

2025-26

LEADERSHIP ACADEMY

"We are incredibly proud of our teachers who participated in the CAS Leadership Academy. This powerful experience allowed them to connect with passionate teacher leaders from diverse settings, share best practices, and build meaningful professional relationships. Through reflection and collaboration, they identified areas for growth and uncovered new ways to strengthen their school communities—gaining insights that will inform their work now and in future leadership roles."

- Jess Giannini
Assistant Superintendent
Avon Public Schools

The CAS Leadership Academy provides a meaningful pathway for professional growth that results in deeper teacher engagement, a vision of highly effective leadership, and ultimately, enhanced educator retention.

The Leadership Academy curriculum is designed to develop the capacity and self-assurance needed to lead in today's complex educational environment. Participants will develop advanced competencies in the areas of adult learning, school improvement planning, managing the change process, discerning bandwidth and brain energy, and building communities of practice.

Participants will engage in a variety of activities during four (4) full-day and one (1) half-day sessions to be held at the Connecticut Association of Schools office at 30 Realty Drive, Cheshire, CT.
