

CANDIDATE • NAESP ZONE 1 DIRECTOR

Dear Colleagues and Friends:

*“As advocates for children and the principalship, we are facing challenging times. There are powerful demands for accountability for increasing achievement for all students. At the same time, the resources are diminishing. Working collaboratively through NAESP to raise the profile of school principals and to increase the levels of support for public schools are vital missions. It is imperative that we advance our work on the following goals: to increase the level of support for public schools and encourage best practices for all students, to elevate the status of the principalship, and to address the shortage of qualified school leaders. In my role as a school principal for 21 years and association leader, I have had extensive experience in planning and developing efforts that address these goals. I would be honored to help chart the future of NAESP as Zone I Director and respectfully ask for your support.”*

- Katharine “Kit” Bishop

✓ *Endorsed by the
