

SHOW UP, LEAD UP AND LEVEL UP SO YOU CAN MOVE UP WITH JETHRO JONES

PURPOSE

Provide practical, actionable professional development for school leaders so they walk away feeling empowered and in control to make positive change in their careers.

This interactive and engaging workshop will cover the following:

SHOW UP

- Know who you are so you can be your best
- The more you know about yourself, the better you'll be. Learn about your strengths and weaknesses so you can figure out how to make the most of your situation.
- How to show up as your best self, strengths, weaknesses, and all.
- How do you show up so you're not ashamed of your weaknesses, and not arrogant about your strengths?

LEAD UP

- Lead up, lead down, lead around
- Leadership isn't about being in front of people. It's about leading those above you, below you, and all around you.
- Leadership is about inspiring people to live up to their potential, whether they are your subordinate, boss, peer, or a stranger.

LEVEL UP

- The shortcut to becoming your best
- What other people around are doing does not matter. You are your own person, and your own growth and development is your responsibility alone. We'll discuss how to help you learn to level up in a way that defies everything you've been taught before!
