A primary goal of CAS is to connect school leaders with policy-makers, ensuring a strong 'voice at the table' when decisions affecting the conditions for teaching and learning are made. Here is a great opportunity to both welcome our new commissioner and discuss with her the issues affecting you as a school leader. Come prepared to ask questions about or discuss the impact of the NCLB legislation, the 9:00 a.m. start time for state testing, administrator shortages, SDE initiatives, changes in administrative certification, or any other area of interest to you and your school community. Be prepared also to share a success your school has experienced this year.

Register on line at [www.casciac.org](http://www.casciac.org) or mail or fax this form to Mike Buckley at CAS  
(CAS: 30 Realty Drive, Cheshire, CT 06419 . . . FAX: 1-203-250-1345)
