An individual competitor may not compete in more than three (3) events. A school may not enter more than three (3) competitors, who have met the qualifying standard, in any event except relays which have a limit of one team per school composed of four individuals and no more than two alternates. Each time a competitor is listed as an alternate on a relay team it counts as one of the three events permitted for that competitor.

Upon petition of the Meet Director additional contestants may be entered if it is judged that all meet the minimum standard.

8.2 Qualification for the State Open Championship is as follows: (a) Top five (5) finishers in Class LL, L, MM, and M divisional championships; (b) The top four (4) finishers in Class S; (c) All competitors who meet the event standard. The standard will approximate the eighth place finish established in the previous year's State Open Championship.

8.3 In the Class and Championship Meets, competitors in the shot, discus, javelin, triple jump and long jump, the three (3) trials and three (3) finals will be observed. The top nine (9) advance to the final round. No field event performance will be measured below the minimum standard set by the meet director.

THE “INTENT-TO-ENTER” FORM HAS BEEN ELIMINATED.

Two concerns brought before the track committees by coaches and class meet directors are:

Uniforms -- A concern was raised that during last year’s class meets, athletes competed in events while not wearing a school issued uniform. Coaches that allow this to occur put the meet director and event official in an awkward position not to mention the athletes. Federation and CIAC rules clearly state that the athlete must wear a school issued uniform. Event officials and meet directors will strictly enforce this rule. Please insure that all athletes who compete in the meet wear an appropriate uniform.

Strict Adherence to Minimum Qualification Standards for the Class Meets -- Let us begin by saying that there was noticeable improvement in this area. Unfortunately, there are some coaches who continue to enter athletes who may not have met the qualification standard. The committees make this assumption because there continues to be a high percentage of athletes who do not come close to the qualifying time on distance at the sectional meet. We will continue to monitor this again this year. Coaches, it is your responsibility to insure that all athletes who compete in the sectional meet have achieved (not come close to) the minimum qualifying standard in a CIAC class meet (not a scrimmage or practice). Any coach who continues to disregard entry procedures and standards leaves the committee no choice but to take action against that coach and/or school. We have absolutely no interest in becoming a body who polices our colleagues. Rather, our interest is to insure that our top quality athletes receive the best possible experience.

If you have any questions, feel free to contact either Don Friedman at Lincoln Middle School, Meriden (203) 238-2381 or Paul Newton, Enrico Fermi High School, Enfield (860) 763-8800.
