Professional Learning for Administrators of School Based Early Childhood Programs

### Administrator Responsive Support Sessions

January 6, 2022

Responding to our youngest learners:  
Adjusting our teaching to reflect what we are learning

Please join us in our conversations with early childhood administrators who oversee preschool and early grades as we reflect on current issues that affect our youngest learners, especially our vulnerable populations and children with IEPs. On January 6, 2022, we will continue to dig deeper into developmentally appropriate practice and intentional play-based learning in the early grades. Join us as we exchange ideas and strategies on building and implementing meaningful early childhood curriculum. Resources will include the CT Early Learning and Development Standards and supporting documents and resources. You can preview these documents at:

All Administrator Responsive Support Sessions will be held virtually.
