PLAN * CREATE * CELEBRATE

and the 19th Annual CANHS Leadership Conference

Friday, October 13, 2017

Aqua Turf Club

556 Mulberry Street, Plantsville, CT

Sponsored by
CAS Student Activities Division

Connecticut Association of Schools
30 Realty Drive, Cheshire, CT 06410

INTRO

Study after study points to the value of student activities and their interplay with positive student behavior, social-emotional learning, school climate and culture, and academic success.

While CT has enacted legislation establishing school climate guidelines and schools have unfolded many climate initiatives, there has never been an EXPO by NHS, Student Council and Club Advisers “Showcasing” their best practices!

The CAS Division of Student Activities is pleased to present this conference for advisers that will put a spotlight on a variety of student activity programs at all levels that epitomize exemplary civic awareness, cooperation, and boundless potential for school-community impact.

The EXPO will feature TWO WORKSHOPS in a single, half-day workshop – ONE for National Honor Society programs and ONE for Student Council / Clubs! The Aquaturf Club is the perfect setting to host this unique event! (See agenda)

The Student Activity EXPO will feature both innovative and impactful programs nominated by school principals across the state as well as ‘Exhibitors’ who offer our schools with additional learning and enrichment services.

EXPO attendees will find valuable net-working opportunities embedded in the rotational schedule which provide a variety of elementary, middle, and high school presentations. In addition, more than twelve ‘Exhibitors’ will be available throughout the morning to share their unique programs and services for Connecticut schools. In short, attendees will be able to acquire a “toolkit” of topics, ideas, strategies, and approaches to improve their local student activities.

If you want to see and uncover the examples of what we truly want to see our students achieve through service, excitement, and passion through student activities this an unique opportunity not to be missed!
