## Conference Goals

Leaders will demonstrate the use of multiple -talented approaches in helping students find their best way of developing leadership skills. In addition, they will enable students to look to the future and make intelligent predictions that are based on real-life happenings by considering what action to take, what the effects of the actions will be, and how the actions will affect themselves and others.

# ACTIVITIES

## PRODUCTIVE THINKING

Must be an inventor who thinks of new ideas, and new ways of looking at the world. This includes new ways of solving problems.

## COMMUNICATION

Involves 6 different skills: Descriptions, comparisons, feelings, empathy, nonverbal, and network of ideas.

## CREATIVE PROBLEM SOLVING

Use of multiple approaches to arrive at solutions by going out-of-the-box to find new and exciting solutions.

## DECISION MAKING

Four main skills of: 1)Thinking of as many possibilities; 2)Thinking carefully; 3)Making a decision; 4) Giving the reasons for the decision made.

If you can dream it you can do it! No longer are students waiting for others to pose questions or provide solutions; instead they are inquisitive, innovative, and able to solve complex problems themselves.

Come be inspired and challenged to unleash your imagination and harness your power to positively impact your community.
