2.0 CIAC STORY

2.2 WHAT IS THE CIAC?

The Connecticut Interscholastic Athletic Conference is part of the Connecticut Association of Schools, a private, non-profit corporation. The CIAC directs and controls both boys and girls athletics in the secondary schools of Connecticut. The Conference is administered on a daily basis by an Executive Director and the assistants, plus an office support staff. The CIAC is the only Association which governs interscholastic athletic programs for secondary schools in Connecticut. It has serviced its membership since 1921.

2.3 WHAT ARE THE PURPOSES OF THE CIAC

Interscholastic athletics for both boys and girls in Connecticut are considered to be an integral segment of the total educational program. They should supplement, rather than serve as a substitute for the traditional physical education and intramural programs in our member schools. The purposes of the organization are:

1. To supervise, direct and control interscholastic athletics in Connecticut so that they make the maximum contribution to the physical, mental, emotional, social and moral growth of member school participants.
2. To administer specific athletic programs by means of a constitution, by-laws, tournament regulations and efficient organization.
3. To establish the responsibility for the administration of CIAC-controlled interscholastic athletics and to carry out this responsibility within the letter and spirit of the rules.
4. To develop intelligent recognition of the proper place of interscholastic athletics in the education of our youth.
5. To nurture more cordial relationships among member schools, coaches and officials by encouraging optimum standards of sportsmanship and citizenship.
6. To offer a program of interscholastic athletics that will provide for equitable competition among schools.

2.3.a. CIAC MISSION STATEMENT

The CIAC believes that interscholastic athletic programs and competition are an integral part of a student's academic, social, emotional and physical development. The CIAC promotes the academic mission of schools and honorable competition. As such, the CIAC serves as the regulatory agency for high school interscholastic athletic programs and exists to assure quality experiences that reflect high ethical standards and expectations for fairness, equity and sportsmanship for all student-athletes and coaches. The CIAC provides leadership and support for member schools through the voluntary services of dedicated school administrators, athletic directors, coaches and consultants.

2.0 CIAC STORY

2.3.b. WHO MAY JOIN THE CIAC?

The CIAC is open to any public school whose application by the Chief Officer of the School District certifies that the school meets the statutory and regulatory requirements of the State Board of Education, and any non-public school which has been approved by the State Board of Education according to the Board's "Criteria and Procedures for Non-Public School Approval". All potential new members must complete the application for membership.

2.3.c. HOW IS THE CIAC GOVERNED?

The CIAC is governed by a Board of Control which is comprised of five officers, six representatives – two from each of three classifications of schools – three members of the Eligibility Committee and one assistant principal at-large. The Board meets monthly during the school year.

2.3.d. HOW MANY SCHOOLS BELONG?

Currently one hundred eighty-seven (187) secondary schools enjoy membership in the CIAC. One hundred fifty-one (150) middle level schools are accorded associate membership status. Middle level school participation in interscholastic athletics has increased rapidly in the past few years as more and more schools discover the value of competition.

2.4 MEMBERSHIP BENEFITS

Membership in the CIAC entitles a school to schedule games with other regular members; to stage high school invitational tournaments under the sanction of the CIAC; to enter post-season championship playoffs in the 27 CIAC approved sports, and to receive all of the services rendered by the CIAC office.

Each member school has the responsibility of knowing and adhering to all CIAC rules and regulations and administering its athletic programs according to those rules. Schools or leagues may make rules more restrictive than those of CIAC but may not relax CIAC requirements.

2.5 HOW FUNDS ARE DERIVED AND EXPENDED IN THE CAS-CIAC OPERATION

Each member school pays dues to CAS based on school classification. Currently, dues are \$5,200 per CIAC member school, \$675 per middle level school and CAS only schools. Elementary school dues are \$200.

In addition, the CIAC meets some of its expenses through the sale of tickets to tournament contests as well as by the assessment of entry fees on schools for participation in various tournaments.

2.6 WHAT VALUES MAY BE DERIVED FROM PARTICIPATION IN CIAC PROGRAMS?

An athlete who participates in the CIAC interscholastic sports program of post-season playoffs and sanctioned invitational competition has an opportunity to complement his/her academic education through association with his/her peers in a well-organized and regulated program which promotes physical fitness.

2.0 CIAC STORY

In addition, the athlete learns the value of good sportsmanship and citizenship and gains self-reliance and understanding of the necessity for self-discipline and hard work to attain success.

Here are some reasons most commonly offered in support of interscholastic athletics from a survey by the National Association of Secondary School Principals:

1. Interscholastic athletics develop good school competition.
2. Under proper auspices, they provide wholesome competition.
3. They teach the value of sportsmanship and teamwork.
4. They emphasize desirable social conduct and social adjustment.
5. They promote pupil interest in school life.
6. They provide an outlet for abundant energy.

2.8 SPORTS COMMITTEES

In the interest of a smoothly operating organization, the CIAC central office asks each chairperson to comply with the procedures outlined below.

2.8.a. COMMITTEE MEETINGS

Committee meetings will be held consistent with 1.0, Art. IV, Section J.4. (pg 23). Time and date of committee meetings are the responsibility of the chairman. Notices will be sent by the central office upon request. The Cheshire office may be reserved for meetings by making arrangements with central office administrative personnel – telephone (203) 250-1111 / fax (203) 250-1345 / email – casciac.org.

It is important that concise but accurate minutes be kept of all important actions taken. A copy of these minutes is to be on file in the CIAC central office. In addition, a copy of the minutes will be distributed to each committee member.

2.0 CIAC STORY

2.8.b. FINANCES

1. The forms for reporting meeting mileage for committee members and expense vouchers are available from the CIAC central office. (Suspended for 20-21 school year.)
2. An annual tournament financial report, showing income and expenses, must be completed on the official CIAC financial report form and reported to the board of control.
3. By March 1, a proposed budget for the activity for the following year must be submitted to the Executive Director. This should include estimated total expenses for the operation of your activity including cost of awards (not just tournaments) and committee expenses (mileage/meals) and estimated total income.
4. The CIAC board of control at its meeting of April 10, 1981, voted as follows: "Sports committee chairmen are advised that all decisions made by their committees which have an impact on the approved sport budget for the current fiscal year must be submitted to the CIAC board of control for approval before implemented."
5. Proper and consistently uniform methods of income and expense accounting are required in order to insure accurate budget preparation for the following year and to satisfy standard audit requirements. For these reasons, the following is requested of all chairpersons of sports committees:
 - Send ALL INCOME RECEIVED to the Executive Director. This will be deposited and credited to the activity involved. Cash income is NOT to be used to pay expenses at the site. When sending bills or income to the Executive Director, please make certain that the account number is clearly indicated in every instance. In addition please use the proper forms for itemizing income and expenses. All expenses incurred in the operation of CIAC activities – including tournament personnel – will be paid through the CIAC central office. No cash disbursements are allowed.

If all committees follow this procedure, it will eliminate questions by the auditor, will eliminate some of the guesswork necessary when arriving at a sum of money to put into the budget for the various activities, and will present a clear picture of the costs of operation for all individual activities.

CIAC will pay traveling expenses by car at the CIAC established rate.

2.8.c. CHANGE TO CIAC SPORT COMMITTEE RULES – PROCESS

1. Unless there is a change initiated for the safety and welfare of student-athletes, any request for a change that affects a sport committee must be referred to that committee for review. The committee will decide to do one of the following:
 - Fully support the request endorsing it to become an official CIAC proposal.
 - Deny the request therefore preventing any change to the sport.
 - Approve a review of the requested change so the CIAC can gather information so the committee can further study the impact of the changes requested. The committee should continually meet to discuss the information being gathered and the impact of the proposed change. Note: The CIAC continually receives requests for changes to sports rules, however, those requests for change should be considered an idea and not an official CIAC proposal. Once the idea is properly vetted by the committee it can be denied any further consideration or if overwhelmingly supported by the committee, can become an official CIAC proposal.

2.0 CIAC STORY

2. Once an official CIAC proposal is developed the CIAC staff may survey any stakeholders that could be affected by the requested change. This may include CAAD, CHSCA, CAPSS, CSDE, CSMS, CABA and all coaches of the sport, all school principals, all athletic directors, and any other CIAC committees that govern the aspects of the requested change or outside groups that may need to weigh-in. The responses of the various groups and any further modifications to the original request will be submitted back to the sport committee for review.
3. The CIAC sport committee will then decide whether to make a recommendation to the CIAC board of control to implement the official CIAC proposal. The committee must consider an implementation date that allows for adequate time for notification and best serves the CIAC member schools.

2.8.d. SPORT COMMITTEE MEMBERSHIP

2.0 CIAC STORY

2.10 CHANGES TO CIAC BY-LAWS (Changes in ***bold italics*** – deletions in ~~strikeout~~) (As adopted by the membership, May 2020.)

#1 – Article VII (Tournaments, Meets and Games), Section B.3.

Explanation of Change: Change in language to allow the CAS-CIAC Executive Director to have the authority to begin CIAC semi-final or final games before 12:30 p.m.

Article VII – Tournaments, Meets and Games

Section B. 3. Tournament, meets and games played on Sundays, either home or away.

Exceptions: The CIAC Board of Control, upon request from a sport committee, may grant permission to pre-schedule the final or semi-final game of a state tournament on a Sunday. Further, the Board approves the use of Sundays after 12:30 p.m. for regular season and league tournament make-up games in all sports upon the mutual agreement of both schools. ***Further, the Board allows the CAS-CIAC Executive Director to schedule the final or semi-final game of a state tournament before 12:30 p.m. when circumstances dictate an earlier start.*** Should local board of education policy prohibit a member school from CIAC tournament participation on a Sunday, reasonable attempts will be made to offer an alternate competition date.

Rationale for Change: There have been recent situations where weather conditions have dictated that games be played earlier than 12:30 and there is insufficient time to seek permission from the CIAC Board of Control.

#2 – Article X (Recruitment, Section G (Penalties))

Explanation of Change: The changes alter some of the language regarding penalties for recruiting violations. The revisions clarify some language regarding school and coach penalties and provide more flexibility regarding student penalties.

Article X – Recruitment

Section G. Penalties

1. A member school found to be in violation of any provision of this policy:
 - a. Will be assessed a financial penalty as well as all expenses incurred by the CIAC in its investigation, and required to forfeit all contests won in which a recruited student(s) participates and/or all points earned in any contests by a recruited student(s);
 - b. May be placed on probation for a period of not less than one year in the sport(s) in which the violation(s) occurred;
 - c. May be placed on prohibition ~~and denied any participation with any member school,~~ ***which means the school cannot participate in any CIAC-sponsored meets/tournaments,*** for a period of not less than one year in the sport(s) in which the violation(s) occurred; and/or

2.0 CIAC STORY

- d. May be ~~suspended from membership in the Association~~ ***placed on suspension from the CIAC and the school has the status of a non-member in all activities*** for a period of not less than one year.
2. A student who allows him/herself to be successfully recruited by a member school:
 - a. ~~May Will~~ be declared ~~permanently~~ ineligible ***for a period of time as determined by the Board of Control*** for interscholastic athletic competition at the school to which he/she was recruited; and
 - b. May be declared ineligible for interscholastic athletic competition for a period not to exceed one year at any member school.
 - c. ***May be subject to other actions as deemed appropriate by the Board of Control.***
3. When a coach is involved in athletic recruitment violations the Board of Control shall consider ***all punitive actions taken by the school to address the recruitment violation. In addition the Board may consider:***
 - a. Disqualification of the coach(es) involved from coaching responsibilities at any level of that CIAC sport or potentially any CIAC-sponsored sport for a minimum of one calendar year. Note: The period of disqualification for the coach(es) continues even if the coach(es) leaves the position where the infraction took place.
 - b. Assigning a ~~two-year~~ probation period ***not to exceed two years*** for the coach(es) upon ~~the coach's~~ return to coaching responsibilities of any CIAC sport in any CIAC member school.
 - c. Requiring that the coach take the appropriate coaching module.

Rationale for Change: The CIAC Board of Control found the original language to be too restrictive and sought more flexibility when administering recruitment penalties.

1. The Board of Control shall have the power to assess and to enforce such penalties, including fines, against member schools, principals, athletic directors, coaches and/or members of the coaching staff, as it deems suitable for violations of its Bylaws, Regulations, Rules, Standards of Courtesy, Fair Play and Sportsmanship, Code of Ethics, or any other standard of conduct or any other provision of this Handbook. A charge for any of the above violations may be brought against a member school, principal, athletic director, coach and/or member of the coaching staff by another member school or by the executive director of CAS-CIAC. Further, should the Association be forced to initiate legal action to collect the aforementioned costs and attorneys' fees, the institutional or individual associate member shall be additionally liable for the Association's reasonable costs and attorneys' fees resulting from the collection action.

3. A change in the [Bylaws] regulations may be submitted by any voting member school through its representative, to the Executive Director of the Conference at least one month previous to the next meeting of the Board of Control. It is mandatory that the Board of Control consider any such proposed amendment and act upon it. It is mandatory that the Board of Directors submit any such proposed amendment, with or without recommendation, to member schools at least two weeks before the meeting of the Legislative Body. A proposed amendment may be altered or modified on the floor of the meeting, provided the subject matter thereof shall remain substantially the same as that described in the written notice of amendment.

Changes in the [Bylaws] regulations made during the year by the Board of Control must be submitted to the Legislative Body at its annual meeting for vote.

ARTICLE VII – TOURNAMENTS, MEET AND GAMES

3. Meets and games are scheduled by a member school with public and private schools which are members in good standing in the state high school athletic association recognized by the National Federation of State High School Associations;
4. Member schools permit athletes in individual sports to participate “unattached” and where selection for participation is based on performance of an individual, and when such competition is limited to a maximum of three (3) days.

3.0 CIAC BY-LAWS

7. Interstate tournaments, meets and games within National Federation Region I are approved by each member state's athletic association and funding methods and expenditures are approved by the local school's Board of Education (LEA) and where such competition is limited to two calendar days of which only one is a school day;
8. Interstate tournaments, meets or games beyond National Federation Region I are approved by each member school's Board of Education (LEA), and funding methods and expenditures are approved by the Board of Education;
9. Any interstate tournament, meet or game does not violate any current CIAC seasonal or weekly limitation regulation;
10. A CIAC-sponsored interscholastic athletic team travels no more than one time per sports season beyond the National Federation Region I area.

Section B. CIAC member schools MAY NOT participate in any of the following Tournaments, Meets and Games:

1. Tournaments, meets and games sponsored by non-educational groups or individuals unless sanctioned by the NFHS and CIAC. Participation in meets, games or tournament is prohibited unless a member school, conference, or group of member schools is the sponsor. No member school shall participate in any tournament, game or other contest from which any non-school organization derives a financial profit from ticket sales or other directly related revenue source.
2. Tournaments, meets and games which are post-season contests (in determining the meaning of the term post-season, "season" shall be defined as printed in the Eligibility Rules of the Conference) with the exception of those sponsored by CNESSPA;
3. Tournaments, meets and games played on Sundays, either home or away.

EXCEPTIONS: The CIAC Board of Control, upon request from a sport committee, may grant permission to pre-schedule the final or semi-final game of a state tournament on a Sunday. Further, the Board approves the use of Sundays after 12:30 p.m. for regular season and league tournament make-up games in all sports upon the mutual agreement of both schools. Further, the Board allows the CAS-CIAC Executive Director to schedule the final or semi-final game of a state tournament before 12:30 p.m. when circumstances dictate an earlier start. Should local board of education policy prohibit a member school from CIAC tournament participation on a Sunday, reasonable attempts will be made to offer an alternate competition date.

4. Tournaments, meets and games which are intersectional beyond New York, New Jersey and New England and tournaments, meets and games which involve teams from more than six (6) states, except for tournaments, meets and games which are permitted in Section A. 5, 7, and 8 of this Article;
5. Football games played after Thanksgiving Day, unless they are postponed regularly scheduled contests or CIAC Football Playoff games which must be held no later than the third Saturday after Thanksgiving Day.

3.0 CIAC BY-LAWS

Section C. Conference members must request and secure permission in writing from the CIAC Board of Control to participate in any tournament, meet or game not specifically permitted by Section A. or not specifically forbidden by Section B. above.

Section D. Violators of this Article may be suspended from the CIAC as provided for in Article III, Section C. of these Bylaws, or may be penalized in some other less severe manner by a majority vote of the full membership of the Board of Control.

Section E. Divisions for CIAC Tournament Play

1. After the 9-12 enrollments as of October 1 for the current school year are received and tabulated by the Executive Director, the sports committees shall determine the tournament or championship meet divisions for the following school year.
2. A school may make application to the Board of Control for entrance to a larger or smaller membership classification for the current year no later than October 1. The Board of Control may approve or reject the request in accordance with the evidence submitted in support of each application. A school having been reclassified at its own request must participate in the CIAC tournament where the competitive divisions are based on the membership classification.
3. Certain sports have had special competitive divisions established. A member school requesting a change in division must abide by the guidelines established by the sports committees of these specific sports.

Section F. Objectives and Regulations for Determining Tournament Divisions

Objectives

1. To provide post season competition for teams and/or individuals that meet the standards of qualification as established by sports committees and approved by the CIAC Board of Control.
2. To promote team sports competition organized into a tournament divisional structure based on size of school or quality of program.
3. To promote post season competition designed to provide opportunities for athletes who are fully subscribed members of a CIAC high school interscholastic team.
4. To promote post season competition given constraints of reasonable financial and human resources.

Regulations

1. No team division qualifying standard shall go below a 40% win record in the sports of field hockey, soccer, volleyball, softball, football, or lacrosse. The sports of baseball, girls basketball and ice hockey have approval from the CIAC Board of Control to “fill the brackets.”
2. No open or elite tournament formats for team sports.
3. Gender equity shall be an important principle when establishing tournament formats.

3.0 CIAC BY-LAWS

4. Any sport committee request to move to a lower qualifying standard from a previously adopted standard must be approved by the CIAC Board. Supporting rationale must accompany each request and be of sufficient merit to convince the Board that such a move meets the objectives of the CIAC.
5. All sports committees shall develop a tournament format that when fully implemented will approximate an equal number of teams or participants in each division.
6. All sports committees will develop a tournament format which will require only the number of divisions necessary to accommodate the number of teams that qualify for the tournament. To request an increase in the number of divisions, it is necessary to show that the existing divisional alignment cannot accommodate additional teams without playing several qualifying games.
7. All sports committees will be required to justify the number of divisions when there is evidence that the existing number of teams making the tournament can be accommodated in fewer divisions.
8. All sports committees have the latitude to promote opportunities which will enhance the overall quality of their tournament as long as such opportunities conform with the heretofore listed regulations. Such opportunities must be made part of the published tournament regulations and be consistently applied to all teams that make the tournaments. Any change in tournament structure which departs from the usual procedure of determining divisions by size of school must be approved by the CIAC Board of Control.

Individual Sports – Cross Country, Track, Golf, Swimming, Wrestling, Indoor Track, Tennis, Gymnastics

Team Sports – Field Hockey, Soccer, Volleyball, Basketball, Softball, Football, Ice Hockey, Baseball, Lacrosse

Section G. Good Will Trips Abroad

The matter of school teams going abroad on “good will” trips has long been a concern to the CIAC Board of Control. Too often they come about as the brain-child of a commercial entrepreneur with little or no regard to the loss of school time which results in conflicts with the policies and regulations of the CIAC regarding such participation and the expense to students and their families. The creation of such trips by commercial entrepreneurs for profit has always been frowned upon, and should continue to be.

However, such good will trips sponsored by school groups or other non-profit organizations for wholesome and worthwhile purposes which advance the education of young people in ways which at-home classroom instruction could not hope to do should be allowed so long as they comply with the following criteria.

1. The trip should have purposes which are truly educational beyond the taking of students to a foreign country to engage in athletic contests. These purposes should include first-hand observation of the culture and customs of the host country; opportunities to spend time with native hosts in home, school and other societal settings which provide insight into the country, travel and sightseeing within the host country, language study and experience.
2. The purpose of the trip should also advance the interests of the United States and of world understanding and peace in promoting good will among young people of differing races, languages, religions, etc.

3.0 CIAC BY-LAWS

3. The trip should not require excessive expense on the part of students or their families, or excessive fund raising efforts which conflict with out-of-school study time and other school related pursuits. The local Board of Education or other governing body must make this determination.
4. The advantages to be gained by such a trip must significantly outweigh any loss of school time which might occur. The local board of education or other governing body must make this determination. Arrangements should be made for students to make-up missed school assignments or carry same on while abroad.
5. Approval for the trip must be obtained from the National Federation of State High School Associations. A National Federation application for sanction of International Athletic Competition must be completed sixty (60) days prior to the trip. A follow-up National Federation International Competition Report Form must be completed for that sport. (Call CIAC Office)
6. If such a trip occurs during the CIAC athletic season, any athletic events engaged in must come under and comply with the weekly and seasonal game limitations of the CIAC. These games will not count for CIAC tournament qualification.
7. If the trip occurs outside of the team's athletic season, no more than a maximum of three (3) athletic contests will be played. No practice sessions will be permitted. However, it will be the responsibility of the school administration to make sure that all athletes are properly conditioned prior to any participation in organized competition.
8. Such trips cannot take place later than sixty (60) days prior to the team's next season of play.

ARTICLE VIII – ELIGIBILITY

Section A. The rules of eligibility shall be those which have been adopted by the Athletic Board of Control and shall be considered part of the [Bylaws] regulations under Article IX. In the event no rules changes are approved by the Board of Control, the rules in effect shall remain in full force and effect until new ones have been duly approved.

Section B. Committee on Eligibility

1. The member of the Eligibility Committee who shall serve as Chairperson shall be designated each year by the Board of Control.
2. All questions on interpretation of the eligibility code must be submitted in writing and only by principals of member schools.
3. All protests must be submitted by the principal to the Executive Director on the official protest form. The protest must be postmarked within five (5) school days of the alleged infraction.
4. The Eligibility Committee, shall be empowered to make recommendations for exceptions to the eligibility code when, in its opinion, such exceptions are for just cause and to further the objectives of the CIAC. The Committee specifically reserves the right to require medical reports and/or other relevant information.

3.0 CIAC BY-LAWS

5. All member schools of the Conference involved in any case which has been considered by the Eligibility Committee shall be notified in writing of the decision of that Committee.
6. A member school dissatisfied with a decision of the Eligibility Committee may, within fourteen (14) days after said decision, request in writing that the Eligibility Review Board review the decision. Requests for exceptions to Article IX, Section II.C. (commonly known as the “transfer rule” of the Code of Eligibility) will be considered by the Eligibility Review Board only after the actual transfer has taken place. A member school principal, on behalf of the student-athlete, has the right to request the Board of Control to review the Eligibility Review Board’s decision. Appeals of decisions of the CIAC Eligibility Review Board are final except that the CIAC Board of Control reserves the right to review and act upon only those cases which it believes involve issues of critical and conflicting opinion among the Eligibility Committee and the Eligibility Review Board or which, as a result of other compelling reasons, deserve the attention of the CIAC Board of Control. This decision shall be final and binding upon all parties.
 - a. Appeals are to be made in writing to the Executive Director of CAS.
 - b. The Executive Director shall notify all the schools involved in the appeal.
 - c. The Executive Director, upon notification from the Chairperson of the Board of Control, shall give due notice to all schools concerned of the time and place of the hearing.
 - d. The school against which a charge or protest has been filed shall have the privilege of presenting its case to the Board of Control.
7. All requests for exception to the Eligibility Rules initiated by a student-athlete or his/her parents or legal guardian SHALL be referred by the principal of the member school to the CIAC Eligibility Committee.

Section C. Restitution

If a student is ineligible according to CIAC rules but is permitted to participate in interscholastic competition contrary to such CIAC rules but in accordance with the terms of a court restraining order or injunction against his/her school and/or the CIAC and said injunction is subsequently voluntarily vacated, stayed, reversed or [it is] finally determined by the courts that injunctive relief is not or was not justified, in any one or more of the following actions shall be taken against such school in the interest of restitution and fairness to the competing schools:

1. Require that individual or team records and performances achieved during participation by such ineligible student shall be vacated or stricken.
2. Require that team victories shall be forfeited to opponent.
3. Require that team or individual awards earned by such ineligible student be returned to the Association.

ARTICLE IX – RULES OF ELIGIBILITY AND CONTROL FOR BOYS AND GIRLS HIGH SCHOOL ATHLETICS IN CONNECTICUT.

Section A. The Eligibility Rules are provided electronically to each member school. **Complete rules of eligibility will be found in Appendix B of this CIAC Handbook.**

Section B. Transgender Participation

The CIAC is committed to providing transgender student-athletes with equal opportunities to participate in CIAC athletic programs consistent with their gender identity. Hence, this policy addresses eligibility determinations for students who have a gender identity that is different from the gender listed on their official birth certificates.

The CIAC has concluded that it would be fundamentally unjust and contrary to applicable state and federal law to preclude a student from participation on a gender specific sports team that is consistent with the public gender identity of that student for all other purposes. Therefore, for purposes of sports participation, the CIAC shall defer to the determination of the student and his or her local school regarding gender identification. In this regard, the school district shall determine a student's eligibility to participate in a CIAC gender specific sports team based on the gender identification of that student in current school records and daily life activities in the school and community at the time that sports eligibility is determined for a particular season. Accordingly, when a school district submits a roster to the CIAC, it is verifying that it has determined that the students listed on a gender specific sports team are entitled to participate on that team due to their gender identity and that the school district has determined that the expression of the student's gender identity is bona fide and not for the purpose of gaining an unfair advantage in competitive athletics.

Students who wish to participate on a CIAC gender specific sports team that is different from the gender identity listed on the student's current school records are advised to address the gender identification issue with the local school district well in advance of the deadline for athletic eligibility determinations for a current sports season. Students should not be permitted to participate in practices or to try out for gender specific sports teams that are different from their publicly identified gender identity at that time or to try out simultaneously for CIAC sports teams of both genders.

Nothing in this policy shall be read to entitle a student to selection to any particular team or to permit a student to transfer from one gender specific team to a team of a different gender during a sports season. In addition, the CIAC shall expect that, as a general matter, after the issue of gender identity has been addressed by the student and the school district, the determination shall remain consistent for the remainder of the student's high school sports eligibility. The CIAC has concluded that this criteria is sufficient to preclude the likelihood that a student will claim a particular gender identity for the purpose of gaining a perceived advantage in athletic competition.

ARTICLE X – RECRUITMENT

A charge of recruiting may be brought against a member school by another member school or by the Executive Director of CAS-CIAC.

Recruitment Policy – The CIAC Board of Control has established the following policy with regard to the illegal recruitment of student-athletes by member schools:

3.0 CIAC BY-LAWS

Section A. General Principles

1. Recruiting is the use of undue influence and/or special inducement by anyone associated with a school in an attempt to encourage a prospective student to attend or remain at that school for the purpose of participating in interscholastic athletics.
2. Recruitment of students or attempted recruitment of students for athletic purposes, regardless of their residence, is a gross violation of the spirit and philosophy of the bylaws of the Connecticut Interscholastic Athletic Conference and is expressly forbidden.
3. Member schools are responsible for any violation committed by any person associated with the school, including principals, assistant principals, athletic directors, coaches, teachers, any other staff members or employees, or any organization, such as booster clubs, having connection to the school. Member schools also are responsible for any violation committed by any person acting at the direction of the school or anyone associated with the school. Use of third parties such as students, parents, etc., is also a violation of this policy.
4. Member schools each year will be required to submit to the CIAC office with the membership application form a Certification of Compliance with the CIAC Recruiting Policy. The principal, athletic director and head coach in each varsity sport offered by the school will be required to sign a form provided by the CIAC office certifying that they have reviewed this policy and will comply with all provisions of this policy, and that they will review the provisions of this policy with other individuals or groups associated with the school such as athletic booster clubs.
5. When a school is requested to disclose the specifics of acceptance or enrollment policies and procedures, it agrees to do so as a condition of membership. Note: Schools will not be randomly asked this; it may occur when accusations of recruitment are made and disclosure would eliminate any doubt about the procedure.

Section B. Undue Influence

1. The use of undue influence, which is the use of direct or indirect communication by anyone associated with a school with a prospective student-athlete in an attempt to solicit or encourage the enrollment of a prospective student-athlete in that school, is prohibited. Additionally, no one associated with a school may request any third party to solicit or encourage the enrollment of a prospective student-athlete in that school, for in that case the third party also becomes associated with that school.
2. Undue influence includes, but is not limited to:
 - a. Initiating or arranging telephone, telegram or other written contact such as questionnaires, cards or letters, with a prospective student-athlete or member of his/her family for the purpose and intent of soliciting or encouraging the enrollment of the student in a school.
 - b. Visiting or entertaining a prospective student-athlete or member of his/her family for the purpose and intent of soliciting or encouraging the enrollment of the student in a school.

3.0 CIAC BY-LAWS

- c. Providing transportation to a prospective student-athlete or member of his/her family to visit a school or to meet with anyone associated with a school for the purpose and intent of soliciting or encouraging the enrollment of the student in that school.
 - d. Attending grade school, junior high or middle school games for the purpose of evaluating and recruiting specific prospective student-athletes.
 - e. Requesting booster club members, students, parents or alumni from a school to discuss the merits of the school's athletic program with a prospective student-athlete or member of his/her family by phone, in person or through letters or other written communication.
 - f. Any other contact with a prospective student-athlete or member of his/her family for the purpose and intent of soliciting or encouraging the enrollment of the student in a school.
 - g. Offer or acceptance of the bypassing of the established policies and procedures for admittance/enrollment to a school.
3. No member school and no one acting on behalf of any member school may give any speech or give any slide, film or tape presentation or distribute any written material, including advertisements in newspapers, magazine or other publications, which states or implies that a member school's athletic program is better than the athletic program of any other member school or that it would be more advantageous for any prospective student-athlete to participate in athletics at that member school as opposed to any other school.
4. When a student at a junior high, middle school or other high school, or the parent(s) or guardian(s) of that student contacts a coach about attending the coach's school, the coach must immediately refer the student, parent(s) or guardian(s) to the principal or other appropriate school personnel, who have the responsibility of seeking and processing prospective students.
5. Middle school athletes may not participate in high school athletics. A middle school athlete cannot practice, condition or train with a high school athlete or athletic program at any level.

Section C. Special Inducement

- 1. A student-athlete may not receive or be offered any remunerations of any kind or receive or be offered any special inducement of any kind which is not made available to all students who enroll in or apply to a school.
- 2. Special inducements include, but are not limited to:
 - a. Offer or acceptance of money or other valuable consideration such as free or reduced tuition during the regular school year or summer school by any person associated with a school.
 - b. Offer or acceptance of room, board, textbooks or clothing, or financial allotment for textbooks or clothing.

3.0 CIAC BY-LAWS

- c. Offer or acceptance of pay for work that is not performed or that is in excess of the amount regularly paid for such service.
- d. Offer or acceptance of free transportation by any person associated with a school.
- e. Offer or acceptance of a residence with any person associated with a school living with non-custodial parent.
- f. Offer or acceptance of any privilege not afforded to non-athletes. However, it is not a violation for youth groups to attend local games free of charge if they are part of a local program that is open to all students at that age level.
- g. Offer or acceptance of free or reduced rent for parents or guardians.
- h. Offer or acceptance of payment of moving expenses of parents or guardians or assistance with the moving of parents or guardians.
- i. Offer or acceptance of employment of parent(s) or guardian(s) in order to entice the family to move to a certain community if any person associated with the school makes the offer.
- j. Offer or acceptance of help in securing a college athletic scholarship.

Section D. Academic Recruitment Programs / Open Houses

1. This policy is not intended to prevent a member school from conducting academic recruitment programs or recruitment programs designed to attract students based upon the school's overall educational and extracurricular programs. However, such recruitment programs must be designed to present the overall educational and extracurricular programs of the school and not be used as a subterfuge for recruiting students for athletic purposes. Such general recruitment programs permissible under this article must be carried out under the following guidelines.
 - a. With the permission of the principal, member schools may present speeches, slides, film, tape or other similar programs to students at elementary, junior high or middle schools with grades below the ninth from which the member school can normally expect enrollment so long as said speeches, slides, films, tapes or other presentations are designed to attract students to attend the member school and are based upon the overall educational programs and not presented for the purpose of recruiting prospective athletes. No information can be distributed through such programs by the use of speeches, slides, films, tapes or written material which in any way implies that the member school's athletic program is better than any other member school's athletic program or that it would be more advantageous for a prospective student-athlete if he/she participated at that member school as opposed to any other member school.
 - b. Member schools may conduct an open house that is designed to attract students based upon the school's overall educational and extracurricular programs. No information distributed at a school's open house through any speech, slide, film, tape or written material can imply that the school's athletic program is better than any other member

5.0 CIAC BY-LAWS

school's athletic program or that it would be more advantageous for a prospective student-athlete if he/she participated at that member school as opposed to any other member school. The school's athletic director and member school coaches may be present as part of the administrative team and faculty that conducts an academic recruitment presentation or open house for the purpose of answering questions or making presentations consistent with the above. Coaches must strictly adhere to the CIAC recruitment regulation that prohibits the use of undue influence and/or special inducement by anyone associated with the school in an attempt to encourage a prospective student to attend that school for the purpose of participating in interscholastic athletics.

Section E. Athletic Programs / Activity Fairs

1. Specific athletic and sport information may be distributed not earlier than April 15 by coaches and others, at any venue, to eighth grade students and other students that have officially committed to attend a member school. Students considered in this group are those that have been officially assigned a program of studies; registered with the school for the next school year and have complied with all other school enrollment requirements. These students are then considered bona fide members of the member school and may be contacted by individual school personnel for specific athletic intentions.
2. Activity fairs or meetings solely for the purpose to disseminate or collect athletic information from the incoming freshman class may be held on or after April 15.
3. Prior to April 15, parent initiated individual visits to schools are permitted during school hours. Student hosts or others may not be assigned for athletic consideration.

Section F. Financial Assistance Programs

1. Member schools are permitted to maintain financial assistance programs for students which must be without regard to athletic potential. Financial assistance based even partially on athletic potential or performance is not permitted from the school or any individual or group associated with the school.
2. Financial assistance programs must be carried out under the following guidelines:
 - a. Evaluation of the student's needs for financial assistance must be performed by a recognized organization independent of the school and approved by the CIAC Board.
 - b. Member schools must make all records of financial assistance available to the CIAC for inspection upon request.
 - c. No coach or any other unauthorized person associated with the school may suggest or promise that any part of tuition will be waived for a prospective student or that financial assistance may be granted for any reason, including financial need. The only person who may address the possibility of fee reduction or financial assistance is that person who has specific responsibility for admissions and financial assistance policies and procedures.
 - d. Funds which have been donated to schools by businesses, organizations, clubs and individuals may be given as financial assistance to students through the normal financial assistance program of the school for all students, without regard to athletic potential.

3.0 CIAC BY-LAWS

Section G. Penalties

1. A member school found to be in violation of any provision of this policy:
 - a. Will be assessed a financial penalty as well as all expenses incurred by the CIAC in its investigation, and required to forfeit all contests won in which a recruited student(s) participates and/or all points earned in any contests by a recruited student(s);
 - b. May be placed on probation for a period of not less than one year in the sport(s) in which the violation(s) occurred;
 - c. May be placed on prohibition, which means the school cannot participate in any CIAC-sponsored meets/tournaments, for a period of not less than one year in the sport(s) in which the violation(s) occurred; and/or
 - d. May be placed on suspension from the CIAC and the school has the status of a non-member in all activities for a period of not less than one year.
2. A student who allows him/herself to be successfully recruited by a member school:
 - a. May be declared ineligible for a period of time as determined by the Board of Control for interscholastic athletic competition at the school to which he/she was recruited; and
 - b. May be declared ineligible for interscholastic athletic competition for a period not to exceed one year at any member school.
 - c. May be subject to other actions as deemed appropriate by the Board of Control.
3. When a coach is involved in athletic recruitment violations the Board of Control shall consider all punitive actions taken by the school to address the recruitment violation. In addition the Board may consider:
 - a. Disqualification of the coach(es) involved from coaching responsibilities at any level of that CIAC sport or potentially any CIAC-sponsored sport for a minimum of one calendar year. Note: The period of disqualification for the coach(es) continues even if the coach(es) leaves the position where the infraction took place.
 - b. Assigning a probation period not to exceed two years for the coach(es) upon return to coaching responsibilities of any CIAC sport in any CIAC member school.
 - c. Requiring that the coach take the appropriate coaching module.

Section H. Protocol for Investigating and Determining a Charge of Recruitment

1. If a charge of recruiting is brought against a member school, the CIAC Board of Control shall appoint an investigating officer, whose duty it shall be to determine the facts in the case. This person shall be empowered to summon representatives of both the complainant and the school accused of recruiting to an informal fact-finding meeting which shall be held within fifteen (15) days of receipt of the complaint.

3.0 CIAC BY-LAWS

No parties may at this time be represented by counsel. The investigating officer shall attempt to resolve the matter at issue between the two schools. Where the findings of violation of the recruitment rule have been determined following the investigation, the investigating officer may rule in his/her discretion that the offending school:

- a. Be fined a definite amount;
- b. Be placed on probation pending future conduct for a definite time period;
- c. Be prohibited from participation in CIAC-sponsored meets or tournaments for a definite time period;
- d. Be suspended from the CIAC for a definite time period; or
- e. Be penalized by any combination of the above.

If the schools accept the investigating officer's decision, it shall be so reported in writing to the CIAC Board, along with the investigating officer's findings of fact, the report shall be entered in the minutes of the Board, and the matter adjudicated and closed.

2. Should the efforts of the investigating officer fail, the CIAC Board of Control shall, within fifteen (15) days of the date of receipt of such report, establish a three-member panel to arbitrate the issue.

The panel shall consist of three member principals, one member chosen by the complainant, one member chosen by the accused school, and a third member agreed upon by the two parties. The neutral member will serve as Chair. The panel shall be empowered to call both parties to a formal hearing, at which time parties shall not be represented by counsel, and which shall be conducted according to existing CIAC bylaws and precedent. The hearing must be held no later than 21 days after the appointment of the panel. The decision of the panel shall be reported to the CIAC Board of Control and the two parties involved within one week following the conclusion of the hearing.

3. Where a finding of violation of the recruitment rule has been determined by a three member panel, the panel may rule in its discretion that the offending school:
 - a. Be fined a definite amount; or
 - b. Be placed on probation pending future conduct for a definite time period; or
 - c. Prohibited from participation in CIAC-sponsored meets or tournaments for a definite time period; or
 - d. Be suspended from the CIAC for a definite time period; or
 - e. Any combination of the above.
4. Should the findings and judgment of the panel be accepted by both parties, said findings and judgment shall be communicated by the panel in writing to the CIAC Board of Control, which shall enter the findings and judgment in the minutes of the Board, and the matter shall be declared adjudicated and closed.
5. Should the findings and judgment of the panel not be accepted by the parties, either may appeal to the CIAC Board of Control for a formal hearing before the Board. Such appeal must be made within fifteen (15) days following the announcement of the decision of the panel. If a request for an appeal hearing is not made within that time, the matter shall be considered closed and the judgment of the panel shall stand.
6. Upon appeal made in timely fashion, the Board of Control shall convene a formal hearing, where each party may be represented by counsel, to be held no later than 30 days from the day of receipt of the request. The hearing shall be conducted in accordance with existing CIAC bylaws and precedent in such cases.

3.0 CIAC BY-LAWS

If any party elects to be represented by counsel, the other parties must be so informed in timely fashion.

7. The school appealing the finding and judgment of the panel shall be subject to the application of Article III, E.1. and 2. of the CIAC [bylaws], regulations (q.v.). (Note: This article provides that any school which sues CIAC and loses pays CIAC's legal fees and costs.)
8. Punitive fines not to exceed \$10,000 may be imposed by the Board of Control against a school found to have engaged in recruiting as defined in Article IX, Section IV, C.2. and above. The superintendent of schools of the district shall be notified through the high school principal.

ARTICLE XI – COOPERATIVE TEAM SPONSORSHIP

The CIAC Board of Control shall have the authority to approve the formation of cooperative athletic teams of two or more member high schools under the following conditions:

1. The determination of the proper set of circumstances which will allow multiple schools to form a cooperative team will depend significantly on the issue of competitor displacement. When the CIAC believes that a cooperative arrangement will cause an unreasonable displacement of potential competitors from one of the schools, the request to form a cooperative will be denied. Schools having sufficient numbers of competitors are advised not to request the formation of a cooperative team in that sport. It is only when two or more schools are experiencing difficulty in obtaining the desired number of competitors to form a team that the request for a cooperative team should be initiated. Cooperative teams may not be formed for financial reasons.
2. Cooperative teams will not be permitted to add a school(s) if the total number of players on the existing co-op team exceeds the maximum determined sport participation limit. (See chart pg. 65) Co-op programs exist until they have finished the phase-out period or if the agreement between the schools involved ceased for at least one full season.
3. Multiple team cooperative programs cannot exceed two (2) times the maximum determined sport participation limit in each sport.
4. The schools are located in the same geographical area.
5. All schools participating in the cooperative must be members of the CIAC, Inc.
6. A cooperative team will be placed in the appropriate tournament classification using combined enrollments as follows:
 - a. 100% of the 9-12 boy or girl enrollment of the largest school in the co-op.
 - b. The % of players from the remaining school(s) in the co-op will be calculated and that % of the co-op school(s) 9-12 boy or girl enrollment will be added to the largest school enrollment.

3.0 CIAC BY-LAWS

Example:	School A – 9-12 boy enrollment	500	500
	School B – 9-12 boy enrollment	<u>250</u>	<u>250</u>
		750	750
	# of participants in co-op – 15		
	10 from school A – 100% enrollment	500	
	5 from school B – 33% enrollment of 250	<u>83</u>	
	Total enrollment for tournament classification	583	

7. The cooperative sponsorship agreement is usually established for a period of two consecutive school years. However, approval may be granted for a one year period.
8. The governing boards of all schools participating in the cooperative team agreement jointly make application to the CIAC Board of Control for approval of the cooperative team agreement.
9. Written assurance that a “no cut” policy will govern the cooperative. **Note: Any attempt to stifle team growth or to discourage turnout to maintain lower numbers in order to co-op is considered a cutting policy and is prohibited.**
10. Cooperative team application must be filed on-line in the “eligibility center.” In addition to a completed application written approval from the league(s) of which the cooperating schools are members, or, in the event the cooperative team will not be affiliated with a league, written approval from a minimum of six schools included on the cooperative teams schedule must be submitted.

Application deadlines for cooperative teams during any school year are: (Schools are encouraged to submit their applications well in advance of the deadline.)

Fall sports – May 1 Winter sports – September 15 Spring sports – January 15

The principal of the host school will be designated as responsible for all CIAC-related correspondence concerning the cooperative team.

Note: The cooperative team application form must be completed and be accompanied by all necessary addenda.

11. The CIAC Co-op Committee reserves the right to investigate a co-op team which has a substantially different number of athletes reported on the co-op application than the number of athletes that actually participate in the co-op. The outcome of the investigation may result in recommendations to the CIAC Board of Control to take immediate action.

12. Dissolution of Cooperative Teams

- a. When the decision of the CIAC co-op committee is to dissolve or discontinue a co-op program, there will be a maximum of a two (2) year phase-out, renewable yearly, and athletes will be eligible from their schools throughout the phase-out period. The cooperative team committee has the authority to reduce a phase-out period to one year if the number of participants from a school exceeds the maximum determined sport participation limit or the total number of participants in the co-op exceeds or is close to exceeding two times the maximum allowed in the specific sport. Eligibility is not restricted to only those athletes who were on the original co-op team roster at the time of discontinuation.

3.0 CIAC BY-LAWS

Note: When a co-op team has been put into a phase-out and it can be demonstrated that the school(s) affected have in good faith begun a process of creating some type of sustainable ongoing program, in the same sport and independent of the co-op which will provide opportunity to those new incoming underclassmen, the schools involved may request an extension of the phase-out period to insure the students who were in the original co-op may finish out their high school athletic career as a part of the original co-op.

- b. During the phase-out, all schools must agree to remain in the co-op agreement on a yearly basis. League approval is not required. During the phase-out period all athletes are to be notified by their school that a limited period of eligibility exists because the program is in a phase-out period.
- c. A cooperative program which has completed a phase-out may apply for continued existence as a “non-CIAC competitive” program for the season immediately following the completed phase-out. The following requirements must be met:
 - 1) All CIAC student eligibility standards, seasonal and weekly limitations will be adhered to.
 - 2) Schools knowingly taking this path remove themselves from CIAC post-season competition.
 - 3) A win/loss record will be counted only for opponents of the “opt-out” program and to calculate any CIAC tournament pairings and power rankings.
 - 4) Schools applying to opt-out must submit to the CIAC Co-op Committee a letter of approval from their league and each non-league opponent.
 - 5) The opt-out accommodation is for one (1) year at a time.
 - 6) Once the opt-out accommodation request along with the required letters are received, the Co-op Committee will screen the documentation and determine if it should be forwarded to the CIAC Board of Control for approval.

The Co-op Committee often deals with one or more schools which have exceeded the allowable number of participants thus forcing the program to enter into a phase-out period. This is done to create optimum opportunity, prevent a co-op program from gaining a competitive advantage and avoid the displacement of students. When this occurs, the Co-op Committee works diligently to try and find other opportunities to allow students left behind without a program to participate. In cases where an alternative program cannot be found, it sometimes becomes a very emotional issue. The proposed opt-out accommodation is being recommended to provide schools an option that allows them to remain unified despite a phase-out period.

- d. Dissolving an active CIAC approved co-op lies solely between the schools involved. However, the cooperative team committee can deny a co-op application if ANY of the schools applying were previously part of a disbanded co-op that has left schools without a program in which to compete.

Decision Making Power

Decisions to approve or disapprove all cooperative team applications are relegated to the Cooperative Team Committee by the CIAC Board of Control. The Cooperative Team Committee shall consist of the chairperson of the CIAC, a minimum of two high school administrators, one representative of CAAD and one representative of CHSCA, all with voting privileges. The Cooperative Team Committee will meet a minimum of three times per year to act on all requests.

3.0 CIAC BY-LAWS

Sport Participation Limits

The following limits have been determined by each CIAC sport committee. When the number of potential participants in any school exceeds the limits listed below a cooperative team will not be approved.

QUESTIONS AND ANSWERS CONCERNING COOPERATIVE TEAMS

1. Q. **When a school has a reasonably sufficient number of competitors to sponsor a team will that school be allowed to develop a cooperative arrangement with a school which does not have sufficient numbers to sponsor a team?**
 - A. *No. The determination of the proper set of circumstances which will allow two or three schools to form a cooperative team will depend significantly on the issue of competitor displacement. When the CIAC believes that a cooperative arrangement will cause unreasonable displacement of potential competitors from one of the schools, the request to form a cooperative will be denied. Schools having sufficient numbers of competitors are advised not to request the formation of a cooperative team in that sport. It is only when two or more schools are experiencing difficulty obtaining an adequate number of competitors to form a team that the request for a cooperative team should be initiated.*
2. Q. **How is the term “same geographical area” defined?**
 - A. *The term “same geographical area” will be defined by the boards of education forming each cooperative team. It is expected that the practical factors involved in arranging a co-op will create practical parameters to the geographical area any cooperative could serve.*
3. Q. **According to the regulations, league approval is required for each cooperative team. What constitutes league approval?**
 - A. *League approval is formal voted-upon action by a league, according to its own method of voting, granting formal approval by the league of the formation of a cooperative team involving one or more of its member schools.*
4. Q. **What requirements do schools which establish cooperative agreements have to meet with respect to defining the administrative details of a cooperative team?**
 - A. *Boards of education must adopt a formal intergovernmental agreement with the other district(s) involved in the formation of any cooperative team they establish. This agreement must be formally adopted by the boards of education of all cooperating schools.*

3.0 CIAC BY-LAWS

5. Q. **If a school adds a boys' team by the formation of a cooperative team, must it also add a girls' sport team to its program?**
- A. *Simply adding a team for one sex of students by forming a cooperative does not require corresponding action to add a team for the other sex of students. However, schools are bound by the provisions of Title IX. Questions with respect to Title IX regulations should be referred to the State Department of Education.*
6. Q. **May cooperative teams be formed with out-of-state schools?**
- A. *No.*
7. Q. **May a cooperative team be formed with a school which is not a member of CIAC, Inc.?**
- A. *No.*
8. Q. **May a school form more than one cooperative team in the same sport?**
- A. *No. A cooperative team will not be approved based upon level of play, such as a freshman team or JV team. Approval will be decided solely on permitting schools to engage in a sport cooperatively.*
9. Q. **May a school form a cooperative with one school in football, a different cooperative team with another school in cross country and even a third cooperative with yet another school in volleyball?**
- A. *Yes. The provisions of this rule permit formations of different cooperative teams with different schools on a sport-by-sport basis. However, each cooperative team formed must undergo the complete process of approval by the boards of education, the league, and the CIAC Board of Control.*
10. Q. **In light of the requirement that cooperative teams may not limit participation opportunities, must a no-cut policy be established for each cooperative team that is formed?**
- A. *Yes.*
11. Q. **May a school drop one sport, such as field hockey, in order to enter a cooperative team arrangement in another sport such as girls soccer?**
- A. *Yes. The decision as to which sports to offer is exclusively the prerogative of each board of education.*
12. Q. **Is there a deadline for filing cooperative team applications with the CIAC Board of Control?**
- A. *Yes. The deadline is May 1 for fall sports – September 15 for winter sports – and January 15 for spring sports.*

3.0 CIAC BY-LAWS

13. Q. **May a cooperative team be formed during a sport season, in order to accommodate participation in the CIAC tournament series that school year?**

A. *No. All cooperative team applications must be submitted on or before the date deadline for each sport season. Applications received after these dates will be denied or considered only for implementation no sooner than one year hence.*

14. Q. **Must a cooperative team meet all of the qualifying regulations of a specific sport before being permitted to compete in the state tournament?**

A. *Yes.*

15. Q. **If two schools form a boys' cooperative team with each school having boy enrollments in grades 9-12 of 500 and 250, what enrollment will be used to determine classification for that sport.**

A. *A cooperative team will be placed in the appropriate tournament classification using combined enrollments as follows:*

- *100% of the 9-12 boy or girl enrollment of the largest school in the co-op*
- *The % of players from the remaining school(s) in the co-op will be calculated and that % of the co-op school(s) 9-12 boy or girl enrollment will be added to the largest school enrollment*

<i>Example:</i>	<i>School A – 9-12 boy enrollment</i>	<i>500</i>	<i>500</i>
	<i>School B – 9-12 boy enrollment</i>	<i><u>250</u></i>	<i><u>250</u></i>
		<i>750</i>	<i>750</i>

<i># of participants in co-op – 15</i>	
<i>10 from School A – 100% enrollment</i>	<i>500</i>
<i>5 from School B – 33% enrollment of 250</i>	<i><u>83</u></i>
<i>Total enrollment for tournament classification</i>	<i>583</i>

16. Q. **If two schools receive approval for a cooperative team, may they reapply their cooperative agreement and add a third school to the cooperative?**

A. *Co-op teams are not permitted to add a third school (if the total number of players on the existing co-op team exceed the maximum limit required per sport.*

17. Q. **If two schools form a cooperative agreement, and then after the season for that sport begins, interest wanes and there are not sufficient students participating to sustain the team, what are the eligibility implications for students who may have been participating in the cooperative team?**

A. *Students who begin participating on a cooperative team which is then disbanded after having competed in its first contest, may not compete in another CIAC sport during the remainder of the current sport season. Furthermore, if students from either of the schools enter the CIAC state tournament series as individuals in the sport for which the cooperative was established, they would have to be entered under the auspices of the cooperative team, not their own individual high school.*

3.0 CIAC BY-LAWS

18. Q. **A school after one year in a cooperative agreement is forced to discontinue the sport because of lack of support from the other schools in the cooperative. May that school petition to form a cooperative in the same sport with another school or schools?**
- A. *Yes. In this case an appeal will be heard by the review committee to grant exception to the two year commitment.*
19. Q. **May two schools from a cooperative team then subsequently consolidate with each other the second year of the cooperative?**
- A. *Yes. Consolidation of schools joined in a cooperative team agreement will simply supersede the cooperative agreement in such case.*
20. Q. **In the event two schools, each of which is a member of a different league, form a cooperative team, how will the requirements for league approval be administered?**
- A. *According to the cooperative policy, cooperative teams must be approved by the leagues of which the participating schools are members. They must also be approved by the league in which the cooperative team will participate or by six schools on the cooperative team's schedule if it does not compete in a league.*
- A) *If the cooperative team competes in a league of which one of the schools has been a member, both that league and the league of which the other school(s) in the cooperative has been a member(s) will be required to approve the cooperative team.*
- B) *If the cooperative team competes in neither of the existing leagues but will compete in another league altogether, then both the previous leagues and the new league must approve formation of the cooperative.*
- C) *If the schools forming the cooperative have been league members but will compete as an independent, then the leagues of which they have individually been members, along with the six schools on the cooperative team's schedule, must approve the formation of the cooperative.*
- D) *If one school entering the cooperative has been a member of a league and the other has been an independent, and the cooperative will compete as an independent, approval of the cooperative team must be obtained from both the league of the one cooperating school and from six (6) schools on the cooperative team's schedule.*
21. Q. **How is the term six (6) schools defined with request to requiring approval by six (6) schools on its schedule?**
- A. *Six schools mean six different schools which appear on the cooperative team's schedule for the first season of play.*
22. Q. **If a cooperative team is dissolved or discontinued is the cooperative entitled to a phase-out period?**
- A. *Yes. Schools in the cooperative will be granted a phase-out period of up to two years to allow schools an opportunity to co-op with another school or to budget the necessary funds to establish their own program. The cooperative team committee has the authority to authorize a one year*

3.0 CIAC BY-LAWS

phase-out if the number of participants in the cooperative exceeds or are close to exceeding two times the maximum allowed in the specific sport. Additionally, a school may request an extension of a phase-out if they demonstrated they have begun a program independent of the co-op to accommodate any incoming underclassmen interested in the sport.

23. Q. **May a school seek to form a co-op program for financial reasons or because they are eliminating their existing program due to budgetary constraints?**
- A. *No. The reasoning behind forming a co-op team is competitor displacement and is based solely on the number of athletes in the program and not financial hardships.*
- 24.Q. **May two schools that each have 25 returning football players in the upper three (3) grades totaling 50, form a co-op team?**
- A. *Yes.*
- 25.Q. **May three schools that each have 25 returning football players in the upper three (3) grades totaling 75 form a co-op team?**
- A. *No. Any three (3) teams cannot exceed the maximum number derived by a two (2) team co-op and in this case that would be 50. When using the (10-12) option, all numbers and calculations in forming the co-op must be associated with the maximum number for each school to be 25.*
- 26.Q. **May two schools forming a football co-op each use a different option with one using the (10-12) = 25 option and the other using the (9-12) = 32 option?**
- A. *Yes. However, the total number of athletes 9-12 in the program may not exceed 64.*
- 27.Q. **At the conclusion of the hockey season I have 13 non-seniors on my roster but project I will only have 10 players without freshman for next season. Can I seek out another school to enter a co-op?**
- A. *The number of athletes submitted to co-op using the “no freshman” option should correspond directly to the eligibility list at the end of the previous season unless substantial documentation can be provided that indicates students have left the school.*
- 28.Q. **May two schools already in an existing co-op disband in order to reconfigure adding a third team?**
- A. *Schools may not disband in the middle of a co-op agreement but may disband at the end of their co-op agreement to reform with other schools.*
- 29.Q. **Can a co-op team that has been put into a phase-out and has finished the phase-out period and still has a number of athletes over the allowable limit apply for an extension?**
- A. *No, however the co-op team can request to be put into a co-op “opt-out” period for one year at a time which allows the team to remain together with the condition they will remove themselves from CIAC post-season competition. This “opt-out” status will be granted provided they have received approval from their league and opponents that the existing co-op has not reached a level of ability that is too competitive giving them an unfair advantage during the regular season.*

3.0 CIAC BY-LAWS

30.Q. Can a team that receives “opt-out” status vie for a league title or be involved in a league tournament?

- A. Yes, the “opt-out” requirement is for CIAC post-season competition and the status within the league can be determined by the league.

ARTICLE XII – IN SEASON / OUT-OF-SEASON RULES

SPECIALIZATION

Students should have the opportunity to voluntarily engage in non-school sponsored sports activities provided such activities do not interfere with the student’s educational development and the activities do not conflict with the principles of wholesome amateur athletics. The CIAC wishes to enhance that opportunity while at the same time discouraging the exploitation of student-athletes by overzealous individuals and organizations who attempt to impose an obligation on the student to participate in their programs at any cost. There has been growing evidence of commercialism of high school athletes. In far too many instances non-school sponsored sports events have been the “marketplace” where the students have been lured to display their “athletic wares.” Experience has revealed that such events tend to divide the allegiance of the students, undermine their respect for their high school coaches, and encourage the type of adulation which gives the students an exaggerated notion of the importance of their own athletic prowess rather than reinforcing the idea that athletic ability is an endowed talent which students should use for the pleasure and satisfaction that they may derive from athletic competition. By the promulgation and enforcement of these rules the CIAC strives to eliminate these abuses.

“For purposes of this regulation, an individual officially becomes a coach and thus must abide by all CIAC rules and regulations, upon written or verbal acceptance of an offer (paid or unpaid) or employment by a board of education or its designated agent(s).

Also for purposes of this regulation, a coach (paid or unpaid) remains a coach in the position for which he/she was hired until a formal resignation by the coach is received by the proper school authority or he/she is officially notified of termination by the superintendent of his/her designated agent.

Yearly expiration of contracts do not constitute “official notification” under the definition of this regulation.”

Adopted May 29, 1997

1.0 DURING AUTHORIZED CONTEST SEASON (In-Season Rules)

1.1 Individual and Team Sports

- a. Participation as an individual or as a member on a non-school sponsored team in a sports competition, practice, showcase, try-out, camp or clinic at any level of play including professional in the same branch of athletics during the authorized contest season will render the athlete ineligible for all interscholastic athletics unless the athlete is reinstated by the CIAC Board of Control. (Season is defined as the date of the first contest for that school and concluding with either the CIAC final tournament game or the New England championships.)

3.0 CIAC BY-LAWS

Exceptions to Rule 1.1.a.

1. Participation in Olympic/Pan American Games/try-outs.
2. Participation in one national governing body (NGB) sponsored national tournament or international competition.

Note: In all sports the CIAC Board of Control may grant exceptions to athletes to participate in those contests legitimately organized for the sole purpose of preparing for and selection to the next Olympic Games or the Pan-American Games. An athlete may participate in one (1) National Governing Body (NGB) sponsored national tournament event or other NGB sponsored international competition during the sport season. These contests must be recognized by the United States Olympic Committee, the Pan-American Games and/or the NGB for the sport as having as its sole purpose the selection to the Olympic, Pan-American, national or international team. All decisions for participation will be made in accordance with the restricted competition provision of the U.S. Olympic Sports Act wherein state athletic associations shall have “exclusive jurisdiction” to conduct their programs without interference by any NGB.

3. Participation in a college audition – (Audition – when a student-athlete is invited by the college coach to visit the campus and participate in workouts individually or with team members to assess their skills prior to admission.)
4. Participation in clinics offered by a college – (Skill development programs that are not used to assess talent or used as a try-out for non-school teams.)
5. Participation in clinics offered by CIAC member schools or other state association member schools.
6. Participation in other clinics approved by the school and that are designed to enhance skill development and not used as a try-out of any nature for selection to a non-school team.

The following conditions must be met as part of the exceptions #3-6:

- Each event is limited to one (1) day in duration;
 - The member school principal must grant permission if there is any loss of school time;
 - The member school coach determines the event does not interfere with any functions of the in-season school program;
 - Written consent is given by the school administration and athletic department prior to the student attending such activities.
 - Member schools will inform the CIAC staff of students who are approved to attend.
7. A student-athlete may participate in cross country, golf, gymnastics, indoor track, outdoor track, swimming, and tennis as an individual (unattached – See 5.5.D.) and not as a member of a team during the authorized contest season without loss of interscholastic eligibility provided the following criteria are met:
 - Compliance with weekly limitations for the specific sport. (Exception: golf)
 - In cross country, gymnastics, swimming, indoor track, outdoor track and tennis, no more than four (4) unattached (see 5.5.D.) outside meets per season are permitted. In the sport of golf no more than eight (8). Athletes in these sports may practice but not compete with a non-CIAC team during the season. Such practices may not interfere with or replace member school practices.

3.0 CIAC BY-LAWS

- Prior approval of athletic director, coach, principal and parent.
 - Prior arrangements to complete academic lessons, assignments, tests, etc.
 - Student and parent agree to not accept, directly or indirectly any awards, gifts, trips, merchandise, etc., which would be in violation of CIAC regulations.
 - Athletes will not miss any CIAC-sponsored tournament contest for which he/she is eligible unless excused by the CIAC Board of Control. It is the philosophy of the conference that student-athletes owe loyalty to their school and team. During the regular season, the school administration will make the determination as to whether a student-athlete may be excused from a contest to attend an event as an “unattached” competitor.
- b. A pupil shall not participate in or represent his or her school in more than one sport after the date of the first contest for that school in that sport season, nor may that pupil represent more than one school during a season unless the pupil satisfies the conditions of Eligibility Rule II.C.

The school season is defined as the date of the first scheduled contest for that school and concluding with either the CIAC final tournament game or the New England Tournament if there is such a tournament. The conclusion of the New England tournaments will be the end of the season for all teams and/or athletes who qualified for the New England tournament.

1.2 Camps and Showcases

Students may not attend.

1.3 Lessons

A student-athlete is permitted to receive **individual** lessons in his/her sport(s) during the season.

If the period is assigned, it will begin at the next scheduled contest for the sport that the coach is assigned unless otherwise determined by the Board of Control.

If there is a second offense in the same sport, the Board shall consider:

- Assigning the coach a period of disqualification from 50% of regular season contests and the sport will be assigned “prohibition” for one year in the state tournament. If the coach leaves the program, “prohibition” will be eliminated but the penalty period of “disqualification and prohibition” stays with the coach.

CIAC IN-SEASON AND OUT-OF-SEASON QUESTIONS

1. **Are volunteer or unpaid coaches granted any special immunity with respect to out-of-season coaching rules?**

No. A volunteer coach is considered the same as all coaches on the coaching staff of a specific sport and must abide by all CIAC rules and regulations. In fact, according to the State Department of Education regulations, all volunteer coaches who coach or instruct athletes must be certified.

2. **May a coach call an out-of-season meeting of his/her players to provide off-season “self-help” suggestions or workout programs to help athletes improve their conditioning and/or skills?**

Yes. One meeting between coach and players for the purpose of providing off-season suggestions or workout programs is permitted. However, the meeting may not be designed to offer coaches the opportunities to instruct athletes on improvement of skills.

3. **May CIAC member schools permit their coaches to inform their players, through announcements, posters, letters, of sports specific opportunities, such as camps, clinics, leagues, etc.**

Yes, but coaches may not organize, supervise, coach or instruct member school athletes out-of-season except as provided for through exceptions to 2.1.b.

4. **May a coach (including a volunteer coach) call an out-of-season school team meeting for the purpose of organizing summertime practices or captain’s practices?**

No. Rule 2.1.c. states: Member schools may not organize or permit coaches to organize, supervise or operate athletic practice which includes captain’s practices.

3.0 CIAC BY-LAWS

5. **May an individual who is not a member of the coaching staff for that sport and who has not worked with a team during the season organize an out-of-season practice?**

Yes. These individuals are not school coaches and have no coaching connection with the team. However, there may be no involvement with the school coaching staff.

6. **May a coach who has been hired by a school, but not yet coached in that school, coach and instruct his/her member school athletes from that school during the summer prior to assuming his/her coaching duties?**

No. A new coach must comply with the CIAC out-of-season regulation. A new coach and a returning coach are treated the same.

7. **May a freshman coach who has no contact with the varsity team, coach or instruct next year's varsity team in a summer league?**

No. All coaches on the staff (volunteer, freshman, JV or varsity) for that sport are prohibited from coaching "member school athletes" as defined in 2.1.b.

8. **May a coach (including volunteer coaches) who worked exclusively with soccer goalies during the season, coach the school's soccer team during the summer?**

No. All coaches (including volunteer coaches) must comply with the CIAC out-of-season regulation.

9. **May a coach conduct an out-of-season non-mandatory workout, for members of his/her team where well designed aerobic, stretching, plyometrics, other physical fitness activities and interval training techniques are used?**

Yes. But the training techniques cannot be sports specific and must comply with regulation 2.5.4. which in part states that the equipment of the sport may not be used.

10. **May a coach mandate out-of-season conditioning for all of his/her athletes?**

No. Coaches are not allowed to mandate out-of-season conditioning or practices.

11. **What is a non-school team?**

A non-school team is one which is not sponsored or organized by the school and for which the school assumes no liability.

12. **May a non-school team be comprised of only those athletes which make up the school team the previous season?**

Yes. A non-school team can be made up of only those athletes from the previous season. However, if the high school coaches or their school are involved in organizing, coaching or instructing those athletes it would be a school team practicing out-of-season.

13. **May a JV baseball coach also coach his own players in the summer on a Babe Ruth team?**

Yes. However, if any of those players have eligibility remaining he may not coach more than five member school baseball players on that team as specified on the chart in 2.1.b.3.

3.0 CIAC BY-LAWS

14. **Does my son or daughter count as one of the maximum number specified by CIAC that I may coach or instruct in a non-school team during the summer?**

Yes. However, a coach may coach his son or daughter any time as an individual.

15. **As a long time high school coach, may I organize and supervise a summer camp which consists of my athletes from last year as long as I do not coach or instruct them as an exclusive team unit and they don't exceed more than 10% of total number of participants?**

Yes. As long as he/she is not coaching or instructing any of those athletes as an exclusive team unit.

16. **May a coach play on the same summer team with some of his players or participate in a tennis or golf match without causing a violation?**

Yes, as long as there is no coaching or instruction.

17. **May a coach lend a helmet to a player for an out-of-season event?**

Yes. All equipment must not identify the school name or school logo.

18. **May a booster club finance camp expenses for member school athletes?**

Yes, but only if the booster club is financially independent of the school. The answer would be no if school personnel were involved with the management and disbursement of booster club funds.

19. **May a coach who is both a girls and boys swim coach, coach in a summer camp with 10% of his girls team and 10% of his boys team at the same time, not as exclusive team units?**

Yes. The regulation is an exclusive team regulation.

20. **As a freshman volleyball coach may I work at a camp where there are 100 total athletes enrolled and 10 of those athletes are freshman from my high school team while at the same camp the varsity coach is working there and 10 varsity players are also attending?**

No, the 10% camp rule relates to the entire team enrollment and not by level. The most athletes from that team that can attend in a camp of 100 athletes would be 10.

21. **May a member school coach coach one non-school team per year provided no more than the number of member school athletes specified in the chart (found in 2.1.b.3.) are on the out-of-season team roster?**

Yes. However, the roster must remain fixed.

22. **May five different football coaches from the same staff each coach a separate team of six of their players with eligibility remaining in a summer passing league?**

Yes. The regulation states a football coach may coach a maximum of six (6) of his member school athletes in a non-school team setting, and since the teams are separate, each coach would be in compliance with the regulation. It would be a violation if any of these non-school teams combined, since the number of member school athletes would then exceed the limit of six, regardless of the number of coaches on the staff.

3.0 CIAC BY-LAWS

- 23. May a basketball coach instruct three of his/her member school athletes out-of-season?**

No. It would be considered an out-of-season practice if the coach coached any of his athletes. In order for the coach to be in compliance with the regulation all coaching and instructing must be in a non-school team setting.

- 24. After the date of the school's first contest for a given sport, may a freshman, JV, or varsity team member practice or play with an outside team?**

No. After the date of the school's first contest participation in any of these activities would constitute a violation. However, there are some exceptions to the rule for students that participate "unattached" in the individual sports of golf, gymnastics, swimming, tennis, indoor track and outdoor track. Please refer to the exception to Rule 1.1.a. for select sports only on page 72 in the CIAC Handbook.

- 25. After the first contest for a given sport may an athlete tryout for an outside team or attend a showcase or audition for a professional team in the same branch of athletics?**

No. After the date of the school's first contest in that sport the athlete would be in violation of the in-season rules and would lose their eligibility if they participate.

- 26. A student opts to play junior hockey rather than play for the high school team. In January he leaves the junior team and wants to join the high school team. Is this permissible under CIAC eligibility rules?**

No. After the date of the school's first contest in the high school hockey season, a student who practices or plays with an outside team cannot join the high school team.

- 27. After the first contest designated for indoor or outdoor track, may a team member participate in a "road race"?**

Yes, provided that the road race is three miles or more and is held on the road and not on the track.

- 28. During the season, may an athlete obtain individual lessons in the skills of his or her sport (i.e. pitching lessons)?**

Yes. Lessons are permissible as long as they are not provided by their member school coach.

- 29. In the off season, may a coach give individual lessons in the skills of the sport that he/she coaches to one or more of their member school athletes?**

No. Coaches are permitted to give lessons, but not to members of his or her team.

- 30. May an open gym be conducted for only those students that plan to try out for the basketball team?**

No. An open gym may not be held for a select group of athletes. For an open gym to be an allowable activity, it must be open to all students and no coaching or instructing is permitted.

3.0 CIAC BY-LAWS

31. **May the basketball coach supervise an open gym provided it is open to all students from that school and no coaching or instruction takes place?**

Yes. An open gym as described in the question is a legal activity provided that 50% or less of the participants are members of the school team.

32. **May a member school's wrestling coach provide an out-of-season "open mat" program that allows athletes from other member schools to attend in addition to members of his/her own team?**

No. Regulation 2.1.c. clearly states, "Member schools may not organize or permit coaches to organize, supervise or operate athletic practices or interscholastic athletic contests for his/her member school athletes." Furthermore, this activity does not meet the definition of "open gymnasium."

33. **May a member school coach organize or instruct at a clinic out-of-season where his/her athletes attend and participate?**

No. Member school coaches cannot give individualized lessons or instruction out-of-season.

34. **When may a student-athlete participate with an outside team in the same team sport?**

- a. *After his/her team plays its final game and does not qualify for the CIAC tournament.*
- b. *After his/her final regular season contest if he/she is not on the CIAC tournament roster.*
- c. *After his/her team (if on the tournament roster) is eliminated from the CIAC tournament.*

If a student-athlete participates with an outside team, he/she may not return to his/her high school team the remainder of that season without being in violation.

35. **May a volunteer freshman coach work with middle school eighth graders prior to the start of their (during the summer) freshman year to help them improve their basketball skills?**

No, however he/she could work with middle school students before their eighth grade year ends while serving as a high school freshman coach.

36. **May a coach work at a recreational institution or a sports facility earning more than \$2,000 and coach or instruct his/her own athletes?**

No, regardless of the amount of remuneration received, to work at a recreational institution or at an indoor or outdoor sports facility, there can be no coaching or instructing and skill development of a coaches own athletes.

37. **May a coach organize a summer club earning more than \$2,000 and coach or instruct his/her own athletes?**

No regardless of the amount of remuneration received, the interpretation of a summer club is one similar to a country club offering varied activities and requiring a family membership fee. The coach cannot form a club.

4.0 ATHLETIC ADMINISTRATION

4.1 CIAC ATHLETIC PROGRAM EVALUATION

1. Schools may request an athletic program evaluation.
2. The cost for an evaluation will be paid for by the member school.
3. The CIAC will provide the evaluators and conduct the evaluation with the cooperation and involvement of the school being evaluated.

4.2.A. CIAC-CONTROLLED SPORTS (REGULATIONS FOR)

1. The CIAC-controlled sports are: Baseball, B/G Basketball; B/G Cross Country; G Field Hockey; Football; B/G Golf; Gymnastics; B Ice Hockey; B/G Lacrosse; B/G Indoor Track; B/G Outdoor Track; B/G Soccer; Softball; B/G Swimming; B/G Tennis; B/G Volleyball; Wrestling.

In a CIAC-controlled sport all levels of play, be it varsity, junior varsity, freshman or club team, must comply with the rules of the CIAC Code of Eligibility.

2. The CIAC will consider controlling a sport when:
 - A. 20% of the CIAC member school teams compete in the sport in the same season at the varsity level of play; or

The number of CIAC member school athletes competing in the sport in the same season is equal to or greater than a number equaling 2% of the students of that gender enrolled in CIAC member schools in grade 9 through 12 in the preceding year based on October 1 enrollment figures submitted by member schools to the State Department of Education;
 - B. There are enough volunteers from the ranks of member school administrators and coaches to form a CIAC sports committee;
 - C. There is evidence of administrative expertise among the petitioners upon which the CIAC can draw for the management of the state tournament/championship.
3. Sports already under the control of CIAC which fall below the 20% and/or the 2% factor will be reviewed to determine if control should be maintained.

4.2.B. NON-CIAC CONTROLLED SPORTS (GUIDELINES)

Schools which sponsor interscholastic competition in sports which are not CIAC-controlled should observe the following guidelines for such competition.

1. If a member school non-CIAC controlled sports team competes interscholastically, members of such teams should comply with the CIAC Rules of Eligibility.
2. The season for a non-CIAC controlled sport should be that season which is generally accepted as the time of year when that sport is traditionally played. Normal weekly and seasonal limitations for that sport should be observed.

4.0 ATHLETIC ADMINISTRATION

4.2.C. MIDDLE SCHOOL AND GRADE 9 STUDENT PARTICIPATION

1. Middle School athletes cannot participate in high school athletics. A middle school athlete cannot practice, condition or train with a high school athlete or athletic program at any level.
2. Specific athletic and sport information may be distributed to 8th grade school students not earlier than April 15 by coaches and others at any venue to only those students who have committed officially to attend a member high school. To be officially “committed” means that a student has received an official individual program of studies and registered with the school for the next school year and complied with all other district and/or high school enrollment regulations.

4.2.D. GENERAL ELIGIBILITY STANDARDS FOR MIDDLE LEVEL INTERSCHOLASTIC ATHLETICS

1. Only members of the school’s student body or those enrolled in a public school of choice such as an authorized charter, magnet, regional cooperative, inter-district satellite school, are eligible to participate in interscholastic athletics. Eligibility to participate is extended to those attending from the sending school or the school from which he/she would normally matriculate when the school of choice does not provide interscholastic programs. Those alternative schools must be authorized.
2. Student-athletes must meet the scholastic requirements of their own school in order to participate in interscholastic athletics.
3. Student-athletes must meet the requirements of their school’s good citizenship policy.
4. At the middle school level, student-athletes may play on outside teams. While playing on any outside team however, the time involved in play should be limited in order to preserve time for academics and to prevent injuries from overuse.
5. Girls are permitted to participate on either a boys or girls team in a given sport but not on both in the same school year. Schools may exclude girls from boys teams when the school can demonstrate that the overall program does not limit athletic opportunities for girls.
6. Boys cannot participate on girls teams.
7. The student-athlete shall not have reached his/her sixteenth (16th) birthday; except that a player who reaches his/her 16th birthday after or on July 1 shall be eligible to compete during the ensuing school year if he/she is otherwise eligible.
8. Any student-athlete must be deemed physically fit for school-sanctioned interscholastic competition through a pre-participation evaluation performed within the last 13 months in accordance with reasonable and prudent written medical protocol as determined by the governing body of the school or district of the student’s school.

4.0 ATHLETIC ADMINISTRATION

4.3 COMMUNICATIONS

4.3.A. COMMUNICATIONS WITH MEDIA

1. Establish a friendly atmosphere.
2. Be positive about your role and actions.
3. Base your judgment (if given) only on available facts and actual situations.
4. Be truthful – yet tactful.
5. Avoid expressions or comments that place blame or criticize officials.
6. Remain poised.
7. Be constructive with suggestions if asked – a few well thought out ideas are better than many. Don't answer a question that was never asked if it doesn't help your point.
8. Set a time limit on discussions.
9. End on a note of continuing cooperation.
10. Don't offer what is not asked.
11. If you believe the information should not be given, indicate that in your response in a professional manner.
12. Use press conference with support personnel when possible.
13. Act with candor, knowledge and charm.
14. Kill with kindness.

4.3.B. COMMUNICATIONS – UNDERSTANDING MEDIA

1. Help the reporter meet his deadlines. The reporter is rushed because news is not only perishable but also must be written to meet specific deadlines.
2. Understand the job of the reporter. Others on the newspaper's staff decide how much of the story to run or whether to use it at all, where to place it in the newspaper, and what headline to put on it.
3. If you have a good story, a follow-up, or a complaint, go directly to the reporter. You also may wish to talk to the editor, but first let your regular reporter in on your thoughts.
4. Avoid giving out information that is difficult to interpret or understand.
5. Always be as accurate, honest, and helpful as possible when working with reporters on stories.

4.4 COPYRIGHT INTEREST IN TELECAST SPORTS EVENTS

The Connecticut Interscholastic Athletic Conference, Inc. shall own the copyright of all broadcasts (live and delayed), films, videotapes, web casts, other electronic reproductions and recordings of events telecast pursuant to agreement. Notice of the Connecticut Interscholastic Athletic Conference copyright shall be included as part of every Connecticut Interscholastic Athletic Conference sports event telecast made pursuant to agreement. The notice shall consist of the symbol or the word "Copyright", followed by the year that the event is first telecast and the name "Connecticut Interscholastic Athletic Conference, Inc." and shall appear in the opening and closing credits.

4.0 ATHLETIC ADMINISTRATION

4.5 DEFINITIONS

4.5.A. AMATEUR ATHLETIC GUIDELINES

An amateur athlete is one who participates in athletics solely for the physical, mental, social and educational benefits derived from such participation. The amateur athlete treats all athletic activities in which he/she participates as an avocational endeavor. One who takes or has taken pay, or has accepted the promise of pay, in any form, for participation in athletics or has directly or indirectly used his/her athletic skill for pay in any form shall not be considered an amateur and will be in violation of Rule II.G. of the CIAC Code of Eligibility.

The following are the basic interpretations of the principles involved in the amateur code which may lead to the loss of an athlete's eligibility.

- A. Participation in any athletic activity under an assumed name.
- B. The awards should be symbolic in nature, i.e. letters, sweaters, jackets, pins, trophies, other similar type awards, and rings or watches which are properly inscribed. Cash awards including U.S. Savings Bonds are prohibited.
- C. Participation on an amateur sports team in which the student-athlete receives, directly or indirectly, any salary, gift cards, incentive payment, gratuity or expense allowance other than actual and necessary travel allowances, and room/board expenses for practice and games. Third party scholarships are permitted. These are scholarships which are paid directly to the university or college.
- D. Sign a contract or verbally commit with an agent or a professional sports organization.
- E. A student-athlete may participate as an individual, or as a member of a team against professional athletes, or as a member of a team on which there are some professionals who are not currently under contract with a professional team and are not receiving payment for their participation; but he/she may not participate on a professional team.
- F. Accepting a nominal, standard fee or salary for instructing, supervision or officiating in an organized sports program or recreation, playground or camp activities shall not jeopardize amateur status. "Organized programs" include both school and non-school programs. Compensation for giving private lessons is permissible if circumstances parallel the above statement.
- G. If a student-athlete's appearance on radio, television or print/electronic media is related in any way to his/her athletic ability or prestige, the athlete may not under any circumstance receive remuneration for his/her appearance. Under such circumstance, however, an athlete may appear on a sponsored radio or television program or have his/her name appear in newsprint ads or in player of the week, month, year advertisement promoting products provided he/she does not endorse or implicitly endorse any commercial product.

Reinstatement of Amateur Eligibility – Rule III.C. of the CIAC Code of Eligibility states, "Violation of Rule II.F. shall mean that the pupil is suspended from all interscholastic athletics until he or she shall have been reinstated by the Board of Control of the CIAC."

4.0 ATHLETIC ADMINISTRATION

4.5.B. TRY OUTS / SHOWCASES – See Section 3.0 (1.1.a. Exceptions)

4.5.C. ALL STAR COMPETITION (CIAC REGULATION)

The CIAC does not sanction or approve any athletic activity of an “All Star” nature. Any individuals from Connecticut schools who participate out-of-season will not jeopardize their eligibility if they are not identified with their schools, do not wear school uniforms or equipment and are not subsidized by their school.

4.5.D. CAPTAIN’S PRACTICE (DEFINITION)

The term “Captain’s Practice” usually means the team’s captain organizing and conducting practice sessions for that sport without adult supervision.

The CIAC does not in any way sanction, encourage or condone “Captain’s Practice” in any sport. “Captain’s Practice,” depending on the member school’s involvement, may be a clear violation of eligibility rule II.D. (seasons limitations) or certainly a violation of the spirit of Rule II.D.

There is also a serious practical consideration. CAS counsel advises that if it can be demonstrated that a school is allowing “Captain’s Practice,” the liability responsibility for an injured athlete may be quite serious; that the threat of a negligence suit would lie heavy.

4.5.E. ONE PERSON TEAM (1-3 STUDENT-ATHLETES)

If a school does not sponsor a team in a specific sport, but does have one, two or three student-athletes wishing to participate in that sport, an option available to schools is to sponsor a one-person team. The following information must be followed in order to sponsor one-person teams:

1. One person teams must be confined to a single receiving school per sport.
2. A maximum of three individuals may represent a school.
3. Individuals representing a school must meet all CIAC eligibility rules.
4. All appropriate forms including eligibility must be completed as required by tournament regulations for that sport.
5. Qualification for CIAC tournaments may be achieved if the individual(s) receiving school permits the individual(s) to compete as an “additional team” in what are normally dual or triangular meets.
6. One person teams are permitted in the sports of cross country, gymnastics, golf, track and field, tennis, wrestling and swimming.
7. The final date for submission of appropriate “one person team” forms is the date of the first contest in that sport. Schools may not change the school they are linked with after that date.
8. It is recommended that members of “one person teams” practice with the receiving school.
9. Appropriately certified coaches must be present at all practices and contests.
10. Each home school is responsible for submitting tournament entries.

4.0 ATHLETIC ADMINISTRATION

4.5.F. SPORTS CLUB (DEFINITION)

Any athletic team that participates with the approval of the principal in any level of play in CIAC-controlled athletic contests on the interscholastic level other than a varsity, JV or freshman team.

CIAC member schools may form “SPORTS CLUBS” in any of the CIAC-controlled sports. The purpose of the “SPORTS CLUB” concept is to remove the pressure of winning and provide an opportunity for the players and coach to develop individual skills as well as offensive and defensive strategies associated with the sport. It is up to the member school to determine how many years the sport will be played on a “Club” basis.

To remove the pressure of winning, “SPORTS CLUBS” may not qualify for the CIAC tournament in the sport. Nor may a CIAC member school team playing on the varsity level count the game against a “SPORTS CLUB” toward qualifying for a CIAC tournament. Eligibility of individual athletes will be determined in the same manner as varsity, JV or freshman eligibility.

A “SPORTS CLUB” must comply with all of the rules and regulations for the sport. No athlete who participates on a CIAC-controlled sports club is eligible to participate in another CIAC sport during the same season.

Member schools forming a “SPORTS CLUB” must become aware of the following:

1. A “SPORTS CLUB” must submit a CIAC Eligibility form two days after the first contest.
2. All members of a “SPORTS CLUB” must be eligible to compete in accordance with the CIAC Code of Eligibility for that year.
3. “SPORTS CLUBS” must abide by the season and weekly limitations for the sports listed in the current CIAC Handbook.
4. “SPORTS CLUBS” may not qualify for the CIAC tournament in the sport.
5. Member schools playing “SPORTS CLUBS” may not count the game toward qualifying for the state tournament in the sport.

4.6.A. DISQUALIFICATION / EJECTION RULE – ATHLETE/COACH

The CIAC establishes guidelines and tone for acceptable and appropriate behavior at all CIAC contests including league tournaments and playoffs. Given this charge, it is CIAC’s responsibility to be pro-active and responsive to the growing issues of sportsmanship and violence in sports. A strong consistent statement reflecting zero tolerance for violence in sports must become standard operating procedure for all schools. This is to be considered a minimum standard.

The CIAC Disqualification / Ejection Rule is in effect for all CIAC contests including league playoffs and tournaments that engage officials who have been assigned by Board commissioners from CIAC registered officials organizations, or directly by the school or by the CIAC.

4.0 ATHLETIC ADMINISTRATION

There is NO appeal procedure that a school may use relative to disqualifications. Disqualification is a judgment call by an official and as such is not appealable. Until the official(s) leaves the site the game official(s) is in charge and may take any action deemed to be appropriate, even to the extent of reversing an earlier decision to eject a player or coach. Whenever possible, both schools (coaches on site) must be made fully aware of all final decisions on game disqualifications. **Once the game official(s) leaves the site of the contest all decisions on game disqualifications are final.**

The following policies for disqualification by an official shall apply in all sports:

1. Any student-athlete who physically assaults an official, coach, opposing player, spectator or other person in attendance at the event may be deemed immediately ineligible for the remainder of the season.
2. When an athlete is ejected from any CIAC contest the athlete is ineligible to participate in the next contest at the same level of play (even if the next contest does not occur until league or CIAC tournament play or next year). If one or more different level contests are scheduled prior to the next contest at the same level of play, the athlete shall be ineligible to participate in the next (but no more than one) contest at each level of play. **The ejected coach or player cannot be in attendance at the game(s) for which he/she is serving their suspension.**
3. When a player is ejected from a contest he/she can remain on the bench or sidelines as long as their presence does not interfere with the contest in any way. Never should an athlete be sent away from the site without adult supervision. Coaches are responsible for the care and safety of students and should not be placed in a position which does not allow them to provide reasonable care and supervision.
4. When a coach is ejected from any CIAC contest the coach is ineligible to participate in the next two contests at the same level of play (even if the next two contests do not occur until league or CIAC tournament play or next year). If one or more different level contests are scheduled prior to the next two contests at the same level of play, the coach shall be ineligible to participate in the next two contests at each level of play. The ejected coach cannot be in attendance at the games for which he/she is serving their suspension.
5. When a member school's coach is ejected from a game for an infraction as prescribed by the rules, the game may not continue until the member school replaces the ejected coach with a certified coach. The coach must leave the premises. If this cannot be accomplished within fifteen (15) minutes after the ejection, the official in charge will declare a forfeit win for the opposing team.
6. Upon receiving a second disqualification for initiating a fight or retaliating in a fight (as determined by the game official), that student-athlete will be declared ineligible for the remainder of the season.
7. The school's first incident of non-compliance, for reasons other than defiance of the disqualification rules, will result in forfeiture, a \$250 fine and the athlete or coach must serve the disqualification penalty; a school's second incident of non-compliance will prohibit the school from entry in the next CIAC tournament for that sport, or from the remainder of the current tournament if the disqualification occurs during a CIAC tournament or during the last regular season contest/day of competition. However, when a school willfully defies CIAC disqualification rules and regulations the school and/or coach will be subject to further action by the CIAC Board of Control.

4.0 ATHLETIC ADMINISTRATION

8. **Any CIAC varsity team that accumulates five (5) or more disqualifications during the regular season including the league's tournament will be barred from CIAC post-season competition.** All disqualifications must be reported to CIAC by the school and the officials group. Any misconduct or disqualification of a coach will count towards the team's total number of disqualifications. Multiple disqualifications during CIAC tournaments are subject to disciplinary action by the CIAC sports committee and the CIAC Board of Control.

Note: Please see the ice hockey and soccer sports packets for additional penalty regulations specific to these sports.

9. Disqualifications from the last contest of one season carry over to the next season in that sport for undergraduates and coaches, or the next season of participation in any sport for seniors.
10. If the CIAC or National Federation playing rules for a sport specify an additional penalty, the additional penalty will apply. The CIAC disqualification rule applies to all game or meet disqualifications with the exception of reaching the limit of personal fouls in basketball and lacrosse; reaching the limit of technical violations in wrestling; or being disqualified by the rules in ice hockey and lacrosse, which does not require a next game disqualification. This rule does not apply to individual event disqualifications such as in swimming or track and field.
11. Each game official will notify their assignor for that game who will notify the CIAC office via the online disqualification notification system. The athletic director or principal of the school having the disqualified player/coach must notify their next opponent. **The school is responsible to implement all CIAC disqualification rules even if the official does not report the disqualification in a timely manner.**
 - **Definition of ASSAULT** – An assault is defined as an attack which attempts to injure one physically.
 - **Definition of TAUNTING** – Taunting includes, but is not limited to any actions or comments by coaches or players which are intended to bait, anger, embarrass, ridicule or demean other players, coaches, or game officials. Included in this is conduct that berates, needles, intimidates or threatens based on gender, ethnic origin or background and conduct that attacks religious beliefs, size, economic status, speech, family, special needs, or personal matters. Examples of taunting that would lead to ejection include, but are not limited to, physical and verbal intimidation outside the spirit of the game (“trash talk”), reference to sexual orientation, “in-the-face confrontation” by one player to another, standing over, straddling a tackled or fallen player, etc.
 - **PENALTY** – In all sports, game officials are to consider taunting a flagrant, unsportsmanlike foul that disqualifies the offending bench personnel or athlete from that contest/day of competition and the player or coach from the following contest/day of competition, i.e. the CIAC player/coach ejection rule will be invoked. A warning may be given, but is not required before ejection.

In soccer, an accumulation of two yellow cards in one game against the coaching personnel or team bench will constitute a red card against the head coach and all disqualification rules will apply. (Refer to soccer red card rules and the soccer tournament document.)

4.6.B. CONSEQUENCES FOR COACHES WHO CRITICIZE GAME OFFICIAL(S) IN A PUBLIC FORUM

Any coach who criticizes a game official(s) in a public forum will be subject to the following:

- First Offense * -- One game disqualification and the school is fined \$250.
- Second Offense -- Two (2) game disqualification and the school is fined \$500.
- Third Offense -- Disqualification for the remainder of the season ** and the school is fined \$750.

***Each confirmed incident will be evaluated on a case-by-case basis by CIAC staff and appropriate action invoked, which includes the prescribed penalties listed above, or when deemed appropriate on the first offense, the CIAC can issue a warning letter that refers the matter to the school administration.**

****The coach will be disqualified for a minimum of five (5) games. If the season ends prior to completing the five (5) game disqualification the remaining days will carry over to the next season.**

Additionally, the school administration will be required to file a report with the CIAC Board of Control delineating the steps the school and athletic administration have taken to address this issue to assure no reoccurrence.

When a coach is disqualified for such actions the following disqualification rules shall apply:

1. The coach will be disqualified from the next contest at the same level of play after notification from CIAC that an infraction has occurred (even if the next contest does not occur until league or CIAC tournament play or next year).
2. Coaches cannot be in attendance at the game(s) for which they are serving their suspension and may not participate in any pre-game warm-up activities at the site.
3. Disqualifications from the last contest of one season carry over to the next season in that sport for coaches.
4. The school's first incident of non-compliance, for reasons other than defiance of the disqualification rules, will result in forfeiture, a \$250 fine and the coach must serve the disqualification penalty; a school's second incident of non-compliance will prohibit the school from entry in the next CIAC tournament for that sport, or from the remainder of the current tournament if the disqualification occurs during a CIAC tournament or during the last regular season contest/day of competition. However, when a school willfully defies this regulation the school and/or coach will be subject to further action by the CIAC Board of Control.

Appeals Procedures: The CIAC will honor appeals of a coach disqualified for criticizing game official(s) in a public forum. Appeals to the CIAC filed by the school administration will be heard by a committee consisting of the following: CIAC chairperson or his/her designee, the CIAC Executive Director or his/her designee, CAAD Executive Director or his/her designee. Appeals will be honored when received in the CIAC office within 48 hours after notification from CIAC of the infraction.

4.6.C. QUESTIONS AND ANSWERS – DISQUALIFICATION/EJECTION REGULATION

1. **If an athlete is disqualified from a JV game, is that athlete eligible to participate in a varsity game following the JV game?**

*No. The athlete is ineligible to play until he/she has been withheld from the next contest at that level of play. If the violation occurred in a JV game, the athlete does not regain eligibility until the JV contest has been played and he/she has been withheld. ***

2. **A student who was disqualified for unsportsmanlike conduct in the last game of the student's eleventh grade season transfers to another school for his/her senior year. Is that student disqualified from his/her first game at that level of play in that sport at the new school?**

Yes. It shall be the responsibility of the sending school to inform the receiving school of the current disqualification.

3. **If a student is only disqualified from a track event, is that student disqualified from the next competition?**

If a student is only disqualified from an event (and not disqualified from the meet for unsportsmanlike conduct), the student is not disqualified from the next competition or from that event in the next competition.

4. **When is the next game suspension for the varsity coach who is ejected for unsportsmanlike conduct while sitting with junior varsity team during a contest in the same sport?**

The coach may not attend any games be they varsity, JV or freshman until the next two JV contests have been played.

5. **When is the next game suspension for the junior varsity coach who is ejected for unsportsmanlike conduct while sitting with the varsity team during a contest in the same sport?**

The coach may not attend any games be they varsity, JV or freshman until the next two varsity contests have been played.

6. **When is the next game suspension for unsportsmanlike conduct for the person who serves as both junior varsity and varsity coach in a sport?**

The coach is withheld from any level contest until two contests have been played at the level in which the disqualification occurred.

7. **Is a team eliminated from tournament if they have accumulated five (5) or more game ejections during the season including league tournaments?**

Yes.

8. **If a player is disqualified from a contest for something other than what the rules define as unsportsmanlike conduct, does the next game disqualification apply?**

Yes. If the playing rules for a sport specify disqualification for other violations, the playing rules apply, and the coach/player must sit out the next game.

9. **Does a "game misconduct penalty" in ice hockey require a next game disqualification?**

No. National Federation ice hockey rule 4, section 5, specifically allows for removing a player for the duration of a contest without effect on subsequent games. National Federation ice hockey rule 4, section 6 describes the game disqualification which suspends the player from the remainder of the game and the next. For the second occurrence in a season, the player is removed from that game and the next two; for the third occurrence, that game and the next three; and so on.

4.0 ATHLETIC ADMINISTRATION

10. **If a coach who is a parent of a team member is disqualified from a contest, is that coach allowed to attend the game as a parent?**

No. Coaches who are also parents of team members are afforded no special consideration.

11. **If a game official or school representative has knowledge of a next contest suspension which was not enforced by a member school, what action can be taken?**

The CIAC encourages the official or school administrator to contact the school for which there is concern to advise the administrator of the concern. A follow-up call to the CIAC is also appropriate. Using an ineligible player may cause the game to be forfeited.

12. **May a school amend the published schedule of a team to avoid imposing the next level of play contest disqualification on a day which an important league contest or a CIAC tournament is scheduled?**

No. The athlete or coach is suspended from the next regularly scheduled game at that level of play, not games added or adjusted in order to serve the penalty before an important contest. Rescheduled postponed games can count as the next contest if they were scheduled prior to the infraction.

13. **While serving a suspension for a violation of the CIAC Disqualification/Ejection Rule, may the coach and/or athlete participate in or attend any game(s) in which the penalty is being served?**

No. The ejected coach and/or athlete are prohibited from attending and being on the premises for all affected games during the suspension.

14. **May a scrimmage satisfy the next contest disqualification requirement?**

No.

15. **When a coach is ejected or disqualified from a contest, where is he/she expected to be for the duration of the contest?**

The coach is expected to vacate the premises. If a certified coach cannot be found to replace the ejected coach within fifteen minutes of the ejection, the game is forfeited.

16. **When an athlete is ejected or disqualified from a contest, where is he/she expected to be for the duration of the contest?**

Players can remain on the bench or sidelines as long as their presence does not interfere with the contest in any way. Never should an athlete be sent away from the site without adult supervision. Coaches are responsible for the care and safety of students and should not be placed in a position which does not allow them to provide reasonable care and supervision.

17. **If an athlete in an individual sport (i.e. tennis), is removed during a match for unsportsmanlike conduct, are the points he/she earned during the meet removed from the team score?**

No. Unless the rule book for the sport prescribes specific scoring procedures, all points earned by the athlete previously will remain part of the team score, but he/she will not receive points or awards in the event where a disqualification occurred.

18. **If more than one player is ejected from a team during a single incident, do they all count toward the accumulation of team violations for that sport?**

Yes. Each DQ is to be added to the total accumulation for a team during that season.

19. **When does a freshman or junior varsity player sit out if they are ejected in the last game of the season?**

The player must sit out the first game of the next season in that sport at the level of play they are participating in.

4.0 ATHLETIC ADMINISTRATION

20. **If a player is disqualified from a meet on the first day of a two-day competition and therefore cannot qualify for the second day competition, does that second day count as the “disqualification” day.**

No. A progressive tournament which is held over two or three days is considered a single meet. Therefore, he/she would have to sit out the next meet.

4.7 HAZING

CIAC Definition: Hazing is defined as “any activity that humiliates, degrades, abuses or endangers a person’s physical or emotional health for the purpose of initiation or membership in or affiliation with any organization, regardless of the person’s willingness to participate.”

Responsibility, integrity, citizenship, and a strong sense of school and team commitment are the foundations for appropriate participation in modern day school athletic programs. To achieve this goal, the CIAC Board of Control has voted to require all member schools to develop, implement and distribute to all coaches and athletes a policy on hazing

4.8 FORFEITS

Member schools will be required to submit regular season schedules for all sports controlled by CIAC in which member schools participate. Determination of forfeitures will be based on this schedule.

A forfeit game shall count as a victory for the team declared the winner and as a loss for the team declared a loser in determining tournament qualifications and ratings. For tournament qualifications only the following reasons for a forfeit shall be accepted.

1. A team shall forfeit a game or games if through a violation it is required to do so under the CIAC Rules of Eligibility.
2. A team shall forfeit a game if the game official declares the game a forfeit as a result of a National Federation rule violation, or a team refuses to play after being instructed to do so by the game official.
3. Individual forfeit results may not be counted as wins for individuals receiving the forfeits.
4. Forfeitures will be honored by CIAC sports committees when there is mutual agreement between the principals of the two schools involved in a game not played or terminated and the reasons for the forfeit have been approved by CIAC. If there is not mutual agreement and not playing the game impacts the tournament in any way, the CIAC sports committee Chair, in conjunction with CIAC staff and the tournament director will make the determination if the game should be forfeited. In the sport of football there must be an outcome to all games scheduled due to the tournament qualification point system.

When a game is being forfeited both schools involved must: **(a)** submit the forfeit form, which is found under the options for the sport in question in the CIAC Online Eligibility Center, within 72 hours of the scheduled time of the contest; and, **(b)** record the result of the game on their schedule as a win or loss (depending on if the school is giving or receiving the forfeit) with the word “Forfeit” entered in the field for the score of the game.

4.0 ATHLETIC ADMINISTRATION

On the eve of a tournament when there is not sufficient time for normal administrative procedures (72 hours) if a question of team forfeiture arises the Executive Director or his/her designees, in consultation with the Chairman of the sports committee affected and the principals of the two schools will make an appropriate ad hoc decision in consideration of the best interests of the tournament as a whole.

Note: A copy of the CIAC Official Cancelled Game/Forfeiture Form is included in this Handbook as Appendix E.

4.9 INELIGIBLE COMPETITOR – CIAC TOURNAMENT ONLY

When it is discovered that a team has used an ineligible competitor in a CIAC team tournament, the tournament game/match shall be forfeited. The team using the ineligible player will be disqualified from the tournament and that team's last opponent will advance in its place. Teams eliminated prior to the last opponent will not be permitted to re-enter the tournament. This applies to the following CIAC sports: baseball, basketball, field hockey, football, ice hockey, lacrosse, soccer, softball, girls team tennis, and volleyball.

When it is discovered that an ineligible competitor participates in a CIAC individual type tournament meet or match, the competitor will be disqualified from the competition and his/her opponent will advance in his/her place. Teammates of the ineligible competitor, except relay team teammates, remain in the tournament and score points for their team. Team points earned by the ineligible competitor will be subtracted from his/her team's total score. Team rankings will be readjusted if warranted. Opponents eliminated prior to the last opponent may not re-enter the tournament. This applies to the following CIAC sports: cross country, golf, gymnastics, indoor track, outdoor track, tennis, swimming and wrestling.

4.10 LATE ENTRY POLICY

- No tournament entries will be accepted after the established deadline except those approved by the CIAC Board of Control.
- Corrections requested by a school to an entry form that was submitted by the established deadline but prior to seeding/pairing data being published on the web site, will be assessed a fee of \$50 per correction to a maximum of \$250.
- All requests for corrections must be submitted on a support ticket via the online eligibility center. No phone request will be considered.

Tournament Regulation Violations – If a school fails to comply with tournament regulations and such requires the CIAC tournament sports committee, central office staff, or the CIAC Board of Control to redo any portion of the tournament pairings or such non-compliance adversely impacts the management of the tournament, an administrative violation fee of \$500 will be imposed upon the school before entry into the tournament will be allowed.

4.0 ATHLETIC ADMINISTRATION

4.11 LEAGUES – ROLE OF CIAC WITHIN AND BETWEEN (POLICY STATEMENT)

CIAC is a voluntary organization of schools which through their membership subscribe to and agree to be bound by a common code of rules of eligibility and control which govern interscholastic sports competition. CIAC seeks thereby to insure equitable competition among schools and to maintain athletics in proper perspective with relation to the entire educational program. The CIAC Board of Control has been vested by the member schools with the authority to develop, supervise and conduct interscholastic competition, including state championships in the 27 boys and girls sports which it presently sponsors.

While the CIAC services, regulates and controls the interscholastic athletic activities of the member schools both individually and collectively, it has never, at any time in its history, had any involvement in either the formulation or governance of athletic leagues beyond the already established requirement that the league member schools abide by CIAC rules and regulations in league operation.

While there have been, over the years, scattered instances where the intervention of CIAC in league operation has been solicited, such intervention has been declined for sound philosophical and practical reasons.

LEAGUE POSITION REAFFIRMED

Based upon the CIAC bylaws and long-standing CIAC policy, the Board of Control has no authority over a league as an entity. The Board of Control does have authority to discipline league member schools if they fail to abide by the CIAC rules and regulations in league operation.

League members by agreement, grant a league authority to regulate the league but subject to CIAC rules and regulations. League members are therefore subject to CIAC Board of Control sanction when they have participated in and/or condone violations of CIAC rules and regulations.

4.12 MEDICAL SERVICES

4.12.A. SERVICES AND EQUIPMENT AT ATHLETIC CONTESTS

The provision of medical services and equipment at athletic contests during the regular season is the responsibility of the local school district.

4.12.B. PHYSICAL EXAMINATIONS FOR STUDENT-ATHLETES (POLICY STATEMENT)

Every athlete who participates in any CIAC-sanctioned activity (practice and/or contest) must be determined physically fit through a pre-participating evaluation performed within the past 13 months in accordance with reasonable and prudent written medical protocol as determined by his/her board of education or governing body.

A pre-participatory athletic physical has been developed and approved by the Connecticut Sports Medicine Committee, and is available for use upon request to the CIAC office.

4.0 ATHLETIC ADMINISTRATION

1. **Is it necessary that a physical examination be performed each year?**

A pre-participation physical evaluation must be performed within the past 13 months. As has been past practice, the scope of that evaluation is determined by the local board of education or, in the case of private schools, the governing body. It is the responsibility of the school medical authority to determine, in accordance with board of education (governing board) policy, whether or not a student is physically fit to participate in CIAC-sanctioned activities.

2. **Who may administer the pre-participatory examination/physical examination?**

The administration of pre-participation physical evaluations may be performed by any individual who has been authorized to do so under local board of education policy. The CIAC leaves the responsibility of administering physical evaluations under local control as long as such policy is not in violation of any state statutes regarding physical examinations.

3. **Are schools responsible for ensuring that all athletes have an up-to-date physical for regular season and tournaments?**

Yes. In fact, the CIAC requires all students to have a current physical (completed within the past 13 months) prior to any participation whatsoever. This includes regular season games and tournament games. Students whose physical expires prior to the end of the season must get a new one before continuing to participate in any way.

4. **Are “Club” sports included in this policy?**

Yes. Club sports, by definition, are interscholastic in nature and, therefore, are subject to CIAC regulations.

4.12.C. ATHLETIC TRAINERS

The CIAC strongly recommends that the services of a certified athletic trainer be available to all the school’s student-athletes. We strongly recommend a “full time” athletic trainer who would be on campus for all sport games and practices. The athletic trainer position has become the Standard of Care for interscholastic athletics.

Student safety is the paramount concern for all CIAC member schools. Increasingly, schools are burdened with a growing responsibility for both preventative care and emergency response. Professional educators are required to maintain up-to-date certification in their area of responsibility. The presence of a certified athletic trainer assures that the highest quality of medical care and safety is provided to kids.

Just recently, athletic departments have been tasked with training coaches and educating parents with additional preventative safety precautions (concussion, cardiac arrest, heat illness, etc.) Vital to athletic departments are Emergency Action Plans. Athletic trainers are critical for planning and executing Emergency Action Plans. These recent developments are in addition to all the medical care athletic trainers had previously been tasked with.

Because of the in-depth, high level training required to assure student safety, athletic directors and coaches can no longer be expected to bear the entire weight of responsibility for medical care. Every CIAC member school athletic program should have a full time athletic trainer.

4.12.D. WARNING STATEMENT TO PARENTS OF ATHLETES

School districts must do everything possible to educate parents and players to the potential for injury, especially concussion, and even death which can result from participation in school sports.

4.0 ATHLETIC ADMINISTRATION

In order to increase this awareness on the part of parents and players alike, and to help to reduce risk of lawsuits charging negligence, this office suggests the inclusion in your athletic authorization forms of a warning message.

CIAC has available sample warning statements which may be obtained upon request.

Sample Statement – In Season

I/we give our permission for _____ to participate in organized high school athletics, realizing that such activity involves the potential for injury which is inherent in all sports. I/we acknowledge that even with the best coaching, use of appropriate equipment and strict observance of rules, injuries are still a possibility. On rare occasions these injuries can be so severe as to result in total disability or even death. I/we acknowledge that I/we have read and understand this warning.

Sample Statement – Out-of-Season

High School
Out-of-Season Physical Fitness Program
Parent/Athlete Consent Form

Student's name _____ Grade _____ Sport _____

The CIAC allows a school to conduct non-mandated out-of-season conditioning programs provided students are not coerced to participate and as long as the programs do not interfere with any other educational, athletic or family commitments.

We feel the program we are offering can be very beneficial to your child's growth and development and encourage them to participate. However, this program is not an interscholastic athletic program, therefore, you should always make certain your child is medically able to participate in the rigors such a program demands. As parents you take full responsibility for the medical well-being of your child (listed above) and give them permission to participate in the _____ High School optional out-of-season conditioning program.

While off season conditioning is strongly encouraged it does not necessarily guarantee a spot on the roster.

Signature of Parent/Guardian

As an athlete of _____ High School I am willing to participate in a planned out-of-season conditioning program of my own free will and I am willing to abide to the following:

- I will attend only at times specified by my coach.
- I will not bring equipment or use any school equipment (except weights) during these conditioning sessions.
- I will participate only under the supervision of a coach or certified adult.

4.12.E. CHEMICAL HEALTH POLICY AND REGULATION

The CIAC recognizes the use of chemical substances as a significant health problem for many adolescents, resulting in negative effects on behavior, learning, and the total development of each individual. The misuse and abuse of chemical substances affects extra-curricular participation and the development of related skills. Misuse and abuse of chemical substances by family members, team members and other significant persons also has a negative effect on adolescents. The CIAC is committed to the ideal of fair play and equitable competition at all CIAC contests.

This ideal stands as the foundational concept which guides significant and long-standing regulations such as the age rule, recruitment, transfers, and others. These regulations exist to ensure that, as much as is possible, high school athletics are conducted in such a fashion that no individual athlete or team has an unfair advantage over its competitors. CIAC recognizes that the use and abuse by athletes of performance enhancing substances must be added to those behaviors which create an uneven playing field for student-athletes and all athletic programs.

The use of performance enhancing substances by an athlete can and does alter the outcome of athletic events and, in so doing, has a profound impact on other schools within the league and across the state. This policy has been developed to protect the health and safety of its member school student-athletes, and to assure that no participant might be pressured to use performance enhancing drugs for the purpose of remaining competitive, or to gain a competitive advantage.

The CIAC Chemical Health Policy sets an expectation that all member schools have a chemical health policy that requires all student-athletes playing in CIAC-controlled sports to be chemical free. CIAC activities provide coaches and other athletic department personnel a unique opportunity to observe, mentor, confront, and assist young people. The CIAC, therefore, strongly supports education and awareness training for adolescents in the use of chemical substances.

Each member high school shall develop a written policy and procedures for dealing with the use, sale, or possession of alcohol or controlled drugs and alcohol, as approved by its board of education or other governing body.

If no changes are made the previous policy will remain in effect. The written policy and procedures must address how violations affect student-athletes and must contain the seven statements listed below. The statements may be incorporated into existing policy on drugs, alcohol and tobacco, such as is mandated by state statute, or included in the athletic handbook for students and parents.

1. A statement which designates that the policy and procedures apply to all CIAC-controlled activities sponsored by the school and that participation in high school athletics is a privilege and not a right.
2. A statement that alcohol, stimulants, street drugs (including but not limited to marijuana, heroin, and cocaine) are addressed by the policy and procedures.
3. A statement that anabolic steroids, hormones and analogues, diuretics, and other performance enhancing substances are addressed by the policy and procedures and that the CIAC may impose sanctions beyond those applied by the LEA for use of these substances by athletes.
4. A statement that the school shall provide preventive and intervention educational programs for its student-athletes.
5. A statement which describes the types of prevention and intervention programs required for student-athletes prior to and during the sports season.
6. A statement which indicates which job functions in the school are responsible for the administration/enforcement/monitoring of the policy or regulations. (Principal, assistant principal, teacher, guidance, health personnel)
7. A statement which outlines the methods to be employed to ensure that all athletes and their parents are fully apprised of the policy and procedures.

4.0 ATHLETIC ADMINISTRATION

This policy must be submitted to the CIAC upon request and will be made available to CIAC sports committees, CIAC Eligibility Committee, CIAC Eligibility Review Board, CIAC Board of Control, news media, and public in general.

4.12.F. SUPPLEMENTS

The CIAC fully endorses the policies of the National Federation of State High School Associations regarding the use of supplements by athletes.

School personnel and coaches will not dispense any drug, medication, or food supplement except as in accordance with Connecticut state law, district policy, and as prescribed by a student's physician, dentist, physician assistant or advanced practice RN. The order is to be on record in the school health office listing dose, time, and length of order, side effects and emergency contact. There will also be a signed parental consent on file.

The use of any drug, medication or food supplement in a way not described by the manufacturer should not be authorized or encouraged by school personnel and coaches. Even natural substances in unnatural amounts may have short-term or long-term negative health effects.

In order to minimize health and safety risks to student-athletes, maintain ethical standards, and reduce liability risks, school personnel and coaches may NEVER supply or recommend or knowingly permit students to use any drug, medication or food supplement for the specific purpose of enhancing their athletic performance.

4.12.G. STEROIDS

The National Federation of State High School Associations (NFHS), the national service organized to all 50 state high school athletic and activity associations as well as the District of Columbia, prohibits the abuse of anabolic steroids and other performance enhancing substances by high school student-athletes. Such use violates legal, ethical, and competitive equity standards, and imposes long-term health risks. Further, the NFHS supports prohibitions by educational institutions, amateur and professional organizations and governmental regulators on the use of anabolic steroids and other controlled substances, except as specifically prescribed by physicians for therapeutic purposes. The CIAC fully endorses this National Federation position on steroids.

4.12.H DRUG TESTING

The CIAC Chemical Health Policy does not include any form of mandatory drug testing by member schools. The CIAC strongly supports the concept of local authority in determining drug testing policies. Each board of education/governing body reserves the right to voluntarily implement a drug testing policy for its athletes. Drug testing of high school athletes has been demonstrated to be an effective deterrent to the use of steroids and other illegal drugs. With the use of proper safeguards drug testing is considered legal. The CIAC recommends member schools use the NCAA and the USOC list of banned performance enhancing substances and practices when designing and implementing a drug testing policy. The Connecticut Association of Boards of Education (CABE) has sample drug testing policies LEA's may wish to consider.

4.0 ATHLETIC ADMINISTRATION

4.12.I. PERFORMANCE ENHANCING DRUGS MINIMUM PENALTY

The CIAC expects member schools to monitor their student-athletes to assure that they are free of performance enhancing substances and to report any violations in a timely manner.

A student-athlete who has been determined to have used, in or out-of-season, androgenic/anabolic steroids or other performance enhancing substances (as defined in 4.12.J.) shall be declared ineligible for all CIAC-controlled activities for one hundred eighty (180) school days on each occurrence. The 180 school day period of ineligibility commences on the day the CIAC Board of Control makes such determination.

Any student-athlete who refuses to submit to testing as part of a member school's board of education-approved random drug testing policy shall be ineligible to participate in any CIAC-controlled activities.

All CIAC contests/games/tournaments/championships in which the offending athlete participated while under the influence of performance enhancing substances shall be declared forfeitures and all records will be expunged.

A member school may apply to the CIAC Board of Control for reinstatement of the athlete's eligibility to participate in CIAC-controlled activities. Any such application must include:

1. The results of a CIAC-approved medically validated drug test which confirms that the student-athlete is chemical free. The test must have been completed within 30 days prior to the application. The CIAC shall not be responsible for any expenses related to this testing.
2. A statement of the compelling circumstances on which the member school bases its application for reinstatement of the athlete's eligibility.

4.12.J. PERFORMANCE ENHANCING SUBSTANCES AND PRACTICES SUBJECT TO THIS POLICY

Includes but are not limited to the following:

1. Anabolic Agents, Diuretics, Peptide Hormones and Analogues
2. Blood doping (the intravenous injection of whole blood, packed red blood cells, or blood substitutes.
3. Substances and practices identified as banned by the NCAA and the USOC.

The CIAC allows member schools to make exceptions for those student-athletes with a documented medical history demonstrating the need for regular use of substances that are banned in this policy. These identified substances shall be medically prescribed by the student-athlete's doctor for therapeutic purposes. The documentation should contain information as to the diagnosis, medical history and dosage prescribed.

4.12.K. CONCUSSION EDUCATION AND AWARENESS FOR STUDENT-ATHLETES AND PARENTS

In 2010 the Connecticut legislature passed a law requiring concussion management education and an annual review for all coaches. Since the law our coaching education program has provided over 33,000 coaches with the proper course developed in consultation with the State Department of Education, the Connecticut Concussion Task Force and the Connecticut Athletic Trainers Association. In 2014, the law was updated to include that the education be extended to student-athletes and parents. Additionally, schools must now notify a parent if a student-athlete is removed from participation for exhibiting signs or symptoms of a concussion. The notification must be within 24 hours from the removal. The Connecticut Interscholastic Athletic Conference has mandated all CIAC member schools require education about the signs and symptoms of concussions to all student-athletes and their parents prior to the student engaging in interscholastic activities. Schools are required to spend time in each pre-season meeting to present pertinent information regarding the recognition of a concussion signs and symptoms, the means of obtaining proper medical treatment for a person suspected of sustaining a concussion, the nature and risks of concussion, including the danger of continuing to play after sustaining a concussion and the proper method of allowing a student-athlete who has sustained a concussion to return to play. Each student-athlete and parent must sign a consent form prior to the start of each season. Supportive material which can aid in the dissemination of the information may include written material and videos found on the CIACsports.com web site (by choosing the “Sports Medicine and Concussion Information” option under the “CIAC for Students and Parents” menu, or via the “Downloads” tab in the Online Eligibility Center.

We are providing schools with a copy of the coaches annual review and student/parent consent form in the back of the Handbook (Appendix H-1).

4.12.L. SUDDEN CARDIAC ARREST EDUCATION

Beginning July 1, 2015 all CIAC member schools must issue and collect a signed parent/legal guardian consent form which includes a summary of the sudden cardiac arrest awareness education program approved by the Connecticut State Department of Education and a summary of any applicable local or regional board of education’s policies regarding sudden cardiac arrests. The educational plan shall include: The warning signs and symptoms associated with a sudden cardiac arrest, including, but not limited to, fainting, difficulty breathing, chest pain, dizziness and abnormal racing heart rate; the risks associated with continuing to engage in intramural or interscholastic athletics after exhibiting such warning signs and symptoms; the means of obtaining proper medical treatment for a person suspected of experiencing a sudden cardiac arrest, and; the proper method of allowing a student who has experienced a sudden cardiac arrest to return to intramural or interscholastic athletics.

Furthermore, any person who holds or is issued a coaching permit by the State Board of Education and is a coach of intramural or interscholastic athletics shall annually review the program described above prior to commencing the coaching assignment for the season of such intramural or interscholastic coaching.

The two documents needed to fulfill this requirement are under development and a sample can be found as APPENDIX H-2 in the back of the book.

4.14 2019-2020 NATIONAL TESTING DATES

Please be advised that because there are many options for student-athletes to take the SAT and ACT tests during the course of the school year, schools should make their teams aware of the CIAC tournament schedule that is posted three years in advance to avoid a conflict. In most sports, it is necessary for CIAC to schedule multiple games on the same day and a morning game on the day of an SAT or ACT test cannot be avoided. (* **These dates will conflict with CIAC tournaments – please plan accordingly.**)

4.0 ATHLETIC ADMINISTRATION

4.15 NATIONAL HIGH SCHOOL ATHLETIC CHAMPIONSHIPS

CIAC endorses fully the position of NASSP and the National Federation, which are firmly opposed to national athletic championships for high school students. To discourage the formulation of such programs, the NASSP developed the policy statement below for consideration and approval by other educational associations, to include the National School Boards Association and AASA.

This policy statement does not extend to high school graduates who are considered to be under collegiate or private jurisdiction.

Statement

The Consortium of Educational Leaders supports the participation of students in interscholastic athletics within their own local conferences and at the state level where authorized. The Consortium considers this involvement in athletics and in other student activities as beneficial to the growth and development of secondary school students. It constitutes an important dimension of the total educational experience.

The Consortium, however, opposes vigorously the establishment of any national athletic championship program for students enrolled in secondary schools. This position is held for these reasons:

1. National championships would provide an over emphasis upon athletics at this age level. Inter-district and state championships afford to athletes a high level of competition while not interfering with the sound concept of providing a well-rounded academic, athletic and cultural experience for students.
2. National championships would require that students miss a significant amount of class time to train for and participate in the scheduled games. Many of these students are not sufficiently proficient in school to afford to miss additional days for national contests. Some, in fact, could benefit from supplemental work in reading, writing, or mathematics to carry them beyond their active athletic years.
3. High school students are at an impressionable age and often are unable to handle adequately the publicity attendant to state-level competition. This problem would be compounded by national championships and would only further distort their perspective and their basic values.
4. An over involvement with athletics interferes with the operation of schools for the majority of students. It is unfortunate, but true, that when athletics become too important, then classes are canceled for rallies, special arrangements have to be made for athletes missing their work, a "privileged class" develops in the student body, and the basic values of the school become masked by the momentary glamour of it all.
5. It is quite possible that commercial programs will develop to exploit athletes selected for any national athletic championship program. The Consortium has no objection to the selection of students for recognition by commercial interests, but it would object strongly to an actual sponsorship of national high school athletic contests by commercial firms.

Athletics are an important part of the lives of many students and adults. It is important, however, that a proper perspective be maintained so that promotional endeavors do not harm the many benefits which accrue to persons who participate in athletic activities.

4.0 ATHLETIC ADMINISTRATION

4.16 PHILOSOPHY OF ATHLETICS

A comprehensive and balanced activities program is an essential complement to the basic program of instruction. The activities program should provide opportunities for youth to develop interests and talents in sports, debate/speech, dance, drama, journalism, music, student government and academic-related areas. Participation in such activities should provide students with a lifetime basis for personal values, for work and leisure activities.

Interscholastic athletics can play an important role in the learning and growth process. They encourage the acceptance of responsibility to self, to team and to school. They encourage good physical health, good personal habits. They teach sportsmanship. They expose the athlete to some of life's difficult lessons, e.g. defeat, humility. They offer the opportunity to know success, self-satisfaction, pride, experiences desirable in the balanced growth of an individual.

The interscholastic athletic program should be conducted in accordance with existing board of education policies, rules and regulations. While the board of education may take pride in winning, it should not condone "winning at any cost" and should discourage all pressures which might tend to neglect good sportsmanship and good mental health. At all times the athletic program must be conducted in such a way as to justify it as an educational activity.

Leadership of athletic programs should be of the highest quality so as to exemplify to the participants the desired type of behavior to be developed from the programs. Measurement of leadership success should not be in terms of a "won/lost" record, but rather in the character development factors that are an outgrowth of the athletic program. At all times the athletic program should place the total educational curriculum primary in emphasis; the athletic program should constantly strive for the development of well-rounded individuals capable of taking their place in modern society.

4.17 PROTESTS – TOURNAMENTS/REGULAR SEASON CONTESTS – RE: NATIONAL FEDERATION RULES AND PLAYING RULES FOR ALL SPORTS

Protests arising from the decisions, interpretations and misapplication of the playing rules (National Federation, USGA, USTA or other CIAC game rules) by officials during contests will not be considered. The decision and interpretations of the rules by game officials are final. CIAC does not adjudicate regular season contests or protests. League protest procedures prevail in regular season contests provided the protest is in accordance with CIAC and NFHS rules.

The record of the official scorekeeper at the conclusion of the contest is final unless an error in addition, subtraction, division or multiplication is discovered. Such error shall be corrected as covered by specific contest rules.

Any team leaving the contest area before the conclusion of the contest because of dissatisfaction with the officiating will render the school liable to disciplinary action.

4.18 CLOTHING, APPAREL WORN FOR RELIGIOUS REASONS

The CIAC conforms to National Federation rules for each sport as it relates to uniforms. Exceptions are made within the various sports rules for wearing clothing required by a person's religious beliefs. Requests for exceptions must be made in writing to the CIAC by the member school.

4.0 ATHLETIC ADMINISTRATION

4.19 PROSTHESIS (ARTIFICIAL LIMB)

The National Federation has placed the responsibility of approving or disapproving the wearing of a prosthesis on each State High School Association. In a number of the National Federation rule books the following statement appears: "Artificial limbs, which in the judgment of the State High School Association are no more dangerous to players than the corresponding human limb and do not place an opponent at the disadvantage, may be permitted." The CIAC accepts this responsibility for each sport in which the rules so indicate.

The CIAC procedure for approving the wearing of a prosthesis by a student-athlete will be as follows:

1. The member school must notify the CIAC that an athlete wishes to participate in interscholastic athletics while wearing prosthesis, and the school must arrange for a meeting to determine the legality of the prosthesis;
 - a. The meeting should be attended by the principal or designee, the athletic director or trainer, coach, parent or guardian, the rules interpreter or other official, and the athlete with the prosthesis. The school should provide the official with a signed copy of the letter from the prescribing physician granting permission for the athlete to participate in the specific sport, and the signed parent's permission form;
 - b. The official should apprise everyone of the NFHS rule regarding the padding of the prosthesis and inform the school that the doctor's letter and the letter of approval from CIAC must be presented to the game officials prior to each game for final inspection;
 - c. The official will inform CIAC that the prosthesis was inspected and include a statement as to its compliance with NFHS game rules;
 - d. CIAC will either grant or deny the request of the school for the athlete to participate while wearing the prosthesis.
2. The criteria recommended as guidelines to follow in determining the legality and suitability of wearing a prosthesis in a sport are:
 - a. The prosthesis must have been fabricated by a certified prosthetist. (Practitioner)
 - b. The prosthesis must be properly padded.
 - c. Written approval to participate from the prescribing physician. Such approval must be presented to the officials before each game for the official's final inspection and approval, in accordance with National Federation Rules.

4.20 RECLASSIFICATION POLICY WHEN SCHOOLS MUST CONSOLIDATE/SEPARATE

If a board of education, in its response to the need to consolidate/separate schools, takes official action which either reduces, increases or balances the grades 9-12 enrollment of a given high school, the following conditions must be met in order to accommodate proper placement for tournament play.

4.0 ATHLETIC ADMINISTRATION

A minimum of two years advance notice must be provided to CIAC before the change is actually made. Thus, if a board votes to consolidate/separate two high schools and can give the projected enrollment as of October 1, two years from October 1 of the reporting year, the adjustment in classification can be made.

If more advance notice can be provided to the CIAC, and the official board of education action is submitted to the CIAC Board of Control, it could be possible to merge the school's teams and adjust the school's classification prior to actual building consolidation or separation. This early merger and resulting classification would be for only one year.

Where a board of education has not taken official action to merge, under no circumstances would schools which retain their separate identities be allowed to consolidate individual sports teams.

Recognizing that circumstances may vary, it shall be the policy of the CIAC that each such case shall be judged upon its merits after consideration of all attendant factors.

4.21 REGULATION INTERPRETATION/CIAC PROTOCOL IN PROVIDING INFORMATION AND DECISIONS TO SCHOOL PERSONNEL AND PUBLIC (Effective July 1, 2006)

1. All CIAC official interpretation requests of CIAC bylaws, rules and regulations must be submitted to the CIAC in writing.
2. All CIAC official interpretations will be provided in writing.
3. The CIAC Executive Director, or his/her designee, will provide official decisions, where appropriate, specific to the CIAC code of eligibility to high school principals, assistant principals and athletic directors only.
4. The CIAC staff will not discuss CIAC rules and regulations with anyone other than school administrators and athletic directors. Telephone inquiries from parents and coaches will not be honored. **All calls from anyone other than the athletic director or school administrator will be referred back to the school.**
5. At the beginning of each school year (July 1) the principal will notify the CIAC of three individuals with whom the CIAC will communicate and who has the school authority to discuss CIAC matters. All other individuals will need to communicate to the CIAC through one of the three individuals assigned by the school.

4.22 CIAC REGULATION RE: SALES / SOLICITATIONS

This regulation provides CIAC control of all sales and solicitations during all CIAC-run tournaments, meets or games.

1. Only CIAC promotional items will be sold at CIAC-sponsored events unless approved by the CIAC Board of Control.

4.0 ATHLETIC ADMINISTRATION

2. Solicitations, sales of publications or products, or similar activities are NOT permitted without prior authorization from CIAC. Food and beverage are NOT included in this policy.
3. The CIAC is the sponsoring association for all levels of state tournament championships and the sale or distribution of items or audio visual reproductions. Sale or distribution of clothing, souvenirs or other items is strictly prohibited without permission of the CIAC.

4.23 SPORTS

All information pertaining to each sport can be found in the respective sport information packet.

4.24 CHEERLEADING PLACEMENT AND REGULATIONS

Position Statement – The major function of cheerleading is to serve as support groups for the interscholastic sports program within the school, and, as such, play a very important role in the administration of athletics/activities contests. Competition must be a secondary consideration for cheerleading/spirit groups.

1. Cheerleading is an athletic/activity, and for regulation purposes, falls under the control of the CSAC Board.
2. Tournaments
 - The maximum number of competitions in which a squad may participate annually shall be four (4) exclusive of one league and the CSAC-CIAC state competitions. Schools without a league-sponsored tournament may substitute participation in another.
 - The CSAC will sanction all tournaments with the assistance of the cheerleading committee chair and tournament director.
 - Tournaments will be sanctioned under the following criteria:
 - National Federation spirit rules will be followed in full.
 - Shall be sponsored by a CIAC member school, or a member school of another state athletic association.
 - Shall conform to CIAC time out-of-school guidelines.
 - The site shall comply with established health and safety guidelines.
 - Events shall be judged by qualified officials.
 - Events cannot be scheduled on Sunday.
3. Out-of-season regulation, including the summer:
 - A cheer squad from each school will be permitted to attend an out-of-season / summer camp / clinic, not to exceed a seven (7) day period.
 - The school coach(s) may organize and/or attend and coach and instruct his/her team members at summer camps and clinics.
4. These regulations govern cheerleading teams (varsity, JV and freshman) identified as either “support/sideline” squads, or “competition” squads.
 - Schools may sponsor both “support” and “competitive” programs concurrently, but only one program may be designated for competition purposes.
 - Co-educational cheerleading squads are permitted.

4.25 SPORTS PARTICIPATION SURVEY

See Appendix K

4.26 SPORTS AWARDS POLICIES

The CIAC will:

- a. Select awards for all CIAC-sponsored sports.
- b. Develop an annual budget for awards.
- c. Negotiate and issue contracts for all awards.
- d. Consider and act upon sports committee requests.
- e. Regulate and evaluate all awards against a uniform set of criteria.

Criteria

1. Awards to teams and individuals for all sports must be equitable as to type.
2. In all sports which feature competition between individuals, CIAC will award medals for no more than six (6) competitors. (Exception: in boys and girls cross country open meets, medals will be awarded for places 1 through 25.)
3. Members of winning and runner-up teams will be awarded medals. Number of medals awarded to individuals in each sport will be determined by the Sports Awards Committee.
4. Medals will not be awarded for outstanding individual accomplishments other than for order of finish in an event.
5. There will be no merit awards for teams in any sport.

4.27 SPORTSMANSHIP

Member schools are expected to conduct their relations with each other at all levels of competition in a spirit of good sportsmanship. Everyone involved has the obligation to see clearly his/her influence and act accordingly. **The CIAC acknowledges that the school administration is responsible for the athletic program, including the making of broad and specific policies and procedures relating to sportsmanship and the conduct of activities in the school.** To that end, the CIAC urges each school principal to adopt the following sportsmanship procedures and standards for their school and to champion the "Class Act" sportsmanship program as these standards will be used in all CIAC post-season contests. As a result of declaring and showing proof of adhering to these standards, a school will receive some (as yet to be determined) recognition of having achieved and maintained this honor. The school should form a student based council that will assist the athletic department in overseeing the implementation of and adherence to these standards.

4.0 ATHLETIC ADMINISTRATION

CIAC Sportsmanship Guidelines

- The CIAC requires that all school personnel – administrators, faculty, and coaches – give special and specific emphasis about CIAC’s expectations for good sportsmanship during the regular season as well as CIAC tournaments requiring that athletes and members of the student body conduct themselves in a manner that reflects nothing but credit upon your school. Any unsportsmanlike conduct on the part of students and adults is unacceptable and will be addressed with strong and appropriate measures.
- The CIAC sportsmanship standards should be as widely disseminated as possible using the student-parent handbook, student-athlete handbook, school newspaper, parent newsletter, school web site and the local media.
- The CIAC sportsmanship standards for spectators should be read by PA announcers prior to each contest.
- The CIAC sportsmanship standards of conduct be prominently posted at all sports venues.
- When event programs are provided, the CIAC sportsmanship standards be included.
- Member schools require having athletes, parents/guardians, sign an acknowledgement which would show that they have read the student-athlete handbook and understand the CIAC sportsmanship standards.
- Member schools work with community officials to insure that levels of the CIAC sportsmanship standards are enforced when contests are held at their school and at non-school facilities.
- The CIAC and the CIAC sports committees insist the CIAC sportsmanship standards be rigorously enforced at all regular season contests and at all CIAC tournament contests. This is particularly important when contests are held at non-school sites.
- Member schools will conduct a pre-season meeting with student-athletes, coaches and parents to review the CIAC sportsmanship standards.
- Member schools should communicate with opposing schools and inform them they are a “Class Act School” and provide them with the CIAC sportsmanship standards which will be strictly adhered to.
- Member schools hosting a game should make available to visiting schools necessary game information – includes directions for parking, location of ticket booths, seating arrangement, ticket prices, game time, directions for each game site.
- Member schools hosting a game should designate specific seating areas for students, bands, adults and visitors. If possible, opposing student bodies should be separated.
- Member schools hosting a game should arrange for adequate police supervision.
- When possible the member schools hosting a game should assign officials to dressing facilities separated from both teams. Provides escorts for the officials when it appears that disturbances may develop.
- Member schools should take measures to prevent fans from getting near or on the playing area and around the players benches. After the contest, prevents fans from going onto the playing area.
- Member schools should provide for adequate supervision of students and facilities. Supervisors should sit in the stands with the students.
- **Member schools should support and adhere to ALL the following CIAC standards.**

The CIAC “Class Act” Sportsmanship Standards

ALL Spectators (including parents):

- Will adhere to the host school’s acceptable dress code at all home and away contests commensurate with classroom behavior. For CIAC tournament contests all spectators will be appropriately attired with their torso completely covered and with no visible degrading or demeaning writings/logos.
- Any signs displayed must be positive in nature, reference only the school supported by the sign maker, and must be pre-approved by the athletic director of the school referenced in the sign.

4.0 ATHLETIC ADMINISTRATION

- During outdoor sports, no air horns or horns of any kind or whistles will be used, and any other noisemakers will be allowed with the host athletic director's approval and only be used during "dead ball" situations to celebrate good play. During indoor sports, no noisemakers will be used. Pep bands are allowable at a home contest if the school provides adult supervision and the band only plays during "dead ball" situations.
- Spectators will cheer positively to support their team, will not cheer negatively against the opponent.
- Spectators will show respect for the game officials and their decisions.
- Spectators will show respect for the playing of the National Anthem.

Game Personnel/Announcers:

- Will explain and consistently enforce host school expectations for spectators.
- Will be enthusiastic but not show favoritism while making announcements, and never publicly question or criticize the players, coaches, or officials.
- Will encourage respect for the National Anthem and remind spectators to remove caps and stand.

Coaches:

- Will exemplify high moral character, behavior and leadership, lead by example, and set a standard for players and spectators to follow both on and off the athletic arena.

- Will respect the integrity and judgement of officials and will not publicly criticize or question the decisions of officials.

4.0 ATHLETIC ADMINISTRATION

4.29 SUBMISSION OF TOURNAMENT ROSTERS

Member schools wishing to participate in CIAC tournaments must submit their tournament roster listing all the student-athletes from their eligibility list who will or may be participating for the member school in any round of the tournament competition. The roster must be submitted via the Online Eligibility Center or the “submit scores/forms” option under the CIAC for coaches menu at ciacsports.com by the deadline stated in the sport’s tournament information packet and must include all information requested on the submission form.

If a student-athlete who is otherwise eligible is not included on a school’s official tournament roster submission and correction of the error(s) is not requested prior to the entry deadline.

By submitting your tournament roster, you are certifying that these student-athletes are physically, academically, etc. eligible.

1. **In sports where individual athletes are seeded or entered based on records, qualifying marks, or a like method**, changes may be requested via a support ticket prior to the time the tournament is seeded and the seeding information is posted for viewing by the general public. In such cases the school will be subject to an administrative fine for not entering their information correctly prior to the deadline. Because any changes after the point of seeding and posting will affect other athletes and schools and allow for the potential of manipulation, **NO** changes to school/team entries will be allowed after the point of posting seeded information.
2. **In team sports where individual athletes are not seeded**, if a school uses an athlete who was not included on the school’s official tournament roster submission or added to the roster prior to the team playing a game in the tournament but was on the school’s official eligibility list, met all eligibility standards at the time of the game, and the addition of said athlete(s) to those included on the roster would not put the school over the limit for the number of student-athletes allowed on a school’s roster in the sport, the school will be subject to an administrative fine for not entering their information correctly prior to the deadline. If this situation arises the school must notify the CIAC office via an online support ticket no later than 24 hours after the game and request the necessary adjustment(s) to the school’s roster.

4.30 ADMINISTRATIVE SUPERVISION AT TOURNAMENT EVENTS

Schools must provide supervisory personnel at all CIAC tournament contests commensurate with the magnitude of the contest. The size of the anticipated crowd attending from your school, the rivalry of the opponent and the distance to travel to the site should all be considered. The CIAC should always be contacted for guidance. Below is a list of responsibilities the participating school needs to perform.

Pre-contest:

1. Contact the site director and discuss contest details. (Time doors will open, estimated number of spectators attending. Pre-sale tickets sold, identify the supervisory leader, etc.)
2. Arrange for the appropriate number of supervisors.
3. Read the CIAC sportsmanship script over the public address to the student body.

During the contest:

1. Upon arrival make certain the supervisory leaders identify themselves to the site director.
2. Seat supervisory personnel within the student section and lend a hand to any on-site personnel dealing with an issue. (We prefer you handle issues with your students.)

4.0 ATHLETIC ADMINISTRATION

3. Make certain a clear separation is maintained between your school spectators and any opposing school's spectators.

Post contest

1. Be available at the very conclusion of the game to be visible to the student body to avoid them "storming" the floor, field, etc.
2. Assist with any post game ceremony.
3. Do not leave the contest until a majority of your students and players have left.

4.31 FINE POLICY

Penalties – The Board of Control may impose penalties on member schools in addition to the fines listed below when rules violations dictate-- probation, prohibition and suspension.

1. Eligibility Violations

- *Violations of Rules of Eligibility, Article IX – CIAC By-laws, inclusive,
..... \$100.00 per player per game
Maximum to \$500.00

..... \$1,000.00
- *Incorrect tournament information provided to sport committees
..... \$500.00

This fine schedule does not preclude the CIAC Board from determining fines for violations not specifically covered above. In all cases these amounts are minimum and may be increased by the CIAC Board. Punitive monetary fines not to exceed \$10,000.00 may be imposed.

4.0 ATHLETIC ADMINISTRATION

 - Permission to broadcast any CIAC tournament event, in any format, must be granted by contacting Joel Cookson, Director of Media/Sports Information.
 - 4. Recording or Filming for Commercial-free, Non-profit Purposes:
 - Non-profit commercial enterprises must have prior approval from the state tournament director. Application online at casciac.org. No fees are charged.
 - 5. Photographing for a commercial venture is prohibited unless approved by the CIAC.

4.33 ELECTRONIC GAME SCORE SUBMISSION

In order to ensure that standings and rankings on both the CIAC's websites and other sites which draw their data from us are timely and accurate, all regular season scores must be entered online on the same day the game is played. It is highly recommended that scores are entered from the site as soon as the game ends.

Scores may be entered via the online eligibility center, the "submit scores/forms" option of the "CIAC for Coaches" menu at ciacsports.com, or the "Submit Scores" button in our ciacmobile.com mobile site. Entering scores at ciacsports.com or ciacmobile.com requires either a coaches or scorekeepers access code, those codes are managed via the online eligibility center and can be retrieved from a school's athletic director.

5.0 SCHEDULING AND SEASON LIMITATIONS

5.1 SCHEDULES, REGULAR SEASON

The CIAC has no jurisdiction over regular season interscholastic scheduling problems except as they relate to violation of CIAC policies. Schedule of interscholastic contests within CIAC season limitations is the responsibility of individual schools and/or leagues.

Schedules for all sports in which the CIAC sponsors championships must be submitted, and kept current when game dates and/or time change, via the password-protected online eligibility center. No games may be added to the schedule that count for the tournament after the first play date in each sport. Games played after the last date to count will NOT be used in determining CIAC tournament qualification or rankings.

Schools are expected to resolve the conflicts between themselves and make the necessary changes to their schedules prior to:

Fall – May 29, 2020

Winter – October 2, 2020

Spring – January 29, 2021

Following the date for resolving conflicts, schedules will be given to officials assigners and made available to the general public. At this time officials will be assigned. Changes to schedules may be made following this date as long as they are in accordance with CIAC regulations for the specific sport, and are approved by both participating schools. **Every effort should be made to reduce schedule changes that are not weather-related.**

5.2 POSTPONED GAMES

While the CIAC supervises, regulates and controls the interscholastic athletic activities of the member schools both individually and collectively, it has never, at any time in its history, had any involvement in either the formation or governance of athletic leagues beyond the already established requirement that the league member schools abide by CIAC rules and regulations in league operation.

Thus, in keeping with this basic principle, the two guidelines that follow are offered as effective methods that can be used by leagues and schools to control postponed games.

When contests are scheduled among two or more league teams, the league should determine the definition of what constitutes a postponed game.

When contests are scheduled among two or more non-league teams, the principals of the schools involved should mutually determine what constitutes a postponed game.

Note: The CIAC Board approves the use of Sundays after 12:30 p.m. for make-up games in all sports upon the mutual agreement of both schools.

5.0 SCHEDULING AND SEASON LIMITATIONS

5.3 COMPLETION OF REGULAR SEASON SCHEDULES

Member schools must make every effort to complete their season as scheduled, including make-up games. Any effort to gain an advantage by not playing a game is unacceptable and subject to action by the CIAC Board of Control. Cancellation of any regular season contests/make-up to play in a league tournament will not be allowed.

5.4 RELIGIOUS HOLIDAYS AND SCHOOL ACTIVITIES

The Board of Directors has been asked on many occasions to provide direction to its membership regarding the scheduling of school activities so as not to conflict with religious holidays. The Board of Directors advises that it is not within its province to oversee the school calendars of the individual school districts throughout the state. In planning CAS-CIAC state activities the Board attempts to avoid conflicts with major religious holidays, or other major activities of statewide importance but it is not always possible. The Board, therefore, urges that the individual schools be sensitive to the social and religious mores of their individual communities and that they plan their school and student activities calendar so as not to conflict with the extra-school needs of large numbers of students, or to place them in the extreme position of having to choose between their religion and a major school activity. Please note that CIAC publishes dates three years in advance and schools should plan accordingly when scheduling school events such as proms to avoid conflict. Athletes should also be apprised of testing dates that do not conflict with their sport.

5.5 SEASON LIMITATIONS REGULATIONS RELATIVE TO SCHEDULING

5.5.A. FIRST DAY OF THE WEEK

Sunday is to be considered the first day of a calendar week for all sports.

5.5.B. GAME LIMITATIONS / SEASON AND WEEKLY

The limit in the number of games/contests per season is to exclude games/contests played with alumni (one per season) and games/contests in CIAC-sponsored tournaments, and league sponsored and administered playoff games/contests. The limit of games per week is to exclude postponed games/contests, one league playoff game/contest and games/contests played in CIAC-sponsored tournaments.

5.0 SCHEDULING AND SEASON LIMITATIONS

5.5.C. COMPLIANCE WITH WEEKLY LIMITATIONS ON “OUTSIDE” COMPETITION

With increased frequency athletes are competing “unattached” in approved “outside” competition over a two or three-day period. In most cases where this happens a participant would qualify on the first day and then compete again on the second and/or third day.

A competitor competing in a one, two or three day outside meet/tournament shall have that meet / tournament count as one of the allowable weekly competitions.

When a two or three day meet is conducted on both a Saturday and Sunday, a choice may be made as to which week it will count as one of the allowable weekly CIAC competitions. However, for Friday through Sunday events it must count in the week containing the Friday.

If a one, two or three day outside meet / tournament is conducted within one week, the one charged weekly competition must be counted within that week.

5.5.D. UNATTACHED STATUS (DEFINITION)

A student-athlete may participate in a select meet or tournament as an “unattached” individual in the sports of cross country, swimming, gymnastics, indoor track, golf, outdoor track and tennis, it means that:

1. Athletes must comply with CIAC weekly limitations for the sport. (Exception: golf)
2. Athletes may not represent their high school or state association in any way, nor are the high school and state association legally responsible for athletes who participate in the meet or tournament. Athletes may not use the school name or school uniforms, and the school may not sponsor the athletes in any way, financial or otherwise.
3. A school may not benefit in any way through the participation of an athlete. Prizes or trophies may not be awarded a school.
4. Entry fees may not be paid by the school.
5. Athletes may only compete as an individual and may not represent or be attached to a team.
6. The signature of the principal and coach on the Official Entry Form do not imply authorization for the student to compete for a school. The signatures are to be taken only as evidence that the student is a bona fide member of a CIAC member school team and that his/her coach and school administrator are aware of the fact that he/she is entered in the event.
7. Violations of the above may render the athlete ineligible.

5.0 SCHEDULING AND SEASON LIMITATIONS

5.5.E. GAME LIMITATIONS / LEAGUE PLAYOFFS

- A. Weekly limitations may be extended by one (1) contest during one week only for the purpose of running a league tournament. At no time may weekly limitations exceed three (3) or four (4) * total regularly scheduled games and tournament games combined in any one week. League playoff games are excluded from the season limitation.

*Depending on the weekly limitations per sport.

- B. League tournament games will count for CIAC tournament qualification under the following conditions:
- Game(s) must be included in the maximum regular season game limitations for the sport.
 - Game(s) must be listed on the regular season schedule submitted to the CIAC in accordance with the time lines established by CIAC sports committee. Those contests should be identified by the title of the tournament in which the team may qualify.
 - Game(s) must be played prior to the last day established by the CIAC for tournament qualifications.
 - Game(s) played as a third contest with another team during the regular season will not count for tournament purposes.
- C. League tournament games will not count for tournament qualifications under all other conditions.

5.5.F. POST SEASON LEAGUE TOURNAMENT POSTPONEMENTS (SUNDAY)

As is the case with the regular season, Sunday play of league tournament games/meets (post season) is permitted in accordance with the following policy:

1. Your league must approve Sunday play.
2. No Sunday game/meet may start before 12:30 p.m.
3. The Saturday postponement must be weather-related. Also, if a weather-related postponement makes it necessary to reschedule the semi-finals to Saturday, the final game (originally scheduled for Saturday) may be rescheduled for Sunday.

POST SEASON LEAGUE TOURNAMENT POSTPONEMENTS – QUESTIONS & ANSWERS

1. **The quarter-final round of the league basketball tournament, scheduled for Saturday, is snowed out. Is it permissible to reschedule this round on Sunday?**
Yes, but after 12:30 p.m.
2. **The league wrestling tournament is scheduled for Saturday. If a weather-related postponement occurs, may the league reschedule this event for Sunday?**
Yes

5.0 SCHEDULING AND SEASON LIMITATIONS

3. **The semi-final round of the league baseball tournament is rained out and rescheduled for Saturday, the date reserved for the final game. May the final game in this case be rescheduled for Sunday?**

Yes, since the finals were originally scheduled for Saturday and it had to be moved as a result of a weather-related postponement.

4. **May a league elect not to permit Sunday play?**

Absolutely. This is a permissive policy and leagues may decide to prohibit Sunday play in any or all league tournaments.

5.5.G. TEAM AND INDIVIDUAL PRACTICE REQUIREMENTS

CIAC member schools are required to ensure that all student-athletes are properly conditioned and prepared prior to their first athletic contest. **All sports teams and individual athletes must have a minimum of ten (10) physical / exertional school practice days before the date of the first scheduled competition.**

An **individual athlete** must participate in a minimum of ten (10) practices prior to competition unless the athlete has been participating in a sport – for example a football player in the CIAC championship series that overlaps with a winter sport would not be required to complete ten (10) practices prior to competition.

No team/athlete shall practice / compete with their school more than six (6) consecutive days to provide a day of rest. Saturdays, Sundays, and holidays may be used unless prohibited by local board policy.

Practice Limitations Questions and Answers

1. **May I have a film session or chalk talk on the day of rest?**

Yes, as long as there is no physical / exertional activity such as weightlifting or conditioning.

2. **When does the seven (7) day cycle requiring a day of rest begin?**

The cycle begins the first date you begin your full practice regimen. It does not include conditioning week for pitchers and catchers or football.

3. **How do I plan my day of rest if we have a postponement of a game due to weather and a workout day is necessary pre-empting the day of rest?**

This CIAC regulation for providing a day of rest is in effect for regularly scheduled practice days and games. Postponements for inclement weather would not have an impact on this regulation.

4. **May I have ten (10) consecutive days of physical / exertional practices if I give my team two days off?**

No, a day of rest must be with a seven day cycle to avoid seven consecutive days of practice/competitions.

5.0 SCHEDULING AND SEASON LIMITATIONS

5.5.H. PRACTICING WITH ANOTHER CIAC TEAM BY AN ATHLETE

During each sport season players who are members of a CIAC team may not practice with another CIAC school in the same sport unless it is sanctioned by the principals of both schools or it is an approved activity governed by other CIAC rules and policies. Players who have ended their competitive season are not allowed to practice with another CIAC school in the same sport unless prior written permission is given by the principals of both schools. However, school teams may continue to practice until the end of tournament season.

5.5.I. SCRIMMAGE (DEFINITION) – A Practice Contest

A scrimmage is a practice and is to be treated as such. **Teams must have a minimum of three (3) days of practice prior to scheduling a full team scrimmage. In football five (5) days of conditioning practice plus three (3) days of practice in full pads is required before a full team scrimmage.**

Scrimmages are not to be used as a way to add a game to a school's schedule that does not count towards seasons limitations. Scrimmages may be conducted under the following regulations:

1. Scrimmages are informal practice competitions where the coach(s) will interrupt play to provide instruction.
2. Scrimmages are not bound by length of game regulations.
3. Scrimmages are practices; therefore, they are not bound by National Federation Rules.
4. Scrimmages may be conducted any time during the season including the post-season – the period from the conclusion of the regular season to the end of the tournament.
5. A school may not enter a tournament and call the game(s) a scrimmage.
6. Admission is not charged.
7. Game uniforms may only be worn in the last scrimmage prior to the start of the season.
8. Officials may be used.
9. A scrimmage must be considered a scrimmage by both teams – no one may count a scrimmage as a regular season game. This includes scrimmages with out-of-state teams.
10. Results of scrimmages will not be reported to the media.
11. Scores are usually kept by quarter / period / inning and not as a regular game.

Any contest, including a tournament that is called a scrimmage that is actually played as a game will be considered a CIAC violation.

5.0 SCHEDULING AND SEASON LIMITATIONS

5.5.J. JAMBOREE (DEFINITION)

CIAC Definition – A jamboree is a pre-season, non-CIAC contest among three or more teams in which no team may play more than the equivalent of the regulation time established for that sport, and no team may participate against the same opponent for more than one-half of the normal regulation time established for that sport. The purpose and conditions of a jamboree are as follows:

1. Formal contest that simulates game conditions, officials are present.
2. Team may not play more than the total regulation time for that sport and no more than ½ of the regulation time against any one opponent.
3. Published on an announced schedule.
4. Must meet all game conditions established by CIAC.
5. May not be held earlier than the 3rd day of practice.
6. May not be more than one per sport per year.
7. Must be sponsored by a CIAC member school.
8. Admission to contests may be charged.
9. Usually announced in newspapers and results reported in newspapers.
10. Uniforms usually worn, score and time usually kept.
11. May not be conducted after the first scheduled contest of the regular season.

5.6 SEASON LIMITATIONS POLICY / COMMITTEE

A. Introduction

The CIAC Board of Control on November 20, 1980, voted to implement a policy on standardizing season calendars for all CIAC sports effective with the 1981-82 school year. The policy was developed by an ad hoc committee whose members represented the Connecticut Association of Athletic Directors, Connecticut High School Coaches Association and the CIAC, and was under the leadership of Chairman Art Kohs, Athletic Director, Xavier High School, Middletown. Prior to receiving CIAC Board of Control approval it was overwhelmingly endorsed by CAAD, CHSCA and individual CIAC sports committees.

The policy resolves the vast majority of CIAC's concerns relative to the establishment of calendar dates for the operation of all sports programs. The establishment of a standing committee whose responsibility it will be to regulate all dates for all sports will provide the type of impartial comprehensive coordination the CIAC has recognized as a need as its programs and tournaments continue to increase in number and capacity.

B. Establishment of a Committee

The CIAC Board of Control has established a committee composed of people who have expertise and experience in the operation and administration of athletic programs, to be known as the CIAC Committee on Seasons Limitations whose function it will be to:

1. Establish all starting and closing dates for all sports in as equitable a manner as possible. This shall be scheduled a minimum of three years in advance.
2. Deal with any concerns which are related to these dates.
3. Establish the specific seasons sports are to be played after seeking the advice of the relevant CIAC sports committee.

5.0 SCHEDULING AND SEASON LIMITATIONS

C. Criteria to be Used by CIAC Committee on Seasons Limitations in the Establishment of Dates

1. Closing dates for all regular season contests and state competition in one season will be completed before practice begins for the following sports season, except for football and spring sports. Consistency in establishing starting and closing dates in all sports is important.
2. The calendar must accommodate the required number of practice days for teams and individual athletes. Refer to 5.5.G.
3. The starting dates for practice will be:
 - a. Fall Season -- Two Thursdays before Labor Day, except football (note below)
 - b. Winter Season -- Monday after Thanksgiving Day, girls basketball, ice hockey and wrestling (note below)
 - c. Spring Season -- Saturday of the final weekend of the CIAC winter tournament

Note: All seasonal sports will begin at the same time with the exception that girls basketball, ice hockey and wrestling will begin the Monday after Thanksgiving. (Tournaments for these sports will start earlier than other winter sports.) Football conditioning practice will be scheduled five days before the first fall practice date except for those schools which opt not to conduct spring football practice who may begin conditioning four days earlier.

Calendars will show, on a seasonal basis, the starting dates for practice and interschool competition, the closing dates for the regular season and the final dates for post season competition. It will be the responsibility of the seasons limitations committee to set the limits regarding maximum games per season, games per week, and last date for games to count for tournament qualification.

D. Rationale for CIAC Policy

1. Eliminates much of the unnecessary overlapping of sports seasons.
2. Demonstrates consistency in starting and ending dates for all sports seasons while maintaining the present regulations with regard to the number of practice days, length of season and length of tournaments. Exception: football and girls basketball.
3. Affords schools the opportunity to utilize coaches in consecutive sports seasons.
4. Establishes a CIAC committee to deal exclusively with seasons limitations.
5. Eliminates hours of discussion and debate by the CIAC Board of Control and sports committees concerning the setting of dates, and in many instances, the subsequent changing of them.
6. Facilitates securing tournament sites on a long-range basis and will facilitate multi-year agreements.
7. Affords student-athletes the opportunity to pursue a variety of activities without being placed at a disadvantage.

6.0 ELIGIBILITY

The stated premise throughout all CIAC Eligibility Rules is that "...regulations are minimal and do not prohibit a school from establishing more rigid eligibility standards."

6.1 ELIGIBILITY FOR FALL SPORTS

The CIAC has consistently maintained that in order to be eligible for fall sports, a student must have received credit toward graduation at the close of the school year preceding the contest in at least four Carnegie Units of work or its equivalent. The number of courses passed is not material; it is the number of credits toward graduation which must be the determining factor. Year-end failures may be made-up through successful completion of LEA approved summer school work in courses failed.

6.2 ELIGIBILITY BY MARKING PERIOD – RE. ATTENDANCE POLICY

A school which has an attendance policy should be allowed to interpret and apply the credits-toward-graduation factor based on that attendance policy in whatever manner it wishes. If the principal concludes that the student is earning passing grades in four Carnegie Units of work, and if he/she chooses not to apply the credits-toward-graduation factor on a marking period basis but rather applies it at year's end when the credit for the course is to be either granted or denied, the student can be considered eligible for sports participation.

If the principal wishes to be more stringent, and interpret each marking period as carrying at its conclusion a fraction of the course's credit toward graduation, he/she can conclude that the student is ineligible.

6.3 CIAC ACADEMIC ELIGIBILITY REGULATION – RE. BLOCK SCHEDULING

The use of block scheduling has called into question the present CIAC academic regulation and how it is to be applied for those schools. Therefore, in order to assist member school principals, the following clarifying language is offered:

ELIGIBILITY RULE I – SCHOLARSHIP

Existing language states: A Carnegie Unit is defined as "200 minutes of recitation during a period of five consecutive school days for an entire school year." Further, "If a course is scheduled a minimum of 200 minutes during a period of five consecutive school days for a traditional nine-week marking period and awards at least ¼ credit for that period, that course should be considered one-quarter of a Carnegie Unit of work.

CIAC Interpretation Under Block Scheduling

Any course taken under a block schedule design which is scheduled a minimum of 400 minutes during a period of five consecutive school days for traditional nine-week marking period and awards at least ½ credit for that period, that course should be considered one-half of a Carnegie Unit of work.

6.0 ELIGIBILITY

CIAC Interpretation for Online Courses

CIAC requires, for eligibility purposes, that grades for online courses be determined in accordance with traditional course grading periods.

ELIGIBILITY RULE 1.B. – MINIMUM COURSE REQUIREMENTS

Existing language states: “A pupil cannot at any time represent a school unless taking at least four (4) quarter Carnegie Units of work or its equivalent. During the school year a pupil must have received a passing mark in at least four (4) quarter Carnegie Units of work or its equivalent at the end of the regular marking period next preceding the contest and have earned four (4) credits toward graduation at the end of year to be eligible for fall sports.”

CIAC Interpretation Under Block Scheduling

A pupil cannot at any time represent a school unless taking at least two one-half Carnegie Units of work or its equivalent. During the school year a pupil must have received a passing mark in at least two (2) one-half Carnegie units of work or its equivalent at the end of the marking period next preceding the contest.

6.4 CIAC ACADEMIC ELIGIBILITY 1.B. – WHEN ELIGIBILITY IS DETERMINED

Official eligibility for all students is determined on the date that official grades are posted for all students (entire school eligibility) or on the fourteenth (14th) calendar day (whichever comes first) following the end of the marking period. The means by which official grades are distributed to all students will be determined by the school.

How and When Athletic Eligibility Is Determined In Addition to CIAC Rules of Eligibility – CIAC By-Laws, Article IX, Section I, II and III

1. **Is an athlete’s eligibility declared once his/her name appears on the official eligibility list submitted to the CIAC?**

No. The official team eligibility list submitted online to the CIAC is the official document used by the principal to verify that the players listed are eligible according to CIAC regulations to participate in the sport, i.e., academic, residence, medical, etc.

2. **Is an athlete’s eligibility declared if he/she is a member of a school team but never plays in a contest on the freshman, JV or varsity level?**

No. Athletes must actually participate in a contest, at any level of play (regular season or post regular season), to declare athletic eligibility.

6.5 CODE OF ELIGIBILITY

See Appendix B – The Rules of Eligibility and Control for Boys and Girls High School Athletics in Connecticut.

6.0 ELIGIBILITY

6.6 ELIGIBILITY COMMITTEE MODUS OPERANDI

In recent years the work of the CIAC Eligibility Committee has quadrupled in scope. It is no longer possible for the Committee, and certainly for its Chairman Principal, to serve as a quick-notice ombudsman for all the eligibility problems throughout the state.

In order to serve the member schools and student-athletes in an efficient and business-like manner, the following methods of operation will be in effect during the course of the year.

1. All requests for eligibility decisions must be IN WRITING to the Executive Director and MUST BE SIGNED BY THE PRINCIPAL.
2. Requests will be acted on monthly by the Eligibility Committee – usually on the third Thursday of the month, September through May. Requests received after this date will not be acted on until the following month.
3. Notification of decisions by the Committee will be communicated by the Executive Director.
4. Routine interpretations may be offered by the Executive Director and/or Assistant Executive Directors – preferably upon written request.
5. Telephone requests for final eligibility decisions will not be honored.
6. Principals should anticipate potential eligibility problems so that the Committee will have a reasonable margin of time within which to make decisions.

6.7 FOREIGN STUDENT ELIGIBILITY

A foreign exchange student who is placed in a CIAC member school by an exchange program approved by the Council on Standards for International Educational Travel (CSIET) are eligible to participate in CIAC-sponsored sports providing:

- The student is not considered a high school graduate or its equivalent;
- The student meets CIAC age requirements.

The Council on Standards for International Educational Travel referred to in Eligibility Rule II.H. (CSIET) is a non-profit organization committed to establishing standards for international educational travel, monitoring compliance with those standards, and sharing information about organizations operating international educational travel and exchange programs at the high school level on behalf of schools, communities, and educational groups in the United States. The CIAC accepts all programs listed and accepted by CSIET as being bona-fide exchange programs for the purposes of establishing eligibility of athletes who are exchange students. A list of approved programs may be obtained from:

Council on Standards for International Educational Travel (CSIET)

6.0 ELIGIBILITY

6.8 FOREIGN STUDENT ELIGIBILITY – NON-CSIET PROGRAMS AND F-1 VISA STUDENTS

A foreign exchange student not in an approved CSIET program will be eligible providing:

- The student is living with a parent or legal guardian (**as determined by Probate Court**);
- The student is not considered a high school graduate or its equivalent;
- The student meets all other CIAC eligibility requirements – age, academic standards, number of seasons played (eight consecutive semester rule), etc.

However, students attending a CIAC member school while on an F-1 Visa are ineligible for participation in varsity athletics for 365 days upon enrollment and may only participate in varsity competitions for two years.

Note: If any F-1 Visa student transfers into a CIAC member school the 365 days of ineligibility in varsity athletics will restart to coincide with the date of transfer.

6.9 CHANGING TEAMS

An athlete may change sports up to the date of the first scheduled varsity contest in the sport he/she wishes to leave. (See Eligibility Rule II.D.)

However, an athlete may NOT change teams or sports after the first scheduled varsity contest in the sport he/she is leaving, even if athletic eligibility has not been declared. (See Eligibility Rule II.D.)

1. **If an athlete who is a member of a school team never plays in a contest in one sport can that same student switch to another sport during the same season and become eligible for that sport?**

No. According to Eligibility Rule II.D. a pupil shall not participate in or represent his or her school in more than one sport after the date of the first scheduled school contest in that sport.

6.10 LISTS – ELIGIBILITY

6.10.A. POLICY STATEMENT ON FILING OF ELIGIBILITY LISTS

(Rules of Eligibility – General Procedures – Rule IV.D.)

Within two (2) school days after the first game of each sport, an eligibility list must be submitted via the CIAC web site in each sport. An alphabetical list of pupils by name, date of birth, grade, school last attended (if a transfer student as defined under II.C.) certifying that these pupils are eligible for that season. As changes occur in eligibility (additions and/or deletions) they must be submitted, via the CIAC web site within two (2) school days.

6.0 ELIGIBILITY

Delinquent Lists – Schools delinquent in filing eligibility lists shall be granted thirty days to show cause why they should not be placed on probation for failure to supply the missing eligibility lists. If the missing lists are not in within thirty days, any school delinquent must come before the CIAC board of control and show cause why it should not be placed on prohibition (the school cannot participate in any CIAC-sponsored meet or tournament in those sports in which the lists are not received).

6.10.B. ADMINISTRATIVE PROCEDURES FOR VERIFYING INFORMATION ON ELIGIBILITY LISTS

All information on eligibility lists on file at the CIAC office is available to member schools. Only principals and/or athletic directors of member schools may initiate requests for information contained on those lists.

Coaches who wish information contained on eligibility lists must forward their inquiries through their principal or athletic director.

All questions of eligibility verification must be referred to the Executive Director or his/her assistants, 30 Realty Drive, Cheshire, CT 06410 – telephone (203) 250-1111 / Fax (203) 250-1345 / E-mail – casciac.org.

6.0 ELIGIBILITY

6.13 ELIGIBILITY RULES AND DUE PROCESS

Although the Connecticut courts have consistently ruled that a student has no due process right to participate in interscholastic athletics, the CIAC Board of Control believes that it is important that all athletes be familiar with the CIAC Rules of Eligibility. To that end, the CIAC Board of Control will annually make available copies of the rules of eligibility to school principals and athletic directors who will be responsible for distribution to all student-athletes.

In many instances member schools have stricter regulations than the CIAC minimum regulations; schools are free to supplement CIAC regulations. However, in accordance with schools' membership agreements, eligibility requirements cannot be less than those of CIAC. Many member schools have reported that they have prepared a poster-size digest for placement in gyms or locker rooms and have distributed to individual students the clear and concise digest of CIAC eligibility rules available from the CIAC office.

6.14 RIGHTS OF DUE PROCESS – ATHLETES

See Appendix B – “Athletes’ Rights of Due Process”

6.15 ELIGIBILITY OF SPECIAL EDUCATION STUDENT TO COMPETE

A student attending an alternative education program in a school which is not a member of CIAC is eligible to compete in interscholastic athletics when the following conditions are met:

1. If the school in which the student has been placed through the PPT process does not have its own interscholastic athletic program, then he/she is eligible to participate in the interscholastic program of the sending school.
2. The student must be carried on the membership roll of the sending school and the principal of the sending school must assume full responsibility for and authority over the student for determining athletic eligibility.
3. The student must be enrolled in a full-time program which leads to the fulfillment of requirements for a diploma.
4. The student must be otherwise eligible according to CIAC By-laws and Code of Eligibility.
5. Student-athlete participation at any state authorized public school of choice or any state authorized charter, magnet, regional cooperative, inter-district, satellite school students: Eligibility to participate in interscholastic athletics at the sending school or school from which he/she would normally matriculate is extended to any student when the school does not offer any interscholastic athletic program.

6.15A. GRIEVANCE PROCEDURES FOR SECTION 504 OF THE REHABILITATION ACT OF 1973 (See Appendix I)

6.0 ELIGIBILITY

6.16 CIAC EIGHT (8) SEMESTER REGULATION (See Appendix B)

A student has eight (8) consecutive semesters or four (4) consecutive years of eligibility from the date of entry into ninth grade to be eligible for interscholastic competition. Date of entry is defined as the first date of enrollment as a grade 9 student taking four (4) or more high school subjects. (1) Students who are not eligible or elect to not participate do not preserve additional semesters for use at a later time. That is, there is no fifth year of eligibility per se. (2) A student who has attended 15 days or more may apply through the member school for consideration of a hardship waiver. Hardship waiver requests will be considered for unforeseen, unavoidable or unusual circumstances that were beyond the control of the student and resulted in the student being unable to complete their academic requirements in four (4) years or eight (8) consecutive semesters. All such requests must be well documented. Waivers for serious medical situations that are well documented will also be considered when it is demonstrated the student was unable to complete any significant school work due to their medical condition and it is verified the school made every effort to provide an appropriate alternative program to the student. Injuries sustained in playing a CIAC-sponsored sport will not constitute grounds for a medical waiver for an additional semester/year of play in the sport in which the injury occurred. A waiver will be granted for a student who has been absent one or more semesters because of required military service. If a waiver is granted in any situation, the semester granted must be the same as the semester waived – fall for fall, spring for spring. **A waiver of the eight consecutive semester/four consecutive year rule will be granted only once to any athlete.** (3) The fact that a student has not participated for four seasons will not justify allowing such student to participate in interscholastic sports beyond the eighth semester after his or her entrance into the ninth grade. (4) This is an eight semester attendance rule, i.e., eight semesters of time not eight semesters of participation or competition rule. (5) Exception: A student who interrupts his/her school career in order to participate in a CSIET approved foreign study program may have his/her eligibility extended for up to two semesters, provided the student does not participate out-of-country in sports he/she wishes to play upon his/her return, subject to approval by the CIAC.

The implementation date was July 2006, affecting all students entering 9th grade in September 2006 and after. (The three season rule was phased out as of June 30, 2009).

6.17 TRANSFER RULE (See Appendix B)

The intent of the transfer rule (Rule II.C.) is to discourage schools and/or adults from exploiting the student-athlete or allowing or enabling that student to benefit improperly from his own act or the acts of others.

The CIAC transfer rule is based upon the fundamental principle that, if at all possible, a student should live with his/her parents and attend public or parochial school in the school district in which the parent resides. Without regulation of the eligibility of transfer students, student-athletes and their families – with or without outside influence – could permit athletic interests to become dominant factors in educational decisions. In either of these instances, athletics would assume an improper and abusive perspective. Schools believe rules to deter such situations are warranted. Therefore, the transfer rule exists to:

- a. Prevent the recruiting of student-athletes;
- b. Prevent “school jumping” by students for athletic reasons;
- c. Minimize the influence of athletics upon the family’s decision regarding school attendance;
- d. Protect and maintain equitable opportunity for students whose families are legitimate residents of a school district;

6.0 ELIGIBILITY

- e. Maintain an equitable standard for interscholastic competition between public schools which are restricted by legally established boundaries and private schools which have no such boundaries; and
- f. Provide common ground for interscholastic athletic competition between schools.

The transfer rule is standard in the majority of state high school associations in the United States and, when applied fairly, has withstood all legal tests. It is recognized that it is incumbent upon schools to provide a warning to students transferring in or out of high schools that their athletic eligibility may be in jeopardy. An informed student body and informed parents should reduce any potential harm caused by the transfer rule.

6.17.A. TRANSFER RULE II.C. REQUIREMENT #19 (Waiver) (See Appendix B)

A student in grades 10, 11, or 12 who does not qualify for the transfer rule requirements #1 through #18 will be granted eligibility by application to the CIAC Eligibility Committee if the following are satisfactorily completed.

After a period of time equal to at least 50% of the school's varsity schedule following date of enrollment (first day of attending classes) in the receiving school for the affected sport played at the previous school, or from the date of the first school contest after the date of enrollment, if entry is after the first allowable play date, eligibility will be granted to a student who has participated (i.e. actually played in a CIAC-approved contest) at the JV or varsity level of play at any time during the present or preceding year at the sending school, who does not otherwise qualify for any of the above exceptions and when both the sending and receiving school principals sign a CIAC transfer notification form certifying to the best of their knowledge that the student has not transferred for athletic reasons. * If the season ends before the athlete sits a period of time equal to at least 50% of the varsity schedule has been completed, any remaining days of ineligibility shall be satisfied from the first allowable play date of the present school's regular season in that sport during the next school year unless he/she is a multi-sport athlete. In these cases, the remaining portion of the games will be served successively in any sport effected by the transfer rule. To qualify for the provisions of this section, a student must be a member of the team during the season in which the 50% wait period is applied.

***A transfer for athletic reasons is defined as but not limited to:**

- a. Seeking a change to a new school due to inducement or recruitment to play a sport.
- b. Seeking a superior athletic team.
- c. Seeking relief due to a conflict with the philosophy or action of an administrator, teacher or coach relating to sports.
- d. Seeking a team consistent with the student's athletic abilities.
- e. Seeking a means to nullify punitive action by the sending school for athletic reasons.
- f. Seeking to escape academic or other ineligibility at the sending school due to the school's academic standards.

* When the sending school principal indicates on the transfer notification form that he/she believes the transfer is for athletic reasons the following process should be followed:

- a. The sending school must provide to the CIAC office evidence of the reasons that the sending school believes the transfer was for athletic reasons along with the submission of the transfer notification form.

6.0 ELIGIBILITY

- b. The principal of the receiving school has seven days to contact the CIAC office to appeal the decision to respond to the sending school's submission. The CIAC Eligibility Committee will determine, based on the evidence provided, whether the transfer was made for athletic reasons at its next regularly scheduled meeting.
- c. The principal of the receiving school or sending school has seven days to contact the CIAC office that they will appeal the decision of the CIAC Eligibility Committee to the CIAC Eligibility Review Board at its next scheduled meeting.

****Season ends on the last date to count for tournament play. Tournament play does not count toward the completion of 50% of the schedule.**

Points of Emphasis

1. The transfer rule does not apply to grade nine (9) students. They may transfer at any time during or at the end of the ninth grade and remain eligible.
2. The transfer rule applies only when a student enters grade 10 and plays for the school in an interscholastic athletic contest. Athletic eligibility is then declared in that sport only. It is at that point that the CIAC transfer rule takes effect.
3. The addition to the transfer rule assures students who transfer after entering grade 10 and having had played in a sport during grade 10, 11, or 12 during the present or preceding year, the opportunity to become eligible following a 50% of the varsity schedule wait period for the sport, **IF** the principal of the sending school and receiving schools sign a CIAC transfer notification form certifying that to the best of their knowledge the student has not transferred for athletic reasons. This form is completed online in the Eligibility Center.

Questions and Answers

1. **When would a junior JV volleyball player who transfers during the summer and qualifies under exception 19, be allowed to be placed on the school's eligibility roster and begin competing?**

The school would count the number of contests on its original varsity schedule submitted to the CIAC and divide that number in half. When the player has sat for that many games then the school may enter the player on the eligibility roster and from that point on would be allowed to participate in any game at any level. (In an 18 game varsity schedule the player could be placed on the eligibility roster once the student has sat for the first 9 varsity games, in a 17 game varsity schedule the player could be placed on the eligibility roster once the student has sat for the first 9 varsity games, for a 16 game schedule it would be the first 8 varsity games, etc.

2. **May a school count any sub-varsity games towards the wait period?**

No. Regardless of what level the athlete will compete at he/she is not eligible until the wait period has been satisfied using the varsity schedule.

3. **What happens if during the 50% wait period we postpone a game to a date later in the season?**

*Regardless of postponements, cancellations or any other scheduling issues the athlete **MUST** sit out for the required number of games. (For example, a soccer player from a school with a 16 game varsity schedule has out 7 games and on the day of the school's 8th game it is postponed for several weeks, he/she would have to sit the next game in succession on the schedule to comply.)*

6.0 ELIGIBILITY

TRANSFER RULE II.C. #18 – HARDSHIP (See Appendix B)

Eligibility may be granted to a transfer student who does not meet the CIAC transfer standard when sufficient evidence, as determined by the CIAC Eligibility Committee, is provided to show that it was necessary for the student to transfer because of unforeseen, unavoidable, or unusual circumstances including, but not limited to, broken home conditions, terminal or serious illness of parent, sibling, or self, death of a parent or guardian, abandonment, loss of school accreditation, bankruptcy and/or loss of principal income of legal guardian(s), and provided the transfer was not for athletic reasons and there was no undue influence. Hardship is defined as an unforeseeable act, condition or event which may not reasonably and/or practically be avoided or corrected and which causes the imposition of a severe burden upon the student or his/her family. A hardship situation may be a situation which is unique to the student or his/her family which could not have been predicted, which does not apply to others in a similar setting, and over which the family has no control.

6.19 UNIFIED SPORTS

Unified Sports were created and developed to give individuals with intellectual disabilities the opportunity to train and compete in sports activities. To be eligible for participation in Unified Sports, a competitor must agree to observe and abide by the official Special Olympics sports rules. The following Unified Sports programs are offered to member schools: basketball, soccer, track and volleyball. Refer to the Unified Sports handbook for full information.

6.19.A. ELIGIBILITY FOR UNIFIED SPORTS

1. To be eligible for participation in Unified Sports, an outgrowth of Special Olympics, a competitor must agree to observe and abide by the official Special Olympics sports rules.
2. Unified Sports and its parent-arm, Special Olympics, were created and developed to give individuals with intellectual disabilities the opportunity to train and compete in sports activities. No person shall, on the grounds of sex, race, religion, color or national origin, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity of Special Olympics.

6.0 ELIGIBILITY

3. Eligibility for participation in Unified Sports:

- General Statement of Eligibility – Every person with intellectual disabilities who is at least five years of age is eligible to participate in Unified Sports. A student who has a special education identification of intellectually disabled can participate in the CIAC-sanctioned Unified Sports program prior to reaching his/her 22nd birthday. This student must be enrolled in a CAS-CIAC member school with a documented individual educational program approved by the pupil placement team at such school.
- Age Requirements – The minimum age requirement for participation in Unified Sports is five years of age.
- Degree of Disability – Participation in Unified Sports training and competition is open to all persons with intellectual disabilities who meet the age requirement of this Section, regardless of the level or degree of that person's disability, and whether or not that person also has other mental or physical disabilities, so long as that person registers to participate in Unified Sports as required by these General Rules.
- Identifying Persons with Intellectual Disabilities – A person is considered to have intellectual disabilities for purposes of determining his or her eligibility to participate in Unified Sports if that person satisfies any one of the following requirements.

--The person has been identified by an agency or professional as having intellectual disabilities as determined by their localities; or

--The person has a cognitive delay, as determined by standardized measures such as intelligent quotient or "IQ" testing or other measures which are generally accepted within the professional community in that accredited program's nation as being a reliable measurement of the existence of a cognitive delay; or

--The person has a closely related developmental disability. A "closely related developmental disability" means having functional limitations in both general learning (such as IQ) and in adaptive skills (such as in recreation, work, independent living, self-direction, or self-care). However, persons whose functional limitations are based solely on a physical behavioral, or emotional disability, or a specific learning or sensory disability, may not be eligible to participate as Special Olympic athletes, but may be eligible to participate as a team member for Unified Sports.

6.19.B. UNIFIED PARTNER ELIGIBILITY

Definition

Special Olympics Unified Sports is a program that combines approximately equal numbers of Special Olympics athletes and athletes without intellectual disabilities (partners) on sports teams for training and competition. Age and ability matching of athletes and partners is specifically defined on a sport-by-sport basis.

6.0 ELIGIBILITY

Partner Eligibility

Though the above definition allows for partners with disabilities other than intellectual disabilities, Unified Sports was developed to provide Special Olympics athletes with the choice of a sports program that brings about meaningful inclusion with their non-disabled peers.

The spirit of Unified Sports intends to introduce opportunities to those Special Partners who do not qualify/play at a varsity or junior varsity level to participate on a Unified Sports team. However, Unified Sports programs would be remiss if we did not allow all non-intellectually disabled (ID) students to qualify as Special Partners.

Further options would allow a Special Partner who is a varsity/junior varsity, or freshman athlete to participate on a Unified Sports team as a partner, assistant coach, or a one-on-one aide during their sport season.

A varsity or junior varsity athlete may compete as a Special Partner in any Unified Sports sport season. Non-disabled student-athletes may participate as a partner on a Unified Sports team during their same sport season only in a non-scoring capacity (developmental or recreational level).

Questions regarding the partner eligibility statement can be directed to the CAS-CIAC office, Robert Hale, Director, Unified Sports – (203) 250-1111.

7.3 OFFICIALS

7.3.A. CIAC RECOGNIZED OFFICIALS GROUPS

The CIAC has recognized the following officials groups to officiate high school contests:

- Connecticut State Board of Approved Baseball Umpires
- Connecticut State Board of Approved Basketball Officials
- Connecticut Football Officials Association
- Connecticut Field Hockey Association Official's Board
- Connecticut Charter of National Association of Women's Gymnastic Judges
- Connecticut Chapter of National Ice Hockey Officials

- Connecticut Women's Lacrosse Officials Association
- Connecticut National Federation of Softball Umpires (Affiliated with USA Softball CT)
- Connecticut Soccer Officials Association
- Connecticut Swimming Officials Association
- Western Connecticut Swimming Officials Association
- Connecticut Board of Volleyball Officials
- Connecticut Wrestling Officials Association

7.3.B. EXCLUSIVITY

Exclusivity means that at all levels of play the CIAC requires all member schools to use only officials who presently are members of a recognized officials group and on the approved list established by CIAC unless assignments cannot be filled due to shortage of officials. This will include anyone who is a member of a group listed above. It also means that no new group of officials will be allowed to become eligible to officiate contests in member schools unless they become part of the state officials group which is presently recognized by the CIAC for negotiating purposes. These groups are listed below:

- Connecticut State Board of Approved Baseball Umpires
- Connecticut Board of Approved Basketball Officials
- Connecticut Field Hockey Association Official's Board
- Connecticut Football Officials Association
- Connecticut Charter of National Association of Women's Gymnastics Judges
- Connecticut Chapter of National Ice Hockey Officials
- Connecticut Lacrosse Officials Association
- Connecticut Women's Lacrosse Officials Association
- Connecticut National Federation of Softball Umpires (Affiliated with USA Softball CT)
- Connecticut Soccer Officials Association
- Connecticut Swimming Officials Association
- Connecticut Board of Volleyball Officials
- Connecticut Wrestling Officials Association

Note: When a state board does not exist, for negotiating purposes, the CIAC recognizes the officials group that services the largest number of CIAC member schools for that sport.

Officials are independent contractors and all groups train and certify all interested individuals. Check with the contact person for their training schedule.

7.0 FEES AND FINANCE

Although officials are independent contractors and have their own autonomy, membership provides the opportunity for officials to be part of the “CIAC Team” and work in concert with administrators, coaches, athletic directors and the CIAC to better serve high school athletics in Connecticut.

7.3.C. SERVICE TO MEMBER SCHOOLS

No officials group listed in 7.3.A and 7.3.B. will have the right to withhold services from any member school which seeks assignments without the expressed approval of the CIAC.

7.3.D. AGREEMENTS

Both CIAC member schools and the officials association which provide officiating services for CIAC member schools are obliged to honor the conditions of these respective agreements. Grievances or concerns related to any of the conditions of any agreement should be resolved between the official(s) and the school and, if necessary, be referred to the CIAC Officials Committee. CIAC sport committees are requested to notify the Officials Committee regarding any changes in rules or game conditions which may affect any provision of an agreement.

The CIAC instructs each member school to pay the fees as published for that sport in this handbook. Payment should be made within a 30 day period. Failure to meet financial obligations to game officials within sixty (60) days of the event will result in loss of game officials unless otherwise directed by the CIAC Board of Control.

The CIAC Board of Control herewith expresses its appreciation to the various officials associations for their cooperation and continued support of high school athletics.

Any concerns or questions related to these agreements should be made to the executive staff of CIAC.

7.3.E. RECOGNITION STANDARDS FOR SPORT OFFICIAL ASSOCIATIONS

1. Provide by July 1 an electronic membership roster to the CIAC Officials’ Association of all officials certified to do high school contests. The electronic roster should be sent to officialsupdates@casciac.org and must include all of the information specified in the membership template. All officials must be 18 years old to service high school sports as an official.
2. Provide by July 1 of each year a constitution and by-laws.
3. Provide evidence that regular meetings are held during the year.
4. Provide by July 1 of each year a list of officers for the association.
5. Provide a list of criteria as evidence that the officials on the roster are skilled, trained, and knowledgeable of the game rules adopted by the CIAC in each respective sport.
6. Provide evidence that all officials have successfully completed yearly in-service training clinics, and an annual examination on the rules.

6.0 FEES AND FINANCE

- 7. Provide evidence that all officials complete yearly in-service training in recognizing the signs and symptoms of concussion and the protocol to follow when an athlete is suspected of sustaining a concussion.**
8. Provide evidence that the association has an on-going program for evaluation officials.
9. Provide by July 1 a list of assignment commissioners including addresses, e-mails and telephone numbers.
10. Provide evidence that there is an on-going program to encourage new membership and to train new officials.
11. Provide a statement that the association does not discriminate according to age, sex, race, creed, etc.
12. Provide evidence that the association is serving a minimum of eight (8) CIAC member schools and does not limit service to one league exclusively.
13. Provide the criteria used to determine when an official is qualified to officiate varsity level contests (i.e. number of years at the sub-varsity level, etc.)

7.3.F. BACKGROUND CHECKS FOR OFFICIALS

All officials must be cleared through a CIAC background check to be included on the approved list for CIAC-sanctioned contests, and to be accepted as a member of the CIAC Officials Association. Such checks were performed on all current officials and new candidates during the initial year of the program (2011-12). Subsequently, background checks will be performed on new candidates only. Current members can be subject to a follow-up background check at any time at the discretion of CIAC.

It is the responsibility of the local officials association to obtain the date of birth of each of their members and verify for the CIAC that the individuals submitted to the CIAC Officials' Association have consented to the CIAC background check. To best serve our member schools and student-athletes, local boards are expected to adhere to the CIAC Policy for Connecticut High School Sports Officials that can be accessed at www.ciacofficialsassociation.org under downloads, and assign only those officials from the approved list to officiate CIAC-sanctioned contests.

7.3.G. CIAC STATE RULE INTERPRETERS AND PROTOCOL

Official game rules interpreters for sports that are governed by the National Federation are selected by their respective state officials' organizations. The primary responsibility for the CIAC State Rule Interpreter will be to assist the CIAC staff by interpreting game rules to member school athletic directors, coaches and others that need clarification or interpretation. This process allows for experienced and knowledgeable individuals to uniformly apply appropriate interpretations to game rules.

The athletic director shall contact the local board rules interpreter with the question or situation. If it is a routine information type question, the local interpreter will provide the ruling, or if necessary, he/she will consult with the state interpreter. If the inquiry from the athletic director is an actual game situation, the local interpreter must consult with the state rule interpreter before providing an official ruling. Athletic

directors should always work through their local interpreter and should not contact the state interpreter directly. The state interpreter is responsible for communicating with CIAC regarding all requests for rulings that result from an actual game situation. Contact information for local and state interpreters can be accessed on the www.ciacofficialassociation.org web site.

7.3.U. GUIDELINES FOR SCRIMMAGE FEES

- Officials should be compensated for working scrimmages.
- Schools and/or leagues that are able to make their own arrangements with local officials to work scrimmages may pay mutually agreed upon fees. That should be determined during budget season so districts can prepare for paying the cost.
- Long-standing scrimmage fee arrangements for ice hockey and lacrosse and for geographical areas of the state will remain in effect.
- Officials who are asked to work more than two (2) hours or the length of a regular game contest should receive additional compensation for the extra time worked.
- Schools should expect to pay fees only for the number of officials who work games in that sport. Fees may be shared among officials if more officials than needed work the contest.
- If schools request officials' organizations to assign scrimmages, officials will be paid a minimum of 50% of a regular season fee for working the scrimmage.

7.4 CIAC OFFICIALS MISSING CONTESTS RESOLUTION

1. School complaints resulting from officials missing contests must first come before the local officials board to determine the validity of the complaint.
2. Only cases which result in the cancellation of contests will be acted upon. If contests are not cancelled, but rather played through alternate arrangements, the matter will not be forwarded to the respective officials' organization for resolution.
3. Only cases which result from CIAC-sponsored activities at any high school level will be heard.
4. When a complaint is heard by the state officials' association and the official in question is found to be at fault and caused the cancellation of a contest, the maximum financial penalty will not be greater than the fee that would have been paid to the guilty party(s).
5. All cases that cannot be resolved by the state officials' association will be referred to the CIAC officials committee, whose responsibility it will be to meet with the school and official(s) in question along with the state officials' board, and negotiate an agreement.

7.5 COMMUNICATION PROTOCOL BETWEEN MEMBER SCHOOLS AND OFFICIALS' GROUPS

The CIAC Board of Control expects principals to remind all of the coaches of their responsibilities as role models for good sportsmanship, especially in their interaction with the officials during the game and immediately after the contest. It is inappropriate for coaches to confront an official after a game and to publicly criticize the game officials in the media. It is also important that officials conduct themselves in a professional manner at all times and be a calming force when confronted with a volatile situation.

The communication protocol has been established to continue to enhance the personal and professional relationship between member schools and officials' groups and to keep the lines of communication open for mutual benefit. It is the expectation of the CIAC Board of Control that this protocol will be followed by all parties to resolve issues that may arise.

7.6.A. LODGING A COMPLAINT – MEMBER SCHOOLS TO OFFICIALS' GROUPS

To lodge a complaint or express a concern regarding game officials or other members of the officials' association, coaches and others should work through the athletic director of the school. The athletic director will contact the assigner first, or the president of the officials' board, only when necessary so the matter can be referred to the person or group designated by the board to handle issues of this nature. Depending on the nature of the complaint, the officials' board may request that the concern be expressed in writing.

The appropriate individual will look into the matter and follow-up with the athletic director.

7.0 FEES AND FINANCE

7.6.B. LODGING A COMPLAINT – OFFICIALS’ GROUPS TO MEMBER SCHOOL

To lodge a complaint regarding a coach or to express other school related concerns, the official or the association should work through the assigner or the person or group designated to handle issues of this nature. The appropriate individual will contact the athletic director first or the principal, only when necessary. Depending on the nature of the complaint, the school may request that the concern be expressed in writing. The athletic director will look into the matter and follow-up with the appropriate person.

7.7 RESOLUTION

The goal is for all parties to be satisfied that the concern was addressed appropriately and in a timely manner. Also, that the matter was handled with professionalism and through proper channels.

The expectation is that every effort will be made by all parties to resolve the issues on the local level. If an impasse results related to any of the conditions of any agreement, the matter can be referred to the CIAC Officials Committee for a resolution, only if necessary.

7.8 SAMPLE OFFICIALS CONTRACT

If this is done two hours prior to game time, the school’s obligation to notify officials will be fulfilled. Failure to do so will require full payment of the game fee.

If this is done, the school's obligation to notify officials will be fulfilled. Failure to do so will require full payment of the game fee.

3. Game Control – Coaches and officials, by the nature of their positions, have great influence over the control of the game. They must exert this influence on the game in a positive manner by showing complete respect for each other at all times.
4. Private Dressing Facilities – The home team shall provide private dressing facilities for those officials who are working the game(s). A school official will be responsible for keeping all other individuals out of these private dressing facilities.

H. Grievance Procedures

A grievance related to any condition of this agreement shall be resolved between the official and the school and, if necessary, be referred to the CIAC Officials Committee.

I. Reserved Parking

The host school will provide reserved parking for all officials.

J. Recognition Standards

The aforementioned officials association will show evidence to the CIAC board of control, through its officials committee, of full compliance with CIAC recognition standards. Full compliance must be met by sports officials associations by the first practice date of their respective sports season.

K. Officials Background Checks

All officials must be cleared through a CIAC background check to be included on the approved list for CIAC-sanctioned contests, and to be accepted as a member of the CIAC Officials Association. Such checks were performed on all current officials and new candidates during the initial year of the program (2011-12). Subsequently, background checks will be performed on new candidates only. Current members can be subject to a follow-up background check at any time at the discretion of CIAC.

It is the responsibility of the local officials association to obtain the date of birth of each of their members and verify for the CIAC that the individuals submitted to the CIAC Officials' Association have consented to the CIAC background check. Local boards are expected to adhere to the CIAC Policy for Connecticut High School Sports Officials that can be accessed at www.ciacofficialsassociation.org under downloads, and assign only those officials from the approved list to officiate CIAC-sanctioned contests.

L. National Federation Rules will govern all play.

8.1 CIAC POLICY ON FEDERATION RULES

The CIAC Board of Control on Tuesday, December 4, 1979, voted to clarify an earlier position regarding Federation rules. This ruling specifies that National Federation playing rules which now govern most CIAC tournament sports are applicable both DURING REGULAR SEASON PLAY AND TOURNAMENT PLAY. Modifications of the rules may be made ONLY by the CIAC Board of Control.

8.2 CIAC POLICY ON USE OF NATIONAL FEDERATION RULES (Effective September 1983)

It is the policy of the National Federation of State High School Associations to permit modifications or deviations from National Federation rules by “state adoption.” However, such modifications or deviations shall be submitted to the National Federation executive committee. Such modifications shall be limited in scope and have a declared duration. Such modifications may not materially alter the sport in question.

CIAC Policy

The CIAC Board of Control directs all CIAC sports committees to follow National Federation rules, if such rules exist for their particular sport. Requested modifications will be considered by the rules committee upon receipt of written justification for such action from a CIAC sports committee. Compliance with National Federation rules is an extremely important objective of the CIAC. Hence, modifications will be permitted only after clear evidence that the request has been well researched and sound documentation of evidence for modifications to rules is available.

Procedures to be Followed in Request for Modifications and Deviations

1. CIAC sports committees may recommend to the Board of Control modifications of Federation rules for a duration of one year only.
2. The CIAC Board of Control may:
 - a. Petition the National Federation to allow a rule modification. The National Federation will consider permitting rules changes related to: postponed games, interrupted games, protests, forfeits, etc. State association policies should not include deviations from rules of play, rules regarding playing equipment, safety rules, etc.
 - b. Approve the rule modification with National Federation authorization.
 - c. Disapprove of CIAC sports committee request.

Criteria for Rules Modification / Exception

1. Requests must be submitted by A CIAC sports committee through its chairperson to CIAC staff.
2. CIAC staff must first seek approval from the National Federation either as a rule modification or a rule experimentation.

8.0 NATIONAL FEDERATION

3. Every National Federation rule must remain unaltered for a two (2) year period before a modification will be granted.
4. All National Federation rule modifications must be approved by the CIAC Board of Control on an annual basis and will remain in effect for a minimum of two (2) years.
5. All National Federation rule modifications must be approved by the Board of Control prior to June 30 of any year. This will permit modifications to be published annually in the CIAC Handbook, to be distributed to appropriate officials organizations, and member school coaches.
6. All modifications to game rules which would have a financial impact on school and/or CIAC budget(s) must be decided in sufficient time so these changes can be included in budget proposals.
7. Modifications to National Federation rules will not be permitted if they:
 - a. Significantly alter the playing rules of the sport unless such modification relates to the unique conditions of New England, i.e., climate, travel, facilities, crowd control, economic factors, etc.
 - b. Change specifications of playing equipment or facilities and by doing so alters existing safety regulations without the endorsement of the CMS Sports Medicine Committee member.
 - c. Impacts health and safety recommendations or regulations established by National Federation without first receiving the endorsement of the CMS Sports Medicine Committee member.
 - d. Substitute new events for deleted events in individual sports.
 - e. Significantly alter weigh-in procedure in wrestling.
8. Modifications to existing National Federation procedures for handling postponed games, interrupted games, protests, forfeits or playoffs will be considered by the rules committee upon requests from CIAC sports committees.

8.3 GUIDELINES TO BE USED BY NATIONAL FEDERATION EXECUTIVE COMMITTEE WHEN EVALUATING REQUESTS BY STATE ASSOCIATIONS FOR PERMISSION TO CHANGE OR MODIFY NATIONAL FEDERATION SPORTS RULE

If the answer is “yes” to any question under Item #1, then the requested change or modification shall not be approved.

1. Do the proposed modifications:
 - a. Extend for more than one season? This does not apply if a modification is more restrictive and falls in an area which does not require national Federation approval.
 - b. Significantly alter the playing rules of the sport?

8.0 NATIONAL FEDERATION

- c. Alter specifications of playing equipment or facilities?
 - d. Reduce existing safety requirements?
 - e. Substitute new events for deleted events in individual sports?
 - f. Significantly alter weigh-in procedures in wrestling?
- 3. State adoptions or procedures in the following area will not be considered as changes in National Federation rules.
 - a. Deletion of events in individual sports so long as new events are not substituted for deleted events.
 - b. Procedures for handling postponed or interrupted games, protests or forfeits.
 - c. Playoff series administrative procedures.
- 4. The National Federation may grant permission for states to experiment with rule changes with the understanding such experiments can't exceed three years in duration and further, that the association agrees to supply the National Federation with desired data pertaining to approved experiments.

8.4 MODIFICATION TO NATIONAL FEDERATION GAME RULES

National Federation member state associations have the option as to whether they use National Federation sports rules as published by the National Federation or make exceptions. If a state association uses the rules with no exceptions or with exceptions which have been approved by the National Federation, then that state may:

- a. Have full participation in the rules questionnaire program.
- b. Submit to the executive committee nominations for rules committee membership in that sport when a vacancy occurs in their section.

If a state makes exceptions which have not been approved, then it will not be privileged to participate fully in the questionnaire program for that sport nor be eligible for representation on that sports rules committee.

It was determined that the most equitable procedure for evaluating requests by state associations for permission to modify National Federation sports rules and remain eligible for rules committee membership and full participation in that sports rules questionnaire program would be as follows.

Using the guidelines previously approved by the executive committee for evaluating requests by state associations for permission to modify National Federation sports rules:

- 1. Each sport is to be evaluated separately, and should a state decide to make exceptions in one sport, there would be no carry-over effect to other sports.

8.0 NATIONAL FEDERATION

2. State associations will be given an opportunity annually to declare in each sport their degree of use of the National Federation sports rules. If a state makes exceptions and submits those exceptions to the National Federation, they will be individually evaluated by the National Federation staff member responsible for working with that sports rules committee. The state association will then be notified as to whether the exception qualifies for approval under criteria established by the National Federation executive committee. Should the state choose to pursue the appeal procedure, until the appeal is resolved, no one from the state involved will be eligible for the appointment to the sports rules committee involved. Should the state involved already have a person serving on the sports rules committee involved, that person will remain on the committee until the appeal is resolved.
3. If a state association's exception has not been approved by the National Federation staff liaison, and the association wishes to appeal, their request will then be submitted to the sports rules body by ballot. The state should submit in writing on plain white paper to the national Federation their request for modification as they wish it presented to the sports rules committee members. When the material is disseminated to the rules committee members, they will not be informed which state is making the request, but will evaluate the exception on its merits only. Should that state association making the appeal have a representative on the rules committee, then that committee member will be disqualified for that particular evaluation because of a possible conflict of interest.
4. If the rules committee denies the appeal, the state association may exercise the last option of appeal by presenting their request to the national Federation executive committee for final evaluation.

8.5 RULES EXPERIMENTATION

Experimentation by state associations shall be permitted and encouraged by National Federation under specified guidelines. Requests for experimentation shall be submitted to the National Federation in writing by the CIAC Board of Control through its executive director. The requests should meet the following criteria:

- a. Provide rationale why the experiment is desired.
- b. Agree to keep accurate statistics on forms provided by the National Federation office.
- c. Submit results of experiment to the National Federation office.
- d. Limit experimentation on the same rule to a maximum of three years.
- e. An experiment, on or before the completion of a three year period, shall either be approved by the appropriate rules committee or abandoned.

CIAC sports committees may submit requests for rules experimentation in writing to the CIAC Board of Control. It will be the decision of the Board of Control as to whether or not the request is submitted to the National Federation under the above criteria.

8.0 NATIONAL FEDERATION

8.6 THE NATIONAL FEDERATION OF STATE HIGH SCHOOL ASSOCIATIONS

The National Federation is made up of state high school associations which have united to secure the benefits of cooperative activities. The executive director of the National Federation is Dr. Karissa Niehoff and the office is located at P.O. Box 690, Indianapolis, Indiana 46206.

This cooperation eliminates much unnecessary duplication of work and increases efficiency. The efforts of all who are engaged in high school athletic activities are pooled and coordinated through the close contacts which are thus made possible.

The national organization had its beginning at a meeting in Chicago on May 14, 1920. L.W. Smith, secretary of the Illinois High School Athletic Association, issued invitations to neighboring states and state association representatives came from Illinois, Indiana, Iowa, Michigan, and Wisconsin. The primary purpose of the meeting was to discuss problems which had resulted from high school contests which were organized by colleges and universities or by other clubs or promoters. In many cases little attention was paid to the eligibility rules of the high school associations or to other high school group regulations, and chaotic conditions had developed. At this first meeting it was decided that the welfare of the high schools required that a more active part in the control of such athletic activities be exercised by the high schools through the state associations and that this control necessitated the formulation of a national organization. A constitution and by-laws were adopted and the group decided on the name "Midwest Federation of State High School Athletic Associations." Principal George Edward Marshall, Davenport, Iowa, was elected President and Principal L.W. Smith of Joliet, Illinois, was elected Secretary-Treasurer.

In 1921, four states, Illinois, Iowa, Michigan and Wisconsin, continued their interest and became charter members through formal ratification of the constitution. Largely due to their efforts, the national organization grew during the early years.

In 1922, the Chicago annual meeting was attended by representatives from 11 states, and the present name of the National Federation was adopted. A number of college and university representatives who attended the meeting expressed sympathy for an interest in the efforts to introduce a high degree of order in the regulation of interscholastic contests.

Since that time the National Federation has had a healthy growth to its present nationwide membership. By 1940, a national office with a full-time executive staff became necessary and such office was established in September of that year.

8.7 NATIONAL FEDERATION ATHLETIC SANCTIONING

Note: The interscholastic community urges event sponsors to plan and schedule interstate competition in a manner that minimizes the amount of time student participants will be absent from the regular school day.

8.0 NATIONAL FEDERATION

8.7.A. NFHS SANCTIONING

Sanctioning interstate and international events has grown exponentially over the last several years. In fact, we are sanctioning more events now than in the 90 year history of the National Federation of State High School Associations, Inc. (NFHS).

Interested individuals who want to host an event will go online at the NFHS web site, register as an event manager, create an event and fill out the online application (identical to the paper version) then an e-mail is sent to the host school's principal and host state association. The state association reviews the application online and determines if they will approve or deny the application, once approved the event sponsor is notified by the NFHS that payment is required. Credit card payment and electronic check are the only forms of payment accepted. Once the payment is received by the NFHS, the invited states/schools are notified that they have been invited and it is listed on the NFHS web site. As the invited states respond to the sanction it is automatically updated on the NFHS web site. Once every invited state has responded, the application is approved for sanctioning.

There is a processing fee for interstate and international sanctioning applications. The price per sanction application is \$200 per application, with a penalty fee of \$100 for not forwarding the final list of actual entries twenty (20) calendar days prior to the event.

The timeline / fee structure is as follows: the application for sanction should be sent to the NFHS sixty (60) calendar days or more prior to the event. The late fee for any application that arrives 15-59 calendar days prior to the event will be an additional \$100 for a total of \$300. If the application is submitted less than 15 calendar days prior to the event, the late fee will be \$200 plus a \$100 penalty for not forwarding the final list of actual entries for a total application fee of \$600. If the NFHS does not receive the forwarded sanction application within five (5) calendar days prior to the event, the event will not be sanctioned.

As always, we appreciate the effort you put forth in giving our students an opportunity to grow through athletics. If you have any questions, please feel free to contact the NFHS Sanctioning Department at (317) 972-6900.

9.1 AN ATHLETIC CODE FOR SUPERINTENDENTS AND PRINCIPALS

The superintendent and principal are the final authorities responsible for the athletic activities of the school. In realization of this responsibility these guiding principles should prevail:

9.1.A. FOR THE SUPERINTENDENT

1. I will use all means possible to bring to my community a full realization of the value of athletics as an educational tool in training citizens.
2. I will have a definite understanding with principals and athletic directors concerning the school athletic policy and expect and give support in carrying out that policy.
3. I will judge the success of those in charge of the athletic programs by the conduct and attitude of contestants and spectators rather than on the number of games won or lost.

9.1.B. FOR THE PRINCIPAL

1. I will have a complete understanding of the athletic policy of this school system and of the individual responsibility of all concerned as well as all CIAC rules and regulations.
2. I will be honest in my certification of contestants and base that certification on complete information concerning the student's athletic and scholastic status. Questionable cases will be referred to the Executive Director of the Connecticut Interscholastic Athletic Conference before the privilege of competition is given.
3. I will give my loyal support to the coaches and athletic director in their efforts to carry out national, state and local athletic policies.
4. I will make every effort to instruct the student body in its responsibilities in making the athletic program a valuable one and point out desirable types of conduct at "home" and "away" games.
5. I will endeavor to foresee possible differences and misunderstandings with other schools and, as far as possible, settle them or provide means of settlement before they materialize.
6. I will insist that any misunderstandings that may arise be settled privately between official representatives of the schools concerned.
7. I will have a definite understanding with the athletic director about officials, schedules, finances, care of fields and gymnasiums, handling of spectators, etc., and give that person every assistance in carrying out such duties.
8. I will consider it unprofessional to withhold from another school any seemingly authentic information which calls to question the eligibility of any of its players.
9. I or a member of my administration will attend athletic contests in which my school participates.
10. I will commend opposing schools for outstanding examples of fine citizenship.

VOLUNTEER COACHES – COACHING PERMITS

Sec. 10-145d-423 – When Required

Either a coaching permit or a temporary emergency coaching permit, is required for a coach of intramural or interscholastic athletics in kindergarten through grade 12, inclusive, including volunteer coaches who work with or instruct student-athletes.

For the purposes of these regulations, a coach shall mean an individual responsible for instructing students in grades K-12, inclusive, in intramural or interscholastic athletics but shall not mean any person working directly with a coach. A person assisting a coach but not instructing or working with the athletes shall not be required to hold a coaching permit or temporary emergency coaching permit.

1. Does a non-certified individual, designated as an assistant coach, need some type of coaching permit?

Yes. The determinative question is the job function not the job title. If a school district designates an individual as an assistant coach and makes the individual responsible for instructing students and performing the duties of a coach, then he or she would need a coaching permit. For example, the coach of a freshman or sub-varsity team needs a coaching permit even if he or she has the title of assistant coach.

2. Does a volunteer need some type of coaching permit?

Yes. If a volunteer is working with and/or instructing student-athletes, then the volunteer must have a coaching permit.

COACHING PERMIT – CHEERLEADING / DANCE TEAM

Effective July 1, 1995, the State Department of Education has mandated that all cheerleading advisors, chaperones, coaches to be properly certified as a coach. However, CIAC does NOT regulate cheerleading /dance team activities.

Cheerleading/dance team is regulated by the CAS Student Activities Board of Control.

9.4.B. TERMINATION OF COACHES STATUTE (PA 04-243) (Adopted 6/8/04 by CT State Legislature)

Local and regional boards of education that employ athletic coaches shall require the coaches' immediate supervisor to evaluate such coaches on an annual basis and to provide such coaches with copies of such evaluations.

Any local or regional board of education acting directly, or through its duly authorized agent, that terminates or declines to renew the coaching contract of an athletic coach who has served in the same coaching position for three or more consecutive school years shall inform such coach of such decision no later than ninety (90) days after the completion of the sport season covered by the contract. Such coach shall have an opportunity to appeal such decision to the local or regional board of education in a manner prescribed by such local or regional board of education. Nothing in this subsection shall prohibit a local or regional board of education from terminating the coaching contract of an athletic coach at any time (1)

9.0 PERSONNEL

for reasons of moral misconduct, insubordination or a violation of the rules of the board of education, or (2) because a sport has been canceled by the board of education.

For the purposes of this section, “athletic coach” means any person holding a coaching permit who is hired by a local or regional board of education to coach for a sport season.

9.4.C. INSTRUCTIONAL PROGRAMS

Connecticut institutions have provided instructional programs aimed at meeting the instructional portion of the coaching permit requirements. These institutions have been state universities and community colleges.

As more and more lay people enter the coaching ranks, it is necessary for local communities to offer curriculum and instruction for the purpose of certifying coaches. Most lay people have strong reservations about returning to state universities or even community college due to unfamiliarity, time, travel and expense.

Therefore, a curriculum has been developed by the “American Coach Effectiveness Program” and “Program for Athletic Coaches Education” which has been endorsed by the CIAC and the Connecticut Association of Athletic Directors and may be used toward meeting the instructional requirement in certifying coaches. Copies may be obtained by contacting the CIAC, 30 Realty Drive, Cheshire, CT 06410.

The course may be offered by a local or regional board of education or a regional educational service center. The course must have a written attendance requirement. To complete the course 45 clock hours of instruction are required. A system for keeping, maintaining and making records available of individuals who have completed successfully part or all of the program must be in place. Instruction must be delivered by individuals qualified and certified by the local educational agency and the State Department of Education.

Note: Several school districts and in some cases leagues have joined forces to offer coaching instruction in a geographic area. In addition, the CIAC offers the course three times per year at a cost substantially less than from the university or college system.

9.5 CODE OF ETHICS FOR COACHES

The function of a coach is to educate students through participation in interscholastic competition. An interscholastic program should be designed to enhance academic achievement and should never interfere with opportunities for academic success. Each student-athlete should be treated as though he or she were the coaches’ own, and his or her welfare should be uppermost at all times. Accordingly, the following guidelines for coaches have been adopted by the NFHS Coaches Association.

The coach shall be aware that he or she has a tremendous influence, for either good or ill, on the education of the student-athlete and, thus, shall never place the value of winning above the value of instilling the highest ideals of character.

9.0 PERSONNEL

The coach shall uphold the honor and dignity of the profession. In all personal contact with student-athletes, officials, athletic directors, school administrators, the state high school athletic association, the media, and the public, the coach shall strive to set an example of the highest ethical and moral conduct.

The coach shall take an active role in the prevention of drug, alcohol and tobacco abuse.

The coach shall avoid the use of alcohol and tobacco products when in contact with players.

The coach shall promote the entire interscholastic program of the school and direct his or her program in harmony with the total school program.

The coach shall master the contest rules and shall teach them to his or her team members. The coach shall not seek an advantage by circumvention of the spirit or letter of the rules.

The coach shall exert his or her influence to enhance sportsmanship by spectators, both directly and by working closely with cheerleaders, pep club sponsors, booster clubs, and administrators.

The coach shall respect and support contest officials. The coach shall not indulge in conduct which would incite players or spectators against the officials. Public criticism of officials or players is unethical.

Before and after contests, coaches for the competing teams should meet and exchange cordial greetings to set the correct tone for the event.

A coach shall not exert pressure on faculty members to give student-athletes special consideration.

A coach shall not scout opponents by any means other than those adopted by the league and/or state high school athletic association.

9.6 CODES FOR THE ADMINISTRATION OF ATHLETICS

Statement of Relationship

Membership in the Connecticut Association of Schools is comprised of individual schools, so approved by their respective boards of education. The superintendent is responsible for the athletic activities of the school system. The duties will vary according to the size of the school system, ranging from the larger schools where all duties are delegated, to the smaller schools where the superintendent may be both the administrative and executive officer. In either case, it is a duty to have set up a definite school athletic policy and have a complete understanding of that policy by those concerned.

The principal is the official representative of the member school and is directly responsible for the general attitude of the student body and the conduct of the athletic affairs by the athletic director and the coach.

It is the duty of the above named officers to derive from the athletic program a full measure of educational value in developing good sportsmanship on the part of the student body, faculty, parents, and general public. Mutual cooperation is essential in order to carry out properly the work of any or all of these officers.

9.9.A. NEW CERTIFICATION REQUIREMENTS FOR ATHLETIC DIRECTORS – Effective October 1, 2013

The Connecticut State Legislature has passed a law that gives statutory recognition to the position of athletic director. This law will define the position of athletic director and establish qualifications for hiring anyone after October 1, 2013. Athletic directors employed prior to October 1, 2013 are grandfathered as long as they possess the proper credentials according to current State Department of Education certification regulations.

The athletic director position is now defined in the new law – The new law spells out general duties and responsibilities of an athletic director stating – “An athletic director administering the athletic program of a school or school district shall have the following responsibilities: (1) Ensuring that each athletic coach in the athletic program holds a coaching permit issued by the state board, (2) supervising and evaluating athletic coaches, pursuant to section 10-222e of the general statutes, as amended by this act, (3) supervising students participating in interscholastic athletics, (4) possessing knowledge and understanding of all rules and regulations of the governing authority for interscholastic athletics, (5) administering and arranging the scheduling of an transportation to athletic activities and events, (6) administering and arranging the hiring of officials, (7) ensuring a safe and healthy environment for all athletic activities and events, and (8) any other duties relevant to the organization and administration of the athletic program for the school or school district.” Of course school districts can create additional responsibilities as many do but the law now outlines the basic covenants of the position.

How this new law affects current athletic directors – The law grandfathers all current athletic directors in their current positions provided that they are currently holding the proper credentials according to the current certification regulations that went into effect July 1998. Anyone hired after July 1998 is currently required to hold a coaching permit AND either a Connecticut teaching certificate if they are a school athletic director, or just the coaching permit if they are considered an athletic program facilitator with no supervisory responsibilities. Those hired prior to July 1998 are grandfathered in their current positions in their current district only. Anyone grandfathered who moves into a new district or to a new position must comply with the new law effective October 1, 2013

The law spells out new hiring standards – Effective October 1, 2013, any school district hiring an individual as “school” athletic director must make certain the applicant has a coaching permit and either a state of Connecticut approved teaching certificate or the appropriate certification from the National Interscholastic Athletic Administrators Association. For school districts hiring an individual as a “district-wide” or “multi-school” athletic director must make certain the applicant have a coaching permit and either a state of Connecticut approved certificate in administration and supervision (092) or the appropriate master certification from the National Interscholastic Athletic Administrators Association. For more information about the new hiring standards call Fred Balsamo, Executive Director, Connecticut Association of Athletic Directors, (203) 651-3921. For more information about the National Interscholastic Athletic Administrators Association (NIAAA) certification program go to www.caadinc.org.

10.1 CONNECTICUT ASSOCIATION OF ATHLETIC DIRECTORS ENDORSEMENT OF CIAC (Adopted CAAD Board May 7, 2001)

The Connecticut Association of Athletic Directors (CAAD) endorses the Connecticut Interscholastic Athletic Conference (CIAC) as the sole regulatory body for interscholastic athletics in Connecticut. Throughout the decades of the previous century, the CIAC demonstrated the principle that it espouses in its mission statement; namely, the promotion of interscholastic athletics in a manner that assures quality experiences for all concerned. The twenty-first century will see many changes in interscholastic athletics in our nation, including significant changes in Connecticut. It is the CIAC that is best qualified to manage those changes. CAAD joins with the CIAC in its intention to offer programs and contests that demonstrate high ethical standards, fairness, and sportsmanship for Connecticut's student-athletes and coaches; therefore, this endorsement is offered without qualification.

10.2 CONNECTICUT ASSOCIATION OF BOARDS OF EDUCATION ENDORSEMENT OF CIAC (Voted CABA Board of Directors March 30, 1998)

The Connecticut Association of Boards of Education endorses CIAC's authority to determine eligibility for interscholastic athletics.

10.3 CONNECTICUT ASSOCIATION OF PUBLIC SCHOOLS SUPERINTENDENTS ENDORSEMENT OF CIAC – POSITION STATEMENT (Adopted CAPSS February 6, 1998)

1. Superintendents must not permit or endorse any change in CIAC rules and regulations which would compromise either the organization's eligibility standards for student participation in athletics or the CIAC's ability to monitor the application of those rules and regulations.
2. CIAC eligibility requirements are monitored through the organization's designated member schools. Membership is based upon an institutional recognition by CIAC, including private schools approved by the State Department of Education.
3. Eligibility to participate in interscholastic athletics is not to be extended to any student whose program is not under the direct supervision of a CIAC member school.
4. Any participation in interscholastic athletics at the local district level must be governed by what is permitted under CIAC eligibility standards and the enforcement/monitoring of those standards.
5. Participation in interscholastic athletics has been and is limited to those students registered in the member schools/school districts. These students must follow all existing school practices as stated in Board of Education policy/regulations and the schools' student handbooks. This requirement is in the best interest of the students of Connecticut.

10.0 POLICY STATEMENTS

10.4 CONNECTICUT HIGH SCHOOL COACHES ASSOCIATION'S ENDORSEMENT OF CIAC AS THE REGULATORY AGENCY (Voted CHSCA Board of Directors October 1993)

The Connecticut High School Coaches Association states its unequivocal support and endorsement of the Connecticut Interscholastic Athletic Conference as the only agency that should regulate the athletic programs of schools in Connecticut. CHSCA recognizes the positive relationships that have existed for years between the two groups. CIAC is assured that its collective voice will be heard. We may continue to have different philosophical views. However, it should be most clear that any non-school related agency could not possibly serve the needs and interest of school athletics in the state. Although unfortunately, there are a very small number of individuals who sometimes publicly criticize the actions of CIAC, the great majority of coaches realize that CIAC actions result for the most part on recommendations from sport committees, which include representation from coaches. CHSCA stands ready to utilize its statewide network of coaches to assist in the CIAC meeting any and all challenges from its regulatory function of school athletics in the state of Connecticut.

10.5 ELIGIBILITY OF HOME SCHOOLERS

10.5.A. CAS POSITION STATEMENT ON THE ELIGIBILITY OF HOME-SCHOOLED STUDENTS TO PARTICIPATE IN INTERSCHOLASTIC ATHLETICS

The Board of Directors of the Connecticut Association of Schools strongly supports the existing Connecticut Interscholastic Athletic Conference (CIAC) position concerning the eligibility of home-schooled students to participate in interscholastic athletics. Current CIAC regulations dictate that the opportunity to participate in interscholastic sports be extended to only those students who are enrolled in its member schools and who meet all CIAC eligibility requirements. More specifically, eligibility is to be restricted to those students who are otherwise eligible and whose educational program is under the direct supervision of a CIAC member school.

The CAS Board of Directors neither permits nor endorses any changes in any CIAC regulations which would accommodate the eligibility of home-schooled students to participate in interscholastic sports in Connecticut. The Board of Directors holds that the inclusion of home-schooled students in interscholastic sports activities would interfere with the CIAC's ability to ensure the uniform and consistent application of its rules governing eligibility. The current regulation, which excludes home-schooled students from participation, is requisite to the CIAC's ability to maintain a fair, equitable and safe environment for the student-athletes of Connecticut.

10.5.B. CHSCA POSITION STATEMENT ON HOME-SCHOOLED STUDENTS

The Executive Board of the Connecticut High School Coaches Association unanimously endorses the position of the CIAC with regards to the following three items:

- The transfer rule
- Home-schooling and participation in CIAC sanctioned sports
- The State Attorney General's position with regards to Connecticut State Department of Education review of CIAC Board of Control decisions.

The Connecticut High School Coaches Association supports in spirit, content and intent, the position of the CIAC Board of Control on each of the above items and publicly states such with this document.

10.0 POLICY STATEMENTS

10.5.C. CAPSS POSITION STATEMENT ON HOME-SCHOOLED STUDENTS

Participation in interscholastic athletics has been and is limited to those students registered in the member schools/school districts. These students must follow all existing school practices as stated in board of education policy/regulations and the schools' student handbooks. This requirement is in the best interest of the students of Connecticut.

10.6 CIAC POSITION STATEMENT – FEMALE OFFICIALS

There are numerous opportunities for women in high school officiating, and the CIAC enthusiastically encourages all interested women to seriously consider becoming a certified official in your favorite sport or sports. We want you to know that you would be most welcomed in all CIAC sponsored sports for both girls and boys. We have many outstanding female officials whose presence on the field, court, mat, and in the pool serve as much needed role models for all high school athletes. Most importantly, officials derive great satisfaction from being involved in their favorite sports, earning additional income, and contributing to high school athletics in Connecticut.

10.7 POSITION STATEMENT: CIAC – CHSCA – CAAD – ALL-STATE SELECTION PROCESS

The Connecticut Interscholastic Athletic Conference and the Connecticut Association of Athletic Directors strongly objects to any mandate for membership by any coaching organization as a criteria for student-athletes to be eligible for all-state or any other post season honors.

The Connecticut Coaches Association “strongly concurs with the CAAD Executive Board in objecting to any group which would remove a student-athlete from all-state consideration on the basis of his/her coaches organization or affiliation.”

10.8 DIRECTOR OF ATHLETIC POSITION – ENDORSEMENT

The CIAC and the National Federation of State High School Associations endorse the position of Director of Athletics as an integral part of the administrative team of a high school, essential to the coordination and implementation of a wholesome athletic program. The litigation climate, staffing problems, budgetary concerns, sports medicine implications and many other aspects of today's high school sports programs require sound leadership which can be provided by a competent athletic administrator.

Furthermore, the magnitude and scope of the duties and responsibilities of an athletic director dictate that qualified individuals should be assigned this task and adequate released time must be provided to fulfill the expectations of the position.

10.0 POLICY STATEMENTS

10.9 PAY-TO-PLAY

10.9.A. CIAC POSITION – PAY-TO-PLAY

At its January 20, 2005 meeting the CAS Board of Directors voted to declare its strong opposition to the local board of education policies which establish a fee system for students who wish to participate in co-curricular or extra-curricular activities, athletic and/or non-athletic

The Board is of the opinion that students should not be assessed fees for the privilege of participating in activities which have been traditionally recognized as integral and meaningful in the total school program. These activities have through the years provided immediate and long-range benefits to participants as well as to schools. Requiring “pay-to-play” is shortsighted educational policy and can be discriminatory to the needy.

10.9.B. CAAHPE POSITION – PAY-TO-PLAY

The Administrators of Health and Physical Education support the current practice of funding interscholastic athletics through local board of education funds. We feel a direct assessment on the individual families of athletes is contrary to the educational philosophy so deeply rooted in our nation, and is wrong because it places an undue tax on selected members of the community. Interscholastic athletics is an integral part of the normal education process of many students and therefore we feel that it should be funded directly through board of education funds.

Athletics as an extra-curricular activity is unique in that it provides a possible predictor of student success in later life; and affords adolescent boys and girls an opportunity to establish a physical and social identity along with the intellectual identity they develop while in the classroom.

Owen B. Kiernan, then Executive Director of the National Association of Secondary School Principals, commented: “more and more students reveal that their participation in extra-curricular activities is one of the most important facets of a secondary school education.” In support of that notion is a pair of studies conducted by the American Testing Service and College Entrance Examining Board. The former completed a study comparing four factors thought to be possible predictors of student success: achievement in extra-curricular activities, high grades in high school, and high grades in college as well as high scores on the SAT. It was found that the only factor which could be validly used to predict success in later life was achievement in extra-curricular activities. The latter study examined the accuracy of the SAT in predicting how successful a person might be at a chosen career upon graduation from college. The results showed that there was virtually no correlation between scores on the SAT and success in later life. The study did find, however, that those students who were active in extra-curricular activities were most likely to be successful.”

10.9.C. CAPSS POSITION – PAY-TO-PLAY

CAPSS believes that boards of education should not establish a fee system for students who wish to participate in athletic and non-athletic co-curricular or extra-curricular activities. Traditionally, these activities have been recognized as integral and meaningful and of long range benefit to participants as well as schools. Requiring “pay-to-play” is shortsighted educational policy and can be discriminatory to the needy.

Free public education includes the student’s right to participate in activities offered by a school district. The student should not be denied participation because of lack of funds or the refusal to pay a fee.

10.0 POLICY STATEMENTS

With declining resources and with cutbacks in budgets, funding these activities becomes increasingly more difficult. State and Federal governmental agencies should not deliberately preclude the right of each local board of education to find ways other than use fees to support extra-curricular and co-curricular activities.

10.9.D. CHSCA / CAAD POSITION – PAY-TO-PLAY

The Connecticut High School Coaches Association and the Connecticut Association of Athletic Directors state its opposition to board of education policies which require students to pay for the educational opportunities provided in athletic programs.

Most philosophies of education adopted by school boards include the “physical, moral and social development,” (or words to that effect) as educational objectives. Participation in athletic programs contributed greatly to the realization of these educational goals. A decision by a student to participate in an athletic program is no more “voluntary” than a decision to take a “non-required” course. Athletic administrators feel a policy to charge a fee for an educational program which takes place outside the classroom is therefore discriminatory.

The American Testing Service and College Entrance Board report that students who were active in co-curricular activities are most likely to be successful in adult life. This participation is a better predictor of success in adult life than classroom grades or SAT scores. Successful adult living represents a significant core of the educational process. The development of a diligent work ethic evolving from the demands of participation in athletics answers the appeal of employers throughout the country to prepare young people for the world of work. Discrimination, with the charging of fees, especially to the needy, represents a possible deprivation of educational opportunity in a society where free public school offerings have been deeply rooted in our nation. Many educational leaders believe a decision to charge a fee for such opportunity would not be supported in the courts.

10.10 SCHOOL START TIMES – CIAC POSITION

The decision regarding school start time is the prerogative of each school district based upon what the district believes is best for their students and their community. If the decision is made to move to a later start time CIAC recommends that consideration be given to the impact such decision will have on athletic and non-athletic student activities to avoid travel issues and late ending events especially during the fall and winter seasons. Further, CIAC recommends that policies and procedures be established in the event it is necessary and appropriate to dismiss students early to participate in school-sponsored events.

10.11 NFHS GUIDELINES ON HANDLING PRACTICES AND CONTESTS DURING LIGHTNING OR THUNDER DISTURBANCES

These guidelines provide a default policy to those responsible or sharing duties for making decisions concerning the suspension and restarting of practices and contests based on the presence of lightning or thunder. The preferred sources from which to request such a policy for your facility would include your state high school activities association and the nearest office of the National Weather Service.

10.0 POLICY STATEMENTS

Proactive Planning

1. Assign staff to monitor local weather conditions before and during practices and contests.
2. Develop an evacuation plan, including identification of appropriate nearby safe areas.
3. Develop criteria for suspension and resumption of play:
 - a. When thunder is heard or a cloud-to-ground lightning bolt is seen, the leading edge of the thunderstorm is close enough to strike your location with lightning. Suspend play for 30 minutes and take shelter immediately.
 - b. Thirty-minute rule. Once play has been suspended, wait at least 30 minutes after the last thunder is heard or flash of lightning is witnessed prior to resuming play.
 - c. Any subsequent thunder or lightning after the beginning of the 30-minute count will reset the clock and another 30-minute count should begin.
4. Review annually with all administrators, coaches and game personnel.
5. Inform student-athletes of the lightning policy at start of season.

Whenever possible, the CIAC strongly recommends the use of a “lightning strike” monitor or App to confirm that a storm has left the contest or practice area.

Parents and student-athletes must also sign a unified consent form indicating that they have been made aware of and understand the material contained in such plan.
16. Member schools are required to submit concussion data as requested by CIAC. Confidentiality is covered under the data privacy agreement.

Legal Action (CIAC By-law Article III, Section F.)

1. Legal Action Against the CIAC Board of Control by a Member School – Any institutional or individual associate member which initiates legal action to overturn, stay or enjoin an eligibility ruling not appealable beyond the CIAC Board of Control, and is unsuccessful in seeking such an award, will be liable for reasonable costs and attorney’s fees incurred by the Association in defending against such action. Further, should the Association be forced to initiate legal action to collect the aforementioned costs and attorney’s fees, the institutional or individual associate member shall be additionally liable for the Association’s reasonable costs and attorney’s fees resulting from the collection action.
2. Legal Expenses Incurred by the Board of Control or CAS Board of Directors in Due Process Proceedings – Any institutional or individual associate member which, in the exercise of due process, employs legal counsel to initiate and/or conduct hearing procedures which then require the CIAC Board of Control or the CAS Board of Directors to engage legal counsel to assist in or moderate procedures or to defend an action of the Board of Control or the Board of Directors, and is subsequently unsuccessful in its attempt to overturn, alter or stay a ruling of either Board, shall be liable for reasonable costs and attorney’s fees incurred by either Board in the matter at issue. Further, should the Association be forced to initiate legal action to collect the aforementioned costs and attorney’s fees, the institutional or individual associate member shall be additionally liable for the Association’s reasonable costs and attorney’s fees resulting from the collection action.
3. Notwithstanding other costs as otherwise described in Sections F.1. and F.2. of this Article, no student-athlete or legal guardian shall be assessed any legal fees or costs incurred by the CAS Board of Directors or the CIAC Board of Control for any appeal initiated by and processed by an individual athlete or individual legal guardian.

APPENDIX B
RULES OF ELIGIBILITY AND CONTROL FOR BOYS AND GIRLS HIGH SCHOOL ATHLETICS
IN CONNECTICUT (Article IX – CIAC By-laws)
As adopted by
THE CONNECTICUT INTERSCHOLASTIC ATHLETIC CONFERENCE, INC.
Effective July 1, 2020

These rules apply in every athletic contest in all CIAC-controlled sports listed in Section VIII of this code in which a member school participates, regardless of opponent. These are minimal regulations of the CIAC. All levels of play of CIAC-controlled athletic contests including varsity, junior varsity, freshman or sports clubs representing any member school in interscholastic competition shall conform to the eligibility rules of the CIAC. Athletic teams are made up entirely of boys or entirely of girls; or are as otherwise provided in Section IV, paragraph F.

I. SCHOLARSHIP

For purpose of this rule the term “unit” refers to the traditional Carnegie Unit. A Carnegie Unit is herein defined as “200 minutes of recitation during a period of five consecutive school days for an entire school year.” Principals may equate any course offering with the Carnegie Unit, no matter what the scheduling pattern, by referring to the following: if a course is scheduled a minimum of 200 minutes during a period of five consecutive school days for a traditional nine-week marking period and awards at least $\frac{1}{4}$ credit for that period, including independent study, that course should be considered one-quarter of a Carnegie Unit of work; mini-courses, tri-semester courses, alternative school programs, shared time programs, D.E., D.W.E., and other cooperative community programs must meet the minimum time and credit requirements above to be considered a quarter of a Carnegie Unit of work.

A. To be eligible for fall sports a student must have received credit toward graduation at the close of the school year preceding the contest in at least four (4) Carnegie Units of work or its equivalent for which he or she has not previously received credit. “Equivalent” is any number of courses which are equal to one Carnegie Unit. Credit must be earned during the same academic year.

Through the PPT process or Section 504 meeting, the principal will make a determination on what constitutes an identified student’s equivalent of four (4) Carnegie Units of credit for athletic purposes. To this end, the principal shall rely on the student’s most recent IEP or Section 504 Plan to make the determination. A student enrolling in ninth grade for the first time will be eligible for the first grading period regardless of the previous academic achievement. Thereafter, in order to be eligible, a student in grades 9-12 must meet the requirements found in Rule I.B.

B. A student cannot at any time represent a school unless taking at least four quarter Carnegie Units of work or its equivalent. During the school year a student must have received a passing mark in at least four (4) quarter Carnegie Units of work or its equivalent at the end of the regular marking period preceding the contest.

Student eligibility will be determined for all students on the date that official grades are posted for all students (whole-school eligibility) or on the fourteenth calendar day following the end of the marking period, whichever comes first. The means by which official grades are distributed to all students will be determined by the school. No Carnegie Unit or equivalent for which the student has already received credit shall be included in those required by this rule.

C. If computer, arena, or hand scheduling assigns an athlete less than four quarter Carnegie Units or equivalent of work in a marking period, that student is ineligible unless additional courses needed are added to the schedule.

D. Scholastic failures cannot be made up for eligibility purposes in any manner until the next report, except that credits earned during the summer by any regularly approved board of education procedure will be accepted for the purpose of determining the eligibility of students desiring to participate in the athletic program of the school in September. Scholastic incompletes must be made up within ten (10) school days following the date that student eligibility was determined for the respective marking period as defined above. Incomplete grades are not to be considered as passing grades.

It should be understood that the above regulations are minimal and do not prohibit a school from establishing more rigid eligibility standards.

Marking period grades (not semester grades) are to be used in determining scholastic eligibility to participate in interscholastic athletics during any given marking period.

To be eligible for fall sports, a student must have received credit toward graduation of four (4) Carnegie Units of work for which he has not previously received credit. The final academic grade average determines fall eligibility. Semester courses or mini courses completed earlier in the school year may be counted toward the four (4) units used in determining eligibility for fall season. Year-end failures may be made up through successful completion of LEA approved summer school work in courses failed.

II. STUDENT ELIGIBILITY

A. The student shall be a member of that school in grades 9, 10, 11 or 12 and is only eligible to participate in the athletic program associated with that school. A graduate from any secondary school is ineligible. In local public school districts where grade 10-12 high school exist, 9th grade students in a public JH/MS school, with local public school district approval, may participate at the local public school, where grades 10-12 exist. No student below grade 9 is allowed to practice or participate in any CIAC controlled sport. All situations which are not covered by this rule are to be referred in writing to the CIAC Board of Control prior to participation. **HOME SCHOOLED STUDENTS:** Eligibility to participate in interscholastic athletics is not to be extended to any student whose program is not under the direct supervision of a CIAC member school. This prohibition includes any recognition by member schools of home schooling as school district sponsored "alternative programs."

Alternative programs, for the purposes of interscholastic athletics, are only to be recognized if they are developed by and function under the direct control of the local school system to serve the educational needs of a targeted group of students. Such programming generally relates to modifications in existing courses or placement in an alternative school which a district may sponsor and is available to all eligible students. Student-athlete participate at any state authorized public school of choice or any state authorized CHARTER, MAGNET, REGIONAL COOPERATIVE, INTER-DISTRICT SATELLITE SCHOOL STUDENTS: Eligibility to participate in interscholastic athletics at the sending school or school from which he/she would normally matriculate is extended to any student when the school does not offer any interscholastic athletic program. (1) The above listed alternative schools must be state authorized. (2) The above listed alternative schools need not be members of CIAC in order for their athletes to be allowed to play for the sending (home) school. (3) The principal of the CIAC member school at which the athlete would normally matriculate has the right to make the decision on the acceptance of these students in his/her athletic programs. The CIAC will allow such participation. However, the CIAC member school must approve of such participation before an alternative school athlete can participate. (4) The CIAC member school which accepts students from state approved alternative schools will be fully responsible for determining their eligibility status. An ineligible player from an alternative school will have the same impact on the status of the team from which he/she plays as all other athletes. (5) The CIAC will evaluate the eligibility of an alternative school athlete in the same manner that it now handles all other athletes. Student-athletes from the alternative school shall comply with all eligibility requirements of the sending school. Eligibility to participate in interscholastic athletics at the sending

school or school from which he/she would normally matriculate is NOT extended to any student when the receiving school does provide an interscholastic athletic program regardless of its offerings. However, choice programs housed in a member high school where academic programs and services are shared between the choice program and the member school, and the students who attend said programs receive their diploma from the host member high school, may participate in athletics in the high school in which their choice program is located.

The student must have been in membership at a secondary school for at least twelve (12) school weeks immediately preceding the time of participation, or regularly admitted from an elementary, middle, or junior high school within ten (10) school days from the opening of the succeeding school term. The time of summer vacation spent in summer school or private tutoring shall not be counted in the required twelve (12) weeks of school membership.

FOREIGN STUDENTS: A foreign exchange student who is placed in a CIAC member school by an exchange program approved by the Council on Standards for International Educational Travel (CSIET) is eligible to participate in CIAC-sponsored sports providing (1) the student is not considered a high school graduate or its equivalent; and (2) the student meets CIAC age requirements.

A foreign exchange student not in an approved CSIET program or an F-1 Visa student will be eligible providing (1) the student is living with a parent or legal guardian (as determined by Probate Court); (2) the student is not considered a high school graduate or its equivalent; and (3) the student meets all other CIAC eligibility requirements – age, academic standards, number of seasons played (eight consecutive semester rule), etc. Students attending a CIAC member school while on an F-1 Visa are ineligible for participation in varsity athletics for 365 days upon enrollment and may only participate in varsity athletics for two years.

B. The student shall not have reached his or her twentieth (20th) birthday. A student-athlete will not be allowed to start a season or compete during a season in which his/her twentieth (20th) birthday falls.

A student has eight (8) consecutive semesters or four (4) consecutive years of eligibility from the date of entry into ninth grade to be eligible for interscholastic competition. **No student-athlete shall participate in the same branch of athletics more than four (4) seasons in grades 9-12 at any school.** Date of entry is defined as the first date of enrollment as a grade 9 student taking four (4) or more high school subjects. (1) Students who are not eligible or elect to not participate do not preserve additional semesters for use at a later time. That is, there is no fifth year of eligibility per se. (2) Once a student has attended 15 days or more, may apply

through the member school for consideration of a hardship waiver.

Hardship waiver requests will be considered for unforeseen, unavoidable or unusual circumstances that were beyond the control of the student and resulted in the student being unable to complete their academic requirements in four (4) years or eight (8) consecutive semesters. All such requests must be well documented. Waivers for serious medical situations that are well documented will also be considered when it is demonstrated the student was unable to complete any significant school work due to his/her medical condition and it is verified the school made every effort to provide an appropriate alternative program to the student. Injuries sustained in playing a CIAC-sponsored sport will not constitute grounds for a medical waiver for an additional semester/year of play in the sport in which the injury occurred. A waiver will be granted for a student who has been absent one or more semesters because of required military service. If a waiver is granted in any situation, the semester granted must be the same as the semester waived – fall for fall, spring for spring. A waiver of the eight consecutive semester/four consecutive year rule will be granted only once to any athlete. **(3)** The fact that a student has not participated for four seasons will not justify allowing such student to participate in interscholastic sports beyond the eighth semester after his or her entrance into the ninth grade. **(4)** This is an eight semester attendance rule, i.e., eight semesters of time not eight semesters of participation or competition rule. **(5)** Exception: A student who interrupts his/her school career in order to participate in a CSIET approved foreign study program may have his/her eligibility extended for up to two semesters, provided the student does not participate out of country in sports he/she wishes to play upon his/her return, subject to approval by the CIAC.

The implementation date was July 2006, affecting all students entering 9th grade in September 2006 and after.

C. A student who transfers from an in-state school or out-of-state school to a CIAC member school during grade 10-11, or 12 without at the same time changing legal residence to another school district or school service area, or satisfying at least one of the following requirements must complete at least one year (365 days) of approved membership before being eligible for interscholastic competition in the same sport in which he or she was a participant in the present or preceding season during grades 10, 11 or 12 on the junior varsity or varsity team. (Legal residence is defined as location of legal guardian.) **(1)** A student who transfers after not less than a 90 calendar day membership from a non-state association member school to a member school and resides with a parent or legal guardian and satisfies Rule II.A. **(2)** A student who is a ward of the court or state and is placed in another school district or school service area

by court order. Guardianship other than court administered does not fulfill this requirement. **(3)** A foreign exchange student who is placed in a member school by an exchange program approved by CSIET. Also, a student not in an approved CSIET exchange program who has NOT participated in an organized sports program, equivalent to or on a higher level than CIAC high school programs. **(4)** A student who marries and establishes a new residence in another school district or school service area. **(5)** A student who transfers to another school because his or her school ceases to operate or the school is no longer a CIAC member school. **(6)** A student who transfers to another school as the result of a reorganization, consolidation or annexation of his/her school in the district where he/she resides. In school districts without a high school that tuitions out their students, when a new option becomes available to all students in the district, in the first year only of the new option a student can transfer without loss of eligibility providing the transfer occurs at the start of the school year. Transfers during the school year will be subject to the transfer rule. **(7)** A student ordered transferred within a school system, for other than athletic purposes, by a board of education or the governing body of a private or parochial school system. Transfer must take place within the same school system. **(8)** A student who, because of the divorce or separation of his/her parents or because of the death of a parent or legal guardian, moves into another school district or school service area or retains the same residence with one of the aforementioned parents and a parent(s) certifies the reason for the move as it relates to the divorce/separated parents or because of the death. For purposes of eligibility, transfer is permitted once per twelve month period which commences on the date of said transfer and must be approved by the CIAC Eligibility Committee before the student competes in interscholastic athletic competition. **(9)** A student eighteen (18) years or older who moves from one school district or school service area to another without being with a parent or parents and resides within the school district or school service area and complies with local board of education residency requirements will be eligible for participation. The transfer will be permitted once per twelve month period which commences on the date of said transfer and must be approved by the CIAC Eligibility Committee. **(10)** A student who completes the last grade available in the school system previously attended. **(11)** A student entering into a board of education approved exchange program between CIAC member schools for less than a full academic school year will retain interscholastic athletic eligibility with the sending school. **(12)** A student who transfers because the sending school discontinues a sport maintains athletic eligibility in any sport discontinued by the sending school, but is subject to the transfer rule in all sports not discontinued by the

sending school. Such transfer will be permitted once per twelve month period commencing on the date of transfer and must be approved by the CIAC Eligibility Committee. (13) A special needs student, as identified by an IEP or 504 Plan, may transfer without loss of eligibility if the principal of the sending school attests in writing that the school is unable to provide the support services necessary for the student's academic success. Such transfer will be permitted once per high school career and must be approved by the CIAC Eligibility Committee. (14) When for educational reasons and awaiting occupancy of a new residence a student enrolls at a new school at the beginning of a new year or semester, eligibility will begin on the date the family actually transfers residence. Approval must be granted by the CIAC Eligibility Committee and can occur not more than once during each school year. (15) When for educational reasons a parent or legal guardian moves to a new school district, the student, to gain eligibility at the new school without establishing a 365 day period of attendance, must transfer his/her enrollment simultaneously with the transfer of residence of parent or legal guardian, or no later than the beginning of the next school year. (16) A member school student returning from any foreign exchange program may resume interscholastic competition at the point of re-entry without receiving credits towards graduation provided the student meets all other requirements relative to age, years of eligibility, etc. (17) A student whose parents move out of the district any time after he or she becomes a grade 10 student may continue to be eligible in the same school provided enrollment is continuous (unbroken) in the same school. (18) **Hardship** – Eligibility may be granted to a transfer student who does not meet the CIAC transfer standard when sufficient evidence, as determined by the CIAC Eligibility Committee, is provided to show that it was necessary for the student to transfer because of unforeseen, unavoidable, or unusual circumstances including, but not limited to, broken home conditions, terminal or serious illness of parent or sibling, death of a parent or guardian, abandonment, loss of school accreditation, bankruptcy and/or loss of principal income of legal guardian(s), and provided the transfer was not for athletic reasons and there was no undue influence. Hardship is defined as an unforeseeable act, condition or event which may not reasonably and/or practically be avoided or corrected and which causes the imposition of a severe burden upon the student or his/her family. A hardship may be a situation which is unique to the student or his/her family which could not have been predicted, which does not apply to others in a similar setting, and over which the family has no control. (19) A student in grades 10, 11, or 12 who does not qualify for the transfer rule requirements 1 through 18 will be granted eligibility by application to the CIAC Eligibility Committee if the following are satisfactorily completed. After a period of time equal to at least 50% of the school's varsity schedule

following date of enrollment (first day of attending classes) in the receiving school for the first affected sport played at the previous school, or from the date of the first school contest after the date of enrollment, if entry is after the first allowable play date, eligibility will be granted to a student who has participated (i.e., actually played in a CIAC-approved contest) at the JV or varsity level of play at any time during the present or preceding year at the sending school, who does not otherwise qualify for any of the above exceptions and when both the sending and receiving school principals sign a CIAC transfer waiver form certifying to the best of their knowledge that the student has not transferred for athletic reasons.* If the season ends** before the athlete sits a period of time equal to at least 50% of the varsity schedule has been completed, any remaining days of ineligibility shall be satisfied from the first allowable play date of the present school's regular season in that sport during the next school year unless he/she is a multi-sport athlete. In these cases, the remaining portion of the games will be served successively in the next sport affected by the transfer rule.

To qualify for the provisions of this section, a student must be a member of the team during the season in which the 50% wait period is applied.

*See page 141 if the sending principal indicates that the transfer was for athletic reasons.

A transfer for athletic reasons is defined as but not limited to:

- a. Seeking a change to a new school due to inducement or recruitment to play a sport.
- b. Seeking a superior athletic team.
- c. Seeking relief due to a conflict with the philosophy or action of an administrator, teacher or coach relating to sports.
- d. Seeking a team consistent with the student's athletic abilities.
- e. Seeking a means to nullify punitive action by the sending school for athletic reasons.
- f. Seeking to escape academic or other ineligibility at the sending school due to the school's academic standards.

**Season ends on the last date to count for tournament play. Tournament play does not count toward the completion of 50% of the schedule.

RESIDENCY – The fact the guardianship papers have been issued, placing a student under the control of a person or persons other than his/her parent(s), does not establish eligibility in the district of the guardian unless such papers are issued through a probate court judge.

Residence with and support by any individual or individuals for a period of one calendar year does establish the residence of that individual or individuals as the residence of the student for athletic purposes.

D. A student shall not participate in or represent his or her school in more than one sport after the date of the school's first contest in that sport season, nor may that student represent more than one school during a season unless the student satisfies the conditions of Eligibility Rule II.C.

E. The CIAC season is defined as the period between the date officially designated by the CIAC as the beginning of the season for that sport and the close of the post season CIAC tournaments, except for those teams and/or athletes qualifying for the New England Tournaments. The conclusion of the New England tournaments will be the end of the season for these teams and/or athletes. In the case of a sport in which the CIAC does not sponsor a tournament, the three (3) sports seasons shall be defined as follows: Fall – the Monday of the week immediately preceding Labor Day to December 2, inclusive; Winter – November 1 to April 1; Spring – March 15 to the end of the school year.

F. A student who is a member of a school team after the first scheduled tournament, meet or game in any season shall not practice or compete with an outside team, or participate as an individual in non-CIAC tournaments, meets, tryouts*, skills assessment*, showcases or games in the same branch of athletics. (*Please see exceptions-3.0 - Article XII. 1.1 in Handbook.) After the first tournament, meet or game of the CIAC seasons a student competing or practicing with a non-CIAC team or as an individual in non-team sports is not eligible to become a member of the CIAC team or squad in the same branch of athletics. Exceptions to Rule II.F. are: **(1)** Participation in parent/child tournaments and caddy tournaments. **(2)** Swimming, tennis, gymnastics, golf, indoor and outdoor track – a student may practice but not compete with a non-CIAC team or as an individual during the season as long as such practices do not interfere with or replace member school practices.

G. A student shall not participate as a member of a team or as an individual in competition from which he or she receives personal economic gains because of his or her athletic skill.

A student shall always participate under his or her OWN NAME.

H. A student shall not participate in a post-season contest as a representative of his or her school except as provided in Article VII, Section A, of the CIAC by-laws.

I. Requests for exceptions to the eligibility rules (including the transfer rule) and related appeals to the Eligibility Review Board may be considered only after the actual transfer to the new school has taken place.

III. PENALTIES

Violations of any sections of Rule II (Student Eligibility) shall mean that the student is suspended from all interscholastic athletics until he or she shall have been reinstated by the Board of Control of the CIAC.

A student of any member school of the CIAC may be barred from participation in athletic contests for violation of the CIAC by-laws. A student against whom a charge or protest has been filed shall have the privilege of having his or her case presented by his or her principal at the next scheduled meeting of the Board of Control.

IV. GENERAL PROCEDURES

A. If a team uses an ineligible player, the game, whether won or lost, shall be counted, at the discretion of the CIAC Board of Control, as a defeat for the team on which the ineligible player played. For the opposing team such a game shall be counted as a victory. All such games shall be counted on the schedule of both teams as games played.

B. No member of the administration or teaching staff of a member school shall engage in, or cooperate in negotiations to induce a potentially eligible student to engage in professional sports, or to sign a contract before graduation or before leaving school. In case of violation the school will be issued a warning in writing for the first offense and be subject to suspension for the second offense.

C.1. A member school or any affiliated person or organization of that school may not recruit a student for athletic purposes. **C.2.** Recruiting is the use of undue influence and/or special inducement by anyone associated with a school in an attempt to encourage a prospective student to attend or remain at that school for the purpose of participating in interscholastic athletics. Refer to CIAC bylaw Art. X, Recruitment.

D. Within two (2) school days after the first game of each sport, an eligibility list must be submitted via the CIAC web site in each sport. An alphabetical list of pupils by name, date of birth, grade, school last attended (if a transfer student as defined under II.C.) certifying that these pupils are eligible for that season. As changes occur in eligibility (additions/deletions) they must be submitted, via the web site within two (2) school days to the CIAC. Failure to comply with this rule may be cause for probation. ALL questions of eligibility verification must be referred to the Executive Director.

E. The headmaster or principal of each member school agrees that the interpretation of these eligibility rules made by the Committee on Eligibility Rules of the Connecticut Interscholastic Athletic Conference shall be final, subject only to review by the Board of Control of the Conference.

F. Students will be eligible to participate in athletics when they and their parent(s) have signed the informed consent form provided by the school indicating that they know and understand all of the best practices of dealing with a concussion and that they can recognize the signs and symptoms of such injuries and know and understand the return-to-play requirements.

G. Students will be eligible to participate in athletics when they and their parent(s) have signed the informed consent form provided by the school indicating that they know and understand all of the best practices of dealing with sudden cardiac arrest and that they can recognize the signs and symptoms of such an event.

H. Girls may participate on boys' teams. Girls may participate on either a girls team or a boys team in the same sport, but not both, within a time period of one school year. However, a member school has discretion to exclude girls from boys teams when it can demonstrate that its overall sports program does not limit athletic opportunities for girls.

Girls who participate on boys' teams, because the school does not offer a girls program in that sport, may enter either the boys or the girls tournament, but not both. Girls who choose to participate on a boy's teams when the school offers a girls' team in that sport, may only enter the boys' tournament. Boys may not participate on girls teams.

I. On the eve of or during a tournament event, when there is not sufficient time to follow normal administrative procedures regarding student or team ineligibility, or when any other issue arises that will interrupt normal tournament procedures, the executive director of CIAC (or his/her designee) in consultation with the CIAC chairperson, eligibility committee chairperson, and the chairperson of the tournament committee in question will make an appropriate ad hoc decision in consideration of the best interests of the tournament as a whole.

V. SANCTIONS

For these rules of eligibility and control the following definitions shall be used by the CIAC Board of Control:

PROBATION – A period of trial during which the school is monitored to determine compliance with the requirements of CIAC regulations.

PROHIBITION – The school cannot participate in any CIAC-sponsored meets or tournaments.

SUSPENSION – A school is removed from the CIAC and has the status of a non-member in all activities.

FINE – Punitive monetary fines not to exceed \$10,000 may be imposed.

VI. EXCEPTIONS

Requests for exceptions to the eligibility rules must be made according to Article VIII, Section B, 4, of the CIAC bylaws.

To CIAC Student Athletes:

The CIAC has provided this document so that you, the student-athlete, might have the means to be informed both of the CIAC bylaws and your rights under those bylaws. This is also your personal copy of the Rules of Eligibility and Control with which all member schools and their athletes are required to comply. You and your parents or legal guardian are strongly urged both to read this document carefully to acquaint yourselves with the important information it contains, and to save it for future reference. This document does not purport to list all CIAC athletic policies or regulations. Those can be found in the CIAC Handbook, a copy of which is available to all member high schools.

ATHLETES' RIGHTS OF DUE PROCESS

There may come a time when, because of special circumstances, an athlete either commits an act, or fails to perform a duty, which results in his/her being declared ineligible to compete in a high school sport. In some cases, exceptions to the eligibility rules can be granted. All athletes have the right to the due process procedures listed below in seeking to have their eligibility restored.

Step 1 – The athlete should first discuss the matter with the appropriate coach or athletic director. If it is felt that the circumstances of the case warrant a request for the exception to the rule, the high school principal should be informed.

Step 2 – The high school principal then requests in writing to the CIAC Eligibility Committee that the matter be examined and an exception granted. Address of the committee: 30 Realty Drive, Cheshire, CT 06410.

Step 3 – The CIAC Eligibility Committee will examine the facts of the case at its next regular meeting. The committee has the right to require that medical reports and/or other relevant documentation be provided.

Step 4 – If the appeal is denied, the student's ineligibility remains in force for the period required in the regulations. The school has the right to request a hearing on the denial before the Eligibility Review Board within seven (7) days after said decision. If the Eligibility Committee decides that the circumstances of the case merit an exception, the matter will be forwarded to the Eligibility Review Board. In both cases the Eligibility Review Board will conduct a full hearing on the matter at its next scheduled meeting. Meeting time lines will be followed. At that time, the athlete, parents of the athlete, school representatives, and any other persons that may help to represent the athlete's case may appear and present evidence before the Eligibility Review Board. The Board has the right to require presentation of medical reports, financial data or other relevant documentation.

Step 5 – The Eligibility Review Board will only consider the evidence presented in support of the athlete's case which has previously been disclosed to the school(s) or person(s) involved or who will be involved in the hearing or proceeding in sufficient time for such school(s) or person(s) to have reviewed the evidence, to have conducted an investigation of the matter, if appropriate, and to be prepared to present to the Board information deemed relevant to the athlete's case.

Step 6 – The Eligibility Review Board will, following a full hearing and proper consideration of the facts of the case, render its decision, either to grant or deny the requested exception or to uphold the decision of the Eligibility Committee. If the exception is granted, the athlete's eligibility is restored immediately and retroactively. If it is denied, the student's eligibility remains in force for the period required in the regulations.

A member principal on behalf of the student-athlete has the right to request the Board of Control to review the Eligibility Review Board's decision within fourteen (14) days after said decision. Appeals of decisions of the CIAC Eligibility Review Board are final except the CIAC Board of Control reserves the right to review and act upon only those cases which it believes involve issues of critical and conflicting opinion among the Eligibility Committee and the Eligibility Review Board or which, as a result of other compelling reasons, deserves the attention of the CIAC Board of Control.

APPENDIX B
CONNECTICUT INTERSCHOLASTIC ATHLETIC CONFERENCE

**Policy Regarding Confidentiality of Information Relating to
Student-Athletes, Member Schools, Sports Officials and Other Adults**

CIAC respects and seeks to protect the legitimate privacy interests of student-athletes. The following policy outlines what student-athlete information one should expect to provide to CIAC and how CIAC handles the use and disclosure of such information. The policy further sets forth how information relating to member schools, CIAC-registered officials and other adults will be handled by CIAC.

STUDENT-ATHLETE INFORMATION

CIAC regularly requires production of certain factual information needed to determine athletic eligibility of students and/or to enforce the CIAC constitution, bylaws, policies and procedures, and rules and regulations. The information includes both public and personal private student information. Such information routinely includes the student's (1) name; (2) home address; (3) age and date of birth; (4) academic records; (5) attendance records; and (6) information relating to a student's participation in interscholastic athletic competition. In some instances, CIAC may require certain health, and/or other records of students and/or financial records of parents/guardians.

- A. **General Policy** – It is CIAC policy that personal private information concerning student-athletes, provided by students or schools for the purpose of determining the eligibility of a student and to enforce the CIAC constitution, bylaws, policies and procedures, and rules and regulations, shall unless a waiver of disclosure is provided by the student or the student's parent(s) if the student is under the age of 18, be limited to such purposes and shall not be disclosed to persons not properly involved in the handling of the matter.

The name of the student, the name of the student's school, the eligibility rule at issue, and the mere finding of eligibility or ineligibility are not considered confidential.

B. **Confidentiality Prior to and During, Eligibility and Disciplinary Proceedings**

1. **Initial Consideration of Eligibility Matters** – On agendas of meetings and notices of special meetings to consider eligibility matters, the CIAC shall identify the name of students whose eligibility is in question, the name of the students' schools, and the eligibility rule(s) at issue.

Documents submitted to the CIAC in support of or opposing the eligibility of a student, and which contain personal private information about a student, should not be disclosed to third parties without approval of the student or, if the student is under the age of eighteen (18), the student's parent(s).

Where there is no dispute concerning the eligibility of a student or group of students, the CIAC shall, in open session, approve requests for determination of eligibility without discussion of particular circumstances. Where, however, there is any question of eligibility and consideration of the particular circumstances requires discussion of personal private information, such discussion should occur in executive session. Action taken merely to schedule an eligibility hearing should be taken in public session.

2. **Conduct of Eligibility Hearings** – During eligibility and disciplinary hearings, when a student, the student's family, and/or the student's school, anticipates that personal private information relating to the student-athlete and/or the student's family or others may be disclosed, the student, the student's family, and/or the student's school may request that all or

parts of the matter be closed to persons not involved in the hearing or affiliated with CIAC. Absent objection, and under normal circumstances, the presiding officer should honor such request.

If any person objects to closure of the hearing, the presiding officer shall consider the merits of the respecting positions and determine whether complete or partial closure of the matter is appropriate. In reaching such decision, the presiding officer shall carefully consider the privacy interests of students as the primary factor to be weighed, but shall take into account a general goal of openness of proceedings. Where closure is deemed appropriate, and it is feasible to do so, the presiding officer should limit closure to those parts of the hearing where personal private information of the student or the student's family is likely to be disclosed.

3. Disclosure of Eligibility, Disciplinary, and Other Decisions – Copies of correspondence, minutes of CIAC meetings, and other documents merely stating the determination of eligibility or ineligibility shall be freely disclosed to others. Copies of correspondence and other documents setting forth rationales for decisions may be disclosed unless such documents include discussion of personal private information of students and/or their families or others, in which case such documents shall be sent only to (1) the student- athlete; (2) appropriate representatives of the school(s) involved in the proceeding; (3) the student's and school's legal counsel, if identified; (4) members of the board of control; (5) appropriate members and employees of the relevant district committee(s); (6) the CIAC administrative staff; and (7) legal counsel for CIAC. Other persons may receive copies of such correspondence upon approval of the CIAC Executive Board (officers of CIAC).

CIAC may publish, on its web site, minutes and newsletters, the following: (1) the name of the student whose eligibility was in question; (2) the name of the student's school; (3) the eligibility rule at issue; and (4) the finding of eligibility or ineligibility. Where such information is provided, no discussion of the circumstances of the student's situation or the reasons or rationale for the decision shall be provided. For the benefit of the CIAC membership, summaries of the recommendations and rationales may be posted on its web site, minutes and newsletters, provided that no personal private information of the student, the student's family, or others, is disclosed.

Except as stated above, absent approval of the CIAC Executive Board, the CIAC administrative staff, board of control, and CIAC legal counsel shall treat personal private information of students, their families and others, including individual student records and letters setting forth rationales of decisions as confidential. All inquiries should be directed to the affected school(s). Upon request, the CIAC Executive Board may, in its discretion, authorize the disclosure of the rationales of the board of control or board(s) of appeal provided that such disclosure does not include personal private information of a student.

Any of the restrictions on disclosure set forth above may be waived upon consent of the student, if the student is under age of eighteen (18), the parents of the student whose eligibility is at issue.

- C. Information Relating to Athletic Performance of Students – CIAC regularly obtains or develops information related to the athletic performance of student-athletes who participate in CIAC-sponsored interscholastic athletic competition. As such, performances occur in a public setting and cannot be considered confidential, such information will not be treated as confidential.

INFORMATION CONCERNING MEMBER SCHOOLS AND ADULTS

- A. **General Policy** – It is CIAC policy that, as a general matter, information concerning (1) member schools; (2) personnel and representatives of member schools; (3) CIAC-registered officials; and (4) other adults, may be freely used and discussed by CIAC with no restrictions. Exceptions to this general approach are set forth below.
- B. **Confidentiality During Hearings** – Where actions may be taken against a school or its personnel, or CIAC-registered officials, pursuant to the provisions of the CIAC bylaws, the school or adults involved may request that all or parts of the matter be closed to persons not involved in the hearing or affiliated with CIAC. Under normal circumstances, and if no objection is made, such request may be honored by the presiding officer when potentially criminal conduct or the employment of member school coaches or other employees may be at issue. In other instances, the presiding officer should be reluctant to close the hearing.

If any person objects to closure of any part of the hearing, the presiding officer shall consider the merits of the respecting positions and determine whether complete or partial closure of the matter is appropriate. In reaching such decision, the presiding officer shall weigh the privacy interests of member school personnel and the legitimate interest of CIAC members and the public in knowledge of enforcement of the CIAC constitution, bylaws, policies and procedures, and rules and regulations. Where closure is deemed appropriate, and it is feasible to do so, the presiding officer should attempt to limit closure.

- C. **Disclosure of Disciplinary and Other Decisions** – Copies of correspondence, minutes of CIAC and other documents merely stating the determination of eligibility or ineligibility shall be freely disclosed to others. Copies of correspondence and other documents which include discussion of personal private information of individuals or information which relates to possible criminal matters and/or employment disciplinary matters shall be sent only to (1) appropriate representatives of the school(s) involved in the proceeding; (2) the school's legal counsel, if identified; (3) members of the board of control; (4) appropriate members of the relevant CIAC committee(s); (5) the CIAC administrative staff; and (6) legal counsel for CIAC. Other persons may receive copies of such correspondence upon approval of the CIAC Executive Board.

For the benefit of the CIAC membership, CIAC may publish, on their respective web site, minutes and newsletters, summaries of the decisions and rationales, provided that personal private information of individuals and information which relates to possible criminal matters and/or employment disciplinary matter is not published.

APPENDIX C

CIAC RULES OF ELIGIBILITY TRANSFER RULE II.C. REQUIREMENT #19

A student who does not qualify for the transfer rule requirements 1 through 18 will be granted eligibility by application to the CIAC Eligibility Committee if the following are satisfactorily completed:

After a period of time equal to at least 50% of the school's varsity schedule following date of enrollment (first day of attending classes) in the receiving school for the affected sport, or from the date of the first school contest after the date of enrollment, if entry is after the first allowable play date, eligibility will be granted to a student who has participated (i.e. actually played in a CIAC-approved contest) at the JV or varsity level of play at any time during the present or preceding year at the sending school, who does not otherwise qualify for any of the above exceptions and when both the sending and receiving school principals sign a CIAC transfer notification form certifying to the best of their knowledge that the student has not transferred for athletic reasons. *If the season ends **before the athlete sits a period of time equal to at least 50% of the varsity schedule has been completed, any remaining days of ineligibility shall be satisfied from the first allowable play date of the present school's regular season in that sport during the next school year unless he/she is a multi-sport athlete. In these cases, the remaining portion of the games will be served successively in any sport effected by the transfer rule. To qualify for the provisions of this section, a student must be a member of the team during the season in which the 50% wait period is applied.

To qualify for the provisions of this section, a student must be a member of the team during the season in which the wait period is applied.

All questions, concerns or interpretations of the application of Requirement #19 should be immediately referred to CIAC staff. Appeals of actions related to Requirement #19 will be made before the Eligibility Review Board.

*Definition of athletic reasons:

A transfer for athletic reasons is defined as, but not limited to:

- a. Seeking a change to a new school due to inducement or recruitment to play a sport.
- b. Seeking a superior athletic team.
- c. Seeking relief due to a conflict with the philosophy or action of an administrator, teacher or coach relating to sports.
- d. Seeking a team consistent with the student's athletic abilities.
- e. Seeking a means to nullify punitive action by the sending school for athletic reasons.
- f. Seeking to escape academic or other ineligibility at the sending school due to the school's academic standards.

**Season ends on the last date to count for tournament play. Tournament play does not count toward the completion of 50% of the schedule.

Points of Emphasis

1. The transfer rule does not apply to grade nine (9) students. They may transfer at any time during or at the end of the ninth grade and remain eligible.
2. The transfer rule applies only when a student enters grade 10 and plays for the school in an interscholastic athletic contest. Athletic eligibility is then declared in that sport only. It is at that point that the CIAC transfer rule takes effect.

3. The addition to the transfer rule assures students who transfer after entering grade 10 and having had played in a sport during grade 10, 11, or 12 during the present or preceding year, the opportunity to become eligible following a wait period from the time of the first allowable play date for the sport, **IF** the principal of the sending school and receiving schools sign a CIAC waiver form certifying that to the best of their knowledge the student has not transferred for athletic reasons.

FORFEITURE FORM

(Section 4.0, Article 4.8, CIAC Handbook)

Forfeitures will be honored by CIAC sports committees when there is mutual agreement between the principals of the two schools involved in a game not played or terminated and the reasons for the forfeit have been approved by CIAC. If there is not mutual agreement and not playing the game impacts the tournament in any way, the CIAC sports committee Chair, in conjunction with CIAC staff and the tournament director will make the determination if the game should be forfeited. In the sport of football there must be an outcome to all games scheduled due to the tournament qualification point system.

When a game is being forfeited both schools involved must: (a) submit the forfeit form, which is found under the options for the sport in question in the CIAC Online Eligibility Center, within 72 hours of the scheduled time of the contest; and, (b) record the result of the game on their schedule as a win or loss (depending on if the school is giving or receiving the forfeit) with the word "Forfeit" entered in the field for the score of the game.

On the eve of a tournament when there is not sufficient time for normal administrative procedures (72 hours) if a question of team forfeiture arises the Executive Director or his/her designees, in consultation with the Chairman of the sports committee affected and the principals of the two schools will make an appropriate ad hoc decision in consideration of the best interests of the tournament as a whole.

Member schools must make every effort to complete their season as scheduled, including make-up games. Any effort to gain an advantage by not playing a game is unacceptable and subject to action by the CIAC board of control. Cancellation of any regular season contest/make-up to play in a league tournament will not be allowed.

Member schools will be required to submit regular season schedules for all sports controlled by CIAC in which member schools participate. (Determination of forfeitures will be based on this schedule.)

(CIAC interpretation of terms – postponed contest means the contest will be played at a later date – cancelled contest means the contest will not be played.)

Varsity level contests ONLY. Do not report any contest other than a varsity contest.

CIAC FORM FOR REPORTING OUT-OF-STATE GAMES

It is required by all tournament committees that member schools report their out-of-state games to the CIAC office in order to obtain from these out-of-state schools their boy/girl enrollment for classification under the CIAC classification plan, or basketball tournament division, and to ascertain their standing as a member of their state association; also that they are an accredited school with their State Department of Education.

Out-of-state games will count for CIAC tournament qualification when the opponent is a member of the state association and their state association governs the sport.

Out-of-state form must be submitted via the online eligibility center
Prior to the date of the first contest of the season.

APPENDIX G
Connecticut State Department of Education and the Connecticut Interscholastic Athletic Conference
Concussion and Head Injury Annual Review 2020-21
Required for ALL School Coaches in Connecticut

This document was developed to provide coaches with an annual review of current and relevant information regarding concussions and head injuries. It includes guidance from the 2017 Concussion in Sport Group consensus statement that was developed to provide further understanding and management of sports-related concussion.

In addition to reviewing this document, the annual review must include one of the following prescribed resources: Connecticut Concussion Task Force video, Centers for Disease Control and Prevention (CDC) Heads Up: Concussion in Youth Sports training course, or the National Federation of State High School Associations (NFHS) concussion training course. Links to these resources can be found at: <http://concussioncentral.ciacsports.com/>. A new form is required to be read, signed, dated and kept on file by coaches' associated school district annually to comply with Section 10-149b of the Connecticut General Statutes, *Concussions: Training courses for coaches. Education plan. Informed consent form. Development or approval by the State Board of Education. Revocation of coaching permit.*

What is a Concussion?

"A concussion is a type of traumatic brain injury, or TBI, caused by a bump, blow, or jolt to the head or by a hit to the body that causes the head and brain to move rapidly back and forth. This sudden movement can cause the brain to bounce around or twist in the skull, stretching and damaging the brain cells and creating chemical changes in the brain." (CDC, 2017)

Section 1. Concussion Education Plan Summary

The [Concussion Education Plan and Guidelines for Connecticut Schools](http://portal.ct.gov/SDE/Publications/Concussion-Education-Plan-and-Guidelines-for-Connecticut-Schools) was approved by the Connecticut State Board of Education in January 2015. Below is an outline of the requirements of the Concussion Education Plan. The complete document is accessible on the CSDE web site at <http://portal.ct.gov/SDE/Publications/Concussion-Education-Plan-and-Guidelines-for-Connecticut-Schools>

State law requires that each local and regional board of education must approve and then implement a concussion education plan by using written materials, online training or videos, or in-person training that addresses, at a minimum the following:

1. the recognition of signs or symptoms of concussion;
2. the means of obtaining proper medical treatment for a person suspected of sustaining a concussion;
3. the nature and risks of concussions, including the danger of continuing to engage in athletic activity after sustaining a concussion;
4. the proper procedures for allowing a student-athlete who has sustained a concussion to return to athletic activity; and
5. current best practices in the prevention and treatment of a concussion.

Section 2. Signs and Symptoms of a Concussion: Overview

A concussion should be suspected if any one or more of the following signs or symptoms are present following an impact or suspected impact as described in the CDC definition above.

Signs of a concussion may include (i.e. what the athlete displays/looks like to an observer):

- | | |
|---|--|
| • Confusion/disorientation/irritability | • Acts silly/combative/aggressive |
| • Trouble resting/getting comfortable | • Repeatedly ask same questions |
| • Lack of concentration | • Dazed appearance |
| • Slow response/drowsiness | • Restless/irritable |
| • Incoherent/ slurred speech | • Constant attempts to return to play |
| • Slow/clumsy movements | • Constant motion |
| • Loses consciousness | • Disproportionate/inappropriate reactions |
| • Amnesia/memory problems | • Balance problems |

Symptoms of a concussion may include (i.e. what the athlete reports):

- | | |
|----------------------------|--|
| • Headache or dizziness | • Oversensitivity to sound/light/touch |
| • Nausea or vomiting | • Ringing in ears |
| • Blurred or double vision | • Feeling foggy or groggy |

State law requires that a coach **MUST** immediately remove a student-athlete from participating in any intramural or interscholastic athletic activity who: a) is observed to exhibit signs, symptoms or behaviors consistent with a concussion following a suspected blow to the head or body, or b) is diagnosed with a concussion, regardless of when such concussion or head injury may have occurred. **Upon removal of the athlete, a qualified school employee (principal, teacher, licensed athletic trainer, licensed physical or occupational therapist employed by a school district, coach or school paraprofessional) must notify the parent or legal guardian within 24 hours that the student-athlete has experienced a head injury and has exhibited signs and symptoms of a concussion.**

Section 3. Return to Play (RTP) Protocol Overview

It is impossible to accurately predict how long an individual's concussion will last. There must be full recovery before a student-athlete is allowed to resume participating in athletic activity. Connecticut law now requires that no athlete may resume participation until she/he has received written medical clearance from a licensed health care professional (physician, physician assistant, advanced practice registered nurse (APRN), athletic trainer) trained in the evaluation and management of concussions.

Concussion Management Requirements:

1. No athlete SHALL return to participation in the athletic activity on the same day of head injury or concussion.
2. If there is any loss of consciousness, vomiting or seizures, the athlete MUST be transported immediately to the hospital.
3. The athlete should not be left alone after the injury. Close observation and monitoring of an athlete MUST continue following a concussion or head injury to ensure that there is no worsening/escalation of symptoms.
4. Any athlete with signs or symptoms related to a concussion MUST be evaluated by a licensed health care professional (physician, physician assistant, advanced practice registered nurse (APRN), athletic trainer) trained in the evaluation and management of concussions.
5. The athlete MUST obtain an initial written clearance from one of the licensed health care professionals identified above directing her/him into a well-defined RTP stepped protocol similar to the one outlined below. If at any time signs or symptoms return during the RTP progression, the athlete should cease activity.
6. After the RTP protocol has been successfully administered (no longer exhibits any signs or symptoms or behaviors consistent with concussions), final written medical clearance is required by one of the licensed health care professionals identified above for the athlete to fully return to unrestricted participation in practices and competitions.

Medical Clearance RTP protocol (There should be at least 24 hours for each step of the progression)

Stage	Rehabilitation Steps/Aim	Functional exercise at each step of rehabilitation/activity	Goal to each step
0	It is recommended that an initial period of 24-48 hours of both relative physical rest and cognitive rest is achieved before beginning the RTP progression identified in Stages one through six below (McCrary, P. et al., 2017). If at any time signs or symptoms should worsen during the RTP progression, the athlete should stop activity that day. If the athlete's symptoms are gone the next day, she/he may resume the RTP progression at the last step completed in which no symptoms were present. If symptoms persist (example, more than four days in children or more than 10-14 days in adults) the athlete should be referred to a healthcare professional who is an expert in the management of concussion.		
1	Symptom-limited activity	Daily activities that do not provoke symptoms	Gradual reintroduction of work/school activities
2	Light aerobic exercise	Walking or stationary cycling at slow to medium pace. No resistance training.	Increase heart rate
3	Sport-specific exercise No contact	Running or skating drills. No head impact activities	Add movement
4	Non-contact training drills	Harder training drills (example, passing drills). May start progressive resistance training.	Exercise, coordination and increased thinking
5	Full contact practice	Following medical clearance, participate in normal training activities	Restore confidence and assess functional skills by coaching staff
6	Return to sport	Normal game play	Return to full athletic participation

Section 4. Local/Regional Board of Education Policies Regarding Concussions

CONNECTICUT INTERSCHOLASTIC ATHLETIC CONFERENCE

CONCUSSION EDUCATION AND AWARENESS FOR STUDENT-ATHLETES AND PARENTS

In 2010 the Connecticut legislature passed a law requiring concussion management education and an annual review for all coaches. Since the law our Coaching Education Program has provided over 14,000 coaches with the proper course developed in consultation with the State Department of Education, the Connecticut Concussion Task Force and the Connecticut Athletic Trainers Association. In 2014, the law was updated to include that the education be extended to student-athletes and parents. Additionally, schools must now notify a parent if a student-athlete is removed from participation for exhibiting signs or symptoms of a concussion. The notification must be within 24 hours from the removal. The Connecticut Interscholastic Athletic Conference has mandated all CIAC member schools require education about the signs and symptoms of concussions to all student-athletes and their parents prior to the student engaging in interscholastic activities. Schools are required to spend time in each pre-season meeting to present pertinent information regarding the recognition of a concussion signs and symptoms, the means of obtaining proper medical treatment for a person suspected of sustaining a concussion, the nature and risks of concussion, including the danger of continuing to play after sustaining a concussion and the proper method of allowing a student-athlete who has sustained a concussion to return to play. Each student-athlete and parent must sign a consent form prior to the start of each season. Supportive material which can aide in the dissemination of the information may include written material and videos found on the CIACsports.com web site (by choosing the “Sports Medicine and Concussion Information” option under the “CIAC for Students and Parents” menu, or via the “Downloads” tab in the Online Eligibility Center.

In addition, we are providing you with a sample consent form that should be issued and collected as a part of your permission form process. This consent form emphasizes the signs and symptoms of a concussion and the return to play protocol and requires both the student-athlete and the parent signature.

Section 3. Return to Play (RTP) Protocol Overview

Currently, it is impossible to accurately predict how long an individual's concussion will last. There must be full recovery before a student-athlete is allowed to resume participating in athletic activity. Connecticut law now requires that no athlete may resume participation until they have received written medical clearance from a licensed health care professional (physician, physician assistant, advanced practice registered nurse (APRN), athletic trainer) trained in the evaluation and management of concussions.

Concussion Management Requirements:

1. No athlete SHALL return to participation in the athletic activity on the same day of concussion.
2. If there is any loss of consciousness, vomiting or seizures, the athlete MUST be immediately transported to the hospital.
3. Close observation of an athlete MUST continue following a concussion. The athlete should be monitored for an appropriate amount of time following the injury to ensure that there is no worsening/escalation of symptoms.
4. Any athlete with signs or symptoms related to a concussion MUST be evaluated by a licensed health care professional (physician, physician assistant, advanced practice registered nurse (APRN), athletic trainer) trained in the evaluation and management of concussions.
5. The athlete MUST obtain an initial written clearance from one of the licensed health care professionals identified above directing her/him into a well-defined RTP stepped protocol similar to the one outlined below. If at any time signs or symptoms return during the RTP progression, the athlete should cease activity*.
6. After the RTP protocol has been successfully administered (no longer exhibits any signs or symptoms or behaviors consistent with concussions), final written medical clearance is required by one of the licensed health care professionals identified above for the athlete to fully return to unrestricted participation in practices and competitions.

Medical Clearance RTP protocol (Recommended one full day between steps)

Rehabilitation stage	Functional exercise at each stage of rehabilitation	Objective of each stage
1. No activity	Complete physical and cognitive rest until asymptomatic. School may need to be modified.	Recovery
2. Light aerobic exercise	Walking, swimming or stationary cycling maintaining intensity <70% of maximal exertion; no resistance training	Increase Heart Rate
3. Sport specific exercise No contact	Skating drills in ice hockey, running drills in soccer; no head impact activities	Add Movement
4. Non-contact sport drills	Progression to more complex training drills, ie. passing drills in football and ice hockey; may start progressive resistance training	Exercise, coordination and cognitive load
5. Full contact sport drills	Following final medical clearance, participate in normal training activities	Restore confidence and assess functional skills by coaching staff
6. Full activity	No restrictions	Return to full athletic participation

* If at any time signs or symptoms should worsen during the RTP progression the athlete should stop activity that day. If the athlete's symptoms are gone the next day, she/he may resume the RTP progression at the last step completed in which no symptoms were present. If symptoms return and don't resolve, the athlete should be referred back to her/his medical provider.

APPENDIX H
Connecticut Interscholastic Athletic Conference
Sudden Cardiac Arrest Program & Annual Review
Annual Review 2020-21
Required for ALL School Coaches in Connecticut

NOTE: This document was developed to provide coaches with an annual review of current and relevant information regarding sudden cardiac arrest. A new form is required to be read, signed, dated and kept on file by their associated school district annually to comply with Connecticut general Statutes Chapter 163, Section 10-149f: **SUDDEN CARDIAC ARREST AWARENESS EDUCATION PROGRAM.**

Part I – SUDDEN CARDIAC ARREST - What is sudden cardiac arrest?

Sudden cardiac arrest (SCA) is when the heart stops beating, suddenly and unexpectedly. When this happens, blood stops flowing to the brain and other vital organs. SCA doesn't just happen to adults; it takes the lives of students, too. However, the causes of sudden cardiac arrest in students and adults can be different. A student's SCA will likely result from an inherited condition, while an adult's SCA may be caused by either inherited or lifestyle issues. SCA is NOT a heart attack. A heart attack may cause SCA, but they are not the same. A heart attack is caused by a blockage that stops the flow of blood to the heart. SCA is a malfunction in the heart's electrical system, causing the heart to suddenly stop beating.

PART II - HOW COMMON IS SUDDEN CARDIAC ARREST IN THE UNITED STATES?

SCA is the #1 cause of death for adults in this country. There are about 300,000 cardiac arrests outside hospitals each year. It is a leading cause of death for student-athletes. According to an April 2014 study for PubMed the incidence was:

- 0.63 per 100,000 in all students (6 in one million)
- 1.14 per 100,000 athletes (10 in one million)
- 0.31 per student non-athletes (3 in one million)
- The relative risk of SCA in student-athletes vs non-athletes was 0.65
- There is significantly higher risk of SCA for boys than girls.

Leading causes of sudden death among high school and college athletes, according to the NCAA (on CBS News, June 28, 2012)* are heat stroke, heart disease and traits associated with sickle cell anemia. Prevention of sudden death, the same study concludes, is associated with more advanced cardiac screening with attention to medical histories and birth records, improved emergency procedures, and good coaching and conditioning practices.

PART III - WHAT ARE THE WARNING SIGNS AND SYMPTOMS?

Although SCA happens unexpectedly, some people may have signs or symptoms, such as: fainting or seizures during exercise; unexplained shortness of breath; dizziness; extreme fatigue; chest pains; or racing heart. These symptoms can be unclear in athletes, since people often confuse these warning signs with physical exhaustion. SCA can be prevented if the underlying causes can be diagnosed and treated.

Sudden cardiac arrest is a medical emergency. If not treated immediately, it causes sudden cardiac death. With fast, appropriate medical care, survival is possible. Administering cardiopulmonary resuscitation (CPR) – or even just compressions to the chest – can improve the chances of survival until emergency personnel arrive.

(<http://www.mayoclinic.org/diseases-conditions/sudden-cardiac-arrest/basics/>)

WHAT ARE THE RISKS OF PRACTICING OR PLAYING AFTER EXPERIENCING THESE SYMPTOMS?

There are risks associated with continuing to practice or play after experiencing these symptoms. When the heart stops, so does the blood that flows to the brain and other vital organs. Death or permanent brain damage can occur in just a few minutes. Most people who experience SCA die from it.

REMOVAL FROM PLAY

Any student-athlete who shows signs or symptoms of SCA must be removed from athletic activity and referred to a licensed health care professional trained specifically in the treatment of cardiac care. The symptoms can happen before, during or after activity.

RETURN TO PLAY

Before returning to play, the athlete must be evaluated. Clearance to return to play must be in writing. The evaluation must be performed by a licensed medical provider.

To summarize:

- SCA is, by definition, sudden and unexpected.
- SCA can happen in individuals who appear healthy and have no known heart disease.
- Most people who have SCA die from it, usually within minutes.
- Rapid treatment of SCA with a defibrillator can be lifesaving.
- Training in recognition of signs of cardiac arrest and SCA, and the availability of AEDs and personnel who possess the skills to use one, may save the life of someone who has had an SCA.

I have read and understand this document and understand the law requires me to annually review this Connecticut State Department of Education Approved Sudden Cardiac Arrest Educational Plan.

APPENDIX I

CIAC RULES AND REGULATIONS GRIEVANCE PROCEDURES FOR SECTION 504 OF THE REHABILITATION ACT OF 1973

CONNECTICUT ASSOCIATION OF SCHOOLS

Section 504 Grievance / Complaint Procedures

Section 504 prohibits discrimination on the basis of disability. For the purposes of Section 504, the term “disability” with respect to an individual means: (a) a physical or mental impairment that substantially limits one or more major life activities of such individual; (b) a record of such an impairment; or (c) being regarded as having such an impairment.

I. DEFINITIONS

Major Life Activities – Include, but are not limited to, caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating and working. A major life activity also includes the operation of a major bodily function, including, but not limited to, functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine and reproductive functions.

Physical or Mental Impairment – (a) Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: Neurological, musculoskeletal, special sense organs, respiratory, including speech organs, cardiovascular, reproductive, digestive, genitourinary, hemic and lymphatic, skin and endocrine or (b) any mental or psychological disorder, such as mental retardation, organic brain syndrome, emotional or mental illness, and specific learning disabilities.

II. PROCEDURES FOR GRIEVANCES/COMPLAINTS ALLEGING DISCRIMINATION ON THE BASIS OF DISABILITY

- A. Any eligible person who feels that he/she has been discriminated against on the basis of disability may submit a written complaint to the Section 504 Coordinator within thirty (30) calendar days of the alleged occurrence. Timely reporting of complaints facilitates the prompt investigation and resolution of such complaints. If the complaint is made verbally, the individual taking the complaint will reduce it to writing.
- B. Retaliation against any individual who complains pursuant to the organization’s policy and regulations listed herein is strictly prohibited. The organization will not tolerate any reprisals or retaliation that occur as a result of the good faith reporting or complaint of disability-based discrimination, or as a result of an individual’s participation or cooperating in the investigation of a complaint. The organization will take necessary actions to prevent retaliation as a result of filing a complaint or the participation in an investigation of a complaint.
- C. If the Section 504 Coordinator is the subject of the complaint, the complaint should be submitted directly to the Executive Director who may conduct the investigation or appoint a designee to conduct the investigation.

D. Complaints will be investigated promptly within timeframes identified below. Timeframes may be extended as needed given the complexity of the investigation, availability of individuals with relevant information and other extenuating circumstances. Confidentiality will be maintained by all persons involved in the investigation to the extent possible.

E. The complaint should contain the following information:

- 1) The name of the complainant;
- 2) The date of the complaint;
- 3) The date(s) of the alleged discrimination;
- 4) The names of any witness(es) or individuals relevant the complaint; and
- 5) A detailed statement describing the circumstances in which the alleged discrimination occurred.

However, all complaints will be investigated to the extent possible, even if such information is not included in the complaint. In such circumstances, additional information may be requested by the investigator as part of the investigation process.

F. Upon receipt of the complaint, the individual investigating the complaint shall:

- 1) Provide a copy of the written complaint to the Executive Director;
- 2) Meet with the complainant within ten (10) business days to discuss the nature of the complaint, identify individuals the complainant believes has relevant information, and obtain any relevant documents the complainant may have;
- 3) Provide the complainant with a copy of the organization's Section 504 policy and applicable procedures;
- 4) Investigate the factual basis for the complaint, including interviews with individuals with information and review of documents relevant to the complaint;
- 5) Maintain confidentiality to the extent practicable throughout the investigative process, in accordance with state and federal law;
- 6) Communicate the outcome of the investigation in writing to the complainant, and to any individual properly identified as a party to the complaint (to the extent permitted by state and federal confidentiality requirements) within fifteen (15) business days from the date the complaint was received by the Section 504 Coordinator or Executive Director. The investigator may extend this deadline for no more than fifteen additional business days if needed to complete the investigation. The complainant shall be notified of such extension. The written notice shall include a finding whether the complaint was substantiated and if so, shall identify how the organization will remedy any identified violations of Section 504;
- 7) After an investigation, the parties may attempt to resolve any potential violation of Section 504 and/or the complainant's concerns, if possible;
- 8) Ensure that appropriate corrective action is taken whenever allegations are verified.

- 9) If a complaint is made during summer recess, the complaint will be reviewed and addressed as quickly as possible given the availability of staff and/or other individuals who may have information relevant to the complaint.
- G. If the complainant is not satisfied with the findings and conclusions of the investigation, the complainant may present the complaint and written outcome to the Executive Director for review and reconsideration within thirty (30) calendar days of receiving the findings. This process provides an opportunity for complainants to bring information to the Executive Director's attention that would change the outcome of the investigation. In submitting the complaint and written outcome for review, the complainant must explain why he/she believes the factual information was incomplete, the analysis of the facts was incorrect, and/or the appropriate legal standard was not applied, and how this would change the investigator's determination in the case. Failure to do so may result in the denial of the review.

Upon review of a written request from the complainant, the Executive Director shall review the investigative results of the Section 504 Coordinator and determine if further action and/or investigation is warranted. Such action may include consultation with the investigator and complainant, a meeting with appropriate individuals to attempt to resolve the complaint or a decision affirming or overruling the investigator's conclusions or findings. The Executive Director shall provide written notice to the complainant of the proposed actions within ten (10) business days following the receipt of the written request for review.
