

**The Long Island Sound Foundation
With the Connecticut Association of Schools**

Presents

The 10th Annual Marine Science Day

For Students in Grades 4 through 8

May 15, 2013

**At the University of Connecticut
Avery Point Campus
Groton, CT**

A day of hands-on Marine Science workshops in the lab and on the Sound.

Participating organizations: Project Oceanology, Mystic Aquarium, Sound School, The Connecticut River Museum, SoundWaters, and New England Science and Sailing.

A grant competition for schools is available through student submitted essays.
