² Local charter school.

2013-14 Charter School vs. State Demographics

2013-14 data, reflecting data for 18 charter schools. 2

Charter School Achievement

93%

Of the 14 charter schools that administered the spring 2013 Connecticut Mastery Test (CMT), 13 outperformed their host district based on their overall School Performance Index (SPI).

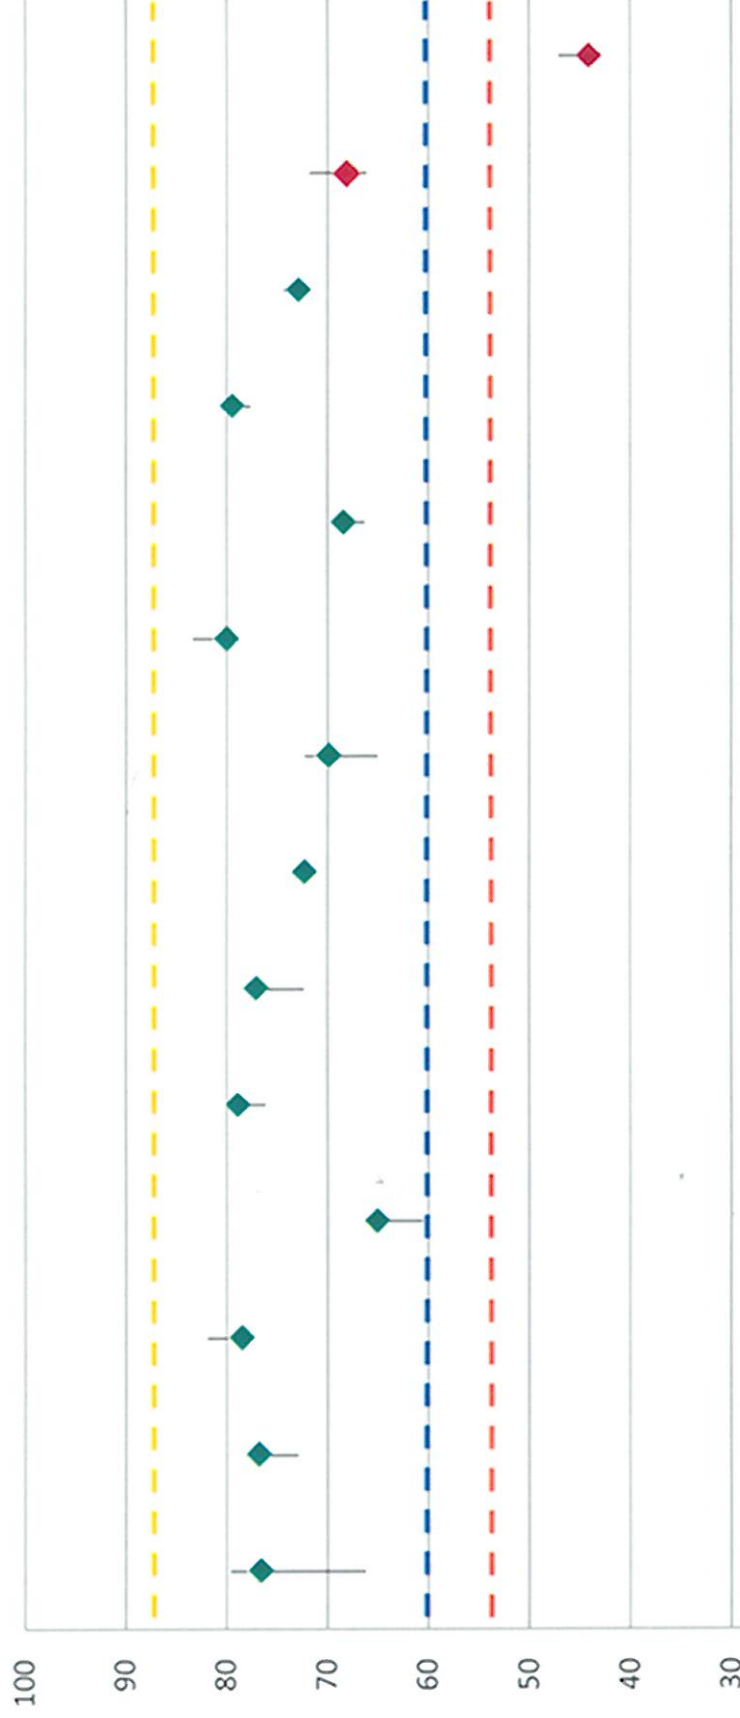

83%

Of the 6 charter schools that administered the spring 2013 Connecticut Academic Performance Test (CAPT), 5 outperformed their host district based on their overall SPI.¹

¹ The only charter high school not outperforming its host district based on the CAPT SPI serves an alternative over-aged and under-credited population.
