Registration is now open for the 2023 CAS-CIAC Women in Leadership Conference for middle and high school students and their advisors and mentors. This year's conference includes two panels of distinguished women leaders in the fields of education, law, photography, construction, entrepreneurship, and more. There will also be student leaders from three Connecticut high schools.

The Women in Leadership Conference will focus on how dynamic individual leadership builds community and shared purpose and contributes to positive personal growth and change in our schools and communities. Students will be inspired and motivated to further develop their own leadership skills and talents!

The Women in Leadership Conference is free for CAS-CIAC member schools. Each school will be able to register up to 15 students and 2 adults. Registration deadline is May 12, 2023.
