I certify that the above listed special athletes are eligible for participation in Unified Sports in that they have satisfied any one of the following requirements as having intellectual disabilities: 1) The person has been identified by an agency or professional as having intellectual disabilities as determined by their localities; or 2) The person has a cognitive delay, as determined by standardized measures such as intelligent quotient or "IQ" testing or other measures which are generally accepted within the professional community in that Accredited Program's nation as being a reliable measurement of the existence of a cognitive delay; or 3) The person has a closely related developmental disability. A "closely related developmental disability" means having functional limitations in both general learning (such as IQ) and in adaptive skills (such as in recreation, work, independent living, self-direction, or self-care). However, persons whose functional limitations are based solely on a physical, behavioral, or emotional disability, or a specific learning or sensory disability, are not eligible to participate as Special Olympics athletes, but may be eligible to volunteer for Unified Sports

The special partners may not have participated in that same varsity or junior varsity sport at any time since their matriculation in middle school or high school.

I certify that all information is correct and all athletes and partners are currently registered with the necessary SOCT forms.
