Prevention + Awareness: It's a team sport.

WHAT? The LAX2LIVE Lacrosse Games are regular-season high school or college lacrosse games with the focus on creating mental health and suicide awareness between the athletes, coaches, and fans.

WHY? Brian Dagle loved playing lacrosse and was an outstanding team player, yet he like many other athletes struggled with depression, anxiety and hopelessness. In his memory we have created the LAX2LIVE Lacrosse Program.

AT EACH EVENT, there is a pre-game conversation about mental health and suicide prevention. The Brian Dagle Foundation provides booths with resource materials, and information about programs for anyone who may be struggling or looking for ways to support others.

WHAT WE NEED FROM YOUR SCHOOL? Minimum of one parent and one student ambassador to be responsible for assisting the Brian Dagle Foundation in organizing the game with school participation, t-shirt orders and distribution, and event promotion.

Keep the conversation going.

RESEARCH INDICATES that contrary to popular beliefs many athletes, both male and female, may be more at risk than their non-athlete peers for experiencing mental health difficulties such as alcohol abuse, social anxiety and depressive symptoms. For this reason, we see LAX2LIVE as an opportunity to raise awareness and make a difference for our local high school athletes.

Due to the circumstances during the 2021 season, we were forced to improvise with some of the games. Yet we made a difference! The conversation was started and players spoke up, sharing to parents or coaches that, yes, in fact they were struggling with depression and anxiety.

We look forward to an exciting season in 2022. Don't hesitate to reach out, ask about our program to bring it to your school or team.
