Subject: High School Bowling

Bowling is sponsored as an interscholastic sport in over twenty states. It is a scholarship sport offered by over sixty colleges and universities. I hope that you consider advertising it in your school and that you encourage participation. I understand how busy you are, and that you have a great deal on your plate. However, the students involved in our bowling programs have an amazing experience, and the sportsmanship demonstrated is on the highest level. Thank you for considering entering your school in the bowling tournaments, singles or team. More information on the team tournament will be sent in November.
