Stand UP & Speak OUT (SUSO) is an arts-based initiative that creates original musical films with the goal of building a more harmonious world one song and story at a time. SUSO recently released the first episode in its film series, "Stand Up," a film about bullying that is appropriate for students in grades 5-9. The film and its accompanying SEL activity guide are available to Connecticut schools at no cost. Join us on April 27 to learn how the film's anti-bullying message and its accompanying SEL tools and classroom activities can be successfully implemented in your school.
