LEADERSHIP ACADEMY

"Our partnership with the CAS Leadership Academy is critical to helping build and develop leadership capacity in our district through collaboration, professional learning, innovation, and support. CAS has developed a program and culture of support for all to pursue their own individual leadership pathway."

- Louis Bronk,
Assistant Superintendent for
Personnel and Talent Development,
Meriden Public Schools

The CAS Leadership Academy provides meaningful pathways for professional growth that result in deeper teacher engagement, a vision of highly effective leadership, and ultimately, enhanced educator retention.

The Leadership Academy curriculum is designed to develop the capacity and self-assurance needed to lead in today's complex educational environment. Participants will develop advanced competencies in the areas of adult learning, school improvement planning, managing the change process, discerning bandwidth and brain energy, and building communities of practice.

Participants will engage in a variety of activities during four (4) full-day and one (1) half-day sessions to be held at the Connecticut Association of Schools office at 30 Realty Drive, Cheshire, CT.
