In This Program You Will Learn How To...

- Maintain a sensible workweek by increasing personal productivity and efficiency
- Observe classroom instruction for two full days each week
- Be re-energized in the role of "Instructional Leader"
- Employ best practices for utilizing administrative support
- Organize your school community around producing breakthroughs in student achievement

What Participants Say About TBC’s Program...

I had to address the time management issue before I could realistically address the process issue in Teacher Evaluation.

Barbara Fillhart, Principal, Sligh Middle School, Hillsborough County School District, Tampa, FL

I learned how to collaborate, communicate and delegate, using TBC’s Management Methodology™ and my secretary. I began developing a "turnkey system" to train staff and establish administrative depth – still a work in progress, but it’s not just about me anymore. The school runs even when I’m not there, leaving me more time for a personal life.

Curt Bunting, Principal, Sussex Technical High School, Georgetown, DE

TBC program provided a leadership structure that increased my time in classrooms to monitor instruction, support teachers, and provide essential professional development aligned to the immediate needs of my students and teachers. As a result, our school attained National NCLB Blue Ribbon status and has become a model for other inner city schools at closing the achievement gap.

Kathy Greider, Former Principal, Dwight Elementary, Hartford, CT
