Umpires
- Connecticut Board of Approved Basketball Officials
- Connecticut Field Hockey Association Official's Board
- Connecticut Football Officials Association
- Connecticut Charter of National Association of Womens' Gymnastics Judges
- Connecticut Chapter of National Ice Hockey Officials
- Connecticut Lacrosse Officials Association
- Connecticut Amateur Softball Officials Association
- Connecticut Soccer Officials Association
- Connecticut Swimming Officials Association
- Connecticut Volleyball Officials Association
- Connecticut Wrestling Officials Association

* Unless assignments cannot be filled due to shortage of officials.

This position allows member schools to continue to use officials they have been using in the past as long as those groups have successfully complied with CIAC recognition standards.

8.5.C. DEFINITION OF STRIKE

No officials group listed above will have the right to withhold services from any member school which seeks assignments without the expressed approval of the CIAC.

8.5.D. AGREEMENTS BETWEEN

Both CIAC member schools and the officials association which provide officiating services for CIAC member schools are obliged to honor the conditions of these respective agreements. Grievances or concerns related to any of the conditions of any agreement should be resolved between the official(s) and the school and, if necessary, be referred to the CIAC Officials Committee. CIAC sport committees are requested to notify the Officials Committee regarding any changes in rules or game conditions which may affect any provision of an agreement.

The CIAC instructs each member school to pay the fees as published for that sport in this Handbook. Payment should be made within a 30 day period. (Refer to payment policy)

The CIAC Board of Control herewith expresses its appreciation to the various officials associations for their cooperation and continued support of high school athletics. It also acknowledges the members of the Officials Committee, especially its Chairman Dr. Jerome Auclair, who spent many days and long hours finalizing agreements with the various officials associations.

Any concerns or questions related to these agreements should be made to:

Dr. Jerome Auclair, Principal
Darien High School
80 High School Lane, Darien, CT 06820
Telephone (203) 655-3981

8.5.E. RECOGNITION STANDARDS FOR SPORT OFFICIALS ASSOCIATIONS

1. Provide by July 1 of each year a roster of all officials certified to do CIAC contests. Roster updates must be on file by the first CIAC contest date. All officials must be a minimum of 18 years of age by July 1 of the year in which they will be servicing CIAC contests.
2. Provide by July 1 of each year a constitution and by-laws.
3. Provide evidence that regular meetings are held during the year.
4. Provide by July 1 of each year a list of officers for the association
5. Provide a list of criteria as evidence that the officials on the roster are skilled, trained, and knowledgeable of the game rules adopted by the CIAC in each respective sport.
6. Provide evidence that all officials have successfully completed yearly in service training clinics, and an annual written examination on the rules.
7. Provide evidence that the association has an on-going program for evaluating officials.
8. Provide by July 1 a list of assignment commissioners including addresses and telephone numbers.
9. Provide evidence that there is an on-going program to encourage new membership and to train new officials.
10. Provide a statement that the association does not discriminate according to age, sex, race, creed, etc.
11. Provide evidence that the association is serving a minimum of eight (8) CIAC member schools and does not service one league exclusively.
12. Provide the criteria used to determine when an official is qualified to officiate varsity level contests (i.e. number of years at the sub-varsity level, etc.)

8.5.F. CIAC OFFICIAL RULE INTERPRETERS

Official game rules interpreters for sports that are governed by the National Federation are selected by their respective state officials organizations. The primary responsibility of the CIAC Official Interpreter will be to assist the staff in interpreting game rules to member school athletic directors, coaches and others that need clarification or interpretation. This process allows for experienced and knowledgeable individuals to uniformly apply appropriate interpretations to game rules.

Member schools must pay the following fees for league championship games:

- a. Non-final league championship game -- quarter-final CIAC tournament fee for that sport
- b. Final league championship game - semi-final CIAC tournament fee for that sport.

8.6 CIAC OFFICIALS MISSING CONTESTS RESOLUTIONS

1. School complaints resulting from officials missing contests must first come before the local officials board to determine the validity of the complaint.
2. Only cases which result in the cancellation of contests will be acted upon. If contests are not cancelled, but rather played through alternate arrangements, the matter will not be forwarded to the respective officials' organization for resolution.
3. Only cases which result from CIAC-sponsored activities at any high school level will be heard.
4. When a complaint is heard by the state officials' association and the official in question is found to be at fault and caused the cancellation of a contest, the maximum financial penalty will not be greater than the fee that would have been paid to the guilty party(s).
5. All cases that cannot be resolved by the state officials' association will be referred to the CIAC Officials Committee, whose responsibility it will be to meet with the school and official(s) in question along with the state officials' board, and negotiate an agreement.

8.7 SAMPLE AGREEMENT OF OFFICIALS CONTRACT

AGREEMENT

Between the _____ (Officials Board)
and
C.A.S / C.I.A.C.

It is agreed by and between the CIAC and the _____ (Name of Officials Board) that the following provisions will be in effect for the three (3) year period beginning July 1, 20__ and ending June 30, 20__.

A. Game Conditions

Every effort will be made to adhere to the following:

1. Established Starting Times -- Both teams will assume the responsibility to adhere to the agreed-upon starting times.
2. Postponements -- If a school official is unable to reach the assigned official by phone a minimum of two (2) hours before game time, the school should contact the Commissioner assigning the official, or the individual designated to fulfill this responsibility, and notify that person of the cancellation. If this is done, the school's obligation to notify officials will be fulfilled. Failure to do so will require full payment of the game fee.

If a game begins and is discontinued for any reason, the officials shall receive the full fee.

(Postponements -- For Soccer and Baseball Only):

Weather or Emergency Related -- If a school official is unable to reach the assigned official by phone a minimum of two hours before a game time, the school should contact the Commissioner assigning the official, or the individual designated to fulfill this responsibility and notify that person of the cancellation. If this is done, the school's obligation to notify officials will be fulfilled. Failure to do so will require full payment of the game fee.

Non-Emergency Related -- Games canceled for non-emergency related reasons must be done 24 hours in advance of the scheduled game time. The school should contact the Commissioner assigning the official or the individual designated to fulfill this responsibility and notify that person of the cancellation. If this is done, the school's obligation to notify officials will be fulfilled. Failure to do so will require full payment of the game fee.

3. Game Control -- Coaches and officials, by the nature of their positions, have great influence over the control of the game. They must exert this influence on the game in a positive manner by showing complete respect for each other at all times.
4. Private Dressing Facilities -- The home team shall provide private dressing facilities for those officials who are working the game or games. A school official will be responsible for keeping all other individuals out of these private dressing facilities.
5. Playing Facilities -- School officials should ascertain that the field of play and appurtenances shall be according to standard regulations. No conditions shall be permitted which restrict the performance or safety of the player or official.

B. Assignment Commitments and Procedures

The (Name of Officials Board) Will service equally all CIAC member schools by providing officials, clinics, etc., whenever possible.

C. Fee Schedule -- All Classifications

1. Fee structure will be based on the average teacher salary increase as published by the Connecticut Association of Boards of Education (CABE) for the year prior to the effective year of the contract.
2. See Fee Schedule attached hereto and a part hereof.

D. Commissioner's Fees

The aforementioned fees have been established to include CIAC member schools' financial responsibility for Commissioners' fees. Hence, no league or member school will be responsible for the payment of fees for Commissioners.

E. Travel and Meals

No travel or meal allowance will be paid for regular season and tournament games.

F. Publicity

Responsibility for publicity is to be assumed by the CIAC Officials Committee. Agreed-upon game conditions, fee schedule, and tournament fee schedule are to be printed in the CIAC Handbook.

G. Protection for Official

The host school will provide sufficient protection for game officials both on and off the field and in the parking lots.

H. Grievance Procedures

A grievance related to any condition of this agreement shall be resolved between the official and the school and, if necessary, be referred to the CIAC Officials Committee.

I. Reserved Parking

The host school will provide reserved parking for all officials.

J. Recognition Standards

The aforementioned officials association will show evidence to the CIAC Board of Control, through its Officials Committee, of full compliance with CIAC recognition standards. Full compliance must be met by sports officials associations by the first practice date of their respective sports season.

K. National Federation Rules will govern all play.

Fee Schedule -- All Classifications (See Section 8.5, pages 5 through 12 of this Handbook)

(Signatures)

8.8 SCRIMMAGE FEES - CIAC POSITION

It is the policy of the Connecticut Interscholastic Athletic Conference that schools are under no obligation to pay officials for scrimmages worked, nor are officials under any obligation to work scrimmages.

The CIAC advises schools that they may offer a reasonable stipend to help reimburse them for travel expenses to the scrimmage sites. However, such stipends should not be used to compete for the services of officials. Historically, these arrangements have been worked out to the mutual satisfaction of both schools and officials.

8.9 CIAC SPORTS COMMITTEE CHAIRPERSON RESPONSIBILITIES -- FINANCES

Proper and consistently uniform methods of income and expense accounting are required in order to insure accurate budget preparation for the following year and to satisfy standard audit requirements. For these reasons, the following is requested of all chairpersons of sports committees:

1. Have complete knowledge of all tournament receipts and expenses; approve all receipts and expenses; keep the committee fully informed.
2. Send all bills to the Assistant Executive Director of CIAC for approval.
3. Send ALL INCOME RECEIVED to the Executive Director. This will be deposited and credited to the activity involved. Cash income is NOT to be used to pay expenses at the site. When sending bills or income to the Executive Director, please make certain that the account number is clearly indicated in every instance. (See list of account numbers Section 8.0 -- 8.1, page 1) In addition please use the proper forms for itemizing income and expenses. All expenses incurred in the operation of CIAC activities -- including tournament personnel -- will be paid through the CIAC central office. No cash disbursements are allowed.

If all chairpersons will follow this procedure, it will eliminate questions by the auditor, will eliminate some of the guesswork necessary when arriving at a sum of money to put into the budget for the various activities, and will present a clear picture of the costs of operation for all individual activities.

CIAC will pay traveling expenses by car at the rate of 25 cents per mile round trip. CIAC will pay up to a maximum of \$14 for dinner.

**GUIDELINES FOR CONNECTICUT MIDDLE LEVEL SCHOOL
INTERSCHOLASTIC ATHLETICS**

(Changes in bold italics)

These guidelines were first approved by the Board of Directors of the Connecticut Association of Secondary Schools, Inc., on January 5, 1961, and by the Legislative Body on April 20, 1961. A revised edition was approved by the Board of Directors on March 13, 1969, the Spring of 1975, the Spring of 1983 and the Spring of 1998.

Credit must be given to the New York State bulletins on athletics, the American Association for Health, Physical Education, and Recreation Sports Library Series and the CIAC publications.

9.1 INTRODUCTION

Three important factors have prompted the Middle Level Schools Board of Control to be concerned with middle level school interscholastic athletics. Regional practices vary considerably in our towns and cities. There are growing demands for student participation in athletics. These demands are well intentioned but still are often at variance with wise measures for protection of the adolescent participant in a total educational environment.

The Board of Control is not an enforcement agency; rather the Board of Control should be reviewed as a resource group equipped to advise the middle level school principals. It is assumed that, for many different reasons, principals will find its suggestions helpful.

This revision of the guidelines represents a consensus of middle level school principals. The process involved local conferences of principals with their physical education staffs, as well as discussion of the first draft of this revision at a statewide CAS meeting.

It is the hope of the Middle Level Schools Board of Control that these guidelines will be helpful to each principal as he/she develops, with his/her staff, policies related to interscholastic athletics for his/her school district. Enforcement of local regulations and policies is the responsibilities of each school principal acting in the best interests of the students in his/her school.

9.1.a. BASIC PRINCIPLES OF PROCEDURES

Each middle level school should recognize that interscholastic athletic activities are an outgrowth of a strong, well-developed intramural program. The elements of competition and winning, although they exist, should be controlled to the point that they do not determine the nature of the program.

Participation in athletics, both as a player and as a spectator, is a significant component of the educational experience and should contribute positively to the knowledge, skills and emotional patterns that students possess, thereby enabling them to become better persons and citizens.

The guidelines should not be construed as encouraging wider emphasis on interscholastic competition, but rather to improve and bring an acceptable uniformity to all already existing situations. **THE MIDDLE LEVEL SCHOOL INTERSCHOLASTIC ATHLETIC PROGRAM SHOULD BE CONCERNED PRIMARILY WITH THE WELFARE AND PROTECTION OF THE STUDENTS IN THEIR COMPETITION. EVERY SAFEGUARD SHOULD BE TAKEN WHICH WILL PREVENT EXCESSIVE PARTICIPATION.**

The schools, more than any other agency, are prepared to conduct a desirable athletic program for youngsters. Sound, intelligent leadership and enforcement of policies is the responsibility of the school principal.

Principals can and should provide leadership in encouraging local Boards of Education and recreation officials to work cooperatively to coordinate athletic programs and rules governing participation.

Every effort should be made to develop programs which provide for students of all skill levels maximum opportunities for participation in a sports activity.

9.1.b. **RECOMMENDED ADMINISTRATIVE PRACTICES (MIDDLE LEVEL)**

1.
 - a.. Secure written parental permission for participation in each sport.
 - b. Recommend medical examinations of all participants.
 - c. Employ qualified personnel to conduct the program.
 - d. Provide adequate facilities and equipment.
 - e. Secure financial support by the board of education for athletic programs. Admission fees to games are not recommended.
 - f. Employ qualified officials.
 - g. Use age, weight, and physical maturity as well as grade and ability to establish the place of the individual in the group so that competition is provided on as equal a basis as possible.
 - h. Require proper equipment for safety.
 - i. Require that all participants are adequately covered by appropriate insurance.
 - j. Play games in the afternoon only.
 - k. Limit the publicity.
 - l. Present trophies and awards on a limited and modest scale only.
 - m. Do not encourage participation in jamborees, playoffs, or tournaments.
 - n. Limit trip length in order to minimize loss of school time.
 - o. Use fully-insured conveyance for transportation.
 - p. Restrict the practice sessions to appropriate time length.
 - q. Schedule interscholastic competition between schools of comparable size.
 - r. End all inter-school competition two full weeks before the last day of school.
 - s. No Sunday games or practices.
 - t. Avoid scheduling practices and games during vacation periods.
 - u. Provide for necessary exceptions to recommended practices and guidelines at a meeting of principals.

2. The maximum number of contests recommended in each sport and the recommended season for the sport is listed below.

-- FALL --	-- WINTER --	-- SPRING --
Cross Country 10	Basketball 12	Baseball 12
Field Hockey 10	Gymnastics 10	Softball 12
Football 6	Ice Hockey 12	Tennis 10
Soccer 10	Swimming 10	Track 10
Volleyball 10	Wrestling 10	

3. It is recommended that there be three sports seasons. The three sports seasons are felt to be essential in order that schools will promote participation in a more varied sports program. Suggested seasons are:

Fall --	September 1	-	November 15
Winter --	November 15	-	March 15
Spring --	March 15	-	June 15

4. Care should be exercised that participants of middle level school age are not permitted to participate in an unduly heavy schedule of interscholastic or game competition and/or play days or sports days. Participants MAY NOT BE MEMBERS OF TWO ATHLETIC TEAMS IN A SCHOOL AT THE SAME TIME.

9.2 GENERAL ELIGIBILITY STANDARDS FOR INTERSCHOLASTIC ATHLETES (MIDDLE LEVEL)

1. Any member of the student body is eligible to participate in interscholastic athletics.
2. Students should meet the scholastic requirements of their own school in order to participate in interscholastic athletics.
3. Competitors should meet the requirement of good citizenship throughout the school.
4. Contestants playing on any middle level school team should not play with an outside team in the same sport after participating in the first interscholastic game in that season.
5. Girls may participate on boys teams. Girls may participate on either a girls team or a boys team in the same sport, but not both, within a team period of one school year. However, a member school has discretion to exclude girls from boys teams when it can demonstrate that its overall sports program does not limit athletic opportunities for girls.

Boys may not participate on girls teams.
6. The pupil shall not have reached his/her sixteenth (16th) birthday, except that a player who reaches his/her sixteenth (16th) birthday on or after July 1, shall be eligible to compete during the ensuing school year if he/she is otherwise eligible.

9.3 MEDICAL SERVICES AND EQUIPMENT AT ATHLETIC CONTESTS (MIDDLE LEVEL)

The provision of medical services and equipment at athletic contests during the regular season is the responsibility of the local school district.

While the CIAC accepts no jurisdiction in this matter, all member schools are strongly encouraged to adhere to the "Guidelines for Program Development in Sports Medicine," published by the Connecticut State Department of Education, August 1981.

Physical Examinations for Student Athletes -- Position Statement

The matter of physical examinations for athletes is one of growing concern. Every athlete who participates in any practice and/or contest must be determined physically fit through a pre-participating evaluation performed annually in accordance with reasonable and prudent written medical protocol as determined by his/her Board of Education or governing body.

The Middle Level Schools Board of Control directs the attention of all member school principals and athletic directors, and through them their superintendents of schools and local boards of education, to the "Guidelines for Program Development in Sports Medicine," published by the State Department of Education in conjunction with the Connecticut State Department of Children and Youth Services and the Connecticut State Department of Health Services, August, 1981 (q.v.). (This publication is currently being revised in 1991.)

The Middle Level Schools Board of Control strongly encourages local boards of education, with whom the ultimate responsibility for the safety and well-being of student athletes rests, to plan and implement a sports medicine program if one does not already exist in the school system. The Board of Control recommends as a reference the above-mentioned publication in the planning of such a program.

9.4 RECOMMENDATIONS FOR SPECIFIC SPORTS

Since principals are responsible for all activities related to their school, each principal I strongly encouraged to review this document with coaches assigned to his/her school and with the athletic director. Each school should use the CIAC accepted game rules as a basic model for the various sports. Suggested modifications to these rules are included in the following paragraphs.

Any rule modifications should be agreed to by coaches and officials prior to the game. No rule modifications should be made regarding safety equipment.

9.4.a. **BASEBALL (MIDDLE LEVEL)**Season, Practices and Games:

1. Organized practice sessions may not start prior to the spring sports season (March 15).
2. At least twelve (12) sessions over a three week period must have elapsed after the first practice before interscholastic competition may begin.
3. The maximum number of games recommended is twelve (12).
4. No more than two (2) games per week should be scheduled.

Equipment:

1. Catchers shall wear full protective equipment, including cup and throat protector.
2. Batters and base runner shall wear protective headgear.

Suggested Modifications in Game Rules:

1. Length of games shall be seven (7) innings.
2. A pitcher may pitch no more than seven (7) full innings in any calendar week.
3. Free substitution, as agreed upon by league members, is encouraged.

9.4.b. **BASKETBALL (MIDDLE LEVEL)**Season, Practices and Games:

1. Organized practice sessions may not start prior to the winter sports season (November 15).
2. At least twelve (12) practice sessions over a three week period must be conducted before interscholastic competition may begin.
3. No more than two (2) games may be played per week.
4. The maximum number of games recommended is twelve (12).

Suggested Modifications in Game Rules:

1. Length of quarters in games shall be eight (8) minutes.
2. In the case of a tie score at the end of regulation play, the first overtime period shall be three (3) minutes in length. If the score remains tied, a “sudden death” period will be played.

9.4.c. **CROSS COUNTRY (MIDDLE LEVEL)**Season, Practices and Meets:

1. Organized practice sessions may not start prior to the first day of school.
2. At least twelve (12) practice sessions over a three week period must be conducted before the first interscholastic meet.
3. Meets should not be scheduled at more than two (2) per week.
4. The maximum number of meets recommended is ten (10).

Suggested Modifications in Meet Rules:

1. As many participants as can safely compete should be encouraged to enter.
2. Only the first five (5) finishers for each team will count toward the score.

Distance:

Course distance should not exceed two (2) miles.

9.4.d. **FIELD HOCKEY (MIDDLE LEVEL)**Season, Practices and Games:

1. Organized practice sessions may not start prior to the first day of school.
2. At least twelve (12) practice sessions over a three week period must be conducted before interscholastic competition may begin.
3. The maximum number of games recommended is ten (10).
4. No more than two (2) games per week should be scheduled.

Equipment:

1. All equipment must fit properly and be of good quality.
2. All types of protective devices should be employed.
3. Teeth and face protection are essential.

Suggested Modifications in Game Rules:

1. Guidelines for expanded substitution should be agreed upon by league members prior to season.
2. Games may be played in four (4) quarters of fifteen (15) minutes each or in halves not to exceed thirty (30) minutes each.

9.4.e. **FOOTBALL (MIDDLE LEVEL)**Season, Practices and Games:

1. Organized practice sessions may not start prior to the first day of school.
2. Conditioning -- a) Football physical conditioning practice must be conducted for at least five (5) sessions prior to contact practice; b) No pads or protective equipment other than a helmet may be worn, and no contact will be permitted; c) Only one session per day on each of the days selected is permitted. Each session is not to exceed two hours; d) Footballs are not to be used during these conditioning sessions; e) Teams may start practice with pads and contact provided the minimum number of conditioning sessions have been held; f) A coach must be present at all practice sessions.
3. At least twelve (12) practice sessions over a three week period must be participated in by any player before participation in interscholastic competition may begin.
4. Interschool scrimmages prior to the first scheduled game are encouraged.

Football

5. No more than one game per week may be played.
6. A maximum of four (4) practice days must elapse between any games.
7. Medical personnel should be present at all times during a game.
8. The maximum number of games recommended is six (6).

Safety, Equipment and Officiating:

1. Provisions for exceptions to the rule should exist in those instances that tackle football is limited to a grade level for participation.
2. All equipment must fit properly and be of good quality.
3. All measures of protection devices should be employed. Teeth and face protection are essential.
4. Only certified or probationary officials should be used.

9.4.f. **GYMNASTICS (MIDDLE LEVEL)**

Season, Practices and Meets:

1. Organized practice sessions may not begin prior to the winter sports season (November 15).
2. At least twelve (12) practice sessions over a three week period must be participated in by competitors before interscholastic competition begins.
3. The maximum number of meets recommended is ten (10).
4. No more than two (2) meets per week should be scheduled.

Equipment:

Apparatus use should be limited according to strength and experience of participants.

Suggested Modifications in Meet Rules:

1. Spotters should be present at all times.
2. Emphasis should be placed on basic tumbling skills.

9.4.g. **ICE HOCKEY (MIDDLE LEVEL)**

Season, Practices and Games:

1. Organized practice sessions may not start prior to the winter sports season (November 15).
2. At least twelve (12) practices over a three week period must be participated in by any player before participation in interscholastic competition may begin.
3. The maximum number of games recommended is twelve (12).
4. No more than two (2) games per week should be scheduled.

Equipment and Suggested Modifications in Game Rules:

1. All equipment should be properly fitted and of good quality.
2. Headgear and teeth protection is mandatory for participation.
3. Free substitution should be utilized.
4. There should be three periods of twelve (12) minutes each with a ten (10) minute intermission between each period.

9.4.h. SOCCER (MIDDLE LEVEL)**Season, Practices and Games:**

1. Organized practice sessions may not start prior to the first day of school and shall be confined to the fall sports season.
2. At least twelve (12) practice sessions over a three week period must be conducted before interscholastic competition may begin.
3. The maximum number of games recommended is ten (10).
4. No more than two (2) games per week should be scheduled.

Suggested Modifications in Game Rules:

1. Games may be played in four (4) quarters of fifteen (15) minutes each or in halves not to exceed thirty (30) minutes each.
2. Field size should be adjusted to the players of this age group. A suggested minimum size is 100 x 65 yards and could range up to regulation size.
3. Since the issue of whether games will be played in quarters or halves continues, agreement should be reached by league members prior to the season.

9.4.i. SOFTBALL (MIDDLE LEVEL)**Season, Practices and Games:**

1. Organized practice sessions may not start prior to the spring sports season (March 15).
2. At least twelve (12) practice sessions over a three (3) week period must have elapsed after the first practice before interscholastic competition may begin.
3. The maximum number of games recommended is twelve (12).
4. No more than two (2) games per week should be scheduled.

Equipment:

1. Catchers shall wear full protective equipment including throat protector.
2. If team uniforms include shorts, catchers should wear long pants.
3. Batters and runners shall wear protective headgear.

Suggested Modifications in Game Rules:

1. Length of games shall be seven (7) innings.
2. Free substitution, as agreed upon by league members, is encouraged.
3. Slow pitch rules, in many instances, more nearly meet the objectives of this sport.

9.4.j. SWIMMING (MIDDLE LEVEL)**Season, Practices and Meets:**

1. Organized practice sessions may not start prior to the winter sports season (November 15).
2. At least twelve (12) practice sessions over a three week period must be conducted before interscholastic competition may begin.
3. The maximum number of meets recommended is ten (10).
4. No more than two (2) meets per week should be scheduled.
5. An individual may participate in up to three (3) events, no more than two (2) of which shall be individual events.

9.4.k. **TENNIS (MIDDLE LEVEL)**Season, Practices and Games:

1. Organized practice sessions may not start prior to the first day of spring sports season (March 15). In the case of those school with tennis programs in the fall, organized practice sessions not to begin before the first day of school.
2. At least twelve (12) practice sessions over a three (3) week period must be conducted before interscholastic competition may begin.
3. The maximum number of meets recommended is ten (10).
4. No more than two (2) meets per week should be scheduled.

Suggested Modifications in Meet Rules:

None recommended at this time

9.4.l. **TRACK AND FIELD (MIDDLE LEVEL)**Season, Practices and Meets:

1. Organized practice sessions may not start prior to the first day of the spring sports season (March 15).
2. At least twelve (12) practice sessions over a three week period must be conducted before interscholastic competition may begin.
3. Meets shall be scheduled on the basis of no more than one meet per week. In case of inclement weather, meets may be rescheduled, but at least four days must elapse between meets.
4. The maximum number of meets recommended is ten (10).
5. No more than two (2) meets per week should be scheduled.

Suggested Modifications in Meet Rules:

1. In dual meets a participant shall be permitted to enter either one (1) or two (2) track events and two (2) or one (1) field event for a total of three (3) events.
2. In all other meets a participant may enter only one (1) field event and one (1) track event.
3. Forfeiture -- If a participant competes illegally (not in accordance with the above regulations) in a track meets, all points earned by participant are declared forfeited.

Suggested Events:Track Events

50 Meter Sprint / 50 Yard Sprint
 100 Meter Sprint / 100 Yard Sprint
 200 Meter Sprint / 220 Yard Sprint
 400 Meter Sprint / 440 Yard Sprint
 50 Meter Hurdles / 50 Yard Hurdles
 70 Meter Hurdles / 70 Yard Hurdles
 800 Meter Run / 880 Yard Run

9.4.m. VOLLEYBALL (MIDDLE LEVEL)

Season, Practices and Meets:

1. Organized practice sessions may not start before the first day of school.
2. At least twelve (12) practice sessions over a three (3) week period must be conducted before interscholastic competition may begin.
3. The maximum number of games recommended is ten (10).
4. No more than two (2) games per week should be scheduled.

Suggested Modifications in Meet Rules:

None available at this time.

9.4.n. WRESTLING (MIDDLE LEVEL)

Season, Practices and Meets:

1. Organized practice sessions may not start prior to the first day of the winter sports season (November 15).
2. At least twelve (12) practice sessions over a three week period must be conducted before interscholastic competition may begin.
3. There should be only one (1) meet per week scheduled as a general practice.
4. The maximum number of meets recommended is ten (10).
5. A limit on the amount of weight reduction appropriate for growing adolescents should be determined, and adjustments upward in the weight classes should occur as the season progresses.
6. Forced weight loss and excessive dieting are prohibited.

Suggested Modifications in Meet Rules:

1. Weight classifications and regulations should be agreed upon by league coaches prior to the season.
2. Weight classifications should be appropriate for young adolescents.
3. Wide participation is encouraged and can be enhanced by conducting competition by grade levels.
4. Consideration should be given to not including forfeits due to empty weight class in team score.

10.2 CIAC POSITION ON FEDERATION RULES

The CIAC Board of Control on Tuesday, December 4, 1979 voted to clarify an earlier position regarding Federation Rules. This ruling specifies that National Federation playing rules which now govern most CIAC tournament sports are applicable both DURING REGULAR SEASON PLAY AND TOURNAMENT PLAY. Modifications of the rules may be made ONLY by the CIAC Board of Control.

10.3 CONNECTICUT INTERSCHOLASTIC ATHLETIC CONFERENCE POLICY ON USE OF NATIONAL FEDERATION RULES (Effective September 1983)

It is the policy of the National Federation of State High School Associations to permit modifications or deviations from National Federation Rules by “state adoption”. However, such modifications or deviations shall be submitted to the National Federation Executive Committee. Such modifications shall be limited in scope and have a declared duration. Such modifications may not materially alter the sport in question.

CIAC Policy Statement

The CIAC Board of Control directs all CIAC sports committees to follow National Federation Rules, if such rules exist for their particular sport. Requested modifications will be considered by the Rules Committee upon receipt of written justification for such action from a CIAC Sports committee. Compliance with National Federation Rules is an extremely important objective of the CIAC. Hence, modifications will be permitted only after clear evidence that the request has been well researched and sound documentation of evidence for modifications to rules is available.

Procedures to be Followed in Request for Modifications and Deviations

1. CIAC sports committees may recommend to the Board of Control modifications of Federation Rules for a duration of one year only.
2. The CIAC Board of Control may:
 - A. Petition the National Federation to allow a rule modification. The National Federation will consider permitting rules changes related to: postponed games, interrupted games, protests, forfeits, etc. State association policies should not include deviations from rules of play, rules regarding playing equipment, safety rules, etc.
 - B. Approve the rule modification with National Federation authorization.
 - C. Disapprove of CIAC sports committee request.

Criteria for Rules Modification/Exception

1. Requests must be submitted by a CIAC Sports Committee through its chairperson.
2. Sports committees must first seek approval from the National Federation either as a rule modification or a rule experimentation.

3. Every National Federation Rule must remain unaltered for a two (2) year period before a modification will be granted.
4. All National Federation rule modifications must be approved by the CIAC Board of Control on an annual basis and will remain in effect for a minimum of two (2) years.
5. All National Federation rule modifications must be approved by the Board of Control prior to June 30 of any year. This will permit modifications to be published annually in the CIAC Handbook, to be distributed to appropriate officials organizations, and member school coaches.
6. All modifications to game rules which would have a financial impact on school and/or CIAC budget(s) must be decided in sufficient time so these changes can be included in budget proposals.
7. Modifications to National Federation Rules will not be permitted if they:
 - A. Significantly alter the playing rules of the sport unless such modification relates to the unique conditions of New England, i.e., climate, travel, facilities, crowd control, economic factors, etc.
 - B. Change specifications of playing equipment or facilities and by doing so alters existing safety regulations without the endorsement of the CMS Sports Medicine Committee member.
 - C. Impacts health and safety recommendations or regulations established by National Federation without first receiving the endorsement of the CMS Sports Medicine Committee member.
 - D. Substitute new events for deleted events in individual sports.
 - E. Significantly alter weigh-in procedure in wrestling.
8. Modifications to existing National Federation procedures for handling postponed games, interrupted games, protests, forfeits or playoffs will be considered by the Rules Committee upon requests from CIAC Sports Committees.

10.4 GUIDELINES TO BE USED BY NATIONAL FEDERATION EXECUTIVE COMMITTEE WHEN EVALUATING REQUESTS BY STATE ASSOCIATIONS FOR PERMISSION TO CHANGE OR MODIFY NATIONAL FEDERATION SPORTS RULE

If the answer is “yes” to any question under Item #1, then the requested change or modification shall not be approved.

1. Do the proposed modifications:
 - A. Extend for more than one season? This does not apply if a modification is more restrictive and falls in an area which does not require National Federation approval.
 - B. Significantly alter the playing rules of the sport?
 - C. Alter specifications of playing equipment or facilities?
 - D. Reduce existing safety requirements?
 - E. Substitute new events for deleted events in individual sports?
 - F. Significantly alter weigh-in procedures in wrestling?

2. State adoptions or procedures in the following areas will not be considered as changes in National Federation rules.
 - A. Deletion of events in individual sports so long as new events are not substituted for deleted events.
 - B. Procedures for handling postponed or interrupted games, protests or forfeits.
 - C. Playoff series administrative procedures.
3. The National Federation may grant permission for states to experiment with rules changes with the understanding such experiments can't exceed three years in duration and further, that the association agrees to supply the National Federation with desired data pertaining to approved experiments.

10.5 MODIFICATION TO NATIONAL FEDERATION RULES

National Federation member state associations have the option as to whether they use National Federation sports rules as published by the National Federation or make exceptions. If a state association uses the rules with no exceptions or with exceptions which have been approved by the National Federation, then that state may:

- A. Have full participation in the rules questionnaire program.
- B. Submit to the Executive Committee nominations for rules committee membership in that sport when a vacancy occurs in their Section.

If a state makes exceptions which have not been approved, then it will not be privileged to participate fully in the questionnaire program for that sport nor be eligible for representation on that sports rules committee.

It was determined that the most equitable procedure for evaluating requests by state associations for permission to modify National Federation sports rules and remain eligible for rules committee membership and full participation in that sports rules questionnaire program would be as follows.

Using the guidelines previously approved by the Executive Committee for evaluating requests by state associations for permission to modify National Federation sports rules:

1. Each sport is to be evaluated separately, and should a state decide to make exceptions in one sport, there would be no carry-over effect to other sports.
2. State associations will be given an opportunity annually to declare in each sport their degree of use of the National Federation sports rules. If a state makes exceptions and submits those exceptions to the National Federation, they will be individually evaluated by the National Federation staff member responsible for working with that sports rules committee. The state association will then be notified as to whether the exception qualifies for approval under criteria established by the National Federation Executive Committee. Should the state choose to pursue the appeal procedure, until the appeal is resolved, no one from the state involved will be eligible for the appointment to the sports rules committee involved. Should the state involved already have a person serving on the sports rules committee involved, that person will remain on the committee until the appeal is resolved.
3. If a state association's exception has not been approved by the National Federation staff liaison, and the association wishes to Appeal, their request will then be submitted to that sports rules body by ballot. The state should submit in writing on plain white paper to the National Federation their request for modification as they wish it presented to the sports rules committee members. When the material is disseminated to the rules committee members,

they will not be informed which state is making the request, but will evaluate the exception on its merits only. Should that state association making the appeal have a representative on the rules committee, then that committee member will be disqualified for that particular evaluation because of a possible conflict of interest.

4. If the rules committee denies the appeal, the state association may exercise the last option of appeal by presenting their request to the National Federation Executive Committee for final evaluation.

10.6 RULES EXPERIMENTATION

Experimentation by state associations shall be permitted and encouraged by National Federation under specified guidelines. Requests for experimentation shall be submitted to the National Federation in writing by the CIAC Board of Control through its Executive Director. The requests should meet the following criteria:

- A. Provide rationale why the experiment is desired.
- B. Agree to keep accurate statistics on forms provided by the National Federation office.
- C. Submit results of experiment to the National Federation office.
- D. Limit experimentation on the same rule to a maximum of three years.
- E. An experiment, on or before the completion of a three-year period, shall either be approved by the appropriate rules committee or abandoned.

CIAC sports committees may submit requests for rules experimentation in writing to the CIAC Board of Control. It will be the decision of the Board of Control as to whether or not the request is submitted to the National Federation under the above criteria.

10.7 NATIONAL FEDERATION ATHLETIC SANCTIONING

Note: The interscholastic community urges event sponsors to plan and schedule interstate competition in a manner that minimizes the amount of time student participants will be absent from the regular school day.

1. **Events that Require NFHS Sanctioning --**
 - a. Any interstate event involving two (2) or more schools which is co-sponsored by or titled in the name of an organization outside the high school community (e.g., a university, a theme park, an athletic shoe/apparel company).*

* Competition involving border states, and all other configurations of interstate competition not requiring the sanction of the NFHS office, shall be sanctioned by the state associations involved according to their own procedures.
 - b. Non-bordering events if five (5) or more states are involved.
 - c. Non-bordering events if more than eight (8) schools are involved. (Effective 8/1/02) Non-bordering events with eight teams no longer requires NFHS sanctioning unless there is an outside or title sponsor involved.
 - d. Any event involving two (2) or more schools that involves a team from a foreign country. The host school should complete the international sanction application on page 3. (The exceptions to this rule are Canada and Mexico which are considered "bordering states.") **

- ** NFHS Bylaw 17 provides that each member state association shall approve and receive NFHS approval for competition by a member school against a school from a foreign country, except for two (2) school and three (3) school competition with a school or schools from Canada or Mexico which necessitates a round trip of less than 600 miles.
2. **Request for Sanction** -- Only a member school of an NFHS member state association, or a school approved by such an association, or such an association itself, is eligible to request sanctioning through the NFHS Interstate Sanctioning Program. *Any event seeking NFHS sanction must be sponsored by a member high school, approved high school or state association.*
 3. **Interstate Competition** -- Interstate competition occurs when either teams or individuals who represent their schools travel across state lines to participate in competitive sports events, including but not limited to such events as “shoot-outs,” “showcases,” “round-robin tournaments,” etc. Subject to Paragraph 3, no sanction is required from the NFHS office if all competing schools, regardless of the number of competing schools, are from states that border the host state unless the event is co-sponsored by or titled in the name of an organization outside the high school community.
 4. **Timelines/Fees** -- This application for sanction should be sent to the state association of the host school ninety (90) calendar days or more prior to the event and must be accompanied by the host school’s processing fee of \$75, check or money order, per application made payable to the NFHS. (Do not send cash.) The sanction application must be received in the NFHS office sixty (60) calendar days or more prior to the event. The late fee for any application that arrives in the NFHS office 15-59 calendar days prior the event will be \$25 for a total of \$100. If the application arrives in the NFHS office less than 15 calendar days prior the event, the late fee will be \$125 for a total application fee of \$200. If the NFHS does not receive the late fees within ten days, the event will not be sanctioned, and the meet director will be notified they are running a non-sanctioned event. There is no processing fee for International Athletic Competition applicatoinis.
 5. **Names and Addresses of Invited/Participating Schools** -- All sanction requests submitted to the NFHS office must be accompanied by the names and addresses of all invited/participating schools. In the case of cross country and track and field events, the host school will complete the sanction application and forward it to the host state association office with the list of invited schools so that it will arrive in the NFHS office 60 days or more prior to the event. The final list of actual entries will be due to the NFHS office ten days prior to the event. If the list is not received ten days prior to the event, the application for sanction will be disapproved, and the meet director will be notified that they are running a non-sanctioned event.
 6. **Equal Treatment** -- Schools participating in interstate competition, as well as the schools’ employees and agents, shall be treated equally. Examples of such shall include, but not be limited to, the following:
 - a. Reduction or waiver of entry fee for one school must result in a reduction or waiver of entry fee for all schools;
 - b. Appearance fee paid to one school must result in an equal amount of appearance fee paid to all participating schools;
 - c. Expense reimbursements, if any, must result in equivalent payments to all participating shcools, subject to reasonable adjustments for differing distances traveled;
 - d. Share of proceeds/live gate paid to one school must result in equal share of proceeds/live gate paid to all participating schools.

7. **NFHS Web Site** -- Information regarding the status of an event that has requested NFHS sanctioning will be posted at www.nfhs.org/sanctioning.htm. If you have any questions regarding the status of your event, please contact the NFHS Sanctioning Department at (317) 972-6900 Monday-Friday, 8, 1.m.-4:30 p.m. Eastern Standard Time.
8. **Financial Report** -- When NFHS sanction is required, the host school shall submit a financial report about the event to the NFHS on the accompanying form within ninety (90) calendar days of the completion of the event.

10.8 THE NATIONAL FEDERATION OF STATE HIGH SCHOOL ASSOCIATIONS

The National Federation is made up of state high school associations which have united to secure the benefits of cooperative activities. The executive director of the National Federation is Robert Kanaby and the offices are located at P.O. Box 690, Indianapolis, Indiana 46206.

This cooperation eliminates much unnecessary duplication of work and increases efficiency. The efforts of all who are engaged in high school athletic activities are pooled and coordinated through the close contacts which are thus made possible.

The national organization had its beginning at a meeting in Chicago on May 14, 1920. L.W. Smith, secretary of the Illinois High School Athletic Association, issued invitations to neighboring states and state association representatives came from Illinois, Indiana, Iowa, Michigan and Wisconsin. The primary purpose of the meeting was to discuss problems which had resulted from high school contests which were organized by colleges and universities or by other clubs or promoters. In many cases little attention was paid to the eligibility rules of the high school associations or to other high school group regulations, and chaotic conditions had developed. At this first meeting it was decided that the welfare of the high schools required that a more active part in the control of such athletic activities be exercised by the high schools through the state associations and that this control necessitated the formulation of a national organization. A constitution and by-laws were adopted and the group decided on the name "Midwest Federation of State High School Athletic Associations." Principal George Edward Marshall, Davenport, Iowa, was elected President and Principal L. W. Smith of Joliet, Illinois, was elected Secretary-Treasurer.

In 1921, four states, Illinois, Iowa, Michigan and Wisconsin, continued their interest and became charter members through formal ratification of the constitution. Largely due to their efforts, the national organization grew during the early years.

In 1922 the Chicago annual meeting was attended by representatives from 11 states, and the present name of the National Federation was adopted. A number of college and university representatives who attended the meeting expressed sympathy for an interest in the efforts to introduce a high degree of order in the regulation of interscholastic contests.

Since that time the National Federation has had a healthy growth to its present nationwide membership. By 1940 national office with a full-time executive staff became necessary and such office was established in September of that year.

11.1 AN ATHLETIC CODE FOR SUPERINTENDENTS

The Superintendent and Principal are the final authorities responsible for the athletic activities of the school. In realization of this responsibility these guiding principles should prevail:

11.1.A. FOR THE SUPERINTENDENT

1. I will use all means possible to bring to my community a full realization of the value of athletics as an educational tool in training citizens.
2. I will have a definite understanding with principals and athletic directors concerning the school athletic policy and expect and give support in carrying out that policy.
3. I will judge the success of those in charge of the athletic program by the conduct and attitude of contestants and spectators rather than on the number of games won or lost.

11.1.B. FOR THE PRINCIPAL

1. I will have a complete understanding of the athletic policy of this school system and of the individual responsibility of all concerned.
2. I will be honest in my certification of contestants and base that certification on complete information concerning the student's athletic and scholastic status. Questionable cases will be referred to the Executive Director of the Connecticut Interscholastic Athletic Conference before the privilege of competition is given.
3. I will give my loyal support to the coaches in their efforts to carry out national, state and local athletic policies.
4. I will make every effort to instruct the student body in its responsibilities in making the athletic program a valuable one and point out desirable types of conduct at "home" and "away" games.
5. I will endeavor to foresee possible differences and misunderstandings with other schools and, as far as possible, settle them or provide means of settlement before they materialize.
6. I will insist that any misunderstandings that may arise be settled privately between official representatives of the schools concerned.
7. I will have a definite understanding with the athletic director about officials, schedules, finances, care of fields and gymnasiums, handling of spectators, etc., and give that person every assistance in carrying out such duties.
8. I will consider it unprofessional to withhold from another school any seemingly authentic information which calls to question the eligibility of any of its players.
9. I will attend as many of the athletic contests in which my school participates as school work will allow.
10. I will commend opposing schools for outstanding examples of fine citizenship.

11.2 AN ATHLETIC CODE FOR ATHLETIC DIRECTORS AND COACHES

The Athletic Director and Coach are the official representatives of the school in interscholastic athletic activities. In this important capacity, these standards should be practiced:

11.2.A. **BY THE ATHLETIC DIRECTOR**

The Athletic Policy of the School Should:

1. Be definitely understood with director's responsibility clearly defined.
2. Include only those schedules which are educationally and physically sound for the athlete.
3. Cooperate with the community in making a character building athletic program.
4. Refuse admission to athletic contests to persons who have shown chronic lack of sportsmanship.

The Securing of Officials Should Include:

1. Mutual confidence and agreement by both teams.
2. Complete support of officials in cases of adverse rulings.
3. Definite contractual agreements naming fee, expenses and time and place of game.

Game Preparation Involves:

1. Provision of programs giving rules changes, names of players and of officials, and emphasizing good sportsmanship.
2. Proper handling of crowds so there is no encroachment on playing space.
3. Maintaining sidelines for exclusive use of players, coaches and officials.

11.2.B. **BY THE COACH**

The School May Expect:

1. Work of the coach to be an integral part of the school system with its educational contribution.
2. Mastery of the principles of good teaching and consequent improvement in teaching as well as coaching.
3. Loyalty to superiors in making athletics fit into the general school program.
4. Insistence upon high scholarship and enforcement of all rules of eligibility.

The Athletes May Expect:

1. A genuine and up-to-date knowledge of that which the coach proposes to teach.
2. Fair, unprejudiced relationship with all squad members.
3. Careful attention to the physical condition of players at the time of each contest.
4. Competent and trustworthy officials whose decisions will always be supported.

Sportsmanship Includes:

1. Teaching athletes to win by use of legitimate means only.
2. Counteracting unfounded rumors of questionable practices by opponents.

The Influence of the Coach Necessitates:

1. Being the sort of person he/she wants boys and girls to become.
2. Discouragement of gambling, profanity, smoking, obscene language, use of alcohol and drugs at all times.

11.3 AN ATHLETIC CODE FOR OFFICIALS AND ATHLETES

Competent, impartial officials and clean, hard-playing athletes have made a place for interscholastic athletics in the educational program. Sportsmanship and fair play demand these practices.

11.3.A. BY THE OFFICIAL**The Contest Demands:**

1. A professional relationship calling for the highest type of service.
2. Thorough preparation.
3. A rested body and an alert mind.
4. Reporting for duty at least thirty (30) minutes before time for the game.
5. A neat, distinct uniform.

The Rules Demand:

1. Rectifying mistakes in judgment without "evening up."
2. Adherence to right decisions despite disapproval of spectators.
3. Control of temper at all times in warning crowds or inflicting penalties for unsportsmanlike conduct.
4. Respect for judgment of companion officials in making decisions.
5. That interpretations and announcements be made clear to both teams.
6. That players or players of other teams not be discussed in the presence of prospective opponents.

11.3.B. BY THE ATHLETE**The Contest Demands:**

1. Fair play at all times.
2. A "square deal" to opponents by players and spectators.

3. Playing for the joy of playing and for the success of the team.
4. Playing hard to the end.
5. Keeping one's head and PLAYING the game, not TALKING it.
6. Respect for officials and expectation that they will enforce the rules.
7. That an athlete should not quit, cheat, bet, or "grandstand."

The School Demands:

1. Out-of-school and out-of town conduct of the highest type.
2. Faithful completion of school work as practical evidence of loyalty to school and team.
3. Complete observance of training rules as a duty to school, team and self.

Sportsmanship Demands:

1. Treatment of visiting team and officials as guests and the extension of every courtesy to them.
2. Giving opponent full credit when they win and learning to correct one's own faults through failures.
3. Modesty and consideration when one's team wins.
4. An athlete will not "crow" when the team wins or blame the officials when it loses.

11.4 COACHING REQUIREMENTS**11.4.A. Sec. 10-145d-790 -- Coaching Permits**

- a. A coach (regardless of coaching assignment) of intramural or interscholastic athletics in elementary, middle or high schools, shall meet the requirements of subsections (b) through (e), inclusive, of this section:
 1. A coaching permit; or
 2. A temporary coaching permit; or
- b. A person serving as a director of athletics at the elementary or secondary school level, not responsible for supervision, shall be required to hold a coaching permit;
- c. A person serving as a director of athletics at the elementary or secondary school level, responsible for the supervision of coaches, shall be required to hold a coaching permit and a valid Connecticut educators certificate;
- d. A person serving as a director of athletics, with district-wide responsibilities for the athletic program or evaluation of certified staff, shall be required to hold a coaching permit and a Connecticut educators certificate endorsed for intermediate administration or supervision.
- e. An individual who serves as a coach must hold a coaching permit or a temporary coaching permit. An individual, not serving as any type of coach, may assist a coach, if working under the direct and continual supervision of a coach.

Sec. 10-145d-791 -- Validity of Coaching Permit (Implementation date: July 1, 1999)

A coaching permit shall be valid from the effective date and will be renewed every five years upon completion of not less than 15 clock hours of seminars, course work and workshops providing information on safe and healthful coaching practices and understanding child and adolescent development, as approved by the Department. Upon written request of an employing agent, the Department, for good cause shown, may defer the 15 clock hour requirement for 12 months.

Sec. 10-145d-792 -- Requirements of Coaching Permit

To receive a coaching permit, an applicant must meet the requirements in subsection (a), (b), (c) and either (d) or (e) of this section:

- a. Attain the age of 18 years;
- b. Hold a high school diploma or its equivalent;
- c. Successfully complete a standard first aid course no earlier than three years prior to the date of application and every three years from the date of the course thereafter, and CPR certification annually;
- d. Complete a minimum of three semester hours of credit from a regionally accredited institution or 45 clock hours of instruction in a program offered by a board of education or the Connecticut Interscholastic Athletic Conference and approved by the Department, which must include each of the following topics:
 1. Legal and safety aspects of coaching children and adolescents;
 2. Medical aspects of coaching children and adolescents; and
 3. Principles and practices of coaching children and adolescents and child and adolescent sports psychology;
- e. Hold a valid Connecticut educator certificate, Standard or Permanent Certificate.

Sec. 10-145d-793 -- Validity of Temporary Coaching Permit

A temporary coaching permit shall be valid for one year from the date of issuance.

Sec. 10-145d-794 -- Requirements for Temporary Coaching Permit

To receive a temporary coaching permit, a board of education shall submit an application on forms provided by the Department giving evidence that the applicant for a temporary emergency coaching permit has met the following requirements:

1. Attain the age of 18 years;
2. Holds a high school diploma or its equivalent; and
3. Completed successfully, no earlier than one year prior to the date of application, a standard first aid course and CPR certification.

Sec. 10-145d-795 -- Reissuance of Temporary Coaching Permit

- a. A temporary coaching permit may be renewed for one additional year, provided that the applicant:
 1. Completed a standard first aid and CPR course which must be valid for one year from the date of application;
 2. Complete or is enrolled in at least two semester hours of credit from a regionally accredited institution or 30 clock hours of instruction in a program offered by a board of education, or the Connecticut Interscholastic Athletic Conference approved by the Department, covering at least two of the following topics:

- A) Legal and safety aspects of coaching children and adolescents;
 - B) Medical aspects of coaching children and adolescents; and
 - C) Principles and practices of coaching children and adolescents and children and adolescent sports psychology.
- b. At the expiration of the renewal, the applicant must either obtain a coaching permit or discontinue coaching.

VOLUNTEER COACHES -- COACHING PERMITS

Sec. 10-145d-423 -- When Required

- a. Either a coaching permit or a temporary emergency coaching permit, is required for a coach of intramural or interscholastic athletics in kindergarten through grade 12, inclusive;

For the purposes of these regulations, a coach shall mean an individual responsible for instructing students in grades K-12, inclusive, in intramural or interscholastic athletics but shall not mean any person working directly with a coach. A person working directly with a coach shall not be required to hold a coaching permit or temporary emergency coaching permit so long as he or she works under the direct and continual supervision of an individual possessing a coaching permit or a temporary emergency coaching permit.

Question: Does a non-certified individual, designated as an assistant coach, need some type of coaching permit?

Answer: Possibly. The determinative question is the job function not the job title. If a school district designates an individual as an assistant coach and makes the individual responsible for instructing students and performing the duties of a coach, then he or she would need a coaching permit. For example, the coach of a freshmen or sub-varsity team needs some type of coaching permit even if he or she has the title of assistant coach. On the other hand, if the individual is “working under the direct and continual supervision of a coach,” a permit is not needed.

Question: What does “working under the direct and continual supervision of a coach” mean?

Answer: This phrase refers to performing duties under the direct supervision of the coach. Therefore, the person should be in the immediate area of the coach. Responsibility for the students lies with the coach. Examples of “working under the direct and continual supervision of a coach” could include assisting in the issue of equipment, tabulating team statistics and working with athletes when under the direct and constant supervision of a certified coach.

Question: Is a non-certified person who “works under the direct and continual supervision of a coach” required to have completed successfully a first aid course?

Answer: No. A person “working under the direct and continual supervision of a coach” is under the direct supervision of the coach and in the immediate area of the coach.

Question: Does a volunteer need some type of coaching permit?

Answer: Possibly. If a volunteer is performing the duties of a coach, then the volunteer must have a coaching permit. If a volunteer is “working under the direct and continual supervision of a coach,” then a permit is not needed. Reimbursement for services is not a determinative factor.

COACHING PERMIT -- CHEERLEADING

Effective July 1, 1995, the State Department of Education has mandated that all cheerleading advisors, chaperones, coaches to be properly certified as a coach. However, CIAC does NOT regulate that activity.

Cheerleading is regulated by the CAS Student Activities Board of Control.

11.4.B. INSTRUCTIONAL PROGRAMS

Connecticut institutions have provided instructional programs aimed at meeting the instructional portion of the coaching permit requirements. These institutions have been state universities and community colleges.

As more and more lay people enter the coaching ranks, it is necessary for local communities to offer curriculum and instruction for the purpose of certifying coaches. Most lay people have strong reservations about returning to state universities or even community colleges due to unfamiliarity, time, travel and expense.

Therefore, a curriculum has been developed by the "American Coach Effectiveness Program" and "Program for Athletic Coaches Education" which has been endorsed by the CIAC and the Connecticut Association of Athletic Directors and may be used toward meeting the instructional requirement in certifying coaches. Copies may be obtained by contacting the CIAC, 30 Realty Drive, Cheshire, CT 06410.

The course may be offered by a local or regional board of education or a regional educational service center. The course must have a written attendance requirement. To complete the course 45 clock hours of instruction are required. A system for keeping, maintaining and making records available of individuals who have completed successfully part or all of the program must be in place. Instruction must be delivered by individuals qualified and certified by the local educational agency and the State Department of Education.

Note: Several school districts and in some cases leagues have joined forces to offer coaching instruction in a geographic area. In addition, the CIAC offers the course three times per year at a cost substantially less than from the university or college system.

11.5 CODE OF ETHICS FOR COACHES

The function of a coach is to teach attitudes, proper habits, knowledge and skills. The athletic program is designed to enhance academic achievement and should never interfere with opportunities for academic success. Each student athlete should be treated as an individual whose welfare shall be primary at all times. The coach must be aware that he or she serves as a model in the education of the student athlete and, therefore, shall never place the value of winning above the value of character building.

The coach must constantly uphold the honor and dignity of the teaching profession. In all personal contact with the student athlete, officials, athletic directors, school administrators, the state high school athletic association, the media and the public, the coach shall strive to set an example of the highest ethical and moral conduct.

The coach shall support and enforce school rules for the prevention of drug, alcohol and tobacco use and abuse and under no circumstances shall authorize the use of these substances.

The coach shall promote the entire interscholastic program of the school and direct his or her program in harmony with the total school program.

The coach shall be thoroughly acquainted with contest, state, league and local rules, and is responsible for their interpretation to team members. The coach shall abide by the letter and spirit of these rules at all times.

Coaches shall actively use their influence to enhance sportsmanship by their spectators, working closely with cheerleaders, pep club sponsors, booster clubs and administrators.

Contest officials shall have the respect and support of the coach. The coach shall not indulge in conduct which will incite players or spectators against the officials or against each other. Public criticism of officials or players is unethical.

Before and after contests, rival coaches should meet and exchange friendly greetings to set the correct tone for the event.

A coach shall not exert pressure on faculty members to give student athletes special consideration.

It is unethical for coaches to scout opponents by any other means than those adopted by the state high school athletic association and the league.

11.5.A. CODE OF ETHICS FOR COACHES -- National Federation Coaches Association

The function of a coach is to educate students through participation in interscholastic competition. An interscholastic program should be designed to enhance academic achievement and should never interfere with opportunities for academic success. Each student-athlete should be treated as though he or she were the coaches' own, and his or her welfare should be uppermost at all times. Accordingly, the following guidelines for coaches have been adopted by the NFCA Board of Directors.

The coach shall be aware that he or she has a tremendous influence, for either good or ill, on the education of the student-athlete and, thus, shall never place the value of winning above the value of instilling the highest ideals of character.

The coach shall uphold the honor and dignity of the profession. In all personal contact with student-athletes, officials, athletic directors, school administrators, the state high school athletic association, the media, and the public, the coach shall strive to set an example of the highest ethical and moral conduct.

The coach shall take an active role in the prevention of drug, alcohol and tobacco abuse.

The coach shall avoid the use of alcohol and tobacco products when in contact with players.

The coach shall promote the entire interscholastic program of the school and direct his or her program in harmony with the total school program.

The coach shall master the contest rules and shall teach them to his or her team members. The coach shall not seek an advantage by circumvention of the spirit or letter of the rules.

The coach shall exert his or her influence to enhance sportsmanship by spectators, both directly and by working closely with cheerleaders, pep club sponsors, booster clubs, and administrators.

The coach shall respect and support contest officials. The coach shall not indulge in conduct which would incite players or spectators against the officials. Public criticism of officials or players is unethical.

The coach should meet and exchange cordial greetings with the opposing coach to set the correct tone for the event before and after the contest.

The coach shall not exert pressure on faculty members to give student-athletes special consideration.

The coach shall not scout opponents by any means other than those adopted by the league and/or state high school athletic association.

11.6 CIAC POSITION STATEMENT - FEMALE OFFICIALS

The CIAC will promote the use of female officials at all CIAC games.

11.7 POSITION STATEMENT: CIAC - CHSCA - CAAD -- ALL STATE SELECTION PROCESS

The Connecticut Interscholastic Athletic Conference and the Connecticut Association of Athletic Directors strongly objects to any mandate by any coaching organization as a criteria for student-athletes to be eligible for all-state or any other post season honors.

The Connecticut Coaches Association “strongly concurs with the CAAD Executive Board in objecting to any group which would remove a student-athlete from all state consideration on the basis of his/her coaches organization or affiliation.”

11.8 CODES FOR THE ADMINISTRATION OF ATHLETICSStatement of Relationship

Membership in the Connecticut Association of Schools is comprised of individual schools, so approved by their respective Boards of Education. The superintendent is responsible for the athletic activities of the school system. The duties will vary according to the size of the school system, ranging from the larger schools where all duties are delegated, to the smaller schools where the superintendent may be both the administrative and executive officer. In either case, it is a duty to have set up a definite school athletic policy and have a complete understanding of that policy by those concerned.

The Principal is the official representative of the member school and is directly responsible for the general attitude of the student body and the conduct of the athletic affairs by the athletic director and the coach.

It is the duty of the above named officers to derive from the athletic program a full measure of educational value in developing good sportsmanship on the part of the student body, faculty, parents, and general public. Mutual cooperation is essential in order to carry out properly the work of any or all of these officers.

11.9 DIRECTOR OF ATHLETICS POSITION -- ENDORSEMENT

The CIAC and the National Federation of State High School Associations endorse the position of Director of Athletics as an integral part of the administrative team of a high school, essential to the coordination and implementation of a wholesome athletic program. The litigation climate, staffing problems, budgetary concerns, sports medicine implications and many other aspects of today’s high school sports program require sound leadership which can be provided by a competent athletic administrator.

Furthermore, the magnitude and scope of the duties and responsibilities of an athletic director dictate that qualified individuals should be assigned this task and adequate released time must be provided to fulfil the expectations of the position.

12.1 COMPLIANCE WITH CIAC WEEKLY LIMITATIONS ON “OUTSIDE” COMPETITION

With increased frequency athletes are competing in approved “outside” competition over a two or three-day period. In most cases where this happens a participant would qualify on the first day and then compete again on the second and/or third day.

A competitor competing in a one, two or three day outside meet/tournament shall have that meet/tournament count as one of the allowable weekly competitions.

When a two or three day meet is conducted on both a Saturday and Sunday, a choice may be made as to which week it will count as one of the allowable weekly CIAC competitions.

If a one, two or three day outside meet/tournament is conducted within one week, the one charged weekly competition must be counted within that week.

12.2 FIRST DAY OF THE WEEK

Sunday is to be considered the first day of a calendar week under CIAC regulations and policies governing number of games per week for all sports or number of “outside-of-CIAC” practice hours per week for gymnastics, tennis and swimming.

12.3 GAME LIMITATIONS / SEASON AND WEEK

The limit in the number of games per season is to exclude games played with alumni and games in CIAC-sponsored tournaments, and league sponsored and administered playoff games. The limit of games per week is to exclude postponed games, one league playoff game and games played in CIAC-sponsored tournaments.

12.4 GAME LIMITATION / LEAGUE PLAYOFFS

- a. A maximum of one (1) league playoff game may be excluded from the weekly limitations per season.
- b. League tournament games will count for CIAC tournament qualifications under the following conditions:
 - * Game(s) must be included in the maximum regular season game limitations for the sport.
 - * Game(s) must be listed on the regular season schedule submitted to the CIAC in accordance with the time lines established by CIAC sports committee. Those contests should be identified by the title of the tournament in which the team may qualify.
 - * Game(s) must be played prior to the last day established by the CIAC for tournament qualifications.
 - * Game(s) played as a third contest with another team during the regular season will not count for tournament purposes.
- c. League tournament games will not count for tournament qualifications under all other conditions.

12.6 RELIGIOUS HOLIDAYS AND SCHOOL ACTIVITIES

The Board of Directors has been asked on many occasions to provide direction to its membership regarding the scheduling of school activities so as not to conflict with religious holidays. The Board of Directors advises that it is not within its province to oversee the school calendars of the individual school districts throughout the state. In planning CAS-CIAC state activities the Board attempts to avoid conflicts with major religious holidays, CEEB testing dates, or other major activities of statewide importance. The Board, therefore, urges that the individual schools be sensitive to the social and religious mores of their individual communities and that they plan their school and student activities calendar so as not to conflict with the extra-school needs of large numbers of students, or to place them in the extreme position of having to choose between their religion and a major school activity.

12.7 SEASON LIMITATION AND PRACTICE DATE POLICY

A. Introduction

The CIAC Board of Control on November 20, 1980, voted to implement a policy on Standardizing Season Calendars for all CIAC sports effective with the 1981-82 school year. The policy was developed by an ad hoc committee whose members represented the Connecticut Association of Athletic Directors, Connecticut High School Coaches Association and the CIAC, and was under the leadership of Chairman Art Kohs, Athletic Director, Xavier High School, Middletown. Prior to receiving CIAC Board of Control approval it was overwhelmingly endorsed by CAAD, CHSCA and individual CIAC sports committees.

The policy resolves the vast majority of CIAC's concerns relative to the establishment of calendar dates for the operation of all sports programs. The establishment of a standing committee whose responsibility it will be to regulate all dates for all sports will provide the type of impartial comprehensive coordination the CIAC has recognized as a need as its programs and tournaments continue to increase in number and complexity.

B. Establishment of a Committee

The CIAC Board of Control has established a committee composed of people who have expertise and experience in the operation and administration of athletic programs, to be known as the CIAC Committee on Season Limitations whose function it will be to:

- 1) Establish all starting and closing dates for all sports in as equitable a manner as possible. This shall be scheduled a minimum of three years in advance.
- 2) Deal with any concerns which are related to these dates.
- 3) Establish the specific seasons sports are to be played after seeking the advice of the relevant CIAC sports committee.

NOTE: All seasonal sports will begin at the same time with the exception that girls basketball and ice hockey will begin the Monday before Thanksgiving. (Tournaments for these sports will be conducted one week earlier than other winter sports.) Football conditioning practice will be scheduled five days before the first fall practice date.

C. Criteria to be Used by CIAC Committee on Season Limitations in the Establishment of Dates

- 1) Closing dates for all regular season contests, and state competition in one season will be completed before practice begins for the following sports season, except for football. Consistency in establishing starting and closing dates in all sports is important.
- 2) All sports will have a minimum of fourteen practice days before the date of the first scheduled competition. Sundays do not count as a day of practice. Saturdays and holidays may be used as practice days unless prohibited by local Board policy or the CIAC Committee on Season Limitations.
- 3) The starting dates for practice will be:
 - a) Fall Season -- Two Saturdays before Labor Day, except football (Note 3.b. above)
 - b) Winter Season -- Monday following Thanksgiving Day, except girls basketball and ice hockey (Note 3.b. above)
 - c) Spring Season -- Monday following the final weekend of CIAC boys basketball tournament

Calendars will show, on a seasonal basis, the starting dates for practice and interschool competition, the closing dates for the regular season and the final dates for post season competition. It will be the responsibility of the seasons limitations committee to set the limits regarding maximum games per season, games per week, and date when tournament forms are due.

D. Rationale for New CIAC Policy

- 1) Eliminates much of the unnecessary overlapping of sport seasons.
- 2) Demonstrates consistency in starting and ending dates for all sports seasons while maintaining the present regulations with regard to the number of practice days, length of season and length of tournaments. Exception: football and boys basketball.
- 3) Affords schools the opportunity to utilize coaches in consecutive sports seasons.
- 4) Establishes a CIAC committee to deal exclusively with season limitations.
- 5) Eliminates hours of discussion and debate by the CIAC Board of Control and sports committees concerning the setting of dates, and in many instances, the subsequent changing of them.
- 6) Facilitates securing tournament sites on a long-range basis and will facilitate multi-year agreements.
- 7) Affords student-athletes the opportunity to pursue a variety of activities without being placed at a disadvantage.

12.8 SPECIALIZATION OF SPORTS AT AN EARLY AGE

Specialization in one sport during the middle level and high school years, to the exclusion of most others, and too often at the expense of other equally valuable and wholesome activities, is at variance with the basic philosophical premise of American education, which seeks to produce well-rounded individuals with interests and abilities in many areas. Students should be discouraged from devoting all their energies and time to a single sport, but rather should be encouraged to allow themselves the experience of more than one sport. Boards of education should advocate and enact policies which encourage students to seek broadly based athletic experiences as well as broadly based academic programs. The school athletics program as well as community based athletic programs must be kept in perspective as providing experiences of many kinds for our youth.

The objective of the greatest possible personal growth of the student is best served by a varied program of activities, academic and athletic, which keeps proper perspective on the total development of the youngster from adolescence to adulthood, and which allows the student to do and be other things as well. School boards, school administrators, athletic directors, coaches, community recreation personnel and the parents of the student-athlete all have the responsibility of insuring that the student is afforded opportunities in several areas.

The formative years should be a time of growing in mind and body, a time of expanding horizons and outlook, not of specialization and narrowing of interests.

RULES OF ELIGIBILITY AND CONTROL FOR BOYS AND GIRLS HIGH SCHOOL ATHLETICS IN CONNECTICUT
(ARTICLE IX -- CIAC By-laws)

As Adopted by

THE CONNECTICUT INTERSCHOLASTIC ATHLETIC CONFERENCE, INC.

Effective July 1, 2003

These rules apply in every athletic contest in all CIAC-controlled sports listed in Section VIII of this code in which a member school participates, regardless of opponent. These are minimal regulations of the CIAC. All levels of play of CIAC-controlled athletic contests including varsity, junior varsity, freshmen or sports clubs representing any member school in interscholastic competition shall conform to the eligibility rules of the CIAC. Athletic teams are made up entirely of boys or entirely of girls; or are as otherwise provided in Section IV, paragraph F.

I. SCHOLARSHIP

For purpose of this rule the term "unit" refers to the traditional Carnegie Unit. A Carnegie Unit is herein defined as "200 minutes of recitation during a period of five consecutive school days for an entire school year". Principals may equate any course offering with the Carnegie Unit, no matter what the scheduling pattern, by referring to the following: if a course is scheduled a minimum of 200 minutes during a period of five consecutive school days for a traditional nine-week marking period and awards at least 1/4 credit for that period, including independent study, that course should be considered one-quarter of a Carnegie Unit of work; mini-courses, tri-semester courses, alternative school programs, shared time programs, D.E., D.W.E., and other cooperative community programs must meet the minimum time and credit requirements above to be considered a quarter of a Carnegie Unit of work.

A. To be eligible for fall sports a student must have received credit toward graduation at the close of the school year preceding the contest in at least four (4) Carnegie Units of work or its equivalent for which he or she has not previously received credit. "Equivalent" is any number of courses which are equal to one Carnegie Unit. Credit must be earned during the same academic year.

Through the PPT process or Section 504 meeting, the principal will make a determination on what constitutes an identified student's equivalent of four (4) Carnegie Units of credit for athletic purposes. To this end, the principal shall rely on the student's most recent IEP or Section 504 Plan to make the determination. A student enrolling in ninth grade for the first time will be eligible for the first grading period regardless of the previous academic achievement. Thereafter, in order to be eligible, a student in grades 9-12 must meet the requirements found in Rule I.B.

B. A student cannot at any time represent a school unless taking at least four quarter Carnegie Units of work or its equivalent. During the school year a student must have received a passing mark in at least four (4) quarter Carnegie Units of work or its equivalent at the end of the regular marking period next preceding the contest. Student eligibility will be determined for all students on the date that report cards are distributed or on the fourteenth calendar day following the end of the marking period, whichever comes first. No Carnegie Unit or equivalent for which the student has already received credit shall be included in those required by this rule.

C. If computer, arena, or hand scheduling assigns an athlete less than four quarter Carnegie Units or equivalent of work in a marking period, that student is ineligible unless additional courses needed are added to the schedule.

D. Scholastic failures cannot be made up for eligibility purposes in any manner until the next report, except that credits earned during the summer by any regularly approved board of education procedure will be accepted for the purpose of determining the eligibility of students desiring to participate in the athletic program of the school in September. Scholastic incompletes must be made up within ten (10) school days following the date that student eligibility was determined for the respective marking period as defined above. Incomplete grades are not to be considered as passing grades.

It should be understood that the above regulations are minimal and do not prohibit a school from establishing more rigid eligibility standards.

Marking period grades (not semester grades) are to be used in determining scholastic eligibility to participate in interscholastic athletics during any given marking period. To be eligible for fall sports, a student must have received credit toward graduation of four (4) Carnegie Units of work for which he has not previously received credit. The final academic grade average determines fall eligibility. Semester courses or mini courses completed earlier in the school year may be counted toward the four (4) units used in determining eligibility for fall season. Year-end failures may be made up through successful completion of LEA approved summer school work in courses failed.

II. STUDENT ELIGIBILITY

A. The student shall be a member of that school in grade 9, 10, 11 or 12. A graduate from any secondary school is ineligible. In local public school districts where grade 10-12 high schools exist, 9th grade students in a public JH/MS school, with local public school district approval, may participate at the local public school, where grades 10-12 exist. No student below grade 9 is allowed to practice or participate in any CIAC controlled sport. All situations which are not covered by this rule are to be referred in writing to the CIAC Board of Control prior to participation. ***HOME SCHOOLED STUDENTS: Eligibility to participate in interscholastic athletics is not to be extended to any student whose program is not under the direct supervision of a CIAC member school. This prohibition includes any recognition by member schools of home schooling as school district sponsored "alternative programs." Alternative programs, for the purposes of interscholastic athletics, are only to be recognized if they are developed by and function under the direct control of the local school system to serve the educational needs of a targeted group of students. Such programming generally relates to modifications in existing courses***

*or placement in an alternative school which a district may sponsor and is available to all eligible students. CHARTER, MAGNET, REGIONAL COOPERATIVE, INTER-DISTRICT SATELLITE SCHOOL STUDENT S: Eligibility to participate in interscholastic athletics at the sending school or school from which he/she would normally matriculate is extended to any student when the school does not provide any interscholastic athletic program. (1) The above listed alternative schools must be state authorized. (2) The above listed alternative schools need not be members of CIAC in order for their athletes to be allowed to play for the sending (home) school. (3) The principal of the CIAC member school at which the athlete would normally matriculate has the right to make the decision on the acceptance of these students in his/her athletic programs. The CIAC will allow such participation. However, the CIAC member school must approve of such participation before an alternative school athlete can participate. (4) The CIAC member school which accepts students from state approved alternative schools will be fully responsible for determining their eligibility status. An ineligible player from an alternative school will have the same impact on the status of the team from which he/she plays as all other athletes. (5) The CIAC will evaluate the eligibility of an alternative school athlete in the same manner that it now handles all other athletes. Student athletes from the alternative school shall comply with all eligibility requirements of the sending school. Eligibility to participate in interscholastic athletics at the sending school or school from which he/she would normally matriculate is **NOT** extended to any student when the receiving school does provide an interscholastic athletic program regardless of its offerings.*

The student must have been in membership at a secondary school for at least twelve (12) school weeks immediately preceding the time of participation, or regularly admitted from an elementary, middle, or junior high school within ten (10) school days from the opening of the succeeding school term. The time of summer vacation spent in summer school or private tutoring shall not be counted in the required twelve (12) weeks of school membership.

B. The student shall not have reached his or her nineteenth (19) birthday, except that a player who reaches his or her nineteenth (19) birthday on or after July 1, shall be eligible to compete during the ensuing school year if he or she is otherwise eligible.

No student who has been enrolled in grades 10, 11 or 12 inclusive in any school (member or non-member) shall participate in the same branch of athletics for more than three (3) seasons. Participation is defined as being a member of an athletic team in one or more interscholastic athletic contests during a season.

C. A student who transfers from a school to a CIAC member school during grade 10-11, or 12 without at the same time changing legal residence to another school district or school service area, or satisfying at least one of the following requirements must complete at least one year (365 days) of approved membership before being eligible for interscholastic competition in the same sport in which

he or she was a participant in the present or preceding season during grades 10, 11 or 12 on the junior varsity or varsity team. (Legal residence is defined as location of legal guardian.) (1) *A student who transfers after not less than a 90 calendar day membership from a non-member school to a member school and resides with a parent or legal guardian and satisfies Rule IIA.* (2) A student who is a ward of the court or state and is placed in another school district or school service area by court order. Guardianship other than court administered does not fulfill this requirement. (3) A foreign exchange student who is placed in a member school by an exchange program approved by CSIET. *Also, a student not in an approved CSIET exchange program who has NOT* participated in an organized sports program, equivalent to or on a higher level than CIAC high school programs. (4) A student who marries and establishes a new residence in another school district or school service area. (5) A student who transfers to another school because his or her school ceases to operate. (6) *A student who transfers to another school as the result of a reorganization, consolidation or annexation of his/her school in the district where he/she resides.* (7) A student ordered transferred within a school system, for other than athletic purposes, by a board of education or the governing body of a private or parochial school system. Transfer must take place within the same school system. (8) *A student who, because of the divorce or separation of his/her parents or because of the death of a parent or legal guardian, moves* into another school district or school service area or retains the same residence with one of the aforementioned parents and a parent(s) certifies the reason for the move as it relates to the divorce/separated parents or because of the death. For purposes of eligibility, transfer is permitted once per twelve month period which commences on the date of said transfer and must be approved by the CIAC Eligibility Committee before the student competes in interscholastic athletic competition. (9) A student eighteen (18) years or older but not 19 before July 1, who moves from one school district or school service area to another without being with a parent or parents and resides within the school district or school service area and complies with local board of education residency requirements will be eligible for participation. The transfer will be permitted once per twelve month period which commences on the date of said transfer and must be approved by the CIAC Eligibility Committee. (10) A student who completes the last grade available in the school system previously attended. (11) A student entering into a board of education approved exchange program between CIAC member schools for less than a full academic school year will retain interscholastic athletic eligibility with the sending school. (12) A student who transfers because the sending school discontinues a sport maintains athletic eligibility in any sport discontinued by the sending school, but is subject to the transfer rule in all sports not discontinued by the sending school. Such transfer will be permitted once per twelve month period commencing on the date of transfer and must be approved by the CIAC Eligibility Committee. (13) A special needs student, as identified by an IEP or 504 Plan, may transfer without loss of eligibility if the principal

of the sending school attests in writing that the school is unable to provide the support services necessary for the student's academic success. Such transfer will be permitted once per high school career and must be approved by the CIAC Eligibility Committee. **(14) Athletes will be permitted to transfer once they enter grade 10 to participate in any public school open choice plan enacted by the State Legislature or any state authorized charter, regional, cooperative, inter-district satellite, magnet or other public school choice options. Transfers may only take place once during grades 10, 11, and 12 except that (a) students who choose to return to the school to which they would have been normally assigned by the board of education or would have been able to attend through established procedures will retain their eligibility, (b) if a new charter, regional cooperative, inter-district satellite, magnet or other public school open choice option receives state approval subsequent to the year of a transfer, the athlete may transfer to that school without loss of eligibility.** (15) When for educational reasons and awaiting occupancy of a new residence a student enrolls at a new school at the beginning of a new year or semester, eligibility will begin on the date the family actually transfers residence. Approval must be granted by The CIAC Eligibility Committee and can occur not more than once during each school year. (16) When for educational reasons a parent or legal guardian moves to a new school district, the student, to gain eligibility at the new school without establishing a 365 day period of attendance, must transfer his/her enrollment simultaneously with the transfer of residence of parent or legal guardian, or no later than the beginning of the next school year. (17) A member school student returning from any foreign exchange program may resume interscholastic competition at the point of reentry without receiving credits towards graduation provided the student meets all other requirements relative to age, years of eligibility, etc. (18) Hardship-Eligibility may be granted to a transfer student who does not meet the CIAC Transfer Standard when sufficient evidence, as determined by the CIAC Eligibility Committee, is provided to show that it was necessary for the student to transfer because of unforeseen, unavoidable, or unusual circumstances including, but not limited to, broken home conditions, terminal or serious illness of parent or sibling, death of a parent or guardian, abandonment, loss of school accreditation, bankruptcy and/or loss of principal income of legal guardian(s), and provided the transfer was not for athletic reasons and there was no undue influence. Hardship is defined as an unforeseeable act, condition or event which may not reasonably and/or practically be avoided or corrected and which causes the imposition of a severe burden upon the student or his/her family. A hardship situation may be a situation which is unique to the student or his/her family which could not have been predicted, which does not apply to others in a similar setting, and over which the family has no control. **(19) A student in grades 10, 11, or 12 who does not qualify for the transfer rule requirements 1 through 18 will be granted eligibility by application to the CIAC Eligibility Committee if the following are satisfactorily completed:**

After a period of 30 calendar days from the date of the first

allowable play date following date of enrollment (first day of attending classes) in the receiving school for the affected sport, or from the date of the first school contest after the date of enrollment, if entry is after the first allowable play date, eligibility will be granted to a student who has participated (i.e., actually played in a CIAC-approved contest) at the JV or varsity level of play at any time during the present or preceding year at the sending school, who does not otherwise qualify for any of the above exceptions and when both the sending and receiving school principals sign a CIAC transfer waiver form certifying to the best of their knowledge that the student has not transferred for athletic reasons. If the season ends** before the thirty (30) calendar days have been completed, any remaining days of ineligibility shall be satisfied from the first allowable play date of the present school's regular season in that sport during the next school year unless he/she is a multi-sport athlete. In these cases, the remaining portion of the 30 calendar days will be served successively.*

To qualify for the provisions of this section, a student must be a member of the team during the season in which the 30 day wait period is applied.

** A transfer for athletic reasons is defined as but not limited to:*

- a. Seeking a change to a new school due to inducement or recruitment to play a sport.*
- b. Seeking a superior athletic team.*
- c. Seeking relief due to a conflict with the philosophy or action of an administrator, teacher or coach relating to sports.*
- d. Seeking a team consistent with the student's athletic abilities.*
- e. Seeking a means to nullify punitive action by the sending school for athletic reasons.*
- f. Seeking to escape academic or other ineligibility at the sending school due to the school's academic standards.*

***Season ends on the last date to count for tournament play. Tournament play does not count toward the 30 calendar days.*

(20) A student whose parents move out of the district anytime after he or she becomes a grade 10 student may continue to be eligible in the same school provided enrollment is continuous (unbroken) in the same school.

RESIDENCY- The fact that guardianship papers have been issued, placing a student under the control of a person or persons other than his/her parent(s), does not establish eligibility in the district of the guardian unless such papers are issued through a probate court judge. Residence with and support by any individual or individuals for a period of one calendar year does establish the residence of that individual or individuals as the residence of the student for athletic purposes.

D. A student shall not participate in or represent his or her school in more than one sport after the date of the first contest in that sport season, nor may that student represent more than one school during a season unless the student

satisfies the conditions of Eligibility Rule II.C.

The school season is defined as the period between the date officially designated by the CIAC as the beginning of the season for that sport and the close of the post-season CIAC Tournaments, except for those teams and/or athletes qualifying for the New England Tournaments. The conclusion of the New England Tournaments will be the end of the season for these teams and/or athletes. In the case of a sport in which the CIAC does not sponsor a tournament, the three (3) sports seasons shall be defined as follows: Fall---the Monday of the week immediately preceding Labor Day to December 2, inclusive; Winter---November 1 to April 1; Spring---March 15 to the end of the school year.

E. A student who is a member of a school team after the first scheduled tournament, meet or game in any season shall not participate with an outside team, or participate as an individual in non-CIAC tournaments, meets, *tryouts*, *skills assessment* or games in the same branch of athletics. After the first tournament, meet or game of the CIAC seasons a student competing or practicing with a non-CIAC team or as an individual in non-team sports is not eligible to become a member of the CIAC team or squad in the same branch of athletics. Exceptions to Rule II.E. are: (1) Participation in parent/child tournaments and caddy tournaments. (2) Swimming, tennis, gymnastics -- a student may practice but not compete with a non-CIAC team or as an individual during the season as long as such practices do not interfere with or replace member school practices.

F. A student shall not participate as a member of a team or as an individual in competition from which he or she receives personal economic gains because of his or her athletic skill.

A student shall always participate under his or her OWN NAME.

G. A student shall not participate in a post-season contest as a representative of his or her school except as provided in Article VII Section A, of the CIAC By-laws.

H. Requests for exceptions to the eligibility rules (including the Transfer Rule) and related appeals to the Eligibility Review Board may be considered only after the actual transfer to the new school has taken place.

III. PENALTIES

A. *Violation of Rule IIC. shall mean that the student shall be ineligible for (365) days from the date of transfer.*

B. Violation of Rule II.D. shall mean that the student shall be ineligible for the remainder of the season.

C. Violation of Rule II.E. shall mean that the student shall be ineligible for the remainder of the season.

D. Violation of Rule II.F. shall mean that the student is suspended from all interscholastic athletics until he or she shall have been reinstated by the Board of Control of the CIAC after voluntary petition to the Board of Control. The Board of Control shall not consider any petition for reinstatement until at least three (3) school months after the presentation of the petition.

E. Violation of Rule II.G. shall mean that the student shall be ineligible for one calendar year from the date of such participation.

F. A student of any member school of the CIAC may be

barred from participation in athletic contests for violation of the CIAC By-laws. A student against whom a charge or protest has been filed shall have the privilege of having his or her case presented by his or her principal at the next scheduled meeting of the Board of Control.

IV. GENERAL PROCEDURES

A. If a team uses an ineligible player, the game, whether won or lose, shall be counted, at the discretion of the CIAC Board of Control, as a defeat for the team on which the ineligible player played. For the opposing team such a game shall be counted as a victory. All such games shall be counted on the schedule of both teams as games played.

B. No member of the administration or teaching staff of a member school shall engage in, or cooperate in negotiations to induce a potentially eligible student to engage in professional sports, or to sign a contract before graduation or before leaving school. In case of violation the school will be issued a warning in writing for the first offense and be subject to suspension for the second offense.

C. 1. A member school or any affiliated person or organization of that school may not recruit a student for athletic purposes.

2. Recruiting is the use of undue influence and/or special inducement by anyone associated with a school in an attempt to encourage a prospective student to attend or remain at that school for the purpose of participating in interscholastic athletics. Refer to CIAC By-law Art. X, Recruitment.

D. Within two (2) school days after the first game of each sport, the principal shall sign and submit to the Executive Director of the CIAC, for each sport, a typed, alphabetical list of students by name, date of birth, grade, school last attended (if a transfer student defined under II, C.), certifying that these students are eligible for that season. As changes occur in eligibility they must be submitted within two (2) school days, to the Executive Director. Failure to comply with this rule may be cause of probation. ALL questions of eligibility verification must be referred to the Executive Director.

E. The headmaster or principal of each member school agrees that the interpretation of these eligibility rules made by the Committee on Eligibility Rules of the Connecticut Interscholastic Athletic Conference shall be final, subject only to review by the Board of Control of the Conference.

F. Girls may participate on boys teams. Girls may participate on either a girls team or a boys team in the same sport, but not both, within a time period of one school year. However, a member school has discretion to exclude girls from boys teams when it can demonstrate that its overall sports program does not limit athletic opportunities for girls.

Girls who participate on boys teams may enter either the boys or the girls state tournament, but not both.

Boys may not participate on girls teams.

G. On the eve of a tournament when there is not sufficient time for normal administrative procedures if a question of students or team ineligibility arises the Executive Director of CAS, in consultation with the CIAC Eligibility Committee and the Chairman of the tournament

in question, will make an appropriate ad hoc decision in consideration of the best interests of the tournament as a whole.

V. SANCTIONS

For these rules of eligibility and control the following definitions shall be used by the CIAC Board of Control:

PROBATION--A period of trial during which the school is monitored to determine compliance with the requirements of CIAC regulations.

PROHIBITION--The school cannot participate in any CIAC- sponsored meets or tournaments.

SUSPENSION--A school is removed from the CIAC and has the status of a non-member in all activities.

FINE--Punitive monetary fines nor to exceed \$10,000 may be imposed.

VI. EXCEPTIONS

Requests for exceptions to the eligibility rules must be made according to Article VIII. Section B., 4., of the CIAC By-laws.

VII. APPEALS

Any appeals from the decisions of the Eligibility Committee must be made according to Article VIII. Section B., 6., of the CIAC By-laws.

ALL-SPORTS NATIONAL HIGH SCHOOL RECOGNITION APPLICATION

NATIONAL FEDERATION OF STATE HIGH SCHOOL ASSOCIATIONS
PO Box 690 Indianapolis, Indiana 46206 Phone: 317-972-6900

Please complete all information below. Please type or print. Application must be completed in full for consideration by the National High School Records Committee. One application per mark or performance. If more than one mark or performance, please include comprehensive list and attach to application. Applications are invited for all performances which might be considered for inclusion in the National High School Sports Record Book, whether as a new national record or for listing among the top performances in a particular category. Track and field and swimming and diving performances require special applications available only from the NFHS.

This application must be forwarded to the home state high school association for its endorsement. Required along with the application are newspaper accounts of the performance and any other material (i.e., scorebooks, etc.) that can help certify and document the performance. Photographs of the performance and of the individuals or teams involved are requested.

This application should be forwarded to the state high school association as soon after the performance (single game) or completion of season (season or career marks) as possible. Applications received more than 28 days after the performance or completion of season may be too late for inclusion in the next edition of the Record Book.

The state high school association, after its recommendation, will forward the application and other required material to the NFHS office marked Attn: National Records Committee.

Performances must be established in competition conducted in compliance with the eligibility rules of the state high school association(s) involved and all NFHS playing rules for the sport involved if the NFHS publishes a rules book for that sport, unless in the judgment of the Records Committee the different rules of play do not significantly give advantage to the establishment of the record performance.

APPLICANT'S ENDORSEMENT

I submit this application for recognition in the National High School Sports Record Book. All facts contained herein are duly certified. I realize any inaccuracies could disqualify the mark or performance from recognition. It is also understood that, although the National Records Committee may approve this performance for inclusion in the National High School Sports Record Book, the passing of time and the continuing improvement in high school athletics might cause the performance to be deleted from the next edition of the Record Book.

I grant to the NFHS the right to publicize this performance in any and all ways it wishes, including through the print, broadcast and television media.

The signature appearing below should be the: (1) individual involved if an individual mark is involved; or (2) the relay team captain or coach if a relay mark is involved, or (3) the coach if a coaching or team mark is involved.

SPORTSMANSHIP STATEMENT: The National High School Records Committee is pleased to recognize outstanding achievements by teams and individuals. Although it is impossible to determine intent when marks are established, the committee strongly encourages recognition of performances in the true spirit of interscholastic competition. Running up scores or embarrassing an opponent for the primary purpose of inclusion in the Record Book is not consistent with the ideals of good sportsmanship.

CIAC TELEVISION POLICY

Applications

Each media outlet on the CIAC mailing list will be sent a supply of application forms at the beginning of each school year. Upon request applications will be mailed.

News Film Crews

Film crews from over the air stations and/or cable television systems shall be allowed access to tournament contests to shoot news film clips. These film clips shall be used as part of a station's regular news telecast or other special news program. Credentials must be requested from the site director in advance.

Live Telecasts

Permission to live telecast must be received from the CIAC. Contact the central office.

Tape Delayed Telecasts

Permission to tape delay telecast for any CIAC tournament contest must be received from the CIAC central office.

Freeze Framing

It is understood that in the televising of film or video tape, freeze framing or stopping action of the game is not prohibited.

Rights Fees

Rights fees must be paid to the CIAC office before the date of the contest. If more than one contest is to be televised separate fees must be paid for each contest to be televised.

Exclusive Rights

Rights for telecasting may be sold to one station. The CIAC reserves the right to exercise exclusivity.

Protected Facilities

The CIAC, its member schools and tournament directors will make every effort to provide weather protected facilities.

Availability of Facilities

If facilities are not available to accommodate more than one station/system at the site of the contest, consideration shall be given to the viewing areas served when compared to the teams participating. With these factors being equal, priority shall first be given to live telecast over tape delay, and if still equal, priority shall be given to past performance of station/system which have previously telecast CIAC contests.

Non-Connecticut Stations

The CIAC reserves the right to consider requests to telecast from

any station outside the state and shall accept or reject such application depending upon the merit of the request.

Discontinuation of Right

The CIAC reserves the right to discontinue the telecasting by any station at any time in the event that the telecasting is considered by the CIAC to have been in poor taste or incompatible with the educational dignity and propriety of the contest. No beer, wine, liquor, tobacco, personal health care or laxative sponsorship will be permitted. No tavern or other establishment serving alcoholic beverages will be accepted as a sponsor. Combination businesses such as food stores or hotels which dispense alcoholic beverages may be accepted as sponsors but no part of the advertising message may refer to alcohol, a bar, cocktail lounge etc. Also, messages involving political issues or candidates for office or religious groups or organizations will not be permitted.

Sharing of Equipment

In general each station will be allowed adequate working area. In the event more than one station/system is approved to televise the same contest, said stations/systems may be required to share equipment and announcing positions available.

Credentials

Stations will be issued the number of credentials necessary for working personnel at the site, but only personnel previously agreed upon.

Obtaining Credentials

Arrangements for picking up credentials must be made through the CIAC office.

Camera Positioning

Arrangements for the positioning of camera and personnel at the site must be made through the site director.

48 Hours Before Contest

Properly completed applications, with accompanying rights fees must be received by the CIAC office no later than two days (48 hours) before the actual start of the CIAC contest.

Cancellation Station/Systems

Stations/Systems approved to telecast may cancel any or all portions of the telecast. An official representative from the station/system must call the site director and inform the site director that the station/system wishes to exercise its option to cancel.

Start of Tape Delay Telecast

Approved tape delayed telecasts may begin as soon as one (1) hour after the conclusion of the contest.

Replay Conflict

Programming time of replays shall not conflict with the playing times of other scheduled CIAC contests in the same sport.

Number of Replays

There is no limit to the number of times that a complete replay telecast can be shown on the station/system approved for the telecast.

Public Service Announcement

Each station/system approved to originate or accept feed agrees to incorporate a minimum of one (1) public service spot concerning CIAC and its activities into the telecast of each game. A station if it wishes, may incorporate more than one announcement.

Fees Per Contest

Tape Delayed Telecasts

Round One and Two contests \$200 per contest; Quarter Final and Semi Final Contests \$250 per contest; Finals by Class or Open \$300 per contest.

Over the Air Live Telecasts

Round One and Two contests \$1,000 per contest; Quarter Final and Semi Final contests \$1,500 per contest; Finals by Class or Open \$2,000 per contest.

RE: Forfeiture Regulation, Section 4.0, Article 4.8, CIAC Handbook

Forfeitures will be honored by each CIAC sport committee when there is mutual agreement between the principals of the two schools involved in a contest that is cancelled. Each principal must submit on this CIAC Cancelled Game - Forfeiture Form his/her decision whether the cancelled contest should be forfeited or declared "no contest" within 72 hours following the cancellation of the contest.

Member Schools will be required to submit regular season schedules for all sports controlled by CIAC in which member schools participate. (Determination of forfeitures will be based on this schedule.)

(CIAC interpretation of terms - postponed contest means the contest will be played at a later date -- cancelled contest means the contest will not be played.)

Varsity level contests ONLY. Do not report any contest other than a varsity contest.

CIAC POLICY

on Recruiting

CIAC

Connecticut Interscholastic
Athletic Conference

CIAC

Connecticut Interscholastic
Athletic Conference

The CIAC Board of Control has established the following policy with regard to the illegal recruitment of student-athletes by member schools:

A. GENERAL PRINCIPLES

1. Recruiting is the use of undue influence and/or special inducement by anyone associated with a school in an attempt to encourage a prospective student to attend or remain at that school for the purpose of participating in interscholastic athletics.
2. Recruitment of students or attempted recruitment of students for athletic purposes, regardless of their residence, is a gross violation of the spirit and philosophy of the By-laws of the Connecticut Interscholastic Athletic Conference and is expressly forbidden.
3. Member schools are responsible for any violation committed by any person associated with the school, including principals, assistant principals, athletic directors, coaches, teachers, any other staff members or employees, or any organization, such as booster clubs, having connection to the school. Member schools also are responsible for any violation committed by any person acting at the direction of the school or anyone associated with the school. Use of third parties such as students, parents, etc., is also a violation of this policy.
4. Member schools each year will be required to submit to the CIAC Office with the Membership Application form a Certification of Compliance with the CIAC Recruiting Policy. The principal, athletic director and head coach in each varsity sport offered by the school will be required to sign a form provided by the CIAC Office certifying that they have reviewed this policy and will comply with all provisions of this policy, and that they will review the provisions of this policy with other individuals or groups associated with the school such as athletic booster clubs.

B. UNDUE INFLUENCE

1. The use of undue influence, which is the use of direct or indirect communication by anyone associated with a school with a prospective student-athlete in an attempt to solicit or encourage the enrollment of a prospective student-athlete in that school, is prohibited. Additionally, no one associated with a school may request any third party to solicit or encourage the enrollment of a prospective student-athlete in that school, for in that case the third party also becomes associated with that school.
2. Undue influence includes, but is not limited to:
 - (a) Initiating or arranging telephone, telegram or other written contact such as questionnaires, cards or letters, with a prospective student-athlete or member of his/her family for the purpose and intent of soliciting or encouraging the enrollment of the student in a school.
 - (b) Visiting or entertaining a prospective student-athlete or member of his/her family for the purpose and intent of soliciting or encouraging the enrollment of the student in a school.
 - (c) Providing transportation to a prospective student-athlete or member of his/her family to visit a school or to meet with anyone associated with a school for the purpose and intent of soliciting or encouraging the enrollment of the student in that school.
 - (d) Attending grade school, junior high or middle school games for the purpose of evaluating and recruiting specific prospective student-athletes.
 - (e) Requesting booster club members, students, parents or alumni from a school to discuss the merits of the school's athletic program with a prospective student-athlete or member of his/her family by phone, in person or through letters or other written communication.
 - (f) Any other contact with a prospective student-athlete or member of his/her family for the purpose and intent of soliciting or encouraging the enrollment of the student in a school.
3. No member school and no one acting on behalf of any member school may give any speech or give any slide, film or tape presentation or distribute any written material, including advertisements in newspapers, magazines or other publications, which states or implies that a member school's athletic program is better than the athletic program of any other member school or that it would be more advantageous for any prospective student-athlete to participate in athletics at that member school as opposed to any other school.
4. When a student at a junior high, middle school or other high school, or the parent(s) or guardian(s) of that student contacts a coach about attending the coach's school, the coach must immediately refer the student, parent(s) or guardian(s) to the principal or other appropriate school personnel, who have the responsibility of seeking and processing prospective students.

C. SPECIAL INDUCEMENT

1. A student-athlete may not receive or be offered any remunerations of any kind or receive or be offered any special inducement of any kind which is not made available to all students who enroll in or apply to a school.
2. Special inducements include, but are not limited to:
 - (a) Offer or acceptance of money or other valuable consideration such as free or reduced tuition during the regular school year or summer school by any person associated with a school.
 - (b) Offer or acceptance of room, board, textbooks or clothing, or financial allotment for textbooks or clothing.
 - (c) Offer or acceptance of pay for work that is not performed or that is in excess of the amount regularly paid for such service.
 - (d) Offer or acceptance of free transportation by any person associated with a school.
 - (e) Offer or acceptance of a residence with any person associated with a school living with non-custodial parent.
 - (f) Offer or acceptance of any privilege not afforded to non-athletes.
 - (g) Offer or acceptance of free or reduced rent for parents or guardians.
 - (h) Offer or acceptance of payment of moving expenses of parents or guardians or assistance with the moving of parents or guardians.
 - (i) Offer or acceptance of employment of parent(s) or guardian(s) in order to entice the family to move to a certain community if any person associated with the school makes the offer.
 - (j) Offer or acceptance of help in securing a college athletic scholarship.

D. *ACADEMIC RECRUITMENT PROGRAMS*

1. This policy is not intended to prevent a member school from conducting academic recruitment programs or recruitment programs designed to attract students based upon the school's overall educational and extracurricular programs. However, such recruitment programs must be designed to present the overall educational and extracurricular programs of the school and not be used as a subterfuge for recruiting students for athletic purposes. Such general recruitment programs permissible under this article must be carried out under the following guidelines:
 - (a) With the permission of the principal, member schools may present speeches, slides, films, tapes or other similar programs to students at elementary, junior high or middle schools with grades below the ninth from which the member school can normally expect enrollment so long as said speeches, slides, films, tapes or other presentations are designed to attract students to attend the member school and are based upon the overall educational programs and not presented for the purpose of recruiting prospective athletes. No information can be distributed through such programs by the use of speeches, slides, films, tapes or written material which in any way implies that the member school's athletic program is better than any other member school's athletic program or that it would be more advantageous for a prospective student-athlete if he/she participated at that member school as opposed to any other member school.
 - (b) Member schools may conduct open house, designed to attract students based upon the school's overall educational and extracurricular programs. No information distributed at a school's open house through any speech, slide, film, tape or written material can imply that the school's athletic program is better than any other member school's athletic program or that it would be more advantageous for a prospective student athlete if he/she participated at that member school as opposed to any other member school. The school's athletic director and member school coaches may be present as part of the administrative team and faculty that conducts an academic recruitment presentation or open house for the purpose of answering questions or making presentations consistent with the above. Coaches must strictly adhere to the CIAC recruitment regulation that prohibits the use of undue influence and/or special inducement by anyone associated with the school in an attempt to encourage a prospective student to attend that school for the purpose of participating in interscholastic athletics.

E. *ATHLETIC PROGRAMS / ACTIVITY FAIRS*

1. Specific athletic and sport information may be distributed not earlier than April 15 by coaches and others, at any venue, to eighth grade students and other students that have officially committed to attend a member school. Students considered in this group are those that have been officially assigned a program of studies; registered with the school for the next school year and have complied with all other school enrollment requirements. These students are then considered bona fide members of the member school and may be contacted by individual school personnel for specific athletic intentions.
2. Activity fairs including athletic information programs may be held during the school day on or after April 15.
3. Prior to April 15, parent initiated individual visits to schools are permitted during school hours. Student hosts or others may not be assigned for athletic consideration.

F. *FINANCIAL ASSISTANCE PROGRAMS*

1. Member schools are permitted to maintain financial assistance programs for students which must be without regard to athletic potential. Financial assistance based even partially on athletic potential or performance is not permitted from the school or any individual or group associated with the school.
2. Financial assistance programs must be carried out under the following guidelines:
 - (a) Evaluation of the students needs for financial assistance must be performed by a recognized organization independent of the school and approved by the CIAC Board.
 - (b) Member schools must make all records of financial assistance available to the CIAC for inspection upon request.
 - (c) No coach or any other unauthorized person associated with the school may suggest or promise that any part of tuition will be waived for a prospective student or that financial assistance may be granted for any reason, including financial need. The only person who may address the possibility of fee reduction or financial assistance is that person who has specific responsibility for admissions and financial assistance policies and procedures.
 - (d) Funds which have been donated to schools by businesses, organizations, clubs and individuals may be given as financial assistance to students through the normal financial assistance program of the school for all students, without regard to athletic potential.

G. *PENALTIES*

1. A member school found to be in violation of any provision of this policy: (a) will be assessed a financial penalty as well as all expenses incurred by the CIAC in its investigation, placed on administrative probation and required to forfeit all contests won in which a recruited student(s) participates and/or all points earned in any contests by a recruited student(s); (b) may be placed on restrictive probation and denied participation in the CIAC State Championships Series for a period of not less than one year in the sport(s) in which the violation(s) occurred; (c) may be placed on suspension probation and denied any participation with any member school for a period of not less than one year in the sport(s) in which the violation(s) occurred; and/or (d) may be suspended from membership in the Association for a period of not less than one year.
2. A student who allows himself/herself to be successfully recruited by a member school: (a) will be declared permanently ineligible for interscholastic athletic competition at the school to which he/she was recruited; and (b) may be declared ineligible for interscholastic athletic competition for a period not to exceed one year at any member school.

NOTE: Member schools may submit certification of compliance form through the on-line eligibility center at www.casciac.org/elig/eligibility.cgi (use the "Administrative Actions" pull-down menu)

COOPERATIVE TEAM REGULATIONS AND INSTRUCTIONS

The CIAC Board of Control has the authority to approve the formation of cooperative athletic teams by two, but no more than three, member high schools under the following conditions:

- a. The determination of the proper set of circumstances which will allow two or three, but not more than three schools to form a cooperative team will depend significantly on the issue of competitor displacement. When the CIAC believes that a cooperative arrangement will cause an unreasonable displacement of potential competitors from one of the schools, the request to form a cooperative will be denied. Schools having sufficient numbers of competitors are advised not to request the formation of a cooperative team in that sport. It is only when two, but no more than three schools are experiencing difficulty in obtaining the desired number of competitors to form a team that the request for a cooperative team should be initiated.
- b. The schools are located in the same geographical area.
- c. The two or three schools participating in the cooperative must be members of the CIAC, Inc.
- d. The combined boy or girl enrollments in grades 10, 11, and 12 of the schools involved in the cooperative team will be used to determine the classification of the cooperative for participation in CIAC tournaments.
- e. The cooperative sponsorship agreement is established for a period not to exceed two consecutive school years.
- f. The governing boards of all schools participating in the cooperative team agreement jointly make application to the CIAC Board of Control for approval of the cooperative team agreement.
- g. The joint application must include:
 - 1. Written approval from the league(s) of which the cooperating schools are members, and/or in which the cooperative team will participate -- or, in the event the cooperative team will not be affiliated with a league, written approval from a minimum of six schools included in the cooperative team's schedule of competition;
 - 2. The application form signed by the principals of the cooperating schools designating the name under which the cooperative team will compete;
 - 3. A report of the number of potential students from each of the cooperative schools expected to participate on the cooperative team;
 - 4. A report of the number of students, if any, from each of the cooperating schools who have been participating in the sport involved, in programs offered on an on-cooperative basis by their own schools;
 - 5. A statement expressing the reasons for the formation of a cooperative team;
 - 6. Written assurance that the cooperative team will not limit or lessen participation opportunities for students in any of the cooperating schools. "Cutting", which denies a student athlete from participation, is not permitted. All who wish to be on the team must be accommodated. A no cut policy must be established.
 - 7. Eligibility lists for the previous season in the sport in question.
- h. The principal of the host school will be designated as responsible for all CIAC-related correspondence concerning the cooperative team.

Application deadlines for cooperative teams during any school year are:

Fall Sports June 1st
Winter Sports October 1st
Spring Sports February 1st

NOTE: The cooperative team application form must be completed and be accompanied by all necessary addenda.

Decision-Making Body

The CIAC Executive Committee, consisting of the Chairman, Past Chairman, Secretary/Treasurer and one principal at-large, plus one representative from CAAD and CHSCA will serve as the Cooperative Team Review Committee whose power will be to approve or disapprove all applications. The review committee will meet three times each year. The applying schools will be responsible for having all appropriate documents and applications available for committee action.

INDIVIDUAL SPORT PARTICIPATION LIMITS

The following limits have been set by each CIAC sport committee. When the number of potential participants in any school exceeds the limits listed below a cooperative team will not be approved.

Fall Sports

Cross Country	5
Field Hockey	TBA
Football	37
Soccer	16
Swimming	14
Volleyball	TBA

Winter Sports

Basketball	TBA
Gymnastics	3
Ice Hockey	15
Swimming	14
Wrestling	13

Spring Sports

Baseball	TBA
Golf	TBA
Lacrosse	19
Outdoor Track	14
Softball	TBA
Tennis	10

DISSOLUTION OF COOPERATIVE TEAMS

1. When the decision of the CIAC co-op committee is to dissolve or discontinue a co-op program, there will be a maximum of a two (2) year phase-out (grandfather) period, renewable yearly, and athletes will be eligible from their schools throughout the two year phase-out period. Eligibility is not restricted to only those athletes who were on the original co-op team roster at the time of discontinuation.
2. All schools must agree to remain in the co-op agreement on a yearly basis. League approval is not required. During the two year grandfather period all athletes are to be notified by their school that a limited period of eligibility exists because the program is in a maximum of a two year phase-out period.
3. In a two (2) team co-op, if during the phase-out period both the teams exceed the co-op minimum limit at any time, the co-op will be rescinded and grandfathering will not be allowed.
4. In a three team co-op, if two (2) teams exceed the co-op limit and one does not, then the CIAC co-op committee will determine, with the approval of each school affected, which one of the teams over the co-op limit will be removed from the co-op.
5. In a three team co-op, if the numbers of two teams combined do not exceed the minimum co-op limit, all three (3) teams can remain in the co-op.
6. No three (3) team co-op program can exceed two (2) times the minimum limit for a co-op team.

Reason for change: The co-op team committee has struggled with the issue of how to handle co-op teams that are dissolved or disbanded. At issue is how to be fair to athletes who have played on a co-op team for one or two years and who are suddenly left without any options to continue when the team is disbanded. The proposed change allows a co-op team that is to be dissolved to remain in tact for a two-year phase out period. The new language also sets forth specific parameters on when a co-op team must dissolve or when a school remove itself from a co-op team due to excessive numbers.

The proposed change is also intended to provide school administrators with sufficient time to establish a new co-op team with another school or budget the necessary funds to promote their own independent program, if they so desire.

QUESTIONS AND ANSWERS CONCERNING COOPERATIVE TEAMS

1. Q. **When a school has a reasonably sufficient number of competitors to sponsor a team will that school be allowed to develop a cooperative arrangement with a school which does not have sufficient numbers to sponsor a team?**
A. *No. The determination of the proper set of circumstances which will allow two or three schools to form a cooperative team will depend significantly on the issue of competitor displacement. When the CIAC believes that a cooperative arrangement will cause unreasonable displacement of potential competitors from one of the schools, the request to form a cooperative will be denied. Schools having sufficient numbers of competitors are advised not to request the formation of a cooperative team in that sport. It is only when two or more schools are experiencing difficulty obtaining an adequate number of competitors to form a team that the request for a cooperative team should be initiated.*
2. Q. **How is the term “same geographical area” defined?**
A. *The term “same geographical area” will be defined by the boards of education forming each cooperative team. It is expected that the practical factors involved in arranging a co-op will create practical parameters to the geographical area any cooperative could serve.*
3. Q. **According to the regulations, league approval is required for each cooperative team. What constitutes league approval?**
A. *League approval is formal voted-upon action by a league, according to its own method of voting, granting formal approval by the league of the formation of a cooperative team involving one or more of its member schools.*
4. Q. **What requirements do schools which establish cooperative agreements have to meet with respect to defining the administrative details of a cooperative team?**
A. *Boards of education must adopt a formal intergovernmental agreement with the other district(s) involved in the formation of any cooperative team they establish. This agreement must be formally adopted by the boards of education of all cooperating schools.*
5. Q. **If a school adds a boys’ team by the formation of a cooperative team, must it also add a girls’ sport team to its program?**
A. *Simply adding a team for one sex of students by forming a cooperative does not require corresponding action to add a team for the other sex of students. However, schools are bound by the provisions of Title IX. Questions with respect to Title IX regulations should be referred to the State Department of Education.*
6. Q. **May cooperative teams be formed with out-of-state schools?**
A. *No.*
7. Q. **May a cooperative team be formed with a school which is not a member of CIAC, Inc.?**
A. *No.*
8. Q. **May a school form more than one cooperative team in the same sport?**
A. *No. A cooperative team will not be approved based upon level of play, such as a freshman team or J.V. team. Approval will be decided solely on permitting schools to engage in a sport cooperatively.*
9. Q. **May a school form a cooperative with one school in football, a different cooperative team with another school cross country and even a third cooperative with yet another school in volleyball?**
A. *Yes. The provisions of this rule permit formations of different cooperative teams with different schools on a sport-by-sport basis. However, each cooperative team formed must undergo the complete process of approval by the boards of education, the league, and the CIAC Board of Control.*
10. Q. **In light of the requirement that cooperative teams may not limit participation opportunities, must a no-cut policy be established for each cooperative team that is formed?**
A. *Yes.*

11. Q. **May a school drop one sport, such as field hockey, in order to enter a cooperative team arrangement in another sport such as girls soccer?**
- A. *Yes. The decision as to which sports to offer is exclusively the prerogative of each board of education.*
12. Q. **Is there a deadline for filing cooperative team applications with the CIAC Board of Control?**
- A. *Yes. The deadline is June 1 for fall sports -- October 1 for winter sports -- and February 1 for spring sports.*
13. Q. **May a cooperative team be formed during a sport season, in order to accommodate participation in the CIAC tournament series that school year?**
- A. *No. All cooperative team applications must be submitted on or before the date deadline for each sport season. Applications received after these dates will be denied or considered only for implementation no sooner than one year hence.*
14. Q. **Must a cooperative team meet all of the qualifying regulations of a specific sport before being permitted to compete in the state tournament?**
- A. *Yes.*
15. Q. **If two schools form a boys' cooperative team with each school having boy enrollments in grades 10, 11, and 12 of 150 and 192, what enrollment will be used to determine classification for that sport?**
- A. *Classification of the cooperative team will be based on the combined boy enrollment of the cooperating schools, for example, 150 and 192 or a total of 342. The individual schools will be classified on the same basis of their individual boy enrollments of 150 and 192 for other sports.*
16. Q. **If two schools receive approval for a cooperative team, may they reapply their cooperative agreement and add a third school to the cooperative?**
- A. *Coop teams are not permitted to add a third team if the total number of players on the existing coop team exceed the maximum limit required per sport.*
17. Q. **If two schools form a cooperative agreement, and then after the season for that sport begins, interest wanes and there are not sufficient students participating to sustain the team, what are the eligibility implications for students who may have been participating in the cooperative team?**
- A. *Students who begin participating on a cooperative team which is then disbanded after having competed in its first contest, may not compete in another CIAC sport during the remainder of the current sport season. Furthermore, if students from either of the schools enter the CIAC state tournament series as individuals in the sport for which the cooperative was established, they would have to be entered under the auspices of the cooperative team, not their own individual high school.*
18. Q. **A school after one year in a cooperative agreement is forced to discontinue the sport because of lack of support from the other schools in the cooperative. May that school petition to form a cooperative in the same sport with another school or schools?**
- A. *Yes. In this case an appeal will be heard by the review committee to grant exception to the two year commitment.*
19. Q. **May two schools from a cooperative team then subsequently consolidate with each other the second year of the cooperative?**
- A. *Yes. Consolidation of schools joined in a cooperative team agreement will simply supersede the cooperative agreement in such case.*
20. Q. **In the event two schools, each of which is a member of a different league, form a cooperative team, how will the requirements for league approval be administered?**
- A. *According to the cooperative policy, cooperative teams must be approved by the leagues of which the participating schools are members. They must also be approved by the league in which the cooperative team will participate or by six schools on the cooperative team's schedule if it does not compete in a league.*
- (A) *If the cooperative team competes in a league of which one of the schools has been a member, both that league and the league of which the other school(s) in the cooperative has been a member(s) will be required to approve the cooperative team.*

- (B) *If the cooperative team competes in neither of the existing leagues but will compete in another league altogether, then both the previous leagues and the new league must approve formation of the cooperative.*
- (C) *If the schools forming the cooperative have been league members but will compete as an independent, then the leagues of which they have individually been members, along with the six schools on the cooperative team's schedule, must approve the formation of the cooperative.*
- (D) *If one school entering the cooperative has been a member of a league and the other has been an independent, and the cooperative will compete as an independent, approval of the cooperative team must be obtained from both the league of the one cooperating school and from six (6) schools on the cooperative team's schedule.*

21. Q. **How is the term six (6) schools defined with respect to requiring approval by six (6) schools on its schedule?**

A. *Six schools mean six different schools which appear on the cooperative team's schedule for the first season of play.*

PLAYER/COACH DISQUALIFICATION/EJECTION REGULATION AND INTERPRETATIONS

Adopted: April 17, 1995 / Revised: July, 1998

CIAC DISQUALIFICATION / EJECTION RULE

The CIAC set guidelines and tone for acceptable and appropriate behavior at all CIAC contests. Given this charge, it is CIAC's responsibility to be proactive and responsive to the growing issues of violence in sports. A strong consistent statement reflecting zero tolerance for violence in sports must become standard operating procedure for all schools. (This is to be considered a minimum standard.)

The following policies for disqualification shall apply in all sports:

1. Any student athlete who physically assaults an official, coach, opposing player or spectator will be immediately dismissed from the team for the remainder of the season.

2. When an athlete or coach is ejected from a contest for unsportsmanlike behavior or fighting, including *taunting, the athlete or coach is ineligible to participate in the next contest at the same level of play (even if the next contest does not occur until league or CIAC tournament play or next year). If one or more different level contests are scheduled prior to the next contest at the same level of play, the athlete or coach shall be ineligible to participate in the next (but no more than one) contest at all other levels of play.

3. Upon the second disqualification, if that violation is for initiating a fight or retaliating in a fight (as determined by the game official), that student athlete will be dismissed from the team for the remainder of the season. (Otherwise #2 remains applicable.)

4. A school's first incidence of non-compliance will result in forfeiture and a \$100 fine; a school's second incidence of non-compliance will prohibit the school from entry in the next CIAC tournament for that sport, or from the remainder of the current tournament if the disqualification occurs during a CIAC tournament or during the last regular season contest / day of competition.

5. Any CIAC team that accumulates five (5) or more disqualifications for flagrant misconduct, unsportsmanlike conduct, including taunting, retaliating in a fight, or physically assaulting an official, coach, opposing player or spectator during the course of one season will be barred from CIAC post-season competition. The number of disqualifications must be completed on all tournament forms. Disqualification from the team under #1 constitutes one disqualification in team totals.

6. Disqualifications from one season carry over to the next season in that sport for undergraduates and coaches, or the next season of participation in any sport for seniors.

7. If the playing rules for a sport specify an additional penalty, the additional penalty will apply. The CIAC disqualification rule applies to all disqualifications with the exception of reaching the limit of personal fouls in basketball and lacrosse; reaching the limit of technical violations in wrestling; or being disqualified by the rules in ice hockey and lacrosse, which does not require a next game disqualification.

8. Any misconduct by a coach will count towards the team's total number of disqualifications.

9. Each game official will notify the Assigner for that game who will notify the CIAC office (203) 250-1111 immediately following the game of all disqualifications. The CIAC will notify the affected school administration prior to 12 noon on the following day of the game suspension. It will also be the responsibility of the Assigner for that game to notify the athletic director of the offending school the morning of the next school day. The Athletic Director or Principal of the school having the disqualified player or coach must notify their next opponent.

*** Definition of ASSAULT:**

An assault is defined as a violent attack which attempts to injure one physically. In the judgment of the game official it is more serious than a fight (usually towards another person and requires immediate removal of the athlete for the remainder of the year.

*** Definition of TAUNTING:**

Taunting includes, but is not limited to any actions or comments by coaches or players which are intended to bait, anger, embarrass, ridicule or demean other players, coaches, or game officials. Included in this is conduct that berates, needles, intimidates or threatens based on gender, ethnic origin or background and conduct that attacks religious beliefs, size, economic status, speech, family, special needs, or personal matters. Examples of taunting that would lead to ejection include, but are not limited to, physical and verbal intimidation outside the spirit of the game ("trash talk"), reference to sexual orientation, "in-the- face confrontation" by one player to another, standing over, straddling a tackled or fallen player, etc.

*** PENALTY:** In all sports, game officials are to consider taunting a flagrant, unsportsmanlike foul that disqualifies the offending bench personnel or athlete from that contest / day of competition and the player or coach from the following contest / day of competition, i.e. the CIAC player/coach ejection rule will be invoked. A warning may be given, but is not required before ejection.

In Soccer, an accumulation of two yellow cards in one game against the coaching personnel or team bench will constitute a red card against the head coach and will restrict that coach from coaching his/her team in any contest until withheld from the next contest at that level of play.

INTERPRETATIONS

1. Q. If an athlete is disqualified from a JV game, is that athlete eligible to participate in a varsity game following the JV game?

A. No. The athlete is ineligible to play until he/she has been withheld from the next contest at that level of play. If the violation occurred in a JV game, the athlete does not regain eligibility until the JV contest has been played and he/she has been withheld. **

2. Q. A student who was disqualified for unsportsmanlike conduct in the last game of the student's eleventh grade season transfers to

another school for his/her senior year. Is that student disqualified from his/her first game at that level of play in that sport at the new school?

A. Yes. It shall be the responsibility of the sending school to inform the receiving school of the current disqualification.

3. Q. If a student is only disqualified from a track event, is that student disqualified from the next competition?

A. If a student is only disqualified from an event (and not disqualified from the meet for unsportsmanlike conduct), the student is not disqualified from the next competition or from that event in the next competition.

4. Q. When is the next game suspension for the varsity coach who is ejected for unsportsmanlike conduct while sitting with junior varsity team during a contest in the same sport?

A. The coach may not attend any games be they varsity, JV or freshmen until the next JV contest has been played and the coach was barred from coaching and attending. **

5. Q. When is the next game suspension for the junior varsity coach who is ejected for unsportsmanlike conduct while sitting with the varsity team during a contest in the same sport?

A. The coach may not attend any games be they varsity, JV or freshmen until the next varsity contest has been played and the coach was barred from coaching and attending. **

6. Q. When is the next game suspension for unsportsmanlike conduct for the person who serves as both junior varsity and varsity coach in a sport?

A. The coach is withheld from any level contest until a contest has been played at the level in which the disqualification occurred and the coach is barred from coaching and attending. **

7. Q. If a player is disqualified from a contest for something other than what the rules define as unsportsmanlike conduct, does the next game disqualification apply?

A. Yes. If the playing rules for a sport specify disqualification for other violations, the playing rules apply, and for the next game at that level of play disqualification is required. For example, some rule codes may require disqualification for flagrant fouls, without ever specifically calling such acts "unsportsmanlike". Nevertheless, for the next game, disqualification must follow. **

8. Q. Does a "game misconduct penalty" in ice hockey require a next game disqualification?

A. No. National Federation Ice Hockey Rule 4, Section 5, specifically allows for removing a player for the duration of a contest without effect on subsequent games. National Federation Ice Hockey Rule 4, Section 6 describes the game disqualification which suspends the player from the remainder of the game and the next. For the second occurrence in a season, the player is removed from that game and the next two; for the third occurrence, that game and the next three; and so on.

9. Q. If a coach who is a parent of a team member is disqualified from a contest, is that coach allowed to attend the game as a parent?

A. No. Coaches who are also parents of team members are afforded no special consideration. They may not coach or attend until the contest at that level of play has occurred.

10. Q. If a game official or school representative has knowledge of a next-contest suspension which was not enforced by a member school, what action can be taken?

A. The CIAC encourages the official or school administrator to contact the school for which there is concern to advise the administrator of the concern. A follow-up call to the CIAC is also appropriate. Using an ineligible player may cause the game to be forfeited.

11. Q. May a school amend the published schedule of a team to avoid imposing the next level of play contest disqualification on a day which an important league contest or a CIAC tournament is scheduled?

A. No. The athlete or coach is suspended from the next regularly scheduled game at that level of play, not games added or adjusted in order to serve the penalty before an important contest. Rescheduled postponed games can count as the next contest if they were scheduled prior to the infraction.

12. Q. If, on the day of disqualification penalty is enforced, the contest is suspended, does the penalty enforcement apply to the continuation of the suspended game?

A. No. When competition is held the penalty is enforced and it is determined that the penalty requirements have been satisfied even though the contest is incomplete and may continue on a future date.

13. Q. Can a scrimmage satisfy the next contest disqualification requirement?

A. No.

14. Q. When a coach is ejected or disqualified from a contest, where is he/she expected to be for the duration of the contest?

A. The coach is expected to vacate the premises. If a certified coach cannot be found to replace the ejected coach within fifteen minutes of the ejection, the game is forfeited.

15. Q. When an athlete is ejected or disqualified from a contest, where is he/she expected to be for the duration of the contest?

A. Players can remain on the bench or sidelines as long as their presence does not interfere with the contest in any way. Never should an athlete be sent away from the site without adult supervision. Coaches are responsible for the care and safety of students and should not be placed in a position which does not allow them to provide reasonable care and supervision.

16. Q. If an athlete in an individual sport (i.e. tennis), is removed during a match for unsportsmanlike conduct, are the points he/she earned during the meet removed from the team score?

A. No. Unless the rulebook for the sport prescribes specific scoring procedures, all points earned by the athlete previously will remain part of the team score, but he/she will not receive points or awards in the event where a disqualification occurred.

17. Q. If more than one player is ejected from a team during a single incident, do they all count toward the accumulation of team violations for that sport?

A. Yes. Each DQ is to be added to the total accumulation for a team during that season.

18. Q. If a player is disqualified from a meet on the first day of a two day competition and therefore cannot qualify for the second day competition, does that second day count as the "disqualification" day?

A. No. A progressive tournament which is held over two or three days is considered a single meet. Therefore he/she would have to sit out the next meet.

19. Q. If an athlete is disqualified from a contest and the next contest is a tri or squad meet, is he eligible for the second contest in the meet?

A. Yes. The athlete sits out only the first match.

** If one or more different level contests are scheduled prior to the next contest at the same level of play, the athlete or coach shall be ineligible to participate in the next (but no more than one) contest at all other levels of play.

Note: Game Assigners reporting disqualifications and ejections are to leave the following information on CIAC voice mail: Name of player and/or coach, name of school, date of ejection, sport, name and telephone number of official.

TRANSFER WAIVER FORM

Member schools (receiving school) will be required to duplicate this Transfer Waiver Form and submit two copies to the previous or sending school for each transfer student in accordance with the CIAC Bylaws, Article IX, Eligibility of Athletes, Rule II.C. Please read reverse side before completing the Transfer Waiver Form.

The undersigned hereby certify that the student named herein has transferred to his/her present school of enrollment without inducement or recruitment or for athletic reasons. The parents/guardians also agree to the submission to the CIAC of any pertinent records, including transcripts, maintained by the schools. Refusal to sign the Transfer Waiver Form may not be based upon nonpayment of fees, failure to return school property and the like. No Transfer Waiver Form is necessary for students who are residing with their parents or legal guardian who have moved to the United States or who have moved from one school district or service area to another school district or service area in accordance with CIAC Code of Eligibility Rule II.C.

The CIAC Eligibility Review Board will assume the responsibility to conduct an inquiry if either or both principals do not sign. The final determination of eligibility in these cases will be determined by the Eligibility Review Board.

REQUIREMENT #19**

A student who does not qualify for the transfer rule requirements 1 through 18 will be granted eligibility by application to the CIAC Eligibility Committee if the following are satisfactorily completed:

After a period of 30 calendar days from the date of the first allowable play date following date of enrollment (first day of attending classes) in the receiving school for the affected sport, or from the date of the first school contest after the date of enrollment, if entry is after the first allowable play date, eligibility will be granted to a student who has participated at the JV or varsity level of play any time during the present or preceding year at the sending school, who does not otherwise qualify for any of the above exceptions and when both the sending and receiving school principals sign a CIAC transfer waiver form certifying to the best of their knowledge that the student has not transferred for athletic reasons. * If the season ends** before the thirty (30) calendar days have been completed, any remaining days of ineligibility shall be satisfied from the first allowable play date of the present school's regular season in that sport during the next school year unless he/she is a multi-sport athlete. In these cases, the remaining portion of the 30 calendar days will be served successively.

To qualify for the provisions of this section, a student must be a member of the team during the season in which the 30 day wait period is applied.

All questions, concerns or interpretations of the application of Requirement #19 should be immediately referred to CIAC staff. Appeals of actions related to Requirement #19 will be made before the Eligibility Review Board.

* Definition of athletic reasons:

A transfer for athletic reasons is defined as, but not limited to:

- a. Seeking a change to a new school due to inducement or recruitment to play a sport.
- b. Seeking a superior athletic team.
- c. Seeking relief due to a conflict with the philosophy or action of an administrator, teacher or coach relating to sports.
- d. Seeking a team consistent with the student's athletic abilities.
- e. Seeking a means to nullify punitive action by the sending school for athletic reasons.
- f. Seeking to escape academic or other ineligibility at the sending school due to the school's academic standards.

** Season ends on the last date to count for tournament play. Tournament play does not count toward the 30 calendar days.

POINTS OF EMPHASIS

1. The transfer rule does not apply to grade nine (9) students. They may transfer at any time during or at the end of the ninth grade and remain eligible.
2. The transfer rule applies only when a student enters grade 10 and plays for the school in an interscholastic athletic contest. Athletic eligibility is then declared in that sport only. It is at that point that the CIAC transfer rule takes effect.
3. The addition to the transfer rule assures students who transfer after entering grade 10 and having had played in a sport during grade 10, 11, or 12 during the present or preceding year, the opportunity to become eligible following a 30 day wait period from the time of the first allowable play date for the sport, **IF** the principal of the sending school and receiving schools sign a CIAC waiver form certifying that to the best of their knowledge the student has not transferred for athletic reasons.

APPENDIX V

CIAC FORMS AND APPLICATIONS 2003-04 SCHOOL YEAR

The following list of CIAC forms have been developed to aid the member school Principal and/or Athletic Director in the process of complying with conference rules and regulations.

1. **Uniform Eligibility List Form** -- Eligibility lists for all sports must be submitted via the CIAC website two days after the first contest for each and every CIAC controlled sport team be it varsity, junior varsity, freshman or sport club which the member school participates.
2. **Rules of Eligibility** -- 2003-04 copies mailed to member schools in July of each year -- a copy of this form may be found as Appendix B in the 2003-04 Handbook.
3. **CIAC Cancelled Game - Forfeiture Form** -- copy of form may be found as Appendix P in the 2003-04 Handbook - copies may be obtained from the CIAC Central Office upon request -- must be completed for all canceled varsity contests which appear on the schedule of games submitted to CIAC -- this form when properly submitted will permit a canceled league or non-league game to be forfeited. NOTE: Forfeiture forms can be submitted through the on-line eligibility center at www.casciac.org/elig/eligibility.cgi.
4. **CIAC Eligibility Protest Form** -- a copy of this form may be found as Appendix D in the 2003-04 CIAC Handbook -- this form is to be used by a member school when there is a belief that a CIAC Rule of Eligibility has been violated -- this form is not to be used for filing a protest relative to a game playing rule.
5. **Cooperative Team Application** -- a copy of this application may be obtained by contacting the CIAC Central Office -- form is to be fully completed when member schools are desirous of forming a Cooperative Team in a CIAC controlled sport -- there are date limitations per each season as to when the form must be filed. (Appendix R)
6. **Disqualification/Ejection Form (Player/Coach)** -- Included in each of the sport tournament packets on the CIAC website at <http://www.casciac.org/sportscenter.shtml>. Must be completed and submitted on-line at the conclusion of the season and prior to the tournament. (Appendix T)
7. **Entry Form (Specific Sport - CIAC Tournament)** -- Included in each of the sport tournament packets on CIAC website at <http://www.casciac.org/sportscenter.shtml>. Must be submitted on-line by date specified in tournament packet when a varsity team is close to qualifying for the CIAC tournament for that sport and wishes to participate. A late fee will be assessed for forms not filed on time.
8. **Schedule Form (Specific Sport - CIAC Tournament)** -- Included in each of the sport tournament packets on CIAC website (<http://www.casciac.org/sportscenter.shtml>) for those sports which require a certain winning percentage in order to qualify for the CIAC Tournament. Must be filed via CIAC website on date specified -- this form is not required in the following sports: cross country, indoor track, outdoor track, wrestling, swimming -- a late fee will be assessed for forms not filed on time.
9. **Game Officials Nomination Form** -- included in some, not all, tournament packets -- must be completed and submitted via CIAC website by time specified.
10. **Facilities Form** -- included in some, not all, tournament packets -- to be submitted via the CIAC website by the time specified -- important if games are to be played at the higher ranked school site.
11. **Out of State Game Report Form** -- Must be submitted through the online eligibility center (at <http://www.casciac.org/elig/eligibility.cgi>) when a member school engages in a dual meet or game with an opponent from another National Federation Region I state. Must be submitted 30 days before the CIAC tournament for the specific sport.
12. **Certificate of Compliance with CIAC Recruitment Policy** -- Copies of the CIAC Recruitment Policy can be found in Appendix Q of the CIAC 2003-04 Handbook. Compliance forms must be completed no later than September 15, 2003 and can be submitted on-line through the on-line eligibility center (at www.casciac.org/elig/eligibility.cgi -- use the "Administrative Actions" pull-down menu)
13. **National Federation Sanction Form** -- Information regarding National Federation sanction may be found in the 2003-04 Handbook, Section 10.0, page 4-5. Application may be found in Appendix W in this Handbook.
14. **CIAC Transfer Waiver Form** -- Signatures of both sending and receiving school principals stating that transferring students have not been recruited for athletic reasons. Appendix U

NFHS APPLICATION FOR SANCTION OF INTERSTATE AND INTERNATIONAL ATHLETIC EVENTS SANCTIONING PROCEDURES

NOTE: The interscholastic community urges event sponsors to schedule interstate competition in a manner that minimizes the amount of time student participants will be absent from the regular school day.

1. **Events that Require NFHS Sanctioning:**
 - a) Any interstate event involving two (2) or more schools which is co-sponsored by or titled in the name of an organization outside the high school community (e.g., a university, a theme park, an athletic shoe/apparel company).¹
 - b) Non-bordering events if five (5) or more states are involved.
 - c) Non-bordering events if more than eight (8) schools are involved. (effective 8/1/02)
 - d) Any event involving two (2) or more schools that involves a team from a foreign country. The host school should complete the international sanction application on page 3. (The exceptions to this rule are Canada and Mexico which are considered "bordering states.")²
2. **Request for Sanction:** Only a member school of an NFHS member state association, or a school approved by such an association, or such an association itself, is eligible to request sanctioning through the NFHS Interstate Sanctioning Program. *Any event seeking NFHS sanction must be sponsored by a member high school, approved high school or state association.*
3. **Interstate Competition:** Interstate competition occurs when either teams or individuals who represent their schools travel across state lines to participate in competitive sports events, including but not limited to such events as "shoot-outs," "show-cases," "round-robin tournaments," etc. Subject to Paragraph 3, no sanction is required from the NFHS office if all competing schools, regardless of the number of competing schools, are from states that border the host state unless the event is co-sponsored by or titled in the name of an organization outside the high school community.
4. **Timelines/Fees:** This application for sanction should be sent to the state association of the host school ninety (90) calendar days or more prior to the event and must be accompanied by the host school's processing fee of \$75, check or money order, per application made payable to the NFHS. (Do not send cash.) The sanction application must be received in the NFHS office sixty (60) calendar days or more prior to the event. The late fee for any application that arrives in the NFHS office 15-59 calendar days prior to the event will be \$25 for a total of \$100. If the application arrives in the NFHS office less than 15 calendar days prior to the event, the late fee will be \$125 for a total application fee of \$200. If the NFHS does not receive the late fees within ten days, the event will not be sanctioned, and the meet director will be notified they are running a non-sanctioned event. There is no processing fee for International Athletic Competition applications (page 3).
5. **Names and Addresses of Invited/Participating Schools:** All sanction requests submitted to the NFHS office must be accompanied by the names and addresses of all invited/participating schools. In the case of cross country and track and field events, the host school will complete the sanction application and forward it to the host state association office with the list of invited schools so that it will arrive in the NFHS office 60 days or more prior to the event. The final list of actual entries will be due to the NFHS office ten days prior to the event. If the list is not received ten days prior to the event, the application for sanction will be disapproved, and the meet director will be notified that they are running a non-sanctioned event.
6. **Equal Treatment:** Schools participating in interstate competition, as well as the schools' employees and agents, shall be treated equally. Examples of such shall include, but not be limited to, the following:
 - a) reduction or waiver of entry fee for one school must result in a reduction or waiver of entry fee for all schools;
 - b) appearance fee paid to one school must result in an equal amount of appearance fee paid to all participating schools;
 - c) expense reimbursements, if any, must result in equivalent payments to all participating schools, subject to reasonable adjustments for differing distances traveled;
 - d) share of proceeds/live gate paid to one school must result in equal share of proceeds/live gate paid to all participating schools.
7. **NFHS Web Site:** Information regarding the status of an event that has requested NFHS Sanctioning will be posted at: www.nfhs.org/sanctioning.htm. If you have any questions regarding the status of your event, please contact the NFHS Sanctioning Department at (317) 972-6900 Monday-Friday, 8am-4:30pm Eastern Standard Time.
8. **Financial Report:** When NFHS sanction is required, the host school shall submit a financial report about the event to the NFHS on the accompanying form within ninety (90) calendar days of the completion of the event.

¹ Competition involving border states, and all other configurations of interstate competition not requiring the sanction of the NFHS office, shall be sanctioned by the state associations involved according to their own procedures.

² NFHS Bylaw 17 provides that each member state association shall approve and receive NFHS approval for competition by a member school against a school from a foreign country, except for two (2) school and three (3) school competition with a school or schools from Canada or Mexico which necessitates a round trip of less than 600 miles.
