

PLAY BASED LEARNING:

Meeting Standards and Supporting Executive Function Skills

Earlier this year, the State of Connecticut passed legislation requiring play-based learning in pre-K and kindergarten classrooms. To assist schools and districts in the implementation of this new requirement, CAS is hosting two **free** workshops this fall.

Workshop presenters Karen Gray and Melanie Smith-Cervera will explore how play-based learning can help address CT Core Standards while simultaneously providing children the opportunity to work on and apply executive function skills.

Both workshops will be held at the CAS Office, 30 Realty Drive, Cheshire, CT. All CT school and district leaders are invited to attend and are welcome to bring an early childhood staff member(s).

NOTE: These are identical workshops offered on two different days. Please register for one or the other.
