

CT TRAFFICKING IN PERSONS COUNCIL

POSTER CONTEST

The State of Connecticut has passed a law that requires various establishments to post notice of the National Human Trafficking Hotline number for their customers.

Hotels, motels, massage parlors, airports, medical facilities, establishments that possess a liquor license, and nail salons are recognized as leading destinations for modern day slavery to occur. Posting notice for customers and the employees of these venues will help victims reach freedom, expose traffickers and raise awareness about human trafficking.

The Connecticut Trafficking in Persons Council would like to invite the youth of CT to submit originally designed posters that address human trafficking. The selected posters will be used to hang up in various establishments across the state!

**Deadline
April 12th,
2018!**
