

# A Taste of Tech

## Small Bytes in Educational Technology

---

Geared toward those who have an appetite to learn, but need to sample the menu in small bites, this half-day conference will help educators improve student learning with technology. Teachers will learn practical tips with immediate take away value and participate in interactive sessions that focus on planning classroom implementation.

### What's on the menu?

- ★ Smartboard Basics
- ★ Easy assessment using Google Forms
- ★ Apps to help students with special needs
- ★ Google Classroom for Beginners
- ★ Educational Applications of 3d Printing
- ★ Google Docs for Beginners
- ★ Improve Instructional Practice w/Virtual Students
- ★ And much more!

---
