FREE-THROW LANE SPACES CHANGED (8-1-4b, c and d)

During a free throw, all players will move up one lane space, leaving the two marked lane spaces closest to the end line vacant. A new mark (2 inches by 8 inches) **MUST** be applied to the lane line near the free-throw line to designate the last 3-foot marked lane space. This rules change may reduce rough play during free-throw situations while maintaining defensive rebounding percentages within an acceptable range.

Courts with the previous lane space markings are in compliance with the new rule. The lane space marking lines can be *temporary or permanent*.
