

2022-2023

ASPIRING LEADERS

ACADEMY

**LET CAS HELP YOU
GROW & RETAIN
YOUR TEACHER LEADERS**

"This was a great way to start off the school year, get reinvigorated for my work this year and start thinking about how I can step into more of a leadership role at my school."

~ CAS Leadership Academy Participant 2022-23

The CAS Aspiring Leaders Academy is designed to build capacity of teacher leaders in order to advance the improvement efforts of the district. The Academy is appropriate for individuals or small teams. Ideal candidates are team-oriented; embrace opportunities for new learning and new responsibilities; and aspire to affect change within a classroom, school or district.

CAS has conducted in-district leadership academies in Bloomfield, Meriden, Middletown, Waterford and East Hartford Public Schools with outstanding results in all districts.

Participants will engage in a variety of activities during three (3) full-day and two (2) after school sessions to be held at the Connecticut Association of Schools office at 30 Realty Drive, Cheshire, CT.

Participating districts must require their attending teacher leader(s) to engage in a district-based leadership project. CAS will provide the guidance needed to help you structure this experience.

The CAS Aspiring Leaders Academy curriculum is designed to develop the skills and self-assurance needed to lead in today's complex educational environment. Academy protocols and outcomes include:

- Building a shared vision of highly effective teacher leadership
- Examining research-based strategies for leading change
- Analyzing and understanding leadership styles
- Developing a personal Theory of Action
- Conducting difficult conversations
- Working with diverse perspectives
- Creating structures to facilitate, sustain and advance collaborative teams
- Providing high quality feedback
