# CT LeadHERship Collective

What does it take to lead with purpose—and create the  
conditions for others to lead, too?

Join us for a conversation with Dr. Jennie Weiner, UConn  
professor and co-author of *Lead(her)ship: Advancing Women  
in K-12 Administration*. Together, we'll dig into the realities  
of educational leadHERship—and the power of voice, vision,  
and collective action to create meaningful change.
