

WHAT EVERY PPT CHAIRPERSON SHOULD KNOW

Fridays: November 20, 2015, December 18, 2015
and January 22, 2016

8:30 a.m. – 3:30 p.m.
SERC, Middletown

The PPT chairperson works as part of the team to develop IEPs for students with disabilities that provide access and opportunities for meaningful participation and progress in the general education curriculum. Within schools, the PPT chairperson should ensure that the compliance requirements of the PPT process are met, that assessment data and goals and objectives are directly linked to the general education curriculum, and that placement decision-making occurs after the goals and objectives are developed.

Participants in this professional learning activity will receive an overview of the rationale for the legal requirements of an IEP; develop in-depth knowledge about the PPT process and how it is to be properly documented; examine quality and compliance indicators of the components of the PPT process; learn how to foster culturally relevant family engagement; and examine/practice strategies for dealing with challenging situations at PPT meetings.

REGISTER HERE:
