»»» DINNER «««

KEYNOTE ADDRESS
Dr. Damon Lewis
Principal, Ponus Ridge STEAM Academy, Norwalk
1990 Scholar-Athlete, Harding High School, Bridgeport

CONCLUDING REMARKS
Bob Picozzi

PRESENTATION OF AWARDS AT GUEST TABLES

KEYNOTE SPEAKER

DR. DAMON LEWIS

Dr. Damon C. Lewis is the Principal of Ponus Ridge STEAM Academy in Norwalk, CT, where he is committed to closing the achievement gap and expanding opportunities for all students. Under his leadership, the school achieved a 23% decrease in chronic absenteeism and saw Grade 8 PSAT scores outperform district, state, and national averages. He has led initiatives to increase access to gifted, talented, and accelerated programs for underrepresented students, while fostering an “Every Day Counts” culture focused on growth, consistency, and high expectations. His work has also helped secure over \$2 million in grants, including a Verizon Innovation Lab, while strengthening partnerships with families and the community to support students both in and out of the classroom.

A proud graduate of Harding High School, Dr. Lewis was Harding’s CAS-CIAC Scholar-Athlete in 1990. He earned a football scholarship to the University of Connecticut, where he was a team captain and double majored in English and Sociology. He went on to earn multiple advanced degrees, including two master’s degrees and a Doctor of Education, preparing him for a career dedicated to leadership, equity, and student success.

Dr. Lewis began his career in Bridgeport as a teacher, coach, and paraeducator, later serving as a school counselor, district leader, and Director of Alternative Services. He has spent his entire career in Norwalk Public Schools at Ponus Ridge, where he is now in his 11th year as principal and continues to mentor emerging leaders and support district initiatives.

Recognized for his impact, Dr. Lewis was named Connecticut Middle School Principal of the Year (2025) and National Middle Level Principal of the Year by NASSP. He is an active presenter, mentor, and advocate for equity in education, contributing to research, leadership development, and statewide initiatives that support the success of all students.

2026 Michael H. Savage Spirit of Sport Award

Cam Soucy Tolland High School

SCAN TO WATCH
CAM'S STORY

<https://casoci.ac/12593>

Cam Soucy, a Tolland high school senior boys soccer co-captain, and the Avon High School field hockey team are both recipients of the 2026 Michael H. Savage Spirit of Sport Award. Soucy and Avon Field Hockey become the 17th and 18th recipients of the distinguished annual award. The Michael H. Savage Spirit of Sport Award seeks to recognize individuals who exemplify the ideals of the positive spirit of sport that represent the core mission of education-based athletics. The award may be given in recognition of a specific act or an activity of longer duration. This is the first time in the award's history that multiple honorees will be recognized in the same year.

Cam Soucy, who along with his Tolland High teammates won a second consecutive CIAC Class M Boys Soccer State Championship in the fall of 2025, is a pediatric cancer survivor and inspiration to those who know his story. In 2013, just before his fifth birthday, he was diagnosed with Stage 4 neuroblastoma with metastasis. Neuroblastoma is a cancer of the nervous system. Cam's tumor was on his adrenal gland and at time of diagnosis the cancer had metastasized throughout his body. The prognosis was bleak. Cam's mother Jessica Soucy shares that on a neuroblastoma rating scale of zero to 30, "Zero indicating being cancer free and 30 being end of life care, Camden was a 28 at diagnosis."

Receiving treatment in both Hartford and Boston, Soucy had surgery to remove the tumor, underwent chemotherapy, antibody therapy, and radiation therapy, underwent a bone marrow transplant and needed two years of a maintenance drug to keep him cancer free. Tolland Head Boys Soccer Coach Michael Caccamo says, "To be able to look at Cam and call him our captain, and call him our leader, and to call him a state champion, I think it means the world."

2026 Michael H. Savage Spirit of Sport Award Avon High School Field Hockey Team

The Avon High School Falcons' field hockey program has set an example for inclusion, kindness and opportunity. The fall of 2025 saw Avon senior Kaylie Murphy complete her fourth and final season as a player in the program and in August she was named a team captain. A particularly notable accomplishment because Kaylie has autism.

She joined the field hockey team in the fall of 2022 and almost immediately began to leave an impression. Her story gained attention that fall when, through kind collaboration with Avon opponent East Catholic High School, Kaylie scored a goal late in a game. That was just the beginning. Kaylie's dedication to the program, she often has her mother practice with her on team off days, is a testament to the power of inclusion, friendship and what it means to have teammates. Captain Kaylie & The Falcons have set an example for the rest of us to live up to.

Kaylie's mother Michelle says that the viral video of the goal vs. East Catholic led to a level of celebrity for her daughter, "Three years later people still see it. We were traveling (flying out at the airport) and they were like 'Is that Kaylie Murphy? She's the field hockey player from Avon!'"

Longtime Avon field hockey head coach Terri Ziemnicki notes what a difference Kaylie's inclusion in the program has made, "I think back if she had never played field hockey, what would have been the opportunity where it just clicked? It's magical." Kaylie came to have "40 sisters" on the team, and Avon Field Hockey sent a message across Connecticut, and beyond, that inclusion can be a hallmark for measuring impact and success in education-based high school athletics.

The CIAC's video feature **Captain Kaylie & The Falcons** includes details on the poster that Kaylie designed to express her interest in becoming a team captain, video of the moment Kaylie was announced as a captain, and video of a heartfelt senior night tribute to Kaylie from one of her Falcon teammates.

YOUR PLANS, AMPLIFIED

At University of Hartford, you are surrounded by people who see something extraordinary in you.

As a student-athlete, you'll excel in competition and strive for championships, while also being an honors student, active in clubs, running for student government, landing a dream internship— even studying abroad! The result? You'll graduate prepared to be a forward thinker, passionate leader, and active member in your community.

Here, there is nothing stopping you from being you, at your most.
