

EXPERIENCE IS THE BEST TEACHER

Skill-building Simulations for New School Leaders

Engaging, Authentic, Realistic, Interactive

Professional growth through software
simulations and peer-to-peer discourse

Simulations will be facilitated using an equity, antiracism lens

SchoolSims

Strengthen your leadership skills and expand your experience base through simulated real-world experiences!

ATTENTION NEW SCHOOL LEADERS!

Join us for FREE facilitated educational leadership simulations which will immerse you in real-world problems of practice and challenge you to consider options, make choices, and learn from your mistakes.

Six different simulations are being offered this fall, with a morning and afternoon option for each. Register for as many as your schedule allows! Click on the "REGISTER" links for details. All building leaders with 5 years' experience or less working under their O92 certificate are eligible to participate.

The Connecticut State Department of Education (CSDE), with funding support from The Wallace Foundation, is pleased to partner with The CT Association of Schools and The CT Center for School Change, to support new administrators by facilitating Educational Leadership Simulations during Fall 2021. The CSDE is a partner with The University of Connecticut, a recipient of The Wallace Foundation's University Principal Preparation Initiative (UPPI) grant. As a state partner, the CSDE's focus is to develop and support equity-driven, antiracist school and district leaders to serve CT students.
