Superintendent and Executive District Leader Preparation Program

Learn about Central Connecticut State University's Connecticut Superintendent Certificate Program

A panel of highly regarded superintendents will share insights about the rewards and challenges of the superintendency, and share their experiences serving as a superintendent mentor in CCSU's 093 program.

Panelists will also speak about their career paths and the prior professional experiences that shaped their ability to effectively lead school districts. Current students will also be present to share information about their internship experiences with an active superintendent.

We invite all central office leaders interested in exploring the superintendency and school leaders interested in other central office leadership positions to attend.
