**I. Ineligibility for 2010 Tournament**

Rule 13 of the CIAC Ice Hockey Tournament Rules indicates that a team will be declared ineligible if:

- a. it commits more than six (6) major/misconduct penalties;
- b. it commits four (4) or more major/misconduct penalties if it is on probation.

**II. Probation**

During the regular playing season, including league playoffs and state tournament matches any major/misconduct penalties adding up to 4 or more will lead to a team's being placed on probation. Over 6 will lead to a team's being declared ineligible for participation in the State Tournament. For a team already on probation a total of 1-3 penalties other than minors may lead to extension of probation; 4 or more will lead to a team's being declared ineligible for tournament participation.

If your team is affected by this rule and you wish to appeal to the CIAC Hockey Committee to explain extenuating circumstances, you must report to the CIAC office, Saturday, March 6, 2010.

**III. CIAC Late Entry Policy**

- No tournament entries will be accepted after the established deadline except those approved by the CIAC Board of Control.
- Corrections requested by a school to an entry form that was submitted by the established deadline but prior to seeding/pairing data being published on the web site, will be assessed a fee of \$50 per correction to a maximum of \$250.
- All requests for corrections must be submitted on a support ticket via the online eligibility center. **No phone requests will be considered.**

**Tournament Regulations Violations** – If a school fails to comply with tournament regulations and such requires the CIAC tournament sports committee, central office staff, or the CIAC Board of Control to redo any portion of the tournament pairings or such non-compliance adversely impacts the management of the tournament, an administrative violation fee of \$500 will be imposed upon the school before entry into the tournament will be allowed.

Sports tournaments are natural extensions of the regular season. The CIAC therefore expects that officials of participating schools will share to the fullest extent in the responsibilities for supervision of crowd control at tournament games. Participating officials must use every reasonable means to insure sportsmanlike spectator conduct. The following measures, if carried out conscientiously, can help to secure and maintain proper conditions before, during and following tournament contests.

A. Before a Game

1. See that an educational program on proper crowd control behavior at games is conducted for the students over the intercom or announced in the school notices when the team is scheduled for a tournament contest on any particular day.
2. Advise students that the use of confetti, signs, placards, streamers, bugles, horns, drums or other obnoxious and disconcerting noisemakers will not be allowed under any circumstances and that after one warning violators can and will be removed from the site of that game.
3. **CHECK CONDITION OF STUDENT / FAN SEATING AREA FOR EXISTING DAMAGE.**
4. **At least one top level administrator shall attend each tournament game (the principal and/or an assistant). 2. Stay with them in the locker room to see that all is well, win or lose.

**RESPONSIBILITIES FOR ATHLETIC DIRECTORS OF COMPETING SCHOOLS**

1. If a particular game is sold out in advance, notify as early as possible the competing schools to request that the radio stations serving their area get the message publicized as well as in the schools so that people will not travel needlessly to some sold out game. **It has been brought to the attention of NFHS that an item was inadvertently left out of the 2009-10 NFHS Ice Hockey Rules Book and that there also were a few errors in it. \*\* This is to inform you of those items.**

**\*\* Rule 3-3-3**, which is found on pages 20 and 21, addresses the new goalkeeper’s glove, which now has revised dimensions. The rules book should state that this new goalkeeper’s glove does not go into effect until the 2012-13 school year. As such and consistent with other NFHS rules pertaining to equipment, there is a three-year implementation period for it.

**\*\* The portion of Rule 3-3-3 on lines 4 and 5 at the top of page 21** should read: ... “nor shall it exceed 18 inches (45.7 cm) in length.”

**\*\* On page 38 – Rule 6-12-10:** The sentence identified as “a” should be deleted.

**\*\* On page 64 – The RULING in 6.12.9 Situation B** should read as follows: RULING (face-off location): (a) Defensive end zone face-off spot in A’s defensive zone, (b) defensive end zone face-off spot in B’s defensive zone, (c) same as (b), (d) same as (a).

## POINTS OF EMPHASIS

The NFHS Ice Hockey Rules Committee continues in its belief that the main threat to the health of high school hockey is violent and reckless play. The committee wishes to address the following areas that need to be eliminated:

**Obstruction** — There has been an increase in the style of play that allows players to hold, hook and interfere with their opponents. The acceptance of this type of play not only rewards those who violate the rules, but also results in a less-exiting game.

The NFHS Ice Hockey Rules Committee believes that the rules in place are sufficient to restrict this type of play. The committee recommends a strict enforcement of the rules pertaining to obstruction-like infractions (holding, hooking and interference).

The committee realizes that this is not an easy step to take and that there may be some growing pains as this change in direction is implemented. It will take the cooperation, coordination and commitment of the state associations and the coaches and officials associations for this to be successful. This change will take time, but the end result will be a fair and exciting game that values both the speed and skill of the participants.

**Sportsmanship** — Respect and civility is an expectation of all who are a part of the game. This is especially important in the interactions of players, coaches and officials.

Obscene and abusive language, especially when directed at others, has no place in high school ice hockey. This type of behavior is unacceptable of players or coaches and penalties shall be assessed for every occurrence. The penalty for this behavior stiffens with the addition of a Minor to the previous misconduct. Placing the team of the offender at a disadvantage sends a clear message as to the expectation that the behavior will not be tolerated. Officials must be held to the same standard and any incidence should be reported to the appropriate state authority.

The NFHS Ice Hockey Rules Committee feels that the reckless play situations listed below should never be tolerated or accepted as a part of hockey.

The rules are clear and are to be enforced at all times regardless of on-ice strength of the teams, the score or the period.

**Hits to the Head** — Ice hockey is a fast, physical and emotional game. Hits to the head are never to be considered a part of the game. These hits from high hands, elbows, forearms, high sticks and shoving the head into the glass add no value to the game and only increase the risk of injury to players.

**Checking from Behind** — Checking from behind is the most dangerous situation in ice hockey. This is due to the potential for catastrophic injuries that could possibly result in paralysis or loss of life. Injuries such as concussions, broken collarbones, separated shoulders and sprained necks are also a result of this reckless play. Coaches need to instruct their players to pull up from body checks when they see the backs of their opponents, especially near the boards.

**Girls' Hockey: Body Contact vs Body-Checking** — With the continued growth of girls' ice hockey across the country at all levels, there has been some debate about allowing body-checking. International, USA Hockey and the NCAA governing bodies are all committed to keeping the rules pertaining to body-checking as they have been. The NFHS Ice Hockey Rules Committee fully supports that direction.

The committee recommends that all state associations ensure that all forms of legal body contact are understood and treated as part of the game by officials, coaches and players. Rule 6-41-a clearly defines the situations for legal body contact. Contact from play such as angling, incidental contact, defending players holding their positions or stopping forward progress are all part of the girls game. On the other hand, body-checking is not legal and should never be allowed.

The committee will continue to monitor the trends and direction of the girls' and women's game at all levels to ensure that our high school rules are in-line and appropriate.

**Face-off Procedures** — The nine-location face-off procedure is now being used by other governing bodies. This procedure is viewed by the NFHS Ice Hockey Rules Committee as simplifying face-off applications. NFHS Rule 6-12 and other corresponding regulations have been revised to reflect adoption of the nine-location face-off procedure. Readers are encouraged to carefully review these changes on pages 36-39.
