PROFESSIONAL LEARNING

A WORKSHOP FOR CT SCHOOL LEADERS AND THEIR TEAM MEMBERS

JOIN US FOR A TWO-DAY COMPREHENSIVE BASIC TRAINING IN RESTORATIVE PRACTICES AND GAIN THE KNOWLEDGE AND SKILLS TO:

- Embrace restorative practices as a way of thinking, being, and leading daily
- Shift from punitive consequences to restorative approaches
- Create conditions for positive, trauma-free community building
- Establish necessary systems for forming, transforming, repairing, and supporting strong relationships
- Explore restorative practices as a social/relational model, not behavioral
- Apply concrete and practical strategies for classroom and school-based routines
- Conduct circles and conferences in both prevention and intervention contexts

Restorative practices implementation looks different across schools and districts. This professional learning series is intended to support educators and leadership teams at any stage of their restorative practices journey, whether they are beginning, refining, or strengthening their work.
