

## **ARTICLE IX (RULES OF ELIGIBILITY), Section IV (General Procedures)**

### **B. Transgender Participation**

CIAC rules and regulations allow transgender student-athlete participation under the following conditions:

1. A student-athlete will compete in the gender of their birth certificate unless they have undergone sex reassignment.
2. A student-athlete who has undergone sex reassignment is eligible to compete in the reassigned gender when:
  - The student-athlete has undergone sex reassignment before puberty, OR
  - The student who has undergone sex reassignment after puberty under all the following conditions:
    - Surgical anatomical changes have been completed, including external genitalia changes and gonadectomy.
    - All legal recognition of the sex reassignment has been conferred with all the proper governmental agencies. (Driver's license, Voter Registration, etc.)
    - Hormonal therapy appropriate for the assigned sex has been administered in a verifiable manner and for sufficient length of time to minimize gender-related advantages in sports competition.

Athletic eligibility in the reassigned gender can begin no sooner than two years after all surgical and anatomical changes have been completed. A student-athlete seeking participation as a result of sex reassignment can access the CIAC eligibility appeal process.
