

ALERT

PROCEDURE FOR 2018-19 INDOOR TRACK SEASON

- Rule 4, Section 1, Article 2 is in effect. Contestants officially become competitors when they report to the clerk of course or field event judge for an event for which they are entered. Coaches are still urged to scratch any competitor before the meet to expedite the flow of the meet.
- A competitor shall not compete in more than three (3) events including relays. An athlete shall not be entered in more than three (3) events excluding relays. (For example, athlete A may be entered in 4 x 800, 1600, 3200 and 4 x 400, but can only run or be a competitor in three (3) events.)
- Alert – This is not a rule change and was in effect for the indoor and outdoor track championships.

Any competitor who competes in three (3) events at any of the class meets cannot enter any other event at the Open Championship Meet.

- A coach may not scratch an athlete and assign that athlete to a relay if he/she ran three (3) events (even if he/she did not qualify to advance in one) in the class championship and is also listed as an alternate on a relay.
- Athletes who are listed as alternates, may run only if they ran two (2) events or less at the class meet. They too are limited to three (3) events.
- Class championship meets and the State Open championship for clarification are considered one meet. Advancing to the Open is predicated on performance at the class meet. Any competitor who participates in three (3) events at the class meet is ineligible to compete in any other event at the State Open Meet.

Note: Any contestant on the tournament roster may not be entered in more than three (3) events excluding relays. A competitor shall not compete in more than three (3) events including relays. **A contestant becomes a competitor when he/she reports to the clerk of course.**

For all relays, coaches must list four runners and should declare up to four alternates. Relay teams report with signed declaration sheets when called to the clerk of course. **Any coach who changes a contestant and uses an alternate on a relay for the State Open must report to the clerk of course to attest to the alternate runner's eligibility. Changes in original order are allowed.**

- Schools are REQUIRED to submit individual qualifying performances by Monday following the week that the standard is achieved. The site and date of the performance must also be entered as well as appropriately indicating the performance as hand held or FAT. These performances will be available for viewing on the CIAC web site. **This includes performances for relay teams. Relay teams will have to meet qualifying standards and coaches need to report the best qualifying standard during the season. Relay teams, like all other event entries, must be placed on the state entry form.** Relay times may be submitted on the CIAC online eligibility center justification by the February deadline. This year, coaches must bring their verification form to the Class Championship Meet. Do not convert any times when you submit. They will be converted using a standard formula.
- **PLEASE BE ADVISED THAT SUBMITTING A QUALIFYING PERFORMANCE IS NOT ENTERING AN ATHLETE IN AN EVENT FOR STATE CHAMPIONSHIP MEETS. THE SUBMISSION ONLY GIVES YOU THE OPPORTUNITY TO ENTER THE ATHLETE IN THE EVENT ON THE REQUIRED ENTRY FORM. (See entry procedures in Section IV)**
- **ALSO FOR RELAY TIMES – A slower relay time than the one recorded during the regular season may be entered for STATE QUALIFYING ONLY.**

- **REMEMBER** – *The Relay Declaration Sheet used in the CIAC Class Championship will determine those eligible to compete in the CIAC Open Championship. As a relay team advances to the next level of state competition, only those runners and alternates whose names are checked in the “include” column on the declaration sheet will be eligible to compete in that relay event.*

NOTE: No individual will be allowed entry into Class Championship competition unless the school has previously entered that individual on the qualifying list by no later than 12:00 noon on Tuesday, February 5, 2019. The last day to count for establishing verifiable entries is Monday, February 4.

- **Entry Fee** – The entry fee is \$100 per team (10 or less) or \$10.00 per athlete – maximum \$250.
- **At State Championship Meets**

Note: Competitors and coaches must enter on the Crescent Street side of the field house. The team entrance will be to the right of the white field house doors located between the field house and Hillhouse High School. Only competitors that qualified for the meet and coaches will be admitted through the team entrance. All others must go through the spectator entrance (white doors). **TEAMS CAN ENTER THE FIELD HOUSE NO EARLIER THAN ONE (1) HOUR BEFORE THE START TIME OF THE MEET.**

A Reminder

1. National Federation rules require that all field athletes must check in with their respective event official before attempting to enter or return from another event. **The 2019 National Federation Rule book is in effect for all meets.**
2. **No electronic devices, including cell phones, are permitted in restricted areas** by competitors during the meet. (Refer to National Federation Rule book) **Restricted areas are pole vault, high jump and long jump coaching boxes, all field event areas, the track and timing area.**
3. No coaches are allowed on the infield during the meet.
4. At the Floyd Little Athletic Center, 3/16” or 1/8” Pyramid spikes are allowed on the track surface. **NO NEEDLE SPIKES!** This rule will be strictly enforced due to the resurfaced track.
5. Protests arising from the decisions, interpretations and misapplication of the National Federation or CIAC game rules by officials during the contest must be in accordance with the NFHS rules and the CIAC protest procedure stated in the packet. Protests will not be considered after the official conclusion of the meet. The decisions and interpretations of the rules by the officials are final. The record of the official scorekeeper at the conclusion of the contest is final unless an error is discovered. Such error shall be corrected as covered by specific contest rules. Any team leaving the contest area before the conclusion of the contest because of dissatisfaction with the officiating will render the school liable to disciplinary action by CIAC.
6. On the eve of a tournament when there is not sufficient time for normal administrative procedures and Board of Control hearings, if a question of interpretation of tournament regulations or the operation of the tournament arises, the Chairman of the CIAC Board of Control, the Executive Director of CIAC and the Chairman of the Tournament Committee in question will make an appropriate ad hoc decision in consideration of the best interest of the tournament as a whole.
7. If any meet is postponed due to inclement weather please check www.ciacsports.com for schedule updates.

NOTICE:

The indoor track committee is accepting FAT (fully automatic timing results) and hand held from only meets where performances can be verified.

NOTE: BEGINNING IN THE 2019-20 INDOOR SEASON, THE COMMITTEE WILL ACCEPT ONLY FAT (FULLY AUTOMATIC TIMING RESULTS) PERFORMANCES IN THE 55 METER DASH, 55 METER HIGH HURDLES AND THE 300 METER DASH.

If coaches have any questions related to rules interpretations or questions concerning entry procedures, the committee urges them to direct those questions to the chair of the indoor track committee chairmen Steve Wysowski – swysowski@gmail.com, (860) 329-2055 or Donn Friedman – donn@cnesspa.org.

Any irregularities noted on the online performances reported to the CIAC this season should be reported to Steve Wysowski – swysowski@gmail.com – telephone (860) 329-2055. This includes any failure to report performances to the CIAC in a timely fashion during the regular season.

SCRIMMAGES – Teams must have a minimum of three (3) days of practice prior to scheduling a full team scrimmage. All sports teams and individual athletes must have a minimum of ten (10) physical/exertional practice days with their school before the date of the first scheduled competition. No team/athlete shall practice/compete with their school more than six (6) consecutive days to provide a day of rest. Saturdays, Sundays, and holidays may be used unless prohibited by local board policy. Sunday practices may be counted to fulfill the 10 day requirement.

REPORTING SCORES – In order to ensure that standings and rankings on both the CIAC’s websites and other sites which draw their data from us are timely and accurate, all regular season scores must be entered online on the day of the game as soon as possible following the game’s completion.

Scores may be entered via the Online Eligibility Center, the “Submit Scores/Forms” option of the “CIAC for Coaches” menu at ciacsports.com, or the “Submit Scores” button in our ciacmobile.com mobile site. Entering scores at ciacsports.com or ciacmobile.com requires either a coaches or scorekeeper’s access code, those codes are managed via the Online Eligibility Center and can be retrieved from a school’s athletic director.

STUDENTS WITH SPECIAL NEEDS – Coaches are reminded to inform contest officials prior to each competition of any student with special needs who could be competing in the contest when his/her disability could impact the individual’s performance or the conduct of the competition.

CIAC TOURNAMENT SITE MEDIA POLICY – The CIAC places tremendous value on the role the media plays in promoting and highlighting high school sports. To that purpose CIAC tournament venues and hosts should make every effort to provide a working environment conducive to all media (print, broadcast and internet based) covering our events. The following are **minimum standards**, developed in consultation with the CIAC Media Advisory Committee, which should be provided for working media at all CIAC tournament sites:

1. A minimum of one hour following the conclusion of post-game interviews to write in the press box, press area or a suitable facility in close proximity to the site of the event (i.e. office, classroom, etc.)
2. Access to electric power (shared power strip, etc.)
3. Access to wireless internet service

Site directors should communicate these requirements to any staff person who may be responsible for the administration of the event. If for some reason a site will not be able to provide these items for a contest, a site representative should inform the CIAC in advance and work with the media on-site before the game and work to provide a reasonable solution to the issue. Members of the media who will be covering events are directed to contact the appropriate site as far in advance as possible to inform them they will be at the event and discuss what arrangements will be made for working media at the site.

UNMANNED AERIAL SYSTEMS AT CIAC-SANCTIONED EVENTS – The use of unmanned aerial systems, often referred to as drones, is prohibited for any purpose by any person(s) at all CIAC-sanctioned events. This policy includes not only the restricted playing area of the venue(s), but also the physical confines of the entire stadium / field / arena structure. For the purposes of this policy, an unmanned aerial system is any aircraft without a human pilot on board.

SPORTSMANSHIP -- Member schools are expected to conduct their relations with each other at all levels of competition in a spirit of good sportsmanship. Everyone involved has the obligation to see clearly his/her influence and act accordingly. The CIAC acknowledges that the school administration is responsible for the athletic

program, including the making of broad and specific policies and procedures relating to sportsmanship and the conduct of activities in the school. To that end, the CIAC urges each school principal to adopt the following sportsmanship procedures and standards for their school and to champion the “Class Act” sportsmanship program as these standards will be used in all CIAC post-season contests.

CIAC Sportsmanship Guidelines

- The CIAC request that all school personnel – administrators, faculty, and coaches – give special and specific emphasis about CIAC’s expectations for good sportsmanship during the regular season as well as CIAC tournaments requiring that athletes and members of the student body conduct themselves in a manner that reflects nothing but credit upon your school. Any unsportsmanlike conduct on the part of students and adults is unacceptable and will be addressed with strong and appropriate measures.
- The CIAC sportsmanship standards should be as widely disseminated as possible using the student-parent handbook, student-athlete handbook, school newspaper, parent newsletter, school web site and the local media.
- The CIAC sportsmanship standards for spectators should be read by PA announcers prior to each contest.
- The CIAC sportsmanship standards of conduct be prominently posted at all sports venues.
- When event programs are provided, the CIAC sportsmanship standards be included.
- Member schools require having athletes, parents/guardians, sign an acknowledgement which would show that they have read the student-athlete handbook and understand the CIAC sportsmanship standards.
- Member schools work with community officials to insure that levels of the CIAC sportsmanship standards are enforced when contests are held at their school and at non-school facilities.
- The CIAC and the CIAC sports committees insist the CIAC sportsmanship standards be rigorously enforced at all regular season contests and at all CIAC tournament contests. This is particularly important when contests are held at non-school sites.
- Member schools will conduct a pre-season meeting with student-athletes, coaches and parents to review the CIAC sportsmanship standards.
- Member schools should communicate with opposing schools and inform them they are a “Class Act School” and provide them with the CIAC sportsmanship standards which will be strictly adhered to.
- Member schools hosting a game should make available to visiting schools necessary game information – includes directions for parking, location of ticket booths, seating arrangement, ticket prices, game time, directions for each game site.
- Member schools hosting a game should designate specific seating areas for students, bands, adults and visitors. If possible, opposing student bodies should be separated.
- Member schools hosting a game should arrange for adequate police supervision.
- When possible the member schools hosting a game should assign officials to dressing facilities separated from both teams. Provides escorts for the officials when it appears that disturbances may develop.
- Member schools should take measures to prevent fans from getting near or on the playing area and around the players benches. After the contest, prevents fans from going onto the playing area.
- Member schools should provide for adequate supervision of students and facilities. Supervisors should sit in the stands with the students.
- **Member schools should support and adhere to ALL the following CIAC standards.**

A listing of tournament divisions are available on the indoor track page at ciacsport.com

IF YOU WISH YOUR SMALLER DIVISION TEAM TO MOVE TO THE HIGHER DIVISION TO KEEP BOTH TEAMS IN THE SAME CLASS THIS MUST BE SUBMITTED BY DECEMBER 7, 2018 TO BOTH THE CIAC AND THE TWO MEET DIRECTORS INVOLVED.

**Connecticut State Department of Education and the
Connecticut Interscholastic Athletic Conference
Concussion and Head Injury Annual Review 2018-19
Required for ALL School Coaches in Connecticut**

This document was developed to provide coaches with an annual review of current and relevant information regarding concussions and head injuries. It includes guidance from the 2017 Concussion in Sport Group consensus statement that was developed to provide further understanding and management of sports-related concussion.

In addition to reviewing this document, the annual review must include one of the following prescribed resources: Connecticut Concussion Task Force video, Centers for Disease Control and Prevention (CDC) Heads Up: Concussion in Youth Sports training course, or the National Federation of State High School Associations (NFHS) concussion training course. Links to these resources can be found at: <http://concussioncentral.ciacsports.com/>. A new form is required to be read, signed, dated and kept on file by coaches' associated school district annually to comply with Section 10-149b of the Connecticut General Statutes, *Concussions: Training courses for coaches. Education plan. Informed consent form. Development or approval by the State Board of Education. Revocation of coaching permit.*

What is a Concussion?

"A concussion is a type of traumatic brain injury, or TBI, caused by a bump, blow, or jolt to the head or by a hit to the body that causes the head and brain to move rapidly back and forth. This sudden movement can cause the brain to bounce around or twist in the skull, stretching and damaging the brain cells and creating chemical changes in the brain." (CDC, 2017)

Section 1. Concussion Education Plan Summary

The [Concussion Education Plan and Guidelines for Connecticut Schools](http://portal.ct.gov/SDE/Publications/Concussion-Education-Plan-and-Guidelines-for-Connecticut-Schools) was approved by the Connecticut State Board of Education in January 2015. Below is an outline of the requirements of the Concussion Education Plan. The complete document is accessible on the CSDE web site at <http://portal.ct.gov/SDE/Publications/Concussion-Education-Plan-and-Guidelines-for-Connecticut-Schools>

State law requires that each local and regional board of education must approve and then implement a concussion education plan by using written materials, online training or videos, or in-person training that addresses, at a minimum the following:

1. the recognition of signs or symptoms of concussion;
2. the means of obtaining proper medical treatment for a person suspected of sustaining a concussion;
3. the nature and risks of concussions, including the danger of continuing to engage in athletic activity after sustaining a concussion;
4. the proper procedures for allowing a student-athlete who has sustained a concussion to return to athletic activity; and
5. current best practices in the prevention and treatment of a concussion.

Section 2. Signs and Symptoms of a Concussion: Overview

A concussion should be suspected if any one or more of the following signs or symptoms are present following an impact or suspected impact as described in the CDC definition above.

Signs of a concussion may include (i.e. what the athlete displays/looks like to an observer):

- Confusion/disorientation/irritability
- Trouble resting/getting comfortable
- Lack of concentration
- Slow response/drowsiness
- Incoherent/ slurred speech
- Slow/clumsy movements
- Loses consciousness
- Amnesia/memory problems
- Acts silly/combative/aggressive
- Repeatedly ask same questions
- Dazed appearance
- Restless/irritable
- Constant attempts to return to play
- Constant motion
- Disproportionate/inappropriate reactions
- Balance problems

Symptoms of a concussion may include (i.e. what the athlete reports):

- Headache or dizziness
- Nausea or vomiting
- Blurred or double vision
- Oversensitivity to sound/light/touch
- Ringing in ears
- Feeling foggy or groggy

State law requires that a coach **MUST** immediately remove a student-athlete from participating in any intramural or interscholastic athletic activity who: a) is observed to exhibit signs, symptoms or behaviors consistent with a concussion following a suspected blow to the head or body, or b) is diagnosed with a concussion, regardless of when such concussion or head injury may have occurred. **Upon removal of the athlete, a qualified school employee (principal, teacher, licensed athletic trainer, licensed physical or occupational therapist employed by a school district, coach or school paraprofessional) must notify the parent or legal guardian within 24 hours that the student-athlete has experienced a head injury and has exhibited signs and symptoms of a concussion.**

Section 3. Return to Play (RTP) Protocol Overview

It is impossible to accurately predict how long an individual's concussion will last. There must be full recovery before a student-athlete is allowed to resume participating in athletic activity. Connecticut law now requires that no athlete may resume participation until she/he has received written medical clearance from a licensed health care professional (physician, physician assistant, advanced practice registered nurse (APRN), athletic trainer) trained in the evaluation and management of concussions.

Concussion Management Requirements:

1. No athlete SHALL return to participation in the athletic activity on the same day of head injury or concussion.
2. If there is any loss of consciousness, vomiting or seizures, the athlete MUST be transported immediately to the hospital.
3. The athlete should not be left alone after the injury. Close observation and monitoring of an athlete MUST continue following a concussion or head injury to ensure that there is no worsening/escalation of symptoms.
4. Any athlete with signs or symptoms related to a concussion MUST be evaluated by a licensed health care professional (physician, physician assistant, advanced practice registered nurse (APRN), athletic trainer) trained in the evaluation and management of concussions.
5. The athlete MUST obtain an initial written clearance from one of the licensed health care professionals identified above directing her/him into a well-defined RTP stepped protocol similar to the one outlined below. If at any time signs or symptoms return during the RTP progression, the athlete should cease activity.
6. After the RTP protocol has been successfully administered (no longer exhibits any signs or symptoms or behaviors consistent with concussions), final written medical clearance is required by one of the licensed health care professionals identified above for the athlete to fully return to unrestricted participation in practices and competitions.

Medical Clearance RTP protocol (There should be at least 24 hours for each step of the progression)

Stage	Rehabilitation Steps/Aim	Functional exercise at each step of rehabilitation/activity	Goal to each step
0	It is recommended that an initial period of 24-48 hours of both relative physical rest and cognitive rest is achieved before beginning the RTP progression identified in Stages one through six below (McCrory, P. et al., 2017). If at any time signs or symptoms should worsen during the RTP progression, the athlete should stop activity that day. If the athlete's symptoms are gone the next day, she/he may resume the RTP progression at the last step completed in which no symptoms were present. If symptoms persist (example, more than four days in children or more than 10-14 days in adults) the athlete should be referred to a healthcare professional who is an expert in the management of concussion.		
1	Symptom-limited activity	Daily activities that do not provoke symptoms	Gradual reintroduction of work/school activities
2	Light aerobic exercise	Walking or stationary cycling at slow to medium pace. No resistance training.	Increase heart rate
3	Sport-specific exercise No contact	Running or skating drills. No head impact activities	Add movement
4	Non-contact training drills	Harder training drills (example, passing drills). May start progressive resistance training.	Exercise, coordination and increased thinking
5	Full contact practice	Following medical clearance, participate in normal training activities	Restore confidence and assess functional skills by coaching staff
6	Return to sport	Normal game play	Return to full athletic participation

Section 4. Local/Regional Board of Education Policies Regarding Concussions

***** Attach local or regional board of education concussion policies *****

I have read and understand this document and have viewed the prescribed resource material. I understand that state law requires me to immediately remove any player suspected of having a concussion and to not allow her/him to return to participation until she/he has received written medical clearance by a licensed health care professional trained in the evaluation and management of concussions.
