

Become a **School** district leader.

For Connecticut educators aspiring to advance their careers and become a school **district** leader, the Executive Leadership Program through UConn's Neag School of Education offers a one-year program designed to prepare experienced educational leaders to serve as superintendents of schools and/or other district level leadership positions.

Graduates of this program earn endorsement for the Connecticut (093) Superintendent Certification and possess the knowledge necessary for successfully meeting the challenges of district leadership in the 21st century.

Attend an Executive Leadership Program information session.
